Storage Systems forms Process Tech group

Storage Systems is integrating its various manufacturing operations and is forming a new Process Technology Group.

Charlotte Frederick

Process Technology, headed by Charlotte Frederick, has been established to manage the development and manufacturing of process-intensive key components of storage technology that are shared by multiple products.

This group will initially include heads engineering and manufacturing, plated media development and manufacturing, and later will include thin film head technology.

Greg Plakias

will consist of all product manufacturing units and their support functions — materials, quality, and manufacturing operating finance.

In addition, a newly-formed Storage Management Committee will insure the integration of plans and strategies within Storage Systems.

Greg Plakias will head an integrated manufacturing operations group designed to create a worldwide manufacturing strategy and plan, achieve customer satisfaction, and interface with Manufacturing. The group

Bill Steul named manager for Engineering Systems

Bill Steul has been appointed manager of Engineering Systems, one of the two application-focused groups within Computer Aided Engineering/Manufacturing (CAEM). The new group includes Electronic Applications, Mechanical Applications and the Earth Resource Engineering Applications groups. Bill reports to Peter Smith, vice president, CAEM.

Bill Steul

A Digital employee for 12 years, Bill has held various senior management positions and most recently was Marketing Finance and Administration manager. He has also been Finance manager for Components

Marketing and Small Systems Marketing groups; Operations manager for the Technical Marketing group; and European Finance and Administration manager.

Before joining Digital, Bill worked for the Carborundum Company in various financial, management information systems and operational positions. He earned his BSBA and MBA at the State University of New York and completed the MIT Sloan School's Senior Executive Development Program.

Digital prepares for compliance to Massachusetts 'Right to Know' law

Digital's legal, facilities, environmental health and safety functions are working together to ensure the company's compliance with the Massachusetts "Right to Know" law. This recent legislation is designed to grant employees and communities access to information concerning toxic and hazardous substances in the workplace. The law also specifies labeling, reporting and employee training requirements as related to toxic substances.

The new law complements the company's Personnel and Safety policies which have emphasized the company's commitment to maximum employee protection from harmful substances. In addition, existing employee communication and training programs support the goals of the new regulations.

Site "Right to Know" coordinators have been appointed at Massachusetts facilities, and a two-day orientation session was held to outline the details of the legislation and the specific responsibilities of each facility. The site coordinators are responsible for conducting chemical inventories, acquiring and submitting to state agencies the required Material Safety Data Sheets, and or-

ganizing site-specific training and chemical information for employees. Notices will be posted at all Massachusetts facilities identifying site coordinators and informational programs.

Under this site coordinator system, Digital employees will be guaranteed access to information on chemicals used in their facilities.

F&A organizational changes announced

Bill Helm

and Jack Shields, vice president, Sales and Service. In his new position, Bill will have worldwide F&A responsibility.

Ilene Jacobs, Assistant Treasurer, has been appointed Treasury Group manager, replacing Bill Helm in that capacity. She

Bill Helm, Treasurer, has been given additional responsibilities as manager of Field Operations Finance and Administration. He will report to both Al Bertocchi, vice president, Finance and Administration,

Ilene Jacobs

Bertocchi and Win Hindle, vice president, Corporate Operations. He replaces Bill Steul, who has accepted a position as group manager of Engineering Systems within Computer-Aided Engineering and Manufacturing (see related article). Ivan is currently Field Operations Controller. He will assume his new duties October 1.

will continue to be Assistant Treasurer and continue to report to Bill.

Ivan Pollack has been named to the position of Marketing Finance and Administration manager, reporting to both Al

Digital products used for electronic security system at the Mill

"Electronic security is the only way to provide security for a complex consisting of 1.2 million square feet of space, 19 buildings, and more than 4,000 employees," says Bill Duggan, Maynard Area Security manager. Through the efforts of his organization, the installation of one of the most sophisticated and manageable security/fire systems has been completed at the Mill facility.

Digital products are integrated into the electronic security/fire system which runs on two PDP-11/44 computers. The peripherals included in the system are three RKO7 disk drives, two RLO2 disk drives, one TS-11 tape drive, four LA120 line printers, four VT220s and two VT100 terminals.

The access control feature of the system focuses on 16 authorized entrances that use card readers and coded badges, plus the necessary security for the 83 locked doors within the Mill complex. More than 50 cameras have been strategically located to insure maximum security against vandalism, theft, and fires.

"Utilizing the electronic equipment and radio communications between base control areas has enabled security forces to respond in an expedient and efficient manner during emergency situations. We have developed graphic displays where base control security officers can use their terminals to identify the exact location of all

The base control center where the electronic security/fire system is located at the Mill complex.

emergency alarms, thus increasing manpower efficiency," says Bill. The fire system for the Mill complex is also monitored at the security base control center.

Consolidating electronic security into a base control center and combining the Parker Street and Mill Security Departments, has reduced the number of security personnel. This saves the company \$400,000 annually.

"We are excited about this system approach to security and proud that we can

accomplish this with Digital products. Increased productivity, tighter security and substantial cost savings to the company are realized through computerized security management," Bill says.

The electronic security/fire system at the Mill has been shown to personnel from more than 12 major corporations who have expressed interest in building electronic security systems for their own facilities.

Anyone interested in taking a tour of the system, can do so by calling DTN 223-4212.

DECtalk/VAXmail software developed into VOICEMAIL

Internal Software Services (ISWS) has integrated DECtalk and VAXmail to offer a solution for remote VAXmail access through a Touch Tone® telephone connection when no direct terminal is available. The prototype of this integration is called VOICEMAIL. It is currently installed for demonstration on the Engineering Network (ENET) node, VORTEX.

VOICEMAIL does not require the user to understand DECtalk or the VMS operating system. It is user friendly and requires elementary level skills.

The simplicity of accessing VAXmail messages using VOICEMAIL can be described in the following steps:

- Send a test message to VORTEX::VOICEMAIL
- Dial the telephone number (DTN 264-1785) to access VOICEMAIL on VORTEX
- Enter your user code (Contact Carol Armistead on DTN 223-3307 to secure a user code.)
- Enter valid VOICEMAIL response
- Terminate VOICEMAIL

The use of VOICEMAIL requires minimal hardware; a telephone line, and DECtalk equipment. These hardware requirements have been installed on VORTEX.

For additional information on VOICEMAIL contact Carol A. Armistead, Internal Software Product Manager, Internal Software Services, PKO1-1/C2 by interoffice mail, on DTN 223-3307, or through VAXmail on CYGNUS::Armistead.

Touch Tone is a trademark of American Telephone & Telegraph.

EMPLOYEE KUDOS

Dorothy Day, documentation manager, Storage Systems Development group, was one of the 30-member delegation of women engineers to make a People-to-People visit to China and Russia in September. During her stay, she served on a three-member panel and discussed the role of women engineers in the United States.

Dorothy, who has been with Digital for 10 years, has worked on the PDP-15, XVM, CTS-350, DECSYSTEM 10, DECSYSTEM 20, Diagnostics on PDP-8s and PDP-11s, DECnet, and Micros in TVG. She is currently working on storage systems in SSG. Most of her work has included writing hardware and software manuals.

She is also a 20-year member of the Society of Women Engineers, a co-four of the Professional Council (a women's networking group), past president of the Engineering Societies of New England, and a member of the WIN group at Digital.

DIGITAL THIS WEEK

Editor: Jane Littlejohn

Send stories, photos, ideas or suggestions to DTW, CFO2-3/K23 or call the editor at DTN 251-1307. Ads must be submitted in writing to Marketplace, CFO2-3/K23. Please direct all Marketplace inquiries to Jennifer Hawes at DTN 251-1308.

Digital This Week is published every other week by the Corporate Employee Communication department of Digital Equipment Corporation for the Employees in the Greater Maynard area.

New Professional 380 system features power and speed

Digital has unveiled its new top-of-the-line Professional computer system, the Professional 380 model. The multitasking single-user workstation provides more than twice the speed, increased graphics capabilities, and more circuit-board option slots than the previous high-end Professional 300 series system, the Professional 350. The new system is fully upward compatible with the other Professional 300 computers.

Concurrently, Digital also announced the RCD52, a new 33 Mbyte disk subsystem for the Professional 350 and 380 systems, new software availability, and a kit to upgrade a Professional 350 to a 380 system.

Full Minicomputer Performance

The Professional 380 Personal Workstation incorporates Digital's J-11 microprocessor chipset, which is a microchip implementation of the PDP-11/70 instruction set. The system runs under a variety of operating systems, including P/OS, PRO/UNIX, and RT-11, which provide PDP-11 computing power in a desktop system.

The new system is ideally suited for computer-intensive applications, ranging from mathematical calculations to complex graphical displays. It can be used as a stand-alone system or as an end-node element in an Ethernet® local area network

The new Professional 380 computer system more than doubles the performance of the previous top-of-the-line member of the Professional 300 computer family.

(LAN) using Digital's DECnet networking software. Targeted markets include both end users and Original Equipment Manufacturers (OEMs) in research, industry, commerce, and government. Typical users include small to moderate size technical, engineering, medical, and commercial companies requiring powerful single-user desktop computer systems, and departments of large corporations desiring local-

ized computing resources capable of being integrated into networks as full system nodes.

Professional 380 computer systems are priced from \$8,995, with upgrade kits priced at \$4,625 with trade-in. The new RCD52 33 Mbyte mini-Winchester disk subsystem is priced at \$3,995. Systems and kits are available 30 days after receipt of order.

Ethernet is a trademark of Xerox.

John McCredie named director of External Research Programs

John McCredie has been named director of External Research Programs, reporting to Sam Fuller, vice president, Corporate Research and Architecture.

John McCredie

In this position, John will be responsible for identifying critical research areas within Digital and matching them with appropriate external research institutions. Resulting contracts are expected to benefit both the corporation and the educational community.

He will also serve as a member of the Education Investment Review board and staff member for Joel Schwartz, vice president, Educational Marketing.

John joins Digital from EDUCOM, a non-profit consortium of approximately 475 colleges and universities, where he served as president since 1980. His responsibilities included developing projects and services to help member institutions share computing resources, and evaluate, apply and manage new technologies.

He received a Ph.D. in Systems and Communications Sciences from Carnegie-Mellon University, a M.S. in Electrical Engineering and B.S. in Mechanical Engineering from Yale University.

Stow facility to hold sports event for United Way

The Stow facility is sponsoring a United Way Fun Run-Walk-Skate-Heartbeat event from noon to 1 p.m. on October 16. Rain date is October 18.

All Digital employees may participate in the one hour run, walk or skate event, which will circle the Stow facility.

Heartbeat for the United Way, an off-shoot of the aerobics physical fitness classes presently being held at Stow, is limited to members of that program.

In order for employees to enter any of the four athletic events, they must meet pledge requirements by obtaining two United Way pledge cards in their sealed envelopes and sending them with a sign-up sheet to the employees in charge of the event they wish to participate in.

Sign-up sheets are available at main entrance at Stow or from Gwen Bills by calling DTN 276-9550.

Employees in charge of events are: Karen Monsen, Fun Run, at DTN 276-9033, mailstop OGO1-1/P17; Cecile Christensen, Heartbeat, at DTN 276-9266, mailstop OGO1-1/E17 and Ginny Lockhart at DTN 276-9279, mailstop OGO1-1/E17; Dave Bryant, Roller Skaters, at DTN 276-9939, mailstop OGO1-1/UO6; and Ann Laforte, Walkers, at DTN 276-9423, mailstop OGO1-1/R12.

After sign-up sheets and pledge cards are received by event coordinators, employees will be mailed event information, and a participant number. An envelope will

be included for additional pledge cards that participants have received from other employees who have agreed to sponsor them in the sports event.

Tee shirts will be given to each participant obtaining two pledge cards. In addition, each person entered in an event will be eligible for a prize based on the number of laps or exercises completed during the event multiplied by the number of pledge cards turned in on the day of the event.

All Digital employees sponsoring a participant through donating their pledge card will be eligible for prizes in a special drawing to be held at Stow.

For more information on the Fun Run-Walk-Skate-Heartbeat Day, contact Gwen Bills at DTN 276-9550.

Digital awards Cal Tech \$1.27 million grant

Digital has awarded the California Institute of Technology a research grant in the form of \$1.27 million worth of computer equipment.

The equipment consists of five superminicomputer VAXs, approximately 50 Digital microcomputers and 12 graphics workstations, and will be used by Cal Tech's educational computing program.

The award was made under Digital's Partners for Engineering/Computer Science Education and Research (PEER) program.

Technical Seminars

This is an integrated calendar of seminars for HLO, MRO, TWO, APO, LTN, ZKO, and MLO.

Unless otherwise indicated seminar locations are as follows:

APO	Gold Room
HLO	Hall of White Mists
LTN	Cafeteria
MRO	Dec 10/20
TWO	Cafeteria
ZKO	Babage Aud.
MLO	Mill Caf. Con. Room

APO	289-1226	ERIE::CARMEAN
HLO	225-5057	HUDSON::EMCDONALD
LTN	229-6242	PHENIX::JPOTTER
MRO	231-5097	KL1031::CSMALL
TWO	247-2643	BERGIL::SLINN
ZKO	381-1057	ZEKE::CONDON
ZKO	381-8346	ZEKE::MHURLEY
MLO	223-6262	MILRAT::PRUITT

Sept. 26, Oct. 3, Oct. 10 3:00-5:00 LTN

GIA Manufacturing and Engineering formed

Due to rapid growth of business in the General International Area (GIA), Digital is integrating its Manufacturing and Engineering operations to better support that increasingly important market area. Under Dick Yen, vice president, the new organization, GIA Manufacturing and Engineering, includes manufacturing operations in Kanata, Puerto Rico and the Far East and the GIA Business Office. GIA Engineering alignment is being reviewed and will be announced at a later date.

Employee competes in Cape Cod Triathlon

Kenneth Potashner, manager in the Far East Manufacturing group located in Marlboro, was one of more than 300 athletes from around the country to recently compete in the Cape Cod Endurance Triathlon held in Hyannis, Mass.

This event is a 2.4 mile open-ocean swim, followed immediately by a 112-mile bike race throughout Cape Cod and finished with a 26.2-mile marathon run. This was the second Cape Cod Endurance Triathlon, the longest and one of the most difficult triathlons in the world, rivaling the famous Hawaii Ironman Triathlon.

Kenneth finished the endurance event with a time of 13:23:25. He has participated in other local athletic events this year including the Boston Marathon, Upton Triathlon and the Medford Triathlon.

Employee Services and Recreation Trimester Schedule

New P.O. Box Number

DEC Recreation Association
P.O. Box 1009
Concord, Massachusetts 01742

NOVEMBER

Bruins vs Montreal Escorted by Bobby Orr

When: November 2 - 4

Weekend includes:

- Round trip jet Boston/Montreal/Boston aboard Delta Airlines
- Transfers to and from your hotel
- This trip will be personally escorted by Bruins Hall of Famer Bobby Orr
- Two nights accommodations at Montreal's landmark five star hotel Le Chateau Champlain
- Welcome party hosted by Bobby Orr
- Reserved game ticket
- Special Bruins souvenirs

Cost: \$235 per person, double occupancy includes all taxes and gratuities

Nassau

When: November 9 - 12
(Veterans Day Weekend)

Trip includes:

- Round trip jet transportation aboard Delta Airlines
- Round trip hotel transfers
- Three nights ocean front accommodations at the all new Cable Beach Casino Hotel
- Free - golf daily on 18 hole championship course
- Free - Racquetball
- Free - Squash
- Free - Tennis
- Free - Welcome Cocktail
- A private pier for waterskiing, parasailing, fishing and other water sports
- A complete all new casino and Las Vegas show room is on premise

Cost: \$389 per person, double occupancy
Includes all taxes and gratuities

A \$50 per person deposit will confirm your reservations. Final payment due on or before October 9. This deposit is refundable with cancellation in writing received on or before October 15. Any cancellation received after October 15 will be subject to a \$100 penalty.

New England International Auto Show

When: November 10 - 18

Where: Hynes Veterans Auditorium
Tickets: Regular: \$5 Employees: \$3
Reservations must be received by October 8.

Old Sturbridge Village Corporate Appreciation Week

Come and enjoy Old Sturbridge Village where the earlier life of the 1800's becomes a reality. See the tasks and community life of New England farmers, housewives and artisans throughout the year. On 200 acres of woods and meadows and in and around historical houses, craftshops, churches and mills, and on the working historical farm, authentically dressed householders and artisans show visitors a typical rural New England way of life that has nearly vanished.

As a result of Digital's continued support of Old Sturbridge Village, Digital employees are invited to visit Old Sturbridge Village the week of November 12 - 18 from 10 a.m. to 4 p.m.

Free admission will be offered to **employees** of Digital. Members of their immediate family will be welcome at the usual children's fee of \$3.50 per person whether adult or child. (Regular adult admission is \$7.50). Admission tickets may be purchased directly at Old Sturbridge Village on any of the above dates.

Digital badges **MUST** be presented.

Radio City Music Hall

When: Saturday, November 24

Trip includes:

- Round trip motorcoach transportation (buses depart from Parker Street early morning)
- Shopping time
- Christmas Spectacular Radio City Music Hall

Cost: \$37.50 per person
Reservations must be received by October 19

DECEMBER

Ice Capades

When: Saturday, December 8 at 3 p.m.

Where: Centrum, Worcester
Tickets: Regular: \$9.50 Employees: \$7.50
Reservations must be received by November 1

Boston Ballet presents the Nutcracker Suite

When: Saturday, December 8 at 7:30 p.m.

Where: Wang Center, Boston (the former Metropolitan Center)
Tickets: Regular: \$21 Employees: \$16.90
Reservations must be received by October 15

Christmas in Newport

When: Sunday, December 9

Buses depart from Parker Street PKO3 Parking Lot early morning

Trip includes:

- Round trip motorcoach transportation
- Tour of Chateau Sur Mer Mansion
See this magnificent mansion decorated for Christmas with colorful lights, English holly and everything to complete this

Employee Services and Recreation Trimester Schedule

holiday tradition. Following your tour enjoy some egg nog and cookies

- Full course lunch at Courtneys
- Ten mile drive of Newport
- Ample time will be allowed for Christmas shopping in Newport

Cost: \$32 per person plus 15% tax and service

Reservations must be received by November 9

Pops Holiday Concert

When: Sunday, December 16 at 2 p.m.

Where: Centrum, Worcester

Tickets: Regular: \$15 Employees: \$13

Reservations must be received by November 16

New Years in Montreal

When: December 30 - January 1

Tour A Includes:

- Round trip motorcoach transportation
- Two nights at the Holiday Inn
- Full American breakfast
- New Years Eve Party including your choice of a sit down dinner or a midnight buffet

Cost: \$149 per person, double occupancy plus 15% tax & service

Tour B Includes:

- Round trip jet transportation plus all of the above

Cost: \$229 per person, double occupancy plus 15% tax & service

Reservations must be received by November 19

JANUARY

Aruba

When: January 12 - 19

Trip includes:

- Round trip jet transportation
- All transfers to and from hotel
- Seven nights at the Talk of the Town

Cost: \$449 per person, double occupancy, plus \$79 per person, tax and service

Upgrade hotels available:

\$539 + \$79 Manchebo Beach Hotel
\$559 + \$79 Aruba Palm Beach & Casino

Optional meal plans available:

\$160 per person, Talk of the Town & Manchebo
\$175 per person, Aruba Palm Beach & Casino

Shear Madness

When: Sunday, January 20, at 3 p.m.

Tickets: Regular: \$14 Employees: \$10

Reservations must be received by December 28

Sugarloaf

When: January 25 - 27

Buses depart Parker Street PKO3 Parking Lot - (time to be determined)
Sugarloaf, Maine, has something for everyone. The area has a 2600 foot vertical, 9000' Gondola, great novice and intermediate trails (including a 3 mile trail from the top) as well as expert slopes. New snowmaking from top to bottom, small congenial crowds, and exciting apres ski life.

Once you arrive you can walk to lifts,

restaurants, and night spots. Have breakfast at your convenience in your condo or a local restaurant.

Trip includes:

- Round trip motorcoach transportation
- Two nights lodging at Birchwood Condominiums (These units are at the base of the mountain, next to the Sugarloaf Inn).
- All lift tickets for two days (No lift tickets - deduct \$28)
- Cross Country skiing - 80 km of touring trails
- Discount rental and lesson plan

Cost: \$137 per person, double occupancy Includes all taxes and services

\$50 per person deposit due October 19. This is a non-refundable deposit.

Balance due no later than December 9

Please note: Cancellations 14 days or less prior to trip will forfeit 50% of the total tour price

FEBRUARY

Cancun

When: February 2 - 9

Trip includes:

- round trip jet transportation
- transfers to and from hotel
- seven nights at the Hotel America

Cost: \$519 per person, double occupancy plus \$79 tax and service

Upgrade hotel available:

- El Presidente + \$80 per person

Boston Boat Show

When: February 2 - 10

Where: Hynes Veterans Auditorium

Tickets: Regular: \$5 Employees: \$3

Reservations must be received by January 14

Employee Services and Recreation Trimester Schedule

Walt Disney's Magic Kingdom on Ice

When: February 21, 1985

Where: Boston Garden

Tickets: Regular \$9.50 Employees: \$7.50

Reservations must be received by January 28

Smugglers Notch Weekend

When: February 22 - 24

Weekend includes:

- Round trip motorcoach transportation (buses depart from PKO3)
- 2 nights lodging
- 2 days skiing
- Swim and sauna club privileges
- Apres ski activities
- Sleigh ride
- Welcome Party

Non-Skier's Package

- Round trip motorcoach transportation (buses depart from PKO3)
- 2 nights lodging
- Cross country trail use ticket for 2 days
- Use of cross-country rental skis for 2 days
- One tennis court hour
- Ice skate rentals
- Welcome Party
- Apres ski activities

Optional prime rib dinner including vegetable and salad - Additional \$13 per adult and \$10 per youth

Cost: \$132 per person, double occupancy (adult)
\$120 per youth (14 years and under)

Reservations must be received by January 18

Spectacular Las Vegas Weekend

Date to be Announced

Accommodations will be at the Flamingo Hilton (located directly across the street from Caesars Palace)

MARCH

Santo Domingo

When: March 2 - 9

Trip includes:

- Round trip air
- Transfers to and from Hotel
- 7 nights accommodations at Embajador Hotel
- All taxes and tips for hotel, Bellman & Maid
- Free tennis

Cost: \$329 per person, double occupancy plus \$48 service fee

New England Home Show

When: March 2-10

Where: Hynes Veterans Auditorium
Regular: \$5 Employees \$3

Reservations must be received by February 11

DO-IT-YOURSELF

The SS Norway

When: March 16-23

Cruise includes:

- Round trip air transportation Boston/Miami via scheduled airline flights
 - Transfers to and from airport and pier
 - Ship board accommodations in category as listed below
 - All meals as served on board (breakfast, lunch and dinner and much, much more!)
 - Shipboard activities, events and revues as scheduled on board
 - Captain's cocktail party and welcoming dinner along with a farewell dinner
- Ports-of-call:
- St. Thomas
 - Nassau
 - Their own private island

Cost:

Category 15 (Inside, upper & lower beds, shower, TV) at \$1105 per person
Category 13 (Inside, double bed with shower, TV) at \$1241 per person
Category 12 (Inside, 2 lower beds or double bed, bath or shower, TV) at \$1313.25 per person

Reservations will be accepted on a first-come, first-served basis, upon receipt of \$250 per person deposit. Final payment due no later than January 16.

Cancellations: If cancellation occurs up to 60 days prior to sailing - \$25 per person, 60-30 days prior \$100 per person. 30-1 days prior \$200 per person. No refund if cancelled on day of sailing. Cancellation insurance available upon request.

Toys for Tots Campaign

This year, meac is again sponsoring the Marine Corp Reserves "Toys for Tots" campaign at Digital. The seventh annual drive will be held from December 3 - 14. Containers will be placed at various locations in the Maynard Area for new and unwrapped toys, which will be collected by the Marines. They are then categorized by age to distribute to local agencies in time for the holidays.

Arts and Crafts Fair

The Maynard Employee Activities Committee (meac) is organizing a Holiday Arts and Crafts Fair to be held at the Elks Club in Maynard for November 10. All Digital employees are invited to rent space and sell their homemade goods.

Only employees will be allowed to rent spaces; Digital badges will be requested at the door. No food may be sold due to health regulations. Tables will be provided. Please bring your own display boards and table cloths. Displayers will not be permit-

ted to hang things on the walls at the Elks.

To register for space at the fair, please fill in the attached form and enclose a check or money order for \$15 along with a self-addressed, stamped envelope and mail to: MEAC, P.O. Box 18, Maynard, MA 01754. Deadline for registration is October 20. Space is limited and is on a first-come, first-served basis. Limit one table per person. For further information, please call committee member Debbie Cote at DTN: 288-6094.

Maynard Employee Activities Committee

The Maynard Employee Activities Committee (meac) is a group of employees from the Maynard area that volunteer time to coordinate and sponsor various events for Digital employees and their families. Although the committee coordinates its activities with Corporate Employee Services and Recreation, meac is a separate, self-sufficient organization. Employees interested in becoming a meac member, should submit a letter, signed by their manager, stating that they have approval to join the committee. Send it to meac, PKO3-1/K80 or P.O. Box 18, Maynard, MA 01754.

NEWS BRIEFS

Deadlines for 'Digital This Week'

Deadlines for *Digital This Week* have been established to help you plan events and publicity around certain editions of the paper. Deadlines don't pertain to Marketplace, which is first come, first served. The next four issues and deadlines for *DTW*:

- Oct. 8 issue — Sept. 26 deadline
- Oct. 22 issue — Oct. 10 deadline
- Nov. 5 issue — Oct. 24 deadline
- Nov. 19 issue — Nov. 7 deadline

DCU has paid \$73,000 in insurance claims

Many members of the Digital Credit Union (DCU) are not aware that DCU loans are insured against the death of the borrower up to a total of \$10,000. To date, 23 claims totaling \$73,000 have been paid, so the beneficiaries of the deceased member have not had to assume certain debts.

DCU has a policy with John Hancock, which enables the credit union to offer this service free of charge to the membership.

Zip+4 and facility codes

Corporate Mail Systems in Northboro (RO3) received an award on August 24 for being the first high technology company completing a national Zip+4 mailing. This mailing was sent to all domestic locations. The Zip+4 program has been established by the United States Postal Service to expedite the processing of First Class mail by using an Optical Card Reader to read the nine digit address line. In addition to increasing proficiency, this program offers substantial savings to mailers that use the Zip+4 program.

Employees who have responsibility for mailing lists are encouraged to make preparations to convert their mailing lists to include Zip+4 information.

Corporate Mail Systems also has the responsibility of assigning facility codes. With the number of facility changes, old and new coming on-line, it is important that everyone requiring information about facility codes contact Corporate Mail Systems.

For more information about Zip+4 or facility codes, contact Corporate Mail Systems at DTN 234-4341 or 234-4465, mail-stop NRO3/1.

Addition

The August 27 issue of *DTW*, mention of Jerry Perkins', Central Engineering manager for Springfield, active support of the Corporate Minority Education Program was inadvertently left out of the article on the program.

Digital Ski Club plans for season

The Digital Ski Club has an exciting list of activities planned for the new ski season. Tops on the list is a week trip to Interlaken, Switzerland. Cross Country Skiing, Recreational Racing, and a Halloween Party are just some of the other planned activities.

The first meeting is Tuesday, October 9, at 7:30 p.m. in the Federal Room of the Sheraton-Boxboro. The second meeting is Tuesday, November 13, at 7:30 p.m. at the Manor IV in Nashua, New Hampshire.

For more information on the Digital Ski Club, contact Bob Weithman at DTN 225-6238.

Volunteers needed for hotline multi-service center

Volunteers are needed for CODE, a hotline multi-service center, in the Greater Maynard area which offers callers a myriad of resources including help with drug and alcohol abuse and family domestic violence.

In addition, this nonprofit community agency offers a program called the Parent Aide Program which provides individual support for parents in times of stress.

Digital has a strong working relationship with CODE and provides funding to the volunteer agency on a regular basis. The Employee Assistance Program uses and refers employees to CODE based on particular needs.

For more information about CODE or the Parent Aide Program, call (617) 263-8777.

Internal job fair set for September 24 in Stow

The field headquarters employment organization will sponsor an open house on September 24 from 4 to 7 p.m. in the Stow facility cafeteria.

The open house is for Digital employees only. The purpose is to provide employees an opportunity to meet with approximately 20 managers interested in hiring hardware or software maintainability engineers or software specialists. There are about 100 such openings in facilities in eastern Massachusetts and southern New Hampshire. Employees are encouraged to bring their resumes.

For employees unable to attend the open house, Marsha Cormier at DTN 276-9310, mailstop OGO1-1/M11, will answer questions on job opportunities for software specialists and Dave Temple at DTN 223-4025, mailstop PKO3-2/C15 has information on jobs available to maintainability engineers.

United Way Fun Run at Parker Street

For the benefit of the United Way, the Parker Street site will sponsor a Fun Run circling the PKO3 building at noon on Tuesday, October 16. The rain date is October 18.

All Digital employees are invited to participate. In addition to runners, volunteers are needed to help with registration, lap counting, and water stops.

For more details and registration information, contact Ellie Lindquist at 223-1916.

Pre-Release Services offered

Pre-Release Services (PRS) is a production group established to meet the non-standard demands of Digital's increasing volume of RX50 software. Services can be utilized for marketing demonstrations, seed programs, education courses, field testing and application development.

PRS will reproduce pre-release RX50 media and documentation quickly to meet employee needs. In addition, they provide kitting and distribution services.

PRS is located in the Southboro facility (HYO1/C1). For more information about their services, contact Katrina Moore at 259-3775 or Brian Smith at 259-3773.

DECsell: new magazine for sales force

The Corporate Sales group announces a new sales magazine called "DECsell." This monthly publication, loosely patterned after the "Time" or "Newsweek" magazine style, will provide Digital's sales force with current news of the entire company.

DECsell will be distributed to readers of "Sales Update" and "Competitive Update" and is intended to be a companion piece to these publications. "Sales Update" announces new products and provides technical and configuration information. "Competitive Update" provides analytical information on competitor's products. DECsell will complete the Corporate Sales information set by providing topical news.

While much of the magazine will be researched and written by DECsell staff, submitted articles will be an important part of this magazine. Marketing communication managers will coordinate the submission of stories to the magazine staff. Employees with story ideas, or leads for the newsmagazine, should contact a marketing communication manager.

For more information on DECsell, contact Pat Manning of Corporate Sales at DTN 276-9225 or on the ENET at SALES::MANNING; mail stop OGO1-1/U07.

First Canobie Lake Park outing well attended

Employees waited in line as long as 45 minutes to ride on the Ferris Wheel.

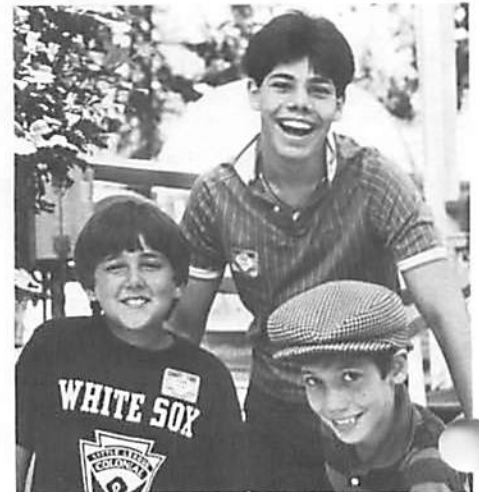

Bill Wintringham, Finance manager for Sales Training in Stow with his son, Matthew and daughter, Jessica on the Wildcat roller coaster ride.

(clockwise from bottom, l-r) Melissa Sullivan, Denise Hayes, Diana Hayes, Michelle Hayes, Michael Hayes, Mickey Hayes and Kendra Fleming all enjoyed their day at Canobie Lake Park on September 9. Diana is a department coordinator with Employee Service and Recreation in West Concord and Michael is an Administrative manager with U.S. Area Field Service Operations.

Jim Leonard, Support Engineer in Waltham, taking a break with daughter, Jillian.

(l-r) Joshua and Jacob Nazarian with friend Tim Dorren trying as many rides as they can in one day's time. Joshua and Jacob's father Jerry Nazarian works in Data Communications in Marlboro.

Outing dates

For more information on the dates for the six outing days left this year, see the Em-

ployee Services and Recreation Trimester Schedule on page 9.
