

# Digital This Week

Volume 16, Number 6

April 3, 1989

## Richard Lary, John Shebell named Corporate Consulting Engineers

Richard Lary and John Shebell have been named Corporate Consulting Engineers.

Richie has been part of Grant Saviers' Storage and Information Management Group for several years. Currently, he reports to Bob Rennick, Senior Engineering manager for Subsystems in Colorado Springs, and to Mike Riggle, Senior Corporate Consultant. He is a member of the Storage Systems Strategy Task Force, and has made many innovative contributions to the design and improvement of storage subsystems and database systems.

Richie is the author or co-author of 11 patents, the most for a single person in Digital. Four of them are on the VAX system architecture alone. He has been ar-

chitect and designer for key portions of many important Digital products, including operating systems for the PDP-8 and PDP-11 minicomputers; storage interface protocols and standards such as SDI, DS, DF, and UQSSP; the Digital Storage Architecture (DSA); the UDA, KDA, and KDB disc controllers; the HSC cluster storage controller; and the VAXcluster computer interconnect.

Richie joined Digital in 1969. He is a graduate of Polytechnic University, New York City (formerly Polytechnic Institute of Brooklyn).

John has been associated with Field Service for all of his 17 years with Digital, the last nine years as manager of the

Richard Lary

John Shebell

RAMP Group. In this capacity, he reports to Don Herbener, CSSE manager, *continued on page 8*

## Ken Olsen wins AM Award

Ken Olsen, founder and president, has won "American Machinist" magazine's 24th annual AM Award.

The award recognizes Ken's "vision of interactive computing and helping to bring the computer to manufacturing's shop floor." Accessible computers have been at the heart of computer-integrated manufacturing, which has virtually revolutionized the production of durable goods.

Digital products such as the PDP-8, the world's first minicomputer, made it practical to coordinate several numerically controlled machine tools and other pieces of production equipment into manufacturing cells.

The AM Award has been presented to prominent people in the manufacturing industries, such as robotics pioneer Joseph F. Engelberger; Charles H. Patterson, executive vice president of Ford Motor Co.; Alonzo Decker, Jr., president of Black & Decker; and Donald Burnham, president of Westinghouse Electric. "American Machinist" circulates monthly to 80,000 managers and engineers in the durable-goods producing industries. ●

### Conference room dedicated to Dan Cook

The conference room at PKO3-2, pole E7, has been dedicated to the memory of the late Dan Cook, former U.S. Administration manager in the Field organization. Tom Colatosti (far right), assistant corporate controller, presents a replica of the dedication plaque to Dan's brother, Jim Cook (third from right), as Jim's wife Pat and other members of Dan's family look on. Dan was remembered for "his professionalism, his integrity, his warmth, and his humor."

digital

## Employees tops in ski races, marathons

### Ski Club cops honors at Attitash, Sugarbush

Members of the Digital Ski Club schussed away with trophies at two prestigious corporate and club races.

Early in March, the Digital "A" team took first place at the Eastern Corporate Ski Championships at Attitash in New Hampshire. Team members Sharon Niemi, Bill Ralph, Keith Therrien and Chris Winsor beat second-place Bank of New England by 0.23 seconds after racing for a combined time of almost six minutes. Close behind was the Digital "B" team, with Karin Aslanian, Kelly Bedard, Peter Newman and Karl Reebenacker, which finished fifth in the 41-team competition. The winners garnered an all-expenses-paid one-week vacation in St. Lucia.

On Feb. 25 and 26, the Digital team of Valdeane Alusic, Louise Goodman, Carol McLeod, Dick Rolfe, Keith Therrien and Kurt Therrien finished a strong third overall at the Jeep Ski Club Challenge in Sugarbush, Vt. Formerly known as the

Members of the Digital Ski Club at the 1989 Eastern Corporate Ski Championships at Attitash, N.H., from left: Peter Newman, Karl Reebenacker, Keith Therrien, Bill Ralph, Karin Aslanian, Kelly Bedard and Chris Winsor. Missing from the picture is Sharon Niemi. (Photo courtesy of Chris Winsor.)

Grand Marnier Ski Club Challenge, the race lured some of the best ski club race teams in New England. Digital skied

against two teams from Mt. Mansfield in Stowe, Vt., and the Sugarbush "home team." ●

## Running Club wins second place at Corporate Marathon Championships

Digital placed second at the United State Corporate Athletic Association (USCAA) Marathon Championships held recently in Houston. Ten members of the Digital Running Club competed in the championships, which were held in conjunction with the Houston-Tenneco Marathon. Thirty-three corporate teams from around the United States competed.

Scoring was computed by using the team's top four finishers, based on their placing in age group categories. Digital

scorers were: Roger Nasatka (WMO), who won the male 35-39 age group category; Terry Sutton (BXC), second place in the women's open category; Rini Schalke (OGO), second in the women's 40 and over category; and John Devlin (MLO), third in the men's open category. Those four runners combined to score eight points, second to AT&T and ahead of Tenneco's third-place finish.

The second-place finish marked Digital's best finish ever at the U.S. Corporate Marathon Championships.

Other employees who participated were Terry Quan, Bill Schmidt, and Andrew Bartczak, who all work in Boxboro; Dick Joseph of the DAS facility, Andover; John Singleton, Marlboro; and Phil Gardella, who works in the Acton (AKO) facility. It was the first marathon for Rini, Terry, and Phil.

Digital's Running Club regularly competes in USCAA championships in track and marathoning, as well as competing in regional championships in track and cross-country. ●

## Digital This Week

**Editor: Kathleen Nelson**

DTN 251-1307

ENET: @ CFO or BARTLE

::NELSONK

"Digital This Week" is published every other week by the Corporate Employee Communication Department of Digital Equipment Corp. for its employees in the Greater Maynard Area.

### If you'd like more information ...

For more information about the Digital Ski Club, contact Robin Temple @CTC (COGITO::TEMPLE). Running enthusiasts can learn more about the Running Club by contacting Betsy Bacon, DTN 297-4518, or John Devlin (MTWAIN::DEVLIN).

If running and skiing aren't for you, check out the spring clubs and leagues listings on page 7 of this issue of *Digital This Week*. Or consult LIVE WIRE, Digital's electronic news system. ●

## New vendor named for home delivery of prescription drugs

Digital has named Express Pharmacy Services (EPS) as the new prescription drug home delivery vendor, replacing Health Care Services (HCS) effective April 1. EPS is a service of the Thrift Drug Co., a division of JCPenney. This change only applies to mail-order prescription drug purchases.

This program is designed for those who use eligible prescription drugs regularly in the treatment of a chronic medical condition. The program allows you to purchase by mail, for home delivery, a 90-day supply for \$2 per prescription.

Because of EPS' affiliation with JCPenney, you will have the option of setting up a charge account with EPS, which will bill you monthly for home deliveries. You also can choose to pay for prescription drugs as you order them. EPS order forms will be available at local Personnel offices prior to April 1.

If you or one of your dependents now uses HCS, continue to do so until April 1. You will receive more detailed information about EPS in the spring.

This change was announced to employees together with a number of other medical plan changes. If you have any questions about your medical choices, please see your Personnel representative. ●

## DIS announces Spring '89 IDECUS Symposium

The Spring 1989 IDECUS Symposium and Exhibits will be held at the Sheraton-Boxboro on April 25, 26 and 27.

IDECUS is celebrating its 10th anniversary with the spring symposium. In recognition of the challenges facing Digital and its employees in the 1990's, the spring IDECUS theme will be "The 1990's: Global Markets and Global Standards." The sessions and exhibits will focus on this theme, and the symposium's goal is to bring about increased employee awareness of our place in the international community in the next decade.

Highlights of the event include Jack MacKeen, vice president, Channels and Telecommunications Industry Marketing,

as the keynote speaker on April 26. Bill Koteff, featured speaker on Tuesday, will discuss "Digital's Emerging Product Strategy;" and Dr. Stewart Kranz, Thursday's featured speaker, will challenge attendees with his talk titled "1945-1989: Has America Lost Its Competitive Edge?"

The schedule and complete description of events is available on the IDECUS VTX infobase, with easy instructions for on-demand printing. Online registration ends April 14, or as soon as each day is filled to capacity. To access this infobase, type "VTX IDECUS" at the DCL \$ (dollar sign) prompt, or select IDECUS from the Corporate VTX Menu. Please review the daily program before registering. ●

## Digital chosen for multimillion-dollar project

Boeing Commercial Airplanes and Boeing Computer Services, divisions of the Boeing Co., have awarded Digital a major multimillion dollar contract to provide a data management and control system for Boeing's new sheet metal manufacturing facility under construction in Auburn, Wash.

The project is the largest computer-integrated manufacturing (CIM) undertaking in Boeing history.

As prime contractor, Digital will support the new \$235 million Boeing Com-

mmercial Airplanes sheet metal center by providing the following major components: program management, networked computer systems, integration management and ongoing service and support.

Integration on the project will extend from the production floor with VAXstation 3200 workstations monitoring production to VAX 6300 computers performing area control and large VAXclusters providing overall control. Systems will be networked via DECnet Ethernet and linked to corporate systems at other Boeing facilities. ●

## Mark Kempf promoted to Senior Consulting Engineer

Mark Kempf

Mark Kempf has been promoted to Senior Consulting Engineer, reporting to Alan Kirby, manager of the Communications and Distributed Systems Advanced Development group. In this

position, Mark will continue as the technical leader of the FDDI development program.

Mark joined Digital in 1979 and participated in the design of an Ethernet adapter which offloaded a significant amount of protocol processing from the host CPU. Subsequently, Mark was responsible for the design of a low-cost, high-performance A/D prototype terminal server. He personally performed the hardware design and supervised much of the software design. His hardware design was incorporated virtually intact into the DECserver 100 product.

Mark performed in a similar capacity on the LANbridge 100 project. He was responsible for hardware and software architecture for the A/D prototype. He also designed most of the hardware and supervised the design of the memory system and software. The hardware design was incorporated into the LANbridge 100 product. This is still the highest performance bridge in the industry.

Mark earned a bachelor's degree from Northwestern University. The inventor of and patent holder for the learning bridge, he holds two other patents and has published several technical papers. ●

## Hoop-a-thon volunteers needed

Volunteers and shooters are needed for the 10th annual Basketball Hoop-a-thon for Huntington's Disease scheduled for Thursday, April 27, at the Solomon Carter Fuller Mental Health Center, 85 East Newton Street, Boston. The hoop-a-thon is a 24-hour event starting at 6 am.

For more information, call the Huntington's Disease Society of America, (617) 638-8333, or contact Monica Bradlee, DTN 226-7341 (DELNI ::BRADLEE). ●

# The Marketplace

## How 'The Marketplace' works

"The Marketplace" is a free service provided by *Digital This Week* for Digital employees in the Greater Maynard Area. Ads are printed on a first-come, first-served basis, as space allows, regardless of category. If your ad is time-sensitive, keep in mind that ad volume is heavy, so you should allow four to six weeks for your ad to appear in print.

1. When submitting an ad, please include your full name, mailstop, and internal telephone number (DTN).
2. Please submit only one ad at a time. Multiple submissions will not be accepted. Ads will appear only once.
3. Ads must be submitted in writing (hard copy) and sent to Marketplace, CFO2-3/K23.
4. DTW does not print ads for services (babysitting, snow-plowing, etc.) or profit-making enterprises. Ads must be worded clearly, typewritten or printed, and in good taste. DTW reserves the right to edit for space.
5. Ads can be cancelled simply by calling the Marketplace office. If an item has been sold, please cancel the ad so that space can be opened for another listing. If you have any questions about the Marketplace guidelines, call the DTW office at DTN 251-1308.

## Seasonal Rentals - Summer

MUSCONGUS BAY ME, ranch, 3bdr, furnished, spectacular views, swimming, \$750/wk, Anita, 251-1413

## Educational Opportunities

### Engineering Quality Technology Group April course calendar

Date	Course Title	Location
April 5		
5	Quality Factor Development	ZKO
5-6	Introduction to Digital for Engineering	APO
5-6	Experimental Design and Taguchi Techniques	ACO
11	Human Factors in Design - Management Overview	ACO
12	Advanced Screen Design	ZKO
12-13	Introduction to Digital for Engineering	LKG
13	Deming for Managers	ACO
13-14	Accelerating Reliability Testing	ACO
19	Building More Reliable Software	ACO

To register for a workshop, call the EQT Registrar at DTN 381-1822. ●

### DME offers 'Quality Teamwork,' 'Train-the-Trainer' courses

Digital Management Education (DME) is offering two new Quality courses. The first, "Quality Teamwork," is a two-day program designed to improve the quality of Digital's teams by teaching the skills necessary to be part of an effective team. It provides training on the skills that allow subsequent team building efforts to be successful.

The next offerings will be April 20-21 in Merrimack (MKO), May 8-9 in Westboro (WFR), and May 15-16 in Santa Clara, Calif. (WRA).

"Train-the-Trainer for Quality Teamwork" is a two-day program leading to certification as a trainer of "Quality Teamwork." It gives participants practice in delivering "Quality Teamwork" with feedback and coaching. "TTT" will be of-

fered April 27-28 in Merrimack (MKO).

A candidate for certification must attend an offering of "Quality Teamwork" as a participant; successfully attend "Train-the-Trainer for Quality Teamwork;" and successfully co-facilitate one offering of "Quality Teamwork" with an experienced trainer. Candidates should have prior training experience.

To register for Quality Teamwork courses, call the DME registrar at DTN 249-1881 or -1882. Contact John Savageau at the address below to register for "Train-the-Trainer."

Special offerings of "Quality Teamwork" for specific site or intact workgroups are also available. For more information, call John Savageau, DTN 249-4457 (John Savageau @BUO or CECV01::SAVAGEAU). ●

### 'Digital's Networks' slated for Q4

"Digital's Networks — Today and Tomorrow," is a week-long series of informational lectures offered by Digital Telecommunications and DIS Technology Transfer. This year's offering is scheduled to take place from May 8-12 in the Marlboro area. This series is offered annually as part of the Network Training Program and attendees will have the opportunity to meet the current NTP students.

Attendance at "Digital's Networks" is limited to 60 registrations. Network Training Program students will occupy

the first 40 seats for a total of 100 attendees. The registration fee, cross-charged to your cost center, is \$150 and covers the entire week. Each day will begin at approximately 9 a.m. and end at 3:30 p.m.

To register, send your name, your cost center, your badge number, and your mailstop after April 1 to DISSRV::BARBER.

Registrations must be sent via VMSMAIL and only the first 60 received will be registered. Upon successful registration, you will be sent an acknowledgment and the details of the series.

For further information, contact DISSRV::BARBER. ●

### Special course offering from IS Training

Information Systems Training will sponsor an exclusive offering of "VAX/VMS Utilities and Commands," specially tailored for hearing impaired employees. Kevin Fleese, a DIS employee with a hearing impairment, will teach the entire course in sign language. The class is being offered April 10-14 at the Bedford Training Center.

This course is intended for new technical users and programmers who will be working with the VMS operating system. The course is an overview of the VMS environment and teaches students how to interact with VMS using the Digital Command Language (DCL). It also covers creating and editing VMS files; communicating with other system users locally and via a network; using logical names and symbols to modify the working environment; creating and using command procedures to automate repetitive tasks; and using system printers and the batch processing utility.

To register, send mail to CECV03::TOPOLOSKY or Al Topolosky @FPO. Include your name, badge number, cost center, DTN number, mail stop and manager's name. You must have your cost center manager's approval to register. ●

### Important news for Central New England College students

Central New England College will close at the end of the current semester. Employees who attend CNEC should contact their academic adviser to discuss transfer or possible graduation.

Representatives from local schools will be in the cafeteria at CNEC's Worcester and Westboro campuses April 3-6 from noon-8 p.m. to discuss students' options with them.

For more information, contact Theresa McAllister, DTN 223-6002 (MILRAT::MCALLISTER). ●

### Deadlines for 'Digital This Week'

Deadlines for "Digital This Week" have been established to help employees plan events and publicity around certain editions. **Deadlines do not pertain to Marketplace, which is first-come, first-served.** The next three issues and deadlines for DTW are:

- April 17 issue — April 5 deadline
- May 8 issue — April 26 deadline
- May 22 issue — May 10 deadline.

### 'Shear Madness' tickets

Tickets are now available for the 3 p.m. performance of "Shear Madness" on Sunday, May 7 at the Charles Street Playhouse Stage II. Tickets are \$13 (regularly \$17). Deadline for all ticket orders is April 14. Order forms are available from your local Employee Services and Recreation department or call Lisa Newton, DTN 225-4624, for more information.

### Toastmasters Club formed

Shrewsbury now has a Toastmasters Club. It meets Tuesday from 11:45 a.m.-12:45 p.m. in the Bruins Conference Room, SHR1. Everyone is welcome. For more information, contact Norma Owens, HDSRUS::OWENS.

### Women's Basketball League sponsors charity all-star game

The Digital Women's Basketball League is sponsoring a charity all-star basketball game on Thursday, April 27 at 7 p.m. at Nashoba Regional High School (Route 117, Bolton). Players from each of the league's 10 teams will be represented. There will be a three-point contest open to all employees and a shoot-out. Refreshments will be available.

All proceeds will be given to Rosie's Shelter in Boston for battered women. For further information about the all-star game, contact Dee Anderson (DELNI::D\_ANDERSON) or Linda Morgenstern (ZORRO::MORGENSTERN).

For information about the Digital Women's Basketball League, contact Nancy Wimberg (ASD::WIMBERG).

### Metpay offices closed

Metpay will be closed on the morning of Tuesday, April 4, and all day on Monday, April 17, Patriots Day. For assistance, call the Policyholder Services Unit at (1-800) 422-4272. For claims, call (1-800) 638-3444.

### IEEE Magnetics Society to meet April 12

The Boston Section of the IEEE Magnetics Society will meet in the Shrewsbury facility on Thursday, April 12. Senior Corporate Consultant Mike Riggle, an IEEE Fellow, will discuss "Selected Topics in Disc Storage System Design." Refreshments will be served at 5:30 p.m., and the meeting starts at 6. All interested employees are welcome to attend the meeting. Contact Shyam Das, DTN 237-3369 (TFH::DAS), for more information.

### In your 'spare' time

A tenpin bowling league is starting Wednesday nights beginning April 19 at Gardner Tenpins Lanes in Gardner, Mass. If interested, contact Steven Gilmour, DTN 276-9198 (SONATA::GILMOUR); Mary-Jane Garcia, DTN 241-4011 (WMOIS::GARCIA); or Russ Hume, DTN 293-5997 (MSBCS::HUME).

### Tennis, anyone?

The Digital Tennis League, which is seeking new members, will begin its 1989 season on May 15. The 1989 season consists of two five-week sessions. During each session, league members play four matches in the men's singles, women's singles or mixed doubles divisions. At the end of the season, there will be an elimination tournament, with the finals being played at the annual outing on Friday, Sept. 29.

To receive a league registration kit send your name, location, and mailstop to the Digital Tennis League, BXB2-2/F06 or via VAXmail to LANDO::FALVELLA by April 28. Last year's members will automatically receive registration materials.

### Digital Lacrosse Club registration

The Digital Lacrosse Club will register members for the upcoming season on the following dates at a location near you.

Starting Tuesday, April 11, members will be registered at MRO1 in the cafeteria between 5 and 7 p.m. Members will also be registered on April 12 at noon in the MLO cafeteria, and on April 13 at BUO in the lobby adjacent to the cafeteria between 5 and 7 p.m.

Lacrosse outfits will be on display and orders will be taken for those interested in purchasing any item. The registration fee is \$15. Please make checks payable to "Digital Lacrosse Club."

If you have questions, contact Ken Symonds (JACOB::SYMONDS), DTN 223-3415, or Elliott Scott (DELI::SCOTT), DTN 247-2686.

## Digital wins Corporate Conscience award

The Council on Economic Priorities has awarded Digital a "Community Action" Corporate Conscience Award for its corporate citizenship efforts. The company was especially cited "for building a large plant in Boston's depressed Roxbury area," its "record of community outreach" for programs focused on job training and dropout prevention; for "purchasing from minorities and women;" and for co-sponsoring "a nationwide AIDS education program produced by Westinghouse."

Alan Zimmerle, Corporate manager, EEO/Affirmative Action/Valuing Differences, accepted the award on behalf of Digital. He says, "CEP recognizes our ability to work collaboratively with our employees and in our communities. The award references our external Affirmative Action efforts, including our 'educational support for minorities and women.'"

"I had the honor of accepting the award for Digital, but it clearly is in recognition of all of our work," Alan adds.

The Council is a public interest research organization that evaluates the policies and practices of U.S. corporations and issues affecting national security. Founded in 1969, it seeks to promote corporate social responsibility and international peace.

Other nominees for Corporate Conscience Awards include such companies as Harbor Sweets of Salem, Mass., Ford Motor Co., Apple Computer, retailing giant Wal-Mart, AT&T, and Eastman Kodak. In all, nearly 20 companies were nominated. ●

## Employee Kudos

Bob Cansler, principal systems engineer for Systems and Support Engineering in the Mill, has been appointed to the Governor's Alliance Against Drugs council for the Middlesex area of Central Mass. Bob works with Maynard's Officer Phil program, "Say No to Drugs," and is president of the Maynard Elks Lodge. ●

## Waltham welcomes customers

(From left) Barcy Proctor, U.S. Human Resource Manager for Finance; Lucinda Larson, manager, Greater Boston Finance and Administration District; and Northeast Area Finance Manager Bob Ketz are shown here at the F&A district's recent open house, which welcomed over 30 customers to the Waltham office. Demonstrations of such applications as ALL-IN-1, VAXsight, the Electronic Store, and others used in the financial management of the district businesses were given at each employee's work area, utilizing the employee's own Digital equipment. Bill Butters, the U.S. Customer Administration Applications Portfolio manager, and Gerry Orris, Strategic Accounting Project manager, served as keynote speakers. Guests included Northeast Area Administration Manager Dave Beresford. Debbie Wunder, CAS specialist, coordinated the event.

## Corporate Consulting Engineers ...

*continued from page 1*

and Don Zereski, vice president, Field Service, and is a member of the Field Service Management Committee.

During this period, John was responsible for a significant number of technology-intensive initiatives within the Corporate Field Service organization, including symptom directed diagnosis, AI applications in service delivery and system level reliability assessment and design strategies. He also provides the tech-

nology liaison on behalf of Field Service to Digital's Advanced Development and Research community and to established groups such as RAC and RAD. He has been a frequent contributor to both engineering and Field Service seminars.

He is a summa cum laude graduate of Boston University, and has completed the Executive Education Development Program at Worcester Polytechnic Institute's School of Industrial Management. ●

## EMPLOYEE ACTIVITIES

The New England Aquarium, through Corporate Employee Services and Recreation, has made a limited number of free general admission passes available to Digital employees. The passes, which are valid till June 1989, will be distributed by lottery. To enter, fill out the coupon in the employee information racks in Greater Maynard Area facilities. Send it

by April 7 to Corporate Employee Services and Recreation, CFO2-3/C38.

Sunday, April 9 is Digital Appreciation Day at Old Sturbridge Village. Between 10 a.m. and 4 p.m., employees with badge will be admitted free. Immediate family members will pay just \$5, and children under age 6 are free. When you arrive at the Visitor Center, go directly to the special Corporate Appreciation Day booth and present your badge. Old Sturbridge Village is on Route 20, one mile west of the junction of I-84 and the Mass. Pike, Exit 9. ●
