## Report of the Board of Selectmen

To the Citizens of Maynard:

The Board of Selectmen respectfully submit for your consideration the Annual Reports of the Town Officers and Committees for the year 1949.

The report of the Town Accountant is a record of the various financial transactions of the Town. A thorough examination of this report will show where the tax dollar is actually spent.

During the year the reconstruction of Waltham Street was continued under a Chapter 90 project from Old Mill Road to Hayes Street. In our budgets for 1950 we have requested that sufficient funds be appropriated in conjunction with State and County appropriations to complete this street during the coming year.

In order to assist veterans construct new homes, and relieve the present housing shortage, the Selectmen, as instructed at the annual Town Meeting sold house lots along Great Road and Taylor Road to veterans at a nominal fee, subject to building restrictions.

It is our aim and desire that during 1950 that a permanent parking area will be established adjacent to the center of the Town, thus eliminating our present parking problems.

We wish to thank all Boards, Committees and citizens for the co-operation and assistance received during the year.

Respectfully submitted,

JOSEPH P. DINEEN, Chairman  
WILLIAM J. BAIN, Secretary  
LEO F. MULLIN

 LEO F. MULLIN,  
 Selectmen.

## Report of Superintendent of Streets

To the Honorable Board of Selectmen:

Gentlemen:

I herewith submit my report for the year 1949 as Superintendent of the Street Department

### MAINTENANCE

The general services performed include the cleaning of streets and sidewalks, collection of rubbish from business establishments, the cleaning of catch basins, the surfacing, oiling and patching of streets, cutting grass, brush, the painting of signs, fences and posts.

### STREET CLEANING

There is no municipal problem that is receiving more study than that of traffic and parking.

Many of our downtown streets are crowded with parked cars from 9:00 A. M. to 6:00 P. M. Loose papers, cigarette butts etc. collect under these vehicles thereby prohibiting us from cleaning the streets properly. A complete re-organization of street cleaning will have to be undertaken as a result of these conditions in the near future.

### DRAINAGE

Two catch basins adjusted and rebuilt on Hayes St.; one catch basin adjusted on Haynes Street and one catch basin constructed on Driscoll Avenue. 65' feet of 12 inch C.C. asphalt bonded pipe was laid at drainage outlet to river on Powdermill Road near Crane Ave.

## SNOW

This past winter we have had a total accumulation of 45 inches of snow caused by thirteen snowstorms and eleven freezing rains and sleet storms.

## DATE OF SNOWSTORMS

January 21 .....	4"
January 24 .....	2"
January 26 .....	6"
January 28 .....	2"
	<hr/>
	14"
February 4 .....	2"
February 17 .....	4"
February 28 .....	8"
	<hr/>
	14"
March 1 .....	2"
March 11 .....	2"
March 18 .....	5"
	<hr/>
	9"
November 27 .....	2"
December 3 .....	4"
December 7 .....	2"
	<hr/>
	6"

This snow was removed from the business areas, churches and schools and all the streets were plowed and sanded.

The State Department of Public Works renewed their contract for paying one half the cost of plowing Route 117—Great Road.

Fifty-five sand barrels have been placed at various places and 3,150 linear feet of snow fence was erected.

Formerly, snow plowing and removal was confined to a limited area of business establishments and main roads,

while the sanding was carried out only in hills, grades, curves and intersections.

Today, a different situation exists. A town wide clearance of snow and sanding of roads is demanded. This Department has been organized to meet these demands.

## CHAPTER 90 MAINTENANCE

Shoulders and drainage were cleared. 6,500 square yards of Parker Street was treated with a roadmix surface. 2,500 square yards of Parker Street was treated with a seal of asphalt and oiled stone. 2,000 square yards of Acton Street was treated with a roadmix surface. 3,000 square yards of Great Road was treated with a seal of asphalt and oiled stone. The State, Town and County each allotted \$1,000.00 for this work, making a total of \$3,000.00.

## CHAPTER 90 CONSTRUCTION

The State allotted \$12,500.00 for construction on Waltham Street and the Town and County \$6,250.00 each, making a total of \$25,000.00. 2,000 feet of Waltham Street was constructed with a Gravel subgrade, a penetrated stone base and a bituminous concrete wearing surface. A storm drainage system was constructed in conjunction with this work consisting of 12 catch basins, 6 manholes, 687' of 12" plain concrete pipe and 240' of 12" reinforced concrete pipe. This street should be completed during the coming year.

## NEW EQUIPMENT PURCHASED

Two 2½ ton dump trucks. Two 9' one way snow plows.

I am requesting for 1950 the purchase of a new grader replacing the present grader that is 13 years old and two snow-plows to replace two plows that were purchased in 1936.

## INVENTORY

Equipment: (Original purchase price)	\$44,594.22
Trade in Value .....	\$21,200.22
Repair and replacement parts .....	984.46
Construction Materials .....	1,112.86
Tools and machinery .....	2,091.81
	<hr/>
	\$44,594.22    \$25,389.35

## GARAGE

The repair and maintenance service for the department is carried out at the Highway Garage. Gasoline, oil etc. are secured from this Garage by the various Town Departments.

## CONCLUSION

The Town Accountant's report will show the expenditures of this department.

I wish to thank the Board of Selectmen and the other Town officials for the assistance they have given me and also to the Department employees.

Respectfully submitted,

RAYMOND J. SHERIDAN,  
Superintendent.

## Report of Inspector of Animals and Slaughtering

To the Honorable Board of Selectmen:  
Gentlemen:—

I herewith submit my report as Inspector of Animals and Slaughtering for the year 1949.

During the year I inspected 141 pigs, 3 cows and 4 calves for slaughtering.

Eleven barns were inspected and found to be clean. The cattle were free of antinmonycosis, barn mange, and other contagious disease.

Respectfully submitted,

JOSIAH M. HERRICK,  
Inspector.

## John A. Crowe Park Superintendent

To the Honorable Board of Selectmen:

I herewith submit my report of John A. Crowe Park for the year ending December 31, 1949.

During the year, the baseball diamond was graded, and the remainder of the new benches installed.

In my budget for the year 1950, I have requested funds to grade the baseball diamond, and also remove stones or ledge from the outfield, also installation of new steel fence.

In conclusion, I wish to express my appreciation to the people of Maynard and the various town departments for the co-operation received during the past year.

Respectfully submitted,

WILLIAM F. KITOWICZ,  
Superintendent.

## Report of Shade Tree and Moth Division

To the Honorable Board of Selectmen:  
Gentlemen:

There are many factors tending to reduce the value of shade trees and forest trees, and finally to destroy them altogether. Most common agencies adversely affecting our shade trees are: destruction of roots by leaky gas mains, excavation for water and sewer conduits, mutilation of trunk and branches by automobiles, telephone and telegraph workmen. These and other human destructive devices can and are being minimized by co-operation with various of the other town departments and by those townspeople who sense the values, practical and esthetic, of a town whose highways, streets, and roadsides are shaded by the dense foliage of the maples and the elms, and who enjoy the restfulness of the wooded areas with their lofty pines and splendid oaks.

A program was initiated by the Tree Department a number of years ago, under which there was begun a systematized planting of young trees throughout various sections of the town, in addition to which trees that have died or have been destroyed during the year are taken down, with young trees supplanting them.

During the year 1949 new trees, sixty in number, were selected to be planted under the above mentioned plan. The choice of tree was the sugar, or rock maple. This selection was made because of this tree's hardiness, dense foilage for shade, resistance to storms, and because it is clean in habit and usually long-lived.

Seventeen large trees had to be taken down in the past year. These trees died of various reasons, but the main cause was the severe drought which this section of the country was subject to during the summer season.

Severe summer storms caused approximately two dozen limbs to be detached or hanging from the shade trees, creating a hazard to traffic and pedestrians alike. Each was removed as soon as possible after it occurred.

Scars on the trees that are a result of automobiles, insects, and the above detached limbs are given a protective coating with a tree healing paint during the inspections of this communities shade trees.

There are the man made adversaries of the trees and then there are often natural forces acting unfavorably on shade trees for which man cannot be held responsible but the effects of which he can greatly mitigate if possessed of the requisite knowledge. In this category are strong winds, ice storms, lightning, diseases, and insects. It is the latter two of these natural forces to which the Moth Department is concerned.

The number of insect enemies and diseases of shade trees is legion. However, because of the communities' climate and the relative abundance of certain of these insects the Moth Department concerns itself mainly with the following:

Apple Tent Catapillar	White Pine Weevil
Gypsy Moth	Elm Beetle
Fall Webworm	Dutch Elm Disease

The life history of each of these are as varied as the trees upon which they feed, — maples, elms, oaks the conifers, — especially white pine, linden, hickory and most fruit trees, to mention a few. Appearing as early in the year as April in various stages of growth — larvae, catapillars, moths, and in some cases beetles, and lasting throughout the summer, they begin their insidious attacks on the foliage and sapwood of the trees. Consideration must be given to various factors involved by the Moth Department before spraying to control these insects. Sometimes two or even three generations of certain of these insects appear. Then too, the lives of these insects are governed by the weather. The time of arrival of warm spring weather must therefore be taken into account. The undertaking of spraying the whole of the town's shade trees and certain of its wooded areas is done twice a year. Last year the spraying took place in late May and again in late June, — so timed as to catch the insects in their early feeding stages when they are most susceptible to control.

Prior to two years ago the compound arsenate of lead had been used in the spraying of the trees of the town. With the advent of D.D.T. entomologists have suggested it replaced the arsenate of lead as a control measure. Results with this new insecticide during these past two years have been very successful.

A new and virulent disease of the elms made its appearance in this country less than a score of years ago, the Dutch Elm disease. When an elm becomes infected with the fungus which causes this disease there is not much that can be done, — the tree must be destroyed. Whether this disease will do to the elms what the Chestnut disease has done to the chestnut trees only future years can determine. There have been reports of its appearance in some communities neighboring Maynard. This disease can be checked if discovered in its early stages,

therefor a constant vigil is kept for its appearances so that it may be caught in its inception in this community and we may thus prevent the destruction of our many elms and that which some authorities consider to be our most valuable and beautiful of shade tree, — the American Elm.

Respectfully submitted,

WILLIAM V. HANSEN,  
Tree Warden and  
Supt. of the Moth Dept.

(OVER)

## Instructions for Giving Fire Alarms

Alarms should be given from the box nearest the fire. Open the box, pull the hook clear down once and let go. After giving an alarm remain at the box and direct the firemen to the fire.

Never open a box except in case of fire.

Do not sound an alarm for a chimney fire or brush fire, or fire seen in the distance. Telephone the Fire Station or the Fire Engineers.

## AN ACT TO PROHIBIT THE DRIVING OF VEHICLES OVER MUNICIPAL FIRE HOSE—1926, Chapter 278

Section 7A. Upon the approach of any fire apparatus which is going to a fire responding to an alarm, every person driving a vehicle on a way shall immediately drive said vehicle as far as possible toward the right-hand curb or side of said way and shall keep the same at a standstill until such fire apparatus has passed. No person shall drive a vehicle over a hose of a fire department without the consent of a member of such department. No person shall drive a vehicle within three hundred feet of any fire apparatus going to a fire or responding to an alarm, nor drive said vehicle, or park or leave the same unattended within six hundred feet of a fire or within the fire lines established thereat by the fire department. Violation of any provision of this section shall be punished by a fine of not more than twenty-five dollars. (Approved April 28, 1926.)

Remain at box until apparatus arrives.

Investigate your chimneys and keep them clean.

Do not throw lighted cigarettes.

Traffic siren means pull out and stop.

Oil stoves need to be inspected and cleaned frequently.

Drive 300 feet from fire apparatus.

Remain 500 feet from fire.

A permit is required for all open fires.

False alarms are punishable by fine or imprisonment.

How to send an alarm from box: Go to the nearest box, open door, pull lever way down once and let go, then shut door, remain at box and direct firemen to fire.

When calling headquarters by telephone for fire speak calmly and distinctly, giving street, location on street, and name of person calling; this will insure more prompt response by the firemen.

Do not allow rubbish, paper, or any inflammable material to accumulate in or about your property.

Always call the Department before attempting to extinguish a fire yourself.

The Fire Department will be enabled to render better service if these instructions are followed.

## The Board of Fire Engineers and Forest Warden

To the Honorable Board of Selectmen:

May we submit a joint report of the Fire Department and the Forest Warden.

The year 1949 has not been a remarkable one. Our calls for fire fighting have been about average. Our losses so far as insurance payments are concerned were slightly above average. Our forest fires of any consequence were less, if anything, than previous years. What significance has this to 1949?

(1) The year was the driest in recent history and yet our forest fires were only average. This is a strong indication to us that the constant campaign for Fire Prevention may be paying dividends. It may be that it was only luck.

(2) The Town Dump was responsible for many of our calls in 1949. It is a situation which must be considered carefully by the town and it must be considered soon. Apparently the citizens do not realize that the dump is located near woodlands which extend for five or six miles in two directions. With the right wind and weather conditions this could be the cause of a catastrophe of tremendous proportions, almost as great as the Maine fire of 1947. About the only safe solution is a town incinerator. It should be considered.

(3) The coverage of the town by fire alarm boxes has been increased. We have added three boxes in locations which before were without coverage. This has been one factor in keeping our year average. Boxes 121, 124 and 133 have been installed by the firemen who have volunteered their Sunday afternoons to do it. We hope to keep our year average next year and we believe that adding three new boxes will assist us toward that goal.

(4) Building fires have been about average except in their tenacity. During 1949 we had three building fires which were stubborn, with the result that our losses were a little higher than usual. Water protection was a problem with two of them, but this problem also is being improved, thanks to the continuing efforts of the Water Department. We may still be

thankful for luck as we gaze at the possibilities facing us on all the main streets of the town.

(5) The presence of three pieces of apparatus in the station has helped to keep our year average. On all of our fires of any consequence last year, we had to employ all three trucks. It was a good thing that the extra hose carrying capacity was available, or our losses would have not been average.

(6) Our new Engine I was put into service on August 13, 1949 and will give us added equipment with which to fight the new hazards which are developing from the presence on our highways of trucks and buses with greater gasoline carrying capacity. We have had no fire in this category this year, but the hazards are seen daily in increasing numbers and must be faced with alarm. The engine and pumping equipment of the town should probably be adequate for many years.

(7) We have had the average number of oil burner fires, but we have not had as serious results from them as some of our neighboring towns and cities. This is luck. The householders must learn that oil burners with adjustable bottle oil supplies are dangerous when carelessly handled or improperly adjusted. **DO NOT RAISE THE BOTTLE SUPPORT TO SPEED YOUR FIRE.** When properly adjusted, the oil will not overflow, but if you raise the supply beyond that point, there is great danger of a serious and practically inextinguishable fire. You can be sure of extreme smoke damage as the very least result of such a fire. Allow only a properly licensed person to adjust your burner.

(8) The telephone operators, the Police Department, the Road Department and all the citizens have helped us keep the year average. We are most happy to cooperate with them toward this goal and we sincerely appreciate their efforts to help us in this cause.

### STATISTICS

Number of alarms .....	125
Number of Box alarms .....	16
Number of Telephone calls .....	120
Number of False alarms .....	3
Number of Brush fire alarms .....	4
Number of feet of 2½" hose laid .....	11,300
Number of feet of 1½" hose laid .....	750
Number of 1½" hose laid .....	700
Number of booster hose laid .....	7,400
Number of ladders used .....	676

Assessed value of buildings in substantial fires .....	\$8,625.00
Insurance on buildings so involved .....	17,500.00
Insurance paid .....	6,503.00

Permits issued for power burners, fuel oil and range oil storage, fire works, liquid petroleum gas storage .....	158

Respectfully submitted:

PHILIP A. WILSON,  
HENRY MARIANI,  
MARTIN GRUBER,  
Board of Fire Engineers.

## Report of Police Chief

To the Honorable Board of Selectmen:

I hereby submit my annual report as Chief of Police for the year ending December 31, 1949. In performance of the duties of this office I have had the cooperation of this Department, the assistance of the Board of Selectmen, and the Town Counsel.

### PARKING AND TRAFFIC

From January of this year the increased registrations of automobiles in Maynard will cause considerable congestion to our parking areas. It is recommended that the Town purchase the property at Naylor Court, from the Naylor estate, also about forty feet from the rear of Memorial Park for additional parking area.

A survey has been taken at the intersections of Paper Mill Corner on the number of cars passing through. It is recommended that traffic lights be installed at these intersections.

### EQUIPMENT

In my budget for 1950, I have requested the purchase of a Police Car. It is far more economical to trade in for a new car annually.

### CRIME vs. PUBLIC ORDER

Drunkenness .....	85
Driving while Intoxicated .....	13
Driving so as to Endanger .....	6
Disturbing the Peace .....	2
Lewd Cohabitation .....	2
Polygamy .....	1
Violation of Parole .....	2
Violation of Town Ordinance .....	19
Operating Uninsured Car .....	2
Operating without License .....	3

### CRIME vs. PROPERTY

Breaking and Entering and Larceny.....	5
Larceny .....	4

### CRIME vs. PERSON

Assault and Battery .....	8
---------------------------	---

In conclusion I wish to express my appreciation and the thanks of the Police Department to the Board of Selectmen and to all other Town Departments who have been of assistance to the Police Department.

Respectfully submitted,

HENRY F. PIECEWICZ,  
Chief of Police.

## Report of Dog Officer

To the Honorable Board of Selectmen:  
Gentlemen:—

I herewith submit my report as Dog Officer.

During the year twenty dogs were picked up and boarded. Three of them were stray dogs and were returned to their respective owners.

At this time I want to thank the Chief of Police and his officers for their assistance.

Respectfully submitted,

JOSIAH M. HERRICK,  
Dog Officer.

## Report of Sealer of Weights and Measures

To the Honorable Board of Selectmen:

Gentlemen:

I herewith submit my annual report as Sealer of Weights and Measures for the year 1949.

In submitting this report, I wish to state at the close of the year all weighing devices and measures in the town were in good conditions in accordance with the law.

I wish to take this opportunity to express my gratitude to the merchants and all those who come under the requirements of this department for their co-operation.

CLIFFORD F. KING,  
Sealer of Weights and Measures,

## Town Clerk's Report

---

For the year ending December 31, 1949

Information desired, not printed herein, will be courteously  
supplied upon request to the Town Clerk.

ELEANOR JONES,  
Town Clerk.

## Proceedings of Town Election

March 7, 1949

In accordance with Town Warrant No. 425 the Annual Election of Town Officers was held on the above date in the George Washington Auditorium.

The polling place was prepared by the Town Clerk according to General Laws.

The Ballot Boxes were examined by the Moderator and Town Clerk who found them empty, set the registers at 0000, locked them and put the keys in the custody of Constable Henry F. Piecewicz and Constable William J. Spratt.

Moderator Philip Wilson, the presiding officer, called the meeting to order at 8 o'clock A. M.

On motion of John F. Stokes—Voted to waive the reading of the Warrant.

The polls were declared open at 8:02 by the Moderator.

The following Ballot Clerks appointed by the Board of Selectmen, were sworn by the Town Clerk.

### Area 1 — A to L

Timothy F. Hickey	Evelyn M. Mulcahy
Bertha L. Davis	Helen M. Gilleney
Mary E. Schnair	

Constable William J. Spratt at the Box.

### Area 2 — M to Z

Albert Coughlan	Martha L. Champagne
Helen V. MacDonald	Grace M. Stokes
Helena M. Murphy	

Constable Henry F. Piecewicz at the Box.

Counting began at 2 P. M. by the following Tellers, appointed by the Board of Selectmen, and sworn by the Town Clerk.

Arthur F. Croft	Elizabeth M. Farrell
Elsie P. Brayden	Eva H. Evers
Mabel A. Bemis	Helen M. Hinds
Phyllis P. Savikoski	Ernest J. Wollerscheid
Marion B. Wilcox	Gertrude Duggan
Dorothy E. Hamlin	Helen I. Mullin
Laura Quinn	Alice L. Joyce
Marion L. Jones	Sylvester Sullivan

## TABULATORS

Myrtle A. Whitney

Helen M. Connors

The polls were declared closed at 8 o'clock P. M. by the Moderator.

Total number of ballots cast — Twenty-five hundred and twenty-three (2523).

The register on the Ballot Box in Area 1, A to L, showed 1324 ballots were cast.

The number of names checked on the voting list in Area 1, A to L, was 1324.

The register on the Ballot Box in Area 2, M to Z, showed 1199 ballots were cast.

The number of names checked on the voting list in Area 2, M to Z, was 1199.

The result was announced by the Moderator at 9:04 P. M. as follows:

\*

Attest:

ELEANOR JONES,  
Town Clerk.

\* There being a tie vote for third Constable, and no petition being filed for a recount of the ballots cast, a vacancy, by

reason of failure to elect existed in the office of Constable. Under Sec. 11 of Chapter 41 of the General Laws, the Board of Selectmen appointed I. Matti Tervo to fill the vacancy on March 22, 1949 and he was sworn March 24, 1949.

March 8, 1949.

In accordance with the provisions of Section 19 of Chapter 41 of the General Laws of Massachusetts, I hereby appoint Louise Webster of Maynard, to be Assistant Town Clerk during the current municipal year, or until this appointment is revoked.

ELEANOR JONES,  
Town Clerk of Maynard.

I, Louise Webster, above named, do solemnly swear that I will faithfully perform the duties devolving upon me as Assistant Town Clerk of the Town of Maynard, Massachusetts.

LOUISE WEBSTER.

Subscribed and sworn to this eighth day of March, 1949.

ELEANOR JONES,  
Town Clerk of Maynard.

A true copy,  
Attest:

ELEANOR JONES,  
Town Clerk.

## Proceedings of Town Meeting

Held March 14, 1949

On the above date the Annual Town Meeting to vote on appropriations for 1949 was held in the George Washington Auditorium, in accordance with Town Warrant No. 426.

Moderator Philip Wilson presided and called the meeting to order at 7:30 P. M.

On motion of Harold R. Goodwin — Voted to waive the reading of the warrant.

Article 1. A correction of Typographical errors in Annual Report of the School Department for year ending December 31, 1948, page 5 was moved by Benjamin M. Pieciewicz and so voted. Said corrected report was filed with the Town Clerk and report with correction was accepted. On motion of Harold A. Goodwin — Voted that the report of the Consolidation Committee be received as a report of progress and that the Committee be continued, with power to fill vacancies in said Committee; — that the Committee be authorized to present Warrant Articles at a Town Meeting and not later than the next Annual Town Meeting, to establish a Department of Public Works in accordance with the suggestions contained in their published report, also, Warrant Articles for the consolidation of such Town Offices as they deem proper for more efficient operation of such offices.

On motion of Harold R. Goodwin: Voted to accept the, "Annual Reports of the Town Officers including the Financial report of the Town Accountant of the Town of Maynard Massachusetts for the year ending December 31, 1948," as printed and distributed.

Donald A. Lent offered a resolution which was voted as follows:

Whereas the Governor has presented to the Legislature a plan to refinance the M.T.A.

And whereas said plan proposes to use tax monies from Cities and Towns not served by the M.T.A.

And whereas the Town of Maynard derives no benefit from the M.T.A.

And whereas the Town of Maynard has its own problems of increasing taxes.

Be it therefore resolved that the Town of Maynard here assembled, record itself as opposed to the Governor's plan to shift the burden of the M.T.A. to communities not served by it, in so far as said plan may effect adversely the finances of the Town of Maynard;

1. That we oppose any taking from the state highway fund to pay for maintenance of subways.

2. And that we oppose the establishing of a state treasury fund to pay deficits of the M.T.A.

And be it further resolved that copies of the resolution be sent to our local representative and to our State Senator.

Michael Tomyl read a report for the Parking Area Committee which was accepted as a report of progress. Report filed with Town Clerk.

Harold R. Goodwin read a Supplemental Report of Finance Committee which was accepted as read on motion of William Naylor. Report was filed with the Town Clerk.

William Naylor asked that the Planning Board Committee be allowed to report at a later meeting and it was so voted.

Article 2. Moderator Philip Wilson appointed the following as members of the Finance Committee for three years.

Thomas C. Eley, Sworn March 22, 1949  
 Thomas J. Duggan, Sworn March 26, 1949  
 Irving H. Manning, Sworn March 24, 1949

Article 3. On motion of Harold R. Goodwin as amended by R. Frank Punch — Voted that the salaries of the several elective officers of the Town be fixed at the amounts as shown against their respective office in the Finance Committee recommended schedule as published, that the salaries of the three Assessors be fixed at \$6.00 per day, all retroactive to January first last, and remain in force until the next Annual Town meeting, unless sooner changed by the vote of the Town; — and, that the sums of money be raised and appropriated for the several specific purposes designated under the column "Recommended to be appropriated" in the published schedule, and that the same be expended only for such purposes under direction of the respective boards, commissions, or officers of the Town.

1. Selectmen Office Salaries .....	\$3,205.20
2. Selectmen Office Maintenance .....	\$3,210.00
3. Finance Committee Expense .....	\$300.00
4. Town Accountant Office Salaries .....	\$1,800.00
5. Town Accountant Office Maintenance .....	\$200.00
6. Town Treasurer Salary .....	\$1,200.00
7. Town Treasurer Maintenance .....	\$855.00
8. Tax Collector Salary .....	\$1,700.00
9. Tax Collector Maintenance .....	\$1,034.00
10. Tax Title Expense .....	\$250.00
11. Assessors Salaries .....	\$3,000.00
12. Assessors Office Maintenance .....	\$730.00
13. Town Clerk Office Salaries .....	\$965.00
14. Town Clerk Office Maintenance .....	\$205.00
15. Election and Registration .....	\$1,530.00
16. Town Offices and Hall Salaries .....	\$2,539.12
17. Town Offices and Hall Maintenance .....	\$3,050.00
18. Police Department Salaries .....	\$27,310.32
19. Police Department Maintenance .....	\$2,365.00
20. Fire Department Salaries .....	\$14,724.10
21. Fire Department Maintenance .....	\$2,657.00
22. Weights and Measures Salary .....	\$300.00

23. Weights and Measures Maintenance .....	\$140.00
24. Moth Suppression Salaries .....	\$2,294.00
25. Moth Suppression Maintenance .....	\$485.00
26. Tree Warden .....	\$800.00
27. Health Department Salaries .....	\$2,209.20
28. Health Department Maintenance .....	\$6,000.00
29. Sewer Department Salaries .....	\$7,778.40
30. Sewer Department Maintenance .....	\$2,500.00
31. Sewer Connections .....	\$4,000.00
32. Highway and Bridge Department Salaries .....	\$18,318.56
33. Highway and Bridge Department Maintenance .....	\$10,000.00
34. Sidewalk and Curbing Salaries .....	\$2,059.20
35. Sidewalk and Curbing Maintenance .....	\$800.00
36. Snow Removal .....	\$10,000.00
37. Street and Bridge Lighting .....	\$14,000.00
38. Public Welfare Department Salaries .....	\$4,000.00
39. Public Welfare Department Maintenance .....	\$17,947.46
40. Old Age Assistance .....	\$49,000.00
41. Aid to Dependent Children .....	\$6,800.00
42. Veterans' Benefits .....	\$5,000.00
43. School Department Salaries .....	\$151,233.00
44. School Department Maintenance .....	\$29,130.00
45. Public Library Salaries .....	\$3,022.20
46. Public Library Maintenance and Dog Tax .....	\$1,676.00
47. Memorial Park Salaries .....	\$633.20
48. Memorial Park Maintenance .....	\$265.00
49. John A. Crowe Park .....	\$1,025.00
50. Water Department Salaries .....	\$9,208.40
51. Water Department Maintenance .....	\$10,000.00
52. Cemetery Department Salaries .....	\$9,123.00
From Grave and Lot Fund .....	\$500.00
53. Cemetery Department Maintenance .....	\$600.00
54. Interest .....	\$2,011.25
55. Removal of Garbage .....	\$1,700.00

On motions by Lester F. Cowle — Voted to appropriate:

Article 4. For salary of Inspector of Animals — \$100.00

Article 5. For salary of Inspector of Slaughtering — \$500.00.

Article 6. For inspection and expense of Inspector of Plumbing — \$350.00

Article 7. For salaries of the Public Health Nurses — \$4,075.80.

Article 9. On motion of Benjamin M. Pieciewicz — Voted to raise and appropriate the sum of \$600.00 for Vocational Education.

Article 10. On motion of Benjamin Pieciewicz — Voted that the sum of \$50.00 be raised and appropriated for Adult Education.

Article 11. On Motion of William J. Bain — Voted to lay this article on the table.

Article 12. On motion of Harold R. Goodwin — Voted that the sum of \$550.00 be appropriated for Memorial Day.

Article 13. On motion of Harold R. Goodwin — Voted that the sum of \$7,000.00 be transferred from Overlay Reserve Account to Finance Committee Reserve Account to be used for extraordinary or unforeseen expenditures during the year 1949. Transfers to be made to Departments only by vote of the Finance Committee as provided by Chapter 40, Section 6 of the General Laws.

Article 14. On motion of Leo F. Mullin — Voted that the sum of \$50.00 be raised and appropriated for the purchase of eye glasses for needy school children.

Article 15. On motion of Leo F. Mullin — Voted that the sum of \$4,000.00 be raised and appropriated for the paying of premiums for Workingmens Compensation and Liability Insurance.

Article 16. On motion of Henry F. Pieciewicz — Voted that the sum of \$150.00 be appropriated for the maintenance of the Parking Areas.

Article 17. On motion of Harold R. Goodwin — Voted that the sum of \$250.00 be raised and appropriated for the purchase and planting of trees under supervision of the Tree Warden.

Article 18. On motion of Henry F. Pieciewicz — Voted to appropriate the sum of \$800.00 for maintenance of traffic regulations.

Article 19. On motion of Roy E. Marsden — Voted to appropriate the sum of \$25.00 for the care of Veterans' Lots in St. Bridgets' Cemetery.

Article 20. On motion of Roy E. Marsden — Voted that the sum of \$617.00 be appropriated from the Cemetery Grave and Lot Fund for the purchase of cement vaults.

Article 21. On motion of Henry F. Pieciewicz — Voted to appropriate the sum of \$50.00 for the use of the Treasurer, to pay the expenses of the local dog officer. The amount spent for board and disposal of dogs will be reimbursed by the County of Middlesex.

Article 22. On motion of James V. King — Voted to appropriate the sum of \$8,588.00 for the use of the Contributory Retirement System as follows:

For payments of Pensions .....	\$8,288.00
For Expense Fund .....	300.00

Article 23. On motion of James V. King — Voted not to accept this article. (a report read by Harold J. Morgan of the Retirement Board, re this article, was filed with the Town Clerk.)

Article 24. The Moderator ruled no action necessary in view of action under Article 23.

Article 25. On motion of Harold R. Goodwin — Voted to appropriate the sum of \$4,035.92 to pay the County of Middlesex, as required by law, the Town's share of the net cost of the care, maintenance, and repair of the Middlesex County Tuberculosis Hospital, as assessed in accordance with the provision of Chapter 11 of the General Laws and Acts in amendment and in addition thereto including Chapter 400, Section 25 G (6) (a) of the Acts of 1936.

Article 26. On motion of Howard L. King — Voted unanimously to authorize the Town Treasurer with the approval of the Selectmen, to borrow money from time to time in anticipation of revenue of the financial year beginning January 1, 1949 and to issue a note or notes therefor, payable within one year and to renew any note or notes as may be given for a period of less than one year in accordance with Section 17, Chapter 44, of the General Laws.

Article 27. On motion of Henry F. Pieciewicz — Voted to appropriate the sum of \$450.00 for the purchase of a Police Cruiser and to authorize the Board of Selectmen to trade the present cruiser in conjunction with the transaction.

Article 28. On motion of Harold R. Goodwin — Voted to appropriate the sum of \$200.00 to be expended for public fireworks at John A. Crowe Park on the fourth of July, 1949 under the direction of the Frank J. DeMars Post 235, American Legion. The Frank J. DeMars Post 235, American Legion to give an equal amount, said display of fireworks to take place not later than 11 o'clock P.M.

Article 29. On motion of Charles B. Keene — Voted that the sum of \$5,000.00 be appropriated from the Sewer Department Surplus for the payment of one sewer note due in 1949 and the sum of \$4,000.00 from the Water Department Surplus for the payment of one sewer note due in 1949, also the sum of \$5,000.00 from the Water Department Surplus for the payment of one water note due in 1949.

Article 30. On motion of Benjamin M. Piecowicz — Voted that the sum of \$110.00 be raised and appropriated for the tuition of habitual truants and school offenders according to the General Laws.

Article 31. On motion of Benjamin M. Piecowicz — Voted to appropriate \$1000.00 for maintenance of Alumni Field.

Article 32. On motion of William J. Bain — Voted to appropriate the sum of \$250.00 for the salary of the Town Counsel.

Article 33. On motion of Harold R. Goodwin as amended by Donald A. Lent — Voted to appropriate the sum of \$25.00 for Armistice Day, the expenditures to be made under supervision of the Board of Selectmen.

Article 34. On motion of Raymond Sheridan — Voted that the sum of \$1,000.00 be raised and appropriated for the Town's share for Chapter 90 highway maintenance; also that the sum of \$2,000.00 be transferred from the Excess and Deficiency Account to meet the State's and County's share of the cost of the work, the reimbursements from the State and County to be restored, upon their receipt, to the Excess and Deficiency Account.

Article 35. On motion of Raymond Sheridan — Voted that the sum of \$2,500.00 be appropriated from the Excess and De-

iciency Account for the Town's share of Chapter 90 highway construction on Waltham Street; also that the sum of \$7,500.00 be transferred from the Excess and Deficiency Account to meet the State's and County's share of the cost of the work, the reimbursements from the State and County to be restored, upon their receipt, to the Excess and Deficiency Account.

Article 36. On motion of Joseph P. Dineen — Voted to authorize and direct the Selectmen and their successors in office to impose betterment assessments of not exceeding 50% of the cost of public improvements for which appropriations are voted such as surface drains, sidewalks, and initial grading and surfacing of streets and ways, in accordance with the provisions of Chapter 80 of the General Laws.

Article 37. Peter T. Peterson moved, and it was seconded, and amendments were made by Donald A. Lent, that the uniform rate fixed under Section 6, Chapter 340 of the Special Acts of 1916, commonly referred to as the "Maynard Sewer Act" and charged to abutters for the construction of sewers be increased from \$1.60 per foot to \$2.60 per foot in accordance with the provisions of Chapter 52 of the Acts of 1948 and to apply to sewers constructed after the passage of this motion.

The Moderator appointed the following Tellers, who were sworn by him. Chester Waluck, John Nokelainen, I. Matti Tervo, and Eino Nyholm. The count was Yes — 74, No — 86. The motion was not carried.

Article 38. On motion of R. Frank Punch — Voted to lay this article on the table.

Article 39. On motion of Raymond Sheridan — Voted that the sum of \$6,500.00 be appropriated from the Excess and Deficiency Account for the purchase of two (2) new heavy duty dump trucks for the Highway Department and the Board of Selectmen hereby be authorized to trade two (2) 1942 two ton Dodge trucks in conjunction with this transaction.

Article 40. On motion of Raymond Sheridan — Voted that the sum of \$605.73 be appropriated from the Road Machinery Account, also the sum of \$234.27 appropriated from the Excess and Deficiency Account for the purchase of two (2) new nine-foot snow plows for the Highway Department, and the Board of Selectmen hereby be authorized to trade two (2)

nine-foot "Good Roads" Snow Plows in conjunction with this transaction.

Article 41. On motion of Alton W. Sims — Voted to lay this article on the table.

Article 42. The Moderator ruled that no action was necessary on this article in view of action on Article 41.

The Town Clerk acted as Moderator during action on Articles 43 and 44 at the request of Moderator Wilson.

Article 43. On motion of Harold R. Goodwin — Voted that the Board of Fire Engineers be authorized to purchase a new combination fire engine and pumper and to expend there for the sum of \$9,000.00 which shall be taken as follows: \$8720.00 from the Reserve for Sale of Land and \$280.00 from Excess and Deficiency Fund.

Article 44. On motion of Philip Wilson — Voted that the Board of Fire Engineers be authorized to sell or trade the Dodge combination fire engine and pumper and further voted that the sum of \$895.00 be appropriated for the repair, remodeling and painting of the International combination fire engine and pumper

Article 45. On motion of Peter T. Peterson — Voted that the Town transfer from the Sewer Surplus the sum of \$2,000.00 for the purchase of a new chassis truck for the Sewer Department and that the Sewer Commissioners be authorized to purchase a new chassis truck and to trade the present chassis in conjunction with the transaction.

Article 46. On motion of Peter T. Peterson — Voted that the Town transfer from the Sewer Surplus the sum of \$800.00 for the purpose of resurfacing Fairfield and Elmwood Streets.

Article 47. On motion of Peter T. Peterson — Voted that the Town transfer from the Excess and Deficiency Account the sum of \$12,000.00 for the purpose of laying and replacing water mains.

Article 48. On motion of Peter T. Peterson — Voted that the Town authorize the Water Commissioners to purchase the

following tools and instruments for the Water Department one M-Scope pipe locator, one water leak surveying instrument, one 4" pipe line scraper, one 6" pipe line scraper,, one pipe cutter for cutting transit pipe and to transfer from the Water Department Surplus the sum of \$1,200.00 for this purpose.

Article 49. On motion of Donald A. Lent — Voted to accept the following Cemetery funds, same to be invested and the interest to perpetually care for their lots and surroundings in Glenwood Cemetery.

Alex and Annie Marsden	\$100.00	George F. Palmer or Harold A. Cuttell	100.00
Arthur K. Malcolm	100.00	Burnham—Tucker	100.00
Edith Chandler	100.00	Marion Jones	100.00
Sofia Kajander	100.00	Eric or	
Ignacz Kurowski	100.00	Elizabeth Wattu	100.00
Arthur Wright	100.00	Josephine Lent	50.00
Jacob Mikkonen	50.00	Josephine Henderson	100.00
Sanford Swanson	100.00	Artti Jaakola	50.00
Eva Rutkowski	50.00	John Banks and	
Mary or Gustaf Linna	100.00	Samuel McNair	100.00
Orrin R. Bosworth	50.00	Stephen or	
Loila Damon	50.00	Paraska Bobik	50.00
Russell Heinonen	100.00	Minnie Hyden	50.00
Jack Ketola	50.00	Arne A. Aho	50.00
Onni E. Hyden	100.00	Sirkka Koskinen	50.00
Estate of		Josephine Jokela	100.00
John McDonald	100.00		

Article 50. On motion of Thomas J. Duggan — Voted to lay this article on the table.

Article 51. On motion of Leo F. Mullin, amended by R. Frank Punch — Voted unanimously that the Town authorize the Selectmen to sell lots of land situated on Taylor Road and being shown on a plan entitled "Land in Maynard owned by the Town of Maynard," dated January 12, 1948, on file at the Town Clerk's Office, allowing resident veterans the exclusive right to purchase the same within sixty days from the date of this town meeting, and other individuals thereafter; to impose thereon such restrictions, reservations or conditions as the Selectmen may deem expedient for the establishment and preservation of a suitable residential area; and to execute, acknowledge and deliver in the name and under the seal of the Town deeds or other instruments therefor. Every veteran to have an equal opportunity to obtain a lot.

Article 52. On motion of Leo F. Mullin — Voted, by more than two-thirds vote, that the Town authorize the Selectmen to sell the lots of land shown on a plan entitled "Sub-divisions of the Eveleth Estate in Maynard, Mass. owned and developed by Alice A. L. Rapson," dated May, 1925, on file at the Selectmen's Office, allowing resident veterans the exclusive right to purchase the same within sixty days from the date of this town meeting, and other individuals thereafter; to impose thereon such restrictions, reservations or conditions as the Selectmen may deem expedient for the establishment and preservation of a suitable residential area; and to execute, acknowledge and deliver in the name and under the seal of the Town deeds or other instruments therefor.

Article 53. The Moderator ruled this article was out of order because of action taken under Article 36.

Article 54. The Moderator ruled the same as on Article 53.

Article 55. The Moderator ruled the same as on Article 53.

Article 56. On motion of William J. Bain — Voted to appropriate the sum of \$200.00 for the purpose of defraying any expenses involved in the sale of lots in Article 51 and Article 52.

Article 57. On motion of Benjamin M. Pieciewicz as amended by Harold J. Morgan — Voted that the sum of \$1,000.00 be appropriated from the Excess and Deficiency Fund for the purpose of repairing the Coolidge School Grounds.

(The original motion called for \$563.05 from Excess and Deficiency Fund and \$436.95 representing the unexpended balances of appropriations for bleachers and the Coolidge School fence. Harold J. Morgan raised the point that the unexpended balance named in motion, i.e. \$436.95, must be considered as already a part of Excess and Deficiency Fund and therefor he amended the motion.)

Article 58. On motion of Harold R. Goodwin — Voted that the Moderator be authorized to appoint a Committee of five citizens, with power to fill vacancies in said committee, to make a study of the present insurance on the real and personal property of the Town of Maynard and to report, not later than the next Annual Town Meeting, as to any advisable changes said Committee would recommend. This study to embrace the

amount and extent of coverage, the advisability of blanket and all inclusive policies and any details in respect to economies that would benefit the Town. This committee to have the same power as the Finance Committee in respect to authority to examine records and files necessary to carry out this vote, and that the Committee be authorized to present to the Selectmen any warrant articles necessary to carry their recommendations into effect.

Committee appointed:

Howard L. King  
J. Francis Cleary  
Harold Goodwin

Harold J. Morgan  
Olavi Warila

Article 59. On motion of Joseph P. Dineen as amended by Aune R. Koski — Voted that the sum of \$1,000.00 be appropriated for Supervised Recreation for Children, said recreation to be supervised by the Maynard School Department and to be used exclusively for Summer recreation.

Article 60. On motion of I. Matti Tervo — Voted 99 in favor to 71 opposed that the Town appropriate the sum of \$9,018.00, to the Departments listed below for the purpose of increasing the hourly rate of wages ten cents per hour to all regular Town employees. Said increase to be retroactive to January 1, 1949.

Selectmen Office Salaries .....	\$208.00

Library Salaries .....	312.00
	<hr/>
	\$9,018.00

Article 61. On motion of Joseph P. Dineen, as amended by Donald O. Lent — Voted that the sum of \$1,500.00 be appropriated and transferred from the Excess and Deficiency Ac-

count for the purpose of constructing sidewalks in various sections of the Town. Said sidewalks be constructed in accordance with Chapter 80 and that the abutting estates be assessed an amount not exceeding one-half the cost. Said sidewalks to be in front of property only where owners are agreeable to it.

On motion of George Stuart — Voted to adjourn at 11:12 o'clock P.M.

Attest:

ELEANOR JONES,  
Town Clerk.

## Proceedings of Town Meeting

Held September 12, 1949

In accordance with Town Warrant No. 427, a special Town Meeting was held at the George Washington Auditorium, on the above date.

Moderator Philip Wilson presided and called the meeting to order at 7:30 P. M.

On motion of R. Frank Punch — Voted to waive the reading of the Warrant.

Article 1. There were no reports of Town Officers or Committees.

Article 2. There were no vacancies in Town Offices.

Article 3. On motion of Joseph P. Dineen — Voted that the sum of \$2,000.00 be transferred from the Excess and Deficiency Account for Veterans' Benefits.

Article 4. On motion of Raymond Sheridan — Voted unanimously that the sum of \$3,750.00 be transferred from the Excess and Deficiency Account to meet the Town's share of the cost of Chapter 90 construction on Waltham Street, and that the Town Treasurer be authorized to borrow the sum of \$11,250.00 to meet the State and County's share of the cost of the work, and upon receipt of reimbursement from the State and County the Town Treasurer be authorized to pay the note or notes due on account of this construction.

Article 5. On motion of Joseph J. Falco — Voted unanimously to accept Lewis Street as a public way according to a plan filed at the Town Clerk's office and approved by the Superintendent of Streets, provided that all work performed relative to acceptance of the street be done in accordance with the provisions of Chapter 80 of the General Laws.

Article 6. On motion of Joseph J. Falco — Voted that the sum of \$800.00 be transferred from the Excess and Deficiency Account for the repairs of Lewis Street and that all work

performed on this project be done in accordance with the provisions of Chapter 80 of the General Laws, whereby the abutter shall pay one half the cost.

Article 7. On motion of Joseph P. Dineen — Voted that the sum of \$1,100.00 be transferred from the Excess and Deficiency Account to install a stoker in the Town Building.

Article 8. On motion of Roy E. Marsden — Voted to transfer the sum of \$150.00 from the Grave and Lot Fund for the purchase of a Lawn Sweeper for the Cemetery Department.

Article 9. On motion of Alton W. Sims — Voted to appropriate the sum of \$7,000.00 from the Excess and Deficiency Fund to be used for Welfare Department general relief.

Article 10. On motion of Alton W. Sims — Voted to appropriate the sum of \$2,000.00 from the Excess and Deficiency Fund to be used for aid of Dependent Children.

Article 11. On motion of Benjamin M. Piecewicz — Voted to transfer the sum of \$2,600.00 from the Excess and Deficiency Fund for the purpose of replacing the defective heating boiler in the Senior High School.

Article 12. On motion of Peter T. Peterson — Voted that the sum of \$2,000.00 be transferred from the Water Department Surplus for the purpose of laying new and replacing water mains.

Article 13. On motion of Peter T. Peterson — Voted that the sum of \$1,000.00 be transferred from the Sewer Department Surplus for Sewer House Connections.

On motion of R. Frank Punch — Voted to adjourn at 8:05 o'clock P. M.

Attest:

ELEANOR JONES,  
Town Clerk.

## IMPORTANT REQUEST

Please notify the Town Clerk immediately of any error or omission in the following List of Births.

Errors not reported at once can be corrected only by sworn affidavit, as prescribed by the General Laws, and may cause you inconvenience which can be avoided by prompt attention.

ELEANOR JONES,  
Town Clerk.

## NOTICE

Chapter 51, Section 4 of the General Laws, require the Board of Registrars to list all persons twenty years of age or over, thereby making necessary a canvass in January of each year.

Persons who fail to give full and correct information, may cause difficulty and inconvenience to members of their household, especially if names not given are of registered voters, as names not listed in the annual canvass must be removed from the voting list by Registrars.

Co-operation on the part of householders is therefore respectfully solicited in order that lists may be as correct as possible, thus preventing inconvenience or injustice to any voter.

ELEANOR JONES,  
Town Clerk.

## Report of The Board of Registrars of Voters

To the Board of Selectmen

Gentlemen:

During 1949 the following changes occurred in the Voting List.

	Men	Women	Total
Voters January 1, 1949	2073	1966	4039
Registered in 1949	25	32	57
	<hr/> 2098	<hr/> 1998	<hr/> 4096
Removed in 1949			
Not Listed	101		
Deceased	13		
Married	24		
Change of Name	1		
	<hr/> 2027	<hr/> 1930	<hr/> 3957

The Board of Registrars has procured a new iron railing for the polling place at the George Washington Auditorium. It is a great improvement in looks, durability and flexibility, as it can be adjusted to enclose a larger space for voting booths, if necessary at some future time. Mr. Worsley Fardy of the High School Faculty designed and made the railing and we feel sure it will be approved by the voters.

A very drastic change in the preparation of the voting list was made by the Legislature in 1949. Instead of printing the list of voters alphabetically their names must be listed under the street where the voters live, in the numerical order of the residences. The Registrars in the Annual Listing have tried to get all house numbers recorded correctly, but there are still many unnumbered residences.

Between January 1st and January 12th the Annual Listing of all residents, twenty years of age and over, was made by the following Canvassers; Laura Quinn, Edward F. Lawler, Marion L. Jones, Charles Sharpe, Marion B. Wilcox, Dorothy Garlick

and Peter Johnston. The printed books were received May 9, 1949 and contained 5,272 names.

Respectfully submitted,

JOHN C. BRAYDEN, Chairman  
 REGINALD JONES  
 ALEXANDER J. BOURKE  
 ELEANOR JONES,  
 Board of Registrars of Voters.

## Assessors' Report

To the Board of Selectmen:

The Annual Report of the Board of Assessors for the year 1949, is herewith submitted:

In accordance with the provisions of General Laws, Chapter 59, Section 29, all owners of taxable property shall each year, on or before the 31st of January, submit to the local Assessors, a list with the valuation of their taxable property. Notices were posted, and forms may be obtained at the Assessors' office in the Municipal Building.

All Male Inhabitants who are 70 years of age and over, and who wish to be exempted from the payment of a Poll Tax, must make a request in writing on a form furnished at the office of the Assessors.

### RECAPITULATION OF TAX RATE

## Report of Cemetery Commissioners

To the Honorable Board of Selectmen:

The annual report of the Board of Cemetery Commissioners is herewith submitted.

A large number of sunken graves were repaired during the spring and fall and several markers reset.

The roof of the tool house, which was badly in need of repair, was shingled and the chimney rebuilt.

All shrubs were sprayed and trimmed and we are pleased to report that the flowering shrubs and evergreens are in good condition after having withstood the severe dry spell this past season.

In conclusion, we wish to thank the citizens for their fine cooperation during the past year.

Respectfully submitted,

GUYER W. FOWLER,  
ERNEST E. JOHNSON,  
JACOB LAURILA, ....  
Cemetery Commissioners.

---

## Report of Superintendent of Glenwood Cemetery

To the Cemetery Commissioners:

I herewith submit my report of the Superintendent of Glenwood Cemetery for the year 1949.

This past year the avenues in the new section of the cemetery were treated with weed killer.

The trees and shrubs throughout the entire cemetery were trimmed and all shrub beds cultivated and weeded when it was necessary to do so.

Many of the older monuments which were tipped, have been reset and all brush bordering the cemetery was cut and burned.

In conclusion, I take this opportunity of thanking the Commissioners and the various departments for their kind help during the past year.

Respectfully submitted,

ROY E. MARSDEN,  
Superintendent of Glenwood Cemetery.

## Report of Library Trustees

To the Citizens of the Town of Maynard:

We herewith submit the report of the Librarian and of the Trustees for the year 1949.

We are indebted to the following Libraries for the loan of books:

The Division of Public Libraries, Boston

Boston Public Library, Concord, Fall River, Lynn, Newton, Pittsfield and Watertown.

The following have donated book or magazines to the Library for which we express our thanks:

The Rotary Club of Maynard  
Miss Edith Mac Auslin,  
Mr. John Moynihan  
Mrs. Mary Niskanen.

Gift: A Framed Map of Maynard in 1879 — Mrs. Lloyd Walker.

The Statistical Report is as follows:

Books in the Library, January 1, 1950 .....	13,243
Discarded .....	40
Lost Books .....	15
Borrowed .....	235
Bound .....	65
Purchased .....	375
Magazines .....	40
Daily Paper .....	1
Weekly Paper .....	1
Fines Collected .....	\$134.18
Sale of Old Magazines .....	1.00
2 Lost Books .....	4.00
Circulation .....	27,897

Yours Respectfully,

OLIVE R. MORGAN,  
Librarian.

---

The Public Library Trustees hereby endorse the report of the Librarian.

Again we extend an invitation to the public to visit and to use the facilities of the Library.

We wish to thank Miss Morgan and Mrs. Lester for their co-operation during the year and for their splendid work in making the Library an attractive and pleasant room for patrons.

At the close of the year we were saddened by the sudden death of Robert Lester, a most active member of the board. For thirty-one years Mr. Lester had served the town as Secretary of the Library Department and was most faithful and efficient in the work allotted to him. The loss of such a worker is keenly felt by the Library Personnel.

Respectfully submitted,

JOHN E. HANNON, Chairman,  
NELLIE C. MAY, Secretary  
Maynard Public Library Trustees

## Report of the Board of Health

To the Board of Selectmen:

A remarkable low number of communicable diseases highlight the Health report for 1949. In aiding the health of the townspeople, the Board of Health has continued its annual clinics which include Diphtheria, School Dental, vaccination against small pox, the immunization of dogs against rabies, and also monthly milk inspections and a food survey of all eating and drinking establishments.

### DIPHTHERIA CLINICS

The Board for the eighteenth consecutive year conducted these clinics to maintain the long record of keeping the town free from this dangerous disease. Dr. R. E. Hooper, Dr. S. M. Cremer, assisted by Miss Mary A. Ward, Miss Edith Foster, and Martha Champagne, all R.N.'s, conducted these clinics at which 77 children were immunized. Although no Diphtheria cases have been reported for years, the disease is on the increase throughout the entire state. Every parent should have their children immunized on reaching the age of six months.

### VACCINATION CLINICS

For protection against small pox, the Board conducted this clinic which was in charge of Dr. E. F. Ryan, assisted by Misses Ward, and Foster, and Mrs. Champagne, and at which 59 children were inoculated. Parents should have their child immunized on reaching the age of six months.

### SCHOOL DENTAL CLINICS

During the school year on two mornings a week, Dr. F. A. May and Dr. S. R. Garland conducted these important clinics, which have proven their importance in the development of the children.

### DOG CLINICS

At the twelfth annual Dog Clinic for the protection against rabies, a record number of 312 dogs were given this treatment. Dr. Stedman, assisted by Josiah M. Herrick, local dog officer, were in charge. It should be remembered that dogs must be given this protective injection once a year. Several rabie cases have been reported in nearby towns, while no cases have been reported here. However, owners should be on the alert and make sure that their pets are protected annually.

## MILK INSPECTIONS

Robert W. Rimbach, milk inspector, took monthly samples and visited those local farms selling milk to local dealers, and made out regular reports. The local population can take pride in knowing that both farmer and dealer co-operate in making certain that there is a high quality milk in their town.

## TUBERCULOSIS

We have continued our policy of having all persons, upon report of a physician, x-rayed at the Middlesex County Sanatorium. In this manner, we hope to be able to combat tuberculosis and to aid in safeguarding the welfare of the individuals. All local persons are to be congratulated in their efforts to keep the town free from disease.

## FOOD SURVEY

Mr. Shepardson of the State Department of Public Health, in conjunction with the local Board, made a complete survey of all local eating and drinking establishments with fine co-operation from all the managements. It should be pointed out that approximately 6200 patrons were served daily in the 32 eating and drinking establishments inspected. It is recommended that the services of a qualified Sanitarian on a part-time basis would be sound. Within the next few years, it may be possible for Maynard to join a local health unit composed of several nearby communities and thus the services of a Sanitarian of the unit will be available.

## HEALTH UNIT

The town must give serious thought and consideration to joining a Health Unit. In a bill, signed on August 10, 1949 by the Governor, it stated in part that "All municipalities having a population of less than 35,000 shall, within ten years of the effective date of this act, become voluntary members of such health unions. If, after ten years from said effective date, municipalities having a population of less than 35,000 are not included voluntarily in such unions, the State Department of Public Health, after a public hearing, shall include such municipalities in existing or new unions unless such communities are providing minimum health services as defined by the public health council".

Inasmuch as no burning was allowed by the State Fire Marshall during the hot, dry spell, the cost of the public dump was greater because of the necessity of having same graded.

The following is a list of the communicable disease reported during the past year:

Chicken Pox .....	10
Dog Bites (not rabied) .....	9
Measles .....	2
Scarlet Fever .....	4
Undulant Fever .....	2
Tuberculosis .....	4
Mumps .....	4
Spinal Meningitis .....	1
Poilo .....	1

The Board of Health calls on all the townspeople to aid and co-operate in making this town a cleaner community by dumping rubbish only at the public dump, and not throwing papers, cans, and debris on the side of the road.

The Board wishes to express their sincere gratitude to the physicians, nurses, the various town departments, James V. King, who is always of assistance, Finance Committee, its faithful employees, who have given excellent service, and the entire townspeople for their co-operation during the past year.

Respectfully submitted,

HOWARD L. CLARK,  
JOHN J. JOHNSTON,  
LESTER F. COWLES,  
Board of Health.

---

## Annual Report of Nurse for Year Ending December 31, 1949

Number of Patients visited .....	620
Association Calls .....	3,527
Metropolitan Insurance Calls .....	78
John Hancock Insurance Calls .....	86
Free Nursing Visits .....	347
Total .....	4,060

Respectlly submitted,

MARY A. WARD, R. N.

## Report of Board of Public Welfare

To the Citizens of Maynard:—

The annual report of the Board of Public Welfare for the year 1949 is herewith submitted.

All persons in need of public support or relief in all Categories of Assistance supplied by this board, if physically able, must apply for such relief in person, sign an application, and have their cases investigated. Relief will be granted, if after investigation, need is found.

This office grants relief in three separate categories, namely: General Relief, Old Age Assistance, and Aid to Dependent Children.

### GENERAL RELIEF

We have at present on our General Relief rolls twenty-six local cases, five cases in other cities and towns with Maynard settlement and three cases in the State Hospital and Infirmary at Tewksbury. These cases are practically unemployable with a few exceptions and do not qualify for relief in any other category of assistance. Several other cases have been opened and closed within the year.

### OLD AGE ASSISTANCE

To be eligible for Old Age Assistance, a person must be sixty-five years of age, must be an American Citizen and must be in need. Applications are taken at this office and proofs of age, citizenship and need must be submitted. To be eligible a person must have resided in Massachusetts for at least three in the past nine years and the last year must be continuous. Children with sufficient means must support or help support their parents. All cases must be investigated and budgeted and all children contacted. The budgeting figures are supplied by the State Department and all income deducted from the budget. On December 1, 1949 a new law, known as the "Leisure Time Activities," or the "L. T. A." law went into effect. This law granted an increase of four dollars per month to all recipients of Old Age Assistance for Leisure Time Activities and will call for an extra town appropriation of more than five thousand dollars.

Although the cities and towns expect to be fully reimbursed for these extra grants in aid through the tobacco tax, the money must be appropriated and the reimbursements will be returned to the Town treasury.

As of December 31, 1949, one hundred seventeen persons are receiving Old Age Assistance in Maynard and thirteen cases in other cities and towns with Maynard settlement; fifty-eight men and seventy-two women; of these cases ten have no settlement and eight cases are settled in other cities and towns. Eight cases are receiving care in Rest Homes and Nursing Homes.

During the year 1949 we have taken forty-one applications for Old Age Assistance. Thirty-five have been approved and six cases have been rejected, as ineligible. Fifteen cases have been closed because of death, transfer or other reasons.

#### AID TO DEPENDENT CHILDREN

We are granting Aid to Dependent Children to eight mothers and fifteen dependent children. Four cases have been added during the year and three cases have been closed as further aid was not needed.

The financial report of receipts and expenditures will be found in the report of the Town Accountant.

Respectfully submitted,

ALTON W. SIMS, Chairman  
WILLIAM J. SMITH, Clerk  
CHARLES P. SPURRELL,  
Board of Public Welfare.

## Report of the Sewer Commissioners

To the Board of Selectmen:

Gentlemen:

The twentieth report of the Sewer Department for the year ending December 31, 1949 is herewith submitted. The Superintendent report is also included.

Requests for extending the Common Sewer have been received for the following streets: Great Road, Prospect Street, Brooks Street, Everett Street.

Twenty-nine house Connections have been made this year. There are 1078 connections in use.

The Imhoff tank at the disposal plant has given excellent results this past year due to constant attention.

Eight thousand five year old white pine seedlings were set out around the disposal plant. We hope to continue this each year until the land around the disposal plant is completely planted.

On November 24, nineteen sprinkler heads on the trickling filter were broken. These had to be replaced at once and the Finance Committee transferred the necessary funds for this purpose.

Respectfully submitted,

THOMAS H. TIERNEY,  
VINCENT CROTTY,  
GERALD F. TIERNEY,  
Sewer Commissioners.

## Report of the Superintendent of Sewers

To the Board of Sewer Commissioners:

Gentlemen:

The report of the Superintendent of Sewers for the year ending December 31, 1949 is herewith submitted.

The Imhoff tank has been given a great deal of attention this year and as a result of this has given excellent results.

P. H. readings were taken every week and lime was added to the raw sewage when needed. The secondary tank was pumped out on to the drying beds instead of back to the Imhoff tank. This has resulted in a more efficient operation of the tank.

Some thought must be given to the construction of additional drying beds as it takes from six to eight weeks for the sludge from the secondary tank to dry.

We were able to purchase from the Department of Conservation eight thousand five year old white pine seedlings. These were set out in the spring and in twenty years the Town should be able to sell some of these trees for lumber.

On November 24, some person or persons destroyed nineteen sprinkler heads on the trickling filter. These were replaced as soon as possible.

Twenty-nine house connections have been made this year making the number in use 1078.

Record of pumping at the Powdermill Road Pumping Station:

Total Flow for Year .....	132,848,050 gallons
Average Daily Flow .....	363,967 gallons

This is an increase of 28% over last year's Pumping Record.

Seven stoppages in the Common Sewers and twenty-seven in the house connections have been cleared.

I am grateful for the assistance given me by the Sewer Commissioners and other Town Departments and to the department employees who have been so co-operative.

Respectfully submitted,

PETER T. PETERSON,  
Superintendent.

## Report of Water Commissioners

To the Board of Selectmen:  
Gentlemen:

The report of the Water Commissioners for the year ending December 31, 1949 is herewith submitted. The report of the Superintendent and Water Registrar is included. This is the Sixty-first report of the Water Department.

As a result of experiments and studies made by engineers from the firms of Haley and Ward, Wallace and Tiernan, and students and professors of the graduate school of engineering of Massachusetts Institute of Technology and Harvard University it was decided to treat the water with Calgon to retard corrosion in the mains and to correct the red water condition. Since the start of the Calgon treatment not one complaint of red water has been received. Instead reports have been received that the water has been crystal clear in areas where red water conditions prevailed before the treatment. It is intended to continue the Calgon treatment.

Massachusetts this past year has suffered the worst drought on record since the turn of the century. White Pond our source of supply reached a new low water mark but because of the foresightedness of this department in constructing the new pumping station at the pond no curtailment of water was necessary. Even if the drought continues for another year it is doubtful if restrictions will have to be placed on the use of water. We know this is gratifying to the people of Maynard.

The new pump at the White Pond pumping station was installed in July and was put in immediate service as the other pumping unit could not take care of the increased demand for water.

Main extensions were made on the following streets: High, Second, Hird, and Summer Hill Road. Mains were relaid on Spring Lane, Great Road, Concord, First, Third, and Fourth Streets, Hird Street and the Department of Conservation. Mains were cleaned on Main, Waltham and Great Road.

We have continued the practice of requesting bids for material which has resulted in a considerable saving to the Town.

A questionnaire was sent out to one hundred and ten different towns and cities, fifty-five with a population smaller than ours and fifty-five with a population greater than ours. Seventy

replies were received and the results of two of the questions are as follows:

#### METER RATES

Lower	Same	Higher	No Answer
10	9	45	6

#### MAINTENANCE COST

Lower	Same	Higher	No Answer
10	5	36	19

The rebuilding of Waltham Street resulted in additional work for this department. All the services were relaid with copper and the main line was cleaned. This department will not have to disturb this road unless something unforeseen happens. We intend to continue this practice of relaying all services ahead of any street construction.

Respectfully submitted,

GAVIN TAYLOR,  
EDWARD J. BOULDEN,  
JAMES J. BAKUN,  
Board of Water Commissioners.

## Report of the Water Superintendent

To the Board of Water Commissioners:

Gentlemen:

The report of the Superintendent and Registrar of the Water Department, for the year ending December 31, 1949 is herewith submitted.

January 1, 1949 the water in the pond was 31 inches below full pond. This spring the pond did not fill as expected and with the drought which we experienced this past summer a great demand was placed on the pond. December 31, 1949 the pond was 59 inches below full pond. However, there is still  $5\frac{1}{2}$  to 6 feet of water over the intake pipe.

As a result of studies by competent engineers the Calgon treatment was started to correct the red water condition and to retard corrosion in the cast iron mains. One hundred and

forty pounds of Calgon was used the first three days and ten pounds less each day thereafter until at the present time only ten pounds a day is being used. This treatment has corrected the red water condition over the entire system.

The main on Brooks Street has been extended 172 feet with 4 inch cast iron pipe. The main on Summer Hill Road was extended 279 feet with 6 inch Transite pipe. The main on High Street was extended 199 ft. 94 feet of 4 inch cast iron and 105 feet with 1 inch copper. The main on Hird Street was extended 80 feet with 4 inch cast iron pipe. The main on Second Street was extended 410 feet with 6 inch Transite pipe. The following mains were relaid: Great Road 407 feet with 8 inch Transite, Department of Conservation 130 feet with 6 inch Transite pipe, Concord Street 350 feet with 6 inch Transite pipe, 60 feet of 8 inch Transite pipe, 10.6 feet of 8 inch cast iron pipe, First Street 240 feet with 6 inch Transite pipe, Third Street 242 feet with 6 inch Transite pipe, Fourth Street 405 feet with 6 inch Transite pipe, Hird Street 194 feet with 4 inch cast iron pipe, and Spring Lane 181 feet with 1 $\frac{1}{4}$  inch copper pipe. 3440 feet of Mains were cleaned.

Thirty-one new services have been added this year making the total in use 1693. Forty-one services have been relaid. Twenty-five cellar stops were replaced, twenty-nine services were cleaned.

Forty-two services have been metered making the total 1691 now in use. Three hundred and fifty-six meters were repaired. Ten test meters were set.

Nine leaks in services and two in the mainlines have been repaired.

	Gallons	K. W. Hours
January .....	10,164,000	11,410
February .....	9,756,000	10,960
March .....	10,700,000	12,090
April .....	11,600,000	13,110
May .....	13,834,000	15,590
June .....	14,887,000	16,720
July .....	15,258,000	17,170
August .....	16,091,000	18,080
September .....	14,324,000	16,160
October .....	12,276,000	13,780
November .....	11,923,000	13,440
December .....	10,860,000	12,200
	<hr/> 151,673,400	<hr/> 170,710

Average daily consumption .....	412,803 gallons
Average daily per person for 7,000 .....	58 gallons

This is a 15% increase over 1948.

I am grateful for the assistance given me by the Water Commissioners and the other Town Departments and to the department employees who have been so co-operative.

Respectfully submitted,

PETER T. PETERSON,  
Superintendent.

## Town Accountant's Report

Maynard, Mass., January 12, 1950.

To the Board of Selectmen:

Gentlemen:

Herewith is the annual report of the Town Accountant for the year ending December 31, 1949.

The financial condition of the Town is as illustrated below:

	Dec. 31, 1948	Dec. 31, 1949
Cash on Hand .....	\$139,294.33	173,654.81
Uncollected Taxes .....	23,275.39	28,402.77
Unexpended Appropriation turned back to Revenue and Surplus Accounts at the end of the year	14,826.57	9,187.52
Excess and Deficiency Account— Excess over Uncollected Taxes	76,532.18	133,942.40

The net debt of the Loan Accounts amounts to \$45,000.00 which is about .777% of the Town valuation.

The courtesy and co-operation received from the various town boards, officials and employees is gratefully appreciated.

Respectfully submitted,

ALBERT E. LUCOT,  
Town Accountant.

## Report of Trustees of Soldiers' Memorial Park

To the Citizens of Maynard:

The annual report of the Trustees of the Soldiers' Memorial is herewith submitted for your approval.

During the year the bronze tablets on the monuments were cleaned and the benches in the park were painted. Prior to Memorial Day plants were set out and they bloomed throughout the summer months.

As in the past the Park was decorated during the Christmas season.

In conclusion may we express our appreciation for the co-operation and faithful services rendered by Mr. William V. Hansen and Mr. Michael Rynkiewicz.

Respectfully submitted,

JOSEPH P. DINEEN,  
OSWALD DRECHSLER,  
HOWARD KING,  
ANGUS HANSON,  
ALICE M. HOWE,  
MARY DOWNEY.

## Report of Middlesex County Extension Service

### MAYNARD — 1949

The best 4-H work in the County was done in Maynard this past year, with 208 4-H Club members organized into clubs carrying on activities in gardening, food, clothing, knitting and crafts under the supervision of some thirty leaders and assistant leaders.

Robert Matson received a medal for outstanding achievement in gardening. Joy Boudreau, Marie Sawyer, and Richard Turner attended State Camp at the University of Massachusetts. Miss Marion Ledgard, Mrs. Vincent Jarmulowicz, Mrs. Paul Sawyer, and Miss Jeanette Taylor attended Leaders' Camp at Amherst. Club work is sponsored by a local Committee, of which Mrs. Paul Sawyer is Chairman.

Maynard homemakers have been very active in Home Demonstration Programs this year. Mrs. Lauri Manning is the active town chairman.

Coats made in classes taught by the following leaders joined the Easter Parade. Mrs. Gertrude Tofferi, Mrs. Mabel Bemis, Mrs. Julia Wehkoja, Mrs. Eve Manty, Mrs. Phyllis Wood and Mrs. Kenneth Johnson. The new five-piece method of making slip covers was helpful to many.

A service letter to homemakers goes to many Maynard homes with pertinent information on topics of interest to homemakers. Many requests for help with individual homemaking problems were received and answered.

The dairy projects carried on during 1949 consisted of distribution of information relating to mastitis control in dairy cows. The 1949 Green Pasture Program endeavored to promote more efficient dairying. Cooperation was extended to the Dairy Herd Improvement Association and to the Selective Breeding Association. The Selective Breeding Association is organized to improve our dairy animals by the use of superior bulls through artificial insemination. General farmers and gardeners used the facilities of our soil testing laboratory.

Poultry projects conducted during the year included the Quality Egg Program. Through this program poultrymen are assisted in improving their egg handling facilities and practices. Poultrymen made use of the diagnostic service of the

Poultry Disease Program in maintaining flock health during the year. The 1949 Middlesex County Poultry Trade Show held in cooperation with the turkey and poultry associations of the county gave poultrymen an opportunity to see the latest in egg graders, automatic feeders and other equipment. Egg quality and efficient management were the themes of the event.

Weekly radio talks of interest to local farmers were given over Station WBZ. Eleven Twilight Orchard Meetings were held in various parts of the county. Practically every farmer received the monthly COUNTY BULLETIN containing timely information.

MILTON DUCLOS,  
Town Director.

## Report of Consolidation Committee

To the Citizens of the Town of Maynard:

The Committee appointed on the Consolidation of Departments has extensively looked into the value of expenditures and savings made in the communities where this has taken effect and believe that the same could be true in the Town of Maynard.

It is the opinion of the committee which conducted the survey that the Town of Maynard would do well for its taxpayers if such was done here, namely;

One engineer or a superintendent in charge of the Highway, Public Dump, Sewer, Water, Tree, Moth, Cemetery and all Park Departments; then placing all equipment and employees under his supervision.

Mergering of Town Clerk and Treasurer's Departments.

Collector of Taxes to collect all Town money and to be known as the Town Collector.

The clerical help for all departments to be under the control of a central head, the Clerk of the Selectmen, and furnish such other clerical service as shall be required by any and all departments and committees of the Town.

It is the recommendation of this Committee that the Town adopt a Public Works Department.

If and when adopted we recommend the electing of a Public Works Commission of five (5) members, whose term of office shall be for three (3) years, thus abolishing our present Water, Sewer, Cemetery and Park Commissioners.

Respectfully submitted,

OLIVER WARILA, Chairman  
FRANK PAZARICKY, Secretary  
HERBERT MARTIN

## Report of Maynard School Committee

To the Citizens of Maynard:

We submit herewith the report of the School Committee for the year ending December 31, 1949.

Throughout the year the School Committee has met at least once a month for the transaction of any and all business which properly came before it.

The report on the following pages, of the Superintendent of Schools, in large measure covers the activities and conduct of the School Department and speaks of its aims and purposes.

The following facts, we feel, merit the attention of the public:

### CHANGES IN PERSONNEL

#### Resignations

High School  
Stanley Bondelevitch  
Dorothy H. Tierney

Roosevelt School  
Patricia Higgins  
Teresa O'Meara

Junior High School  
Marion Terrasi

Coolidge School

Jean F. Sullivan

Helen O'Connor

Wilson School  
M. Louise Sella

Alice T. Rosa

Ann Sullivan

#### Appointments

High School  
Vincent T. Wassel  
Thomas J. Moran

Coolidge School  
Kathleen R. Dignan  
Ann Sullivan  
Irene Canty

Roosevelt School  
Thomas C. Passios  
Betty G. Morton  
Mary C. Zaniewski

#### Transfers

Bella Gruber, from Coolidge School to Roosevelt School.

Adelaide W. Sims, from Roosevelt School to Coolidge School.

At her own request, Mary L. Wood was transferred from the Principalship of the Roosevelt School to the sixth grade at the Wilson School.

## MAINTENANCE AND REPAIRS

The following is a list of major and minor repairs and maintenance items accomplished during the year 1949:

### High School

- Installed new lighting fixtures in four rooms.
- Purchased six new typewriters.
- Roof patched.
- Replaced seats in girls' toilet room.
- New boiler installed.

### Junior High School

- Installed new lighting fixtures in four rooms.
- Installed outlets in three rooms.

### Roosevelt School

- Replaced twenty window shades.
- Recovered boilers.
- Painted Superintendent's Office.

### Coolidge School

- Repaired ceiling in fifth grade room.

One room in each building was equipped with black shades for visual education.

It is a matter of pride to the School Committee and should be to the Town, that our buildings present such an excellent appearance both on outside as well as on the inside. We are constantly striving to make our rooms cleaner, brighter and more cheerful. To accomplish this goal we have eliminated the oil on the floors and painted the walls and dark woodwork in light colors. We are installing more light giving fixtures in both the High School and the Junior High School.

## PROPOSED ALTERATIONS, MAINTENANCE AND REPAIRS FOR 1950

### Senior High School

- Paint nine rooms (including Principal's Office, Laboratory and corridor ceiling, gym and shower room.
- Install new light fixtures in four rooms.
- Install additional electric wall outlets.
- Install partition in Principal's Office in order to make a Health Room.
- Repair wall in Laboratory.
- New window shades in rooms in which they are needed.
- Resurface desks in Library Room.

### Junior High School

- Install new urinals in boys' toilet room.
- Install two new drinking fountains, one in each of toilet rooms.
- Install new toilet seats in both boys and girls toilet rooms.
- Install new light fixtures in four rooms.
- Install new stair treads on all stairways of the building.

### Roosevelt School

- Paint three rooms.
- Install new urinals in boys toilet room.
- Install new toilet seats in both boys' and girls' toilet rooms.
- Replace three broken bowls in toilet rooms.
- Install draft control on roof ventilator on south side of building.
- New window shades in rooms in which they are needed.

### Coolidge School

- Paint all exterior woodwork and three class rooms.
- Completely renovate girls' toilet room.
- Install two new drinking fountains.
- Replace sink in upper corridor.
- New window shades in rooms in which they are needed.
- Install new stair treads on all stairways of the building.
- Install three new ceilings in rooms in which plaster is badly broken and cracked.
- Wainscot rear stairway.

### Wilson School

- Repair boiler room ceiling.
- Install two new doors in girls' entrance.

The School Committee surveyed all of the buildings in October and we state emphatically that all of the above proposals are not merely desirable, they are **very badly needed**. A number of these proposals are major items such as the installation of new urinals in the boys' toilet rooms, the complete renovation of the girls' toilet room in the Coolidge School, the new stair treads in the Junior High School and the Coolidge School, the three new ceilings in the Coolidge School and the installation of new light fixtures in the Senior and Junior High Schools. This proposal for light fixtures, if done, will complete our program of the past several years for changing the light fixtures in the class rooms of these two buildings to better and modern light fixtures.

The remainder of the items are regular maintenance items which any prudent property owner would undertake to keep his property up to par and in desirable condition.

As far as we can see, these major items will be the end for some time to come, of such costly undertakings. When they are completed our school facilities will be brought up to the modern accepted standards of school buildings.

There is no doubt in our minds that these major repairs will be costly and some of them may have to be postponed for another year, but we felt you should be cognizant of our findings and recommendations because the buildings are yours and your children use them.

### HIGH SCHOOL RATING

Because of some misunderstanding of the rating of our High School, it seems to us that you should be informed that Maynard High School is rated as Class A by the Department of Education of the Commonwealth of Massachusetts. We have constantly maintained the standards set by the Department of Education in order to get and retain this Class A rating. These standards have to do with teaching personnel, program of studies, teacher load, length of school day, length of class periods, units required for graduation, and an adequate school plant. An adequate plant in this case meaning one in which lighting, heating, ventilating and cleaning of all the facilities of the school shall be such as will insure conditions recognized as hygienic by modern standards. It might be pertinent to point out that Maynard High School is a Class C school only insofar as football is concerned and this rating is but an arbitrary one set up by sportswriters for the Boston newspapers and has nothing to do with the scholastic rating. The scholastic rating is Class A as set forth by the Department of Education.

### ADULT ALIEN EDUCATION

The Department of Education of the Commonwealth has advised us that we have a number of adult aliens residing in Maynard and have instructed us to start a program of adult alien education. We intend to start this program in the fall of 1950.

### CONCLUSION

We feel that you should be informed that your school system is doing an excellent job in training our children. We know this to be so from the reports which come back to us from employers of our graduates and from institutions of higher learning attended by our graduates. We know it to be so also from surveys and inspections by agents of the Department of Education of the Commonwealth. It is a fact that

our system, although small, compares very favorably in results with any public school system in the Commonwealth. This does not mean that we consider our school set-up perfect, we badly need an adequate gymnasium and an expanded physical education program but scholastically, we are more than meeting the needs of the children of Maynard.

We wish to take this opportunity to express our appreciation to the Superintendent of Schools, the Principals and the entire school personnel for making a very successful year possible.

Respectfully submitted,

BENJAMIN M. PIECEWICZ,  
J. FRANCIS CLEARY,  
FRED R. SHAW,  
School Committee  
Town of Maynard, Massachusetts.

January 14, 1950

## Report of the Superintendent of Schools

To the School Committee and Citizens of Maynard:

Because the medians of formal reporting or discussing your schools are almost nil, it is with pleasure that I submit this summary of my work and the work of the teachers.

There is close integration between the teachers of each school and each grade. A pupil may transfer from any grade at the Coolidge School to the same grade at the Wilson or Roosevelt and find the same books and the class doing approximately the same unit of work in each subject.

The classes are well supplied with materials. If one expects a good job from a workman he must be supplied with good tools and materials. Our basic materials would compare very well with any school system, regardless of size. If an individual child needs special help, remedial material is obtained for him. This material helps the teacher work with the pupil. It must be remembered however, that each teacher's major responsibility is to the majority of the pupils in the room who are average in ability.

The teacher load, with one or two exceptions, is satisfactorily placed. The transferring of all children who accept transportation, to the Roosevelt School has saved the town the salary of one teacher.

II SOCIAL STUDY ACTIVITY GROUP  
Grade II Wilson School  
Irene Wood, Teacher

## TESTING

I take this opportunity to explain to parents the testing program by the clinic from the State Department of Health. The program was originally begun over twenty years ago to comply with the law which requires that each school committee shall annually ascertain the number of children three years or more mentally retarded, enrolled in the public schools.

I am very glad to say that Maynard does not have many pupils in this category. However, from time to time there is a child who is not mentally retarded, but who does not adjust to the classroom situation and educational research has shown that there are many factors in adjustment.

Educational research has shown that there are many factors in adjustment.

Actual or potential capacity for learning in every child is so important that whenever there appears to be a maladjustment, use is made of the specialist in educational diagnosis. This is no more than what any good parent would do if the family physician could not diagnose a condition. The child is given mental and achievement tests and a complete physical examination. If the results of the examination uncover a condition the school can remedy, steps are taken at once to help the child. If it is a condition the home must remedy or at least assist us in, we invite the parents or guardian to confer with us. This has been done many times this year. However the parents of any child in the school who is examined is welcome to come to school and study the results of the tests. The report of the child that he has been examined is as good as an invitation to the parents.

## DRIVER EDUCATION

With the assistance and support of past Committees, I have tried to have Maynard Schools be as progressive as was practical. With this in mind, a course in Driver Education will be inaugurated in the High School. The course is supervised by a representative of the Registry of Motor Vehicles. All juniors will take the classroom instruction and as many others as wish it. The following teacher requirements are being met by a member of the faculty at the present time. These requirements are set up by the State Department of Education.

- (1) The teacher selected should possess a certificate indicating that he (or she) has satisfactorily completed a course of instruction in Driver Education and Driver Training at a college or a university or at a Teacher Institute or Workshop sponsored or approved by the Registrar of Motor Vehicles and the Commissioner of Education.

(2) That a teacher, before starting to give road instruction, should be tested on his (or her) knowledge, skill and ability to teach driving by a representative of the Registrar of Motor Vehicles. The result of such examination would be submitted in writing to the school official requesting the test.

"Behind the Wheel Instruction" will depend on obtaining the donation of a car from a local dealer through the Massachusetts State Automobile Dealers' Association, Inc., and the written consent of the parent.

## ENRICHMENT

I am not only glad to, but feel obliged to mention the extra social activity program carried on by the teachers of the Junior High School under the direction of Miss Wilder. In addition to the sports program, varsity and intramural, there have been parties, trips to the Opera on Saturday afternoons, Friday evening trips to Pops Concerts at Symphony Hall and dancing lessons, where in addition to old and new steps being taught, the whole problem of party etiquette is taken up. Better social behavior and added interest in personal appearance of junior high boys and girls is one of the most valuable outcomes of the program.

The teachers at the Wilson School have taken their children on Field Trips as part of their enrichment program. Trips have been taken to the Boston Art Museum, Childrens' Museum, historical places in Concord and nature study walks.

## PENMANSHIP

Special attention is being given to Penmanship at all grade levels. Monthly meetings are being held during which the objectives are stated and the work planned for the following month. I feel that there will be evidences of a definite improvement at the end of the year.

## ATTENDANCE OFFICER

In the past, the supervisor of attendance has been one of the local police officers or the chief of police. The police department has always been cooperative and helpful. In February 1949, the State Department of Education established standards of qualification and ruled that the supervisor of attendance should have experience as a classroom teacher, supervisor of guidance and home visitor. For the year beginning September 1949, the School Committee appointed Mr. James V. Sullivan, Jr., of the Junior High School Faculty as Attendance Officer. Following is an excerpt from his report:

"Although truancy or delinquency is far from a serious problem in Maynard, there are individual cases which call for the study of the causes of irregular attendance. Through the medium of a visit to the home for an interview with the parent, followed by a sympathetic and understanding conference with the child, rather harsh attitudes completely unfounded and based on stereotyped thinking, petty hatreds or just plain unhappiness have been uncovered. In their place we have tried to build constructive ones."

There is at the present time only one case in the whole system which we have not been able to solve to our satisfaction. Since this is definitely a problem because of the indifferent attitude of the parents toward their responsibility for the care of the child as well as toward school attendance laws, and it may be necessary to take the case into the courts for a decision."

## HEALTH

The health of the children is under the general supervision of Raymond E. Hooper, M. D., and Edith B. Foster, R. N.

Every child has been examined and many have been given complete physical examinations by Dr. Hooper.

Daily visits are made to each building by the nurse. A routine inspection of hair and skin is made four times each year. Those found defective are excluded and rechecked each week.

The Snellen eye tests are given each pupil. During the month of January we are to have the service of the audiometer from the State Department of Health.

A census of Physically Handicapped children in Maynard gave us the following records:

Asthma	2
Diabetes	1
Speech Defect	7
Recovering from rheumatic fever	1
Paralysis, spinal bifida	1
Glandular deficiency	1
Deformed from birth	1

At the present time we are giving home instruction to three children who are not physically able to attend school. One child has paralysis and the others have rheumatic fever. The children are given two hours instruction per week.

The Dental Clinic for the benefit of the school children, is under the Maynard Board of Health. The children are con-

tacted and supervised for attention at the clinic by the School Nurse.

Following is a summary of the number of school children treated at the clinic in school time:

Number Treated	490
Fillings	259
Extractions	79
Cleanings	105
Treatments	21

## SUMMER RECREATION

Maynard holds the unique distinction in the state of having its summer recreation program under the supervision of the School Department.

A very successful program was held last summer. An effort was made to meet the interests of all children who came. Games were played at Crowe Park and the Wilson School Yard. Arts and Crafts were conducted in the basement of the Wilson School.

Due to the excessive heat of last summer, part of the money was expended for films which were very much appreciated on a hot day instead of playing in the heat.

The expenses of the program were as follows:

Salaries (3 persons) .....	\$720.00
Supplies, etc. ....	132.68
Transportation .....	145.00
Total .....	<hr/> \$997.68

## PHYSICAL EDUCATION

The one weakness of the whole school system is the lack of facilities for a full physical education program. However, in spite of the absence of these facilities, Mr. Lawson has succeeded in having every child participate in some form of activity, from grade two through grade twelve.

### Grades 2-6

#### One day per week

Wednesdays—Roosevelt  
Fridays—Coolidge and Wilson

All boys and girls physically fit to take part in an active physical activity were given one forty minute per week. In all cases but one, it was necessary to have two classes on the playground during each period. (sixty pupils)

Seasonal sports were the activities for the boys.

1. Fall — Football
2. Spring — Baseball

For the girls—

1. Dodge ball, softball, and various other games and activities

During the winter months and on days when weather did not permit outside activities, classes were held indoors.

Classes indoors — all lecture courses

1. Hygiene and health talks
2. Safety measures
3. Personal attitudes — community spirit — and good sportsmanship

All sixth grade boys given basketball instructions on Saturday mornings from December through March. (Two hours per Saturday)

### Grades 7 and 8

Physical activities in the gym one day per week (Monday) forty minute period for each class.

All boys and girls given a physical examination by Doctor, found fit, are expected to take part.

Varied daily program

1. Calisthenics — tumbling
2. Apparatus —
  - (a) Parallel bars
  - (b) Horizontal bar
  - (c) Rope climbing
3. Game activities
  - (a) Relay races
  - (b) Group games

Boys have varsity basketball with two teams representing the Junior High in the Middlesex League (Coached by Mr. Sullivan). Every boy is given a chance to play in the seventh and eighth grade intramurals in basketball during the winter. The boys have baseball in Spring, also in Middlesex Junior High League (Coached by Mr. Sullivan).

Soccer in the fall.

### Grades 9 to 12

Boys and girls two periods per week

Boys—Tuesday and Thursday

Girls—Monday, Wednesday first period on each of these days. (Miss Collins)

#### Activities (Boys)

Football — ten game schedule member of Midland League  
(Coach Wassel)

Baseball—about fifteen games, member of Midland League

Basketball—14 games member of Midland League

Every boy is given chance to play two days per week in intramural basketball during winter.

Football—about 50 boys play

Varsity Basketball—about 40 boys play

Baseball—about 30 boys play

Interclass games are encouraged, Baseball during spring of year. Four classes participate.

#### Activities (Girls)

##### Varsity Sports—(Miss Collins)

1. Field Hockey

2. Basketball

Intramural basketball for girls on Wednesday.

Mr. Sullivan has charge of the varsity sports for boys in the Junior High School. Miss Collins has charge of the sports for girls in the High School.

### ATHLETICS

No one questions the many values attached to Athletics but it is not the goal of an educational program.

With the exception of salaries and upkeep of grounds, it has been self-supporting, but the fact should not be overlooked that it is the income from the football games which has supported the other sports from which there is little or no revenue.

Much credit should be given to the coaches for the minimum amount of injuries.

The Athletic Council has been of great assistance in the adoption of policies for our athletics.

## AUDIO-VISUAL PROGRAM

The Audio-Visual Aid Program for the system is under the supervision of Miss Dalton, of the Junior High School Faculty. It is a program which must be developed gradually. Teachers have become aware of the value of visual aids in addition to their texts when they evaluate the results of teaching with audio-visual aids and without them.

It is our long range plan to build a film library. This year our objective has been to secure equipment and rent the films, records and film strips.

The program was launched in September with a general teachers' meeting at which the equipment available was demonstrated. Maynard has the following equipment to date:

### Sound Projectors

There are three 16mm sound projectors in the school system: one at the High School; one at the Roosevelt School; and the third circulates among the other three schools, the Wilson, the Coolidge, and the Junior High School. Each school has its day or days for the use of films.

High School — any day  
 Junior High School — Monday and Friday  
 Roosevelt School — Tuesday  
 Wilson School — Wednesday  
 Coolidge School — Thursday

### Films

Based on a list of films submitted by the teachers at the close of the last school year, a program of films was ordered for the months of September and October. During October and November, committees of the elementary school teachers, working by grades, prepared lists of films for the remainder of the year. These films were selected by the teachers to supplement the subject matter which they will be teaching at the time each film arrives. The film lists which were submitted represent a great deal of time and effort on the part of the teachers concerned.

There have been teachers' meetings at each school to learn the procedure of running the 16mm sound projector. A set of directions has been given to each teacher with step-by-step instructions.

At Junior High School a projection club of 10 to 12 members has been formed. These boys have not only learned how to run the projector, but how to prepare the room with regard to lighting and air circulation. It is needless to say that these

boys find much pleasure and satisfaction in being projectionists. An important outcome of this program, however, is the assistance to the teacher, who is more concerned with the teaching value and objectives of the film, than with the technical steps involved in projecting.

I AUDIO VISUAL PROGRAM, JR. HIGH SCHOOL  
Student Projectionist  
Madeline Dalton, Teacher

### The Filmstrip Projector

This is a machine which projects 35mm silent still pictures, called filmstrips or slidefilms. Two-by-two slides may also be used in the same machine by detaching a lens and adding the slide mechanism. At present we have three filmstrip projectors in the system, and we are gradually building up a library of filmstrips.

I know that our teachers have found the filmstrips, which are now available to them, most valuable. A great many of them prefer these filmstrips to sound moving films.

### The Califone

This is a record-playing machine which will play a regular record at 78rpm or a transcription at 33 $\frac{1}{3}$  rpm. Large 16 in. transcriptions have been and may be rented from the Office of Radio-Audio-Visual Aids, Massachusetts Department of Education. These transcriptions of all the dramatizations on the "Favorite Story" program, plus panel discussions, docu-

mentary programs, information on social studies, science, music and art.

### **The Microscope and the Bioscope**

These aids should not be confined to high school science classes alone. They may and should be used to show all children some of the important facts of nature; such as, the life in stagnant water, or the stages in the growth of the mosquito. The Microscope enlarges the size of the specimen, by various lenses, but the **Bioscope** not only enlarges the specimen but projects it onto the screen which may be viewed by everyone in the room at the same time.

### **Slide Projectors and Slides**

We have three slide projectors in the system and a collection of prepared slides which includes information on every geographical and political section of the World.

We also have a slide-making set, whereby children may make their own slides. The slides may be written on with ordinary pencil or with colored pencils or colored ink and projected onto the screen. It is an incentive for a child to work on a slide if he has the hope that it will be projected on the screen. These etched slides are also used by teachers. Instead of drawing a diagram on the board, they sketch a diagram on the slide, project it, study it, and then put it away for future use. This procedure was used successfully this year to show basketball plays. It's a new attack.

### **The Reflectoscope**

With a reflectoscope, a teacher can project onto a screen, a picture from a magazine, a post card, or even a page from a book. All the colors in the original picture are intensified so that the picture is most pleasing. This reflectoscope may be used in various ways limited only by the bounds of imagination of the teacher or students. (For instance, it has been used to show the lines of force around a bar magnet). Instead of being done in front of the class and having each head strained to see the results, it was done in the reflectoscope and then projected on the screen where every child could observe the results simultaneously.

There are many other phases of an audio-visual program which have not been developed as yet under the A-V Department in Maynard. However, for years, many individual teachers have been taking advantage of them and have obtained good results.

The most important of these is Radio—Radio productions and radio listening. Although the in-school radio programs

which are actually tagged as educational are very few, there are many excellent in-school and out-of-school programs that are well worth urging our students to listen to.

Other audio-visual aids such as field trips, proper use of bulletin boards, and series of illustrations serve to further enrich and motivate classroom teaching.

## MUSIC

The work in music is under the supervision of Miss Colburn. The following is an excerpt from Miss Colburn's annual report:

"The work begins with rhythm training and rote songs. As the pupil advances, the work increases in its complexity.

An opportunity is given for the children learn to play a musical instrument of his own choice. These lessons result in a nucleus of a school band of approximately twenty-five pieces.

Glee clubs are organized in the Junior and Senior High Schools.

Drill work and baton twirling classes are offered to all girls from the sixth grade through the high school."

## ART

The Art work of the schools is under the supervision of Miss Pasakarnis. The following is an excerpt from Miss Pasakarnis' report:

The work in all grades is planned to include features of local interest, seasonal subjects, historical portrayals, construction and illustrations of stories read by the children.

In the high school Art is an elective. It is a fair assumption that the pupil electing art has a genuine interest and a natural aptitude for the subject. At that grade level, every medium of expression is used including pencil, charcoal, sanguin, water color, tempera, oils metal wear and glass. Large illustrations have been done in water color, flowers in tempera and oils were applied to glass, wood and canvas.

In the mechanical drawing classes lettering, layouts, perspective and inking are studied.

There are three recent graduates of Maynard High School attending Art School. Two senior girls are studying art at the Massachusetts School of Art on Saturday mornings."

## GUIDANCE

No teacher is worthy of the name of teacher who is not willing to guide a child, but not every teacher is qualified to guide a pupil in the solution of his particular problem.

We have an organized program of guidance in the high school under the supervision of Mr. Larkin which is of great value to the student. It has been in operation almost four years. It was organized originally and continues in accordance with the five basic functions of guidance namely — study of the student, imparting information, counselling, placement, follow-up. A brief excerpt from the complete report of the Guidance Director follows:

### STUDY OF THE STUDENT

"Much information has been collected during the past year relating to the scholarship, interests, hobbies, work habits, personality traits and mental and physical status of each student attending Maynard High School. This material has become a part of the student's individual inventory record and is used as a background in understanding of the student and helping him with his personal problems, present school courses and future career plans. Many case history records have been written up and submitted to the principal for use in teacher-parent conferences.

III GUIDANCE — PUPIL INFORMATION  
John Larkin, Director

## IMPARTING INFORMATION

The guidance library has been greatly expanded with the addition of current pamphlets and books concerning qualifications and training requirements of various employment fields. Many of these sources of information are procured through the Bureau of Labor Statistics, Superintendent of Documents, State Offices, Profession, Industrial, and Labor Organizations. The library also maintains current contacts with the Federal and State Civil Service and with the U. S. Employment Service at Marlboro, which furnishes lists of job openings and employment qualifications.

During the individual interviews the student's attention is directed to this information and in the light of his qualifications and interests, several fields are suggested for his study. In cooperation with the English department, group discussion on how to interview for a job, methods of obtaining employment and filling out application blanks have been held, with the guidance director or an outside speaker participating. Fifteen career day conference speakers discussed the opportunities, training requirements, and work involved in various careers. Arrangements are being made for further career talks this year.

## COUNSELLING

Interviews have been held with students throughout the year for discussion of personal problems, curriculum choices and educational and vocational plans. All of the senior class and most of the junior class have completed the Kuder Preference Record. Many students in the senior class have taken the Army Classification Test (Civilian Revision) and those interested in either engineering or mechanical and skilled trades have taken the spacial relations and mechanical aptitude tests. Many alumni of Maynard High School have availed themselves of the testing and counselling services of the guidance department.

## PLACEMENT

Much time has been spent in assisting students in their choice of post-secondary schools, writing letters of application for positions and securing part-time employment while in school. Whenever possible, students are placed in part-time jobs which have some correlation with their future vocational plans. Many of the girls working part-time at the Emerson Hospital as Ward Aides are interested in nursing as a future career. Other students are getting experience in such jobs as office work, selling, printing, agricultural work, etc.

Field trips to various post-secondary schools were arranged

during the year and groups of interested students, accompanied by the guidance director, visited these institutions and were given an opportunity to inspect the training facilities and talk with the faculty members.

### FOLLOW-UP

On addition to the follow-up study of the Class of 1947, discussed in last year's report, the guidance department has made a follow-up study of the graduating classes of 1946, 1948 and 1949. A comparison of the classes studied reveals that the following percentages from each class attended post-secondary schools:

1946 .....	32.7%
1947 .....	33.3%
1948 .....	20.6%
1949 .....	35.5%

In the class of 1946, 15.5% of the members entered their post-secondary training in the fall of 1946, while the remaining 17.2% entered in the fall of 1947 or later.

It is significant to note the diversity of careers in which our recent alumni of Maynard High School are now training as compared to the careers of classes before this school had initiated an organized guidance program. The graduates' replies to such questions as: "How could high school have given you more help in preparing for college?", "What subject or subjects do you wish you had taken in high school?", and "What subjects which you took in high school have been of most value to you?", have proved a valuable source of information in aiding those students now in school and in pointing out pertinent facts concerning the curriculum and the effectiveness of the courses offered. Further studies of this nature should be continued on the 1-3-5 year basis.

### Follow-up Report of the Class of 1949

On November 2, 1949, follow-up questionnaires were forwarded to the 76 graduates of the Class of 1949. The tabulation of the results of this survey is included on the pages that follow:

Questionnaires sent out .....	76	
Questionnaires completed and returned by students .....	60	-78.9%
Information through telephone and personal contact .....	6	7.9%
Information received through student body ..	10	13.2
Total .....	76	100.0%

Employed (Gainfully) .....	43*	56.6%*
Post Secondary Education .....	27	35.5
Armed Services .....	4	5.3
Temporarily Unemployed .....	7	9.1
Total .....	81	106.5*

## \* Note One:

Employed but also attending post secondary schools .....	5	6.5%
--	---	------

## Post Secondary School Attendance

Colleges and Universities .....	14
Schools of Registered Nursing .....	2
Schools of Practical Nursing .....	3
Technical Schools .....	3
Agricultural School .....	1
Accounting School .....	1
Secretarial School .....	1
Dramatic and Modeling School .....	1
Correspondence School .....	1
Total .....	27

## 1949 Graduates Who Have Been Admitted to Colleges and Other Schools

John Connors .....	Boston University (General)
Robert Ojalehto .....	Boston University (General)
William Sarvella .....	Boston University (Lib. Arts)
Harry Ledgard .....	Boston College
Nancy Stalker .....	Forsyth School of Dental Hygiene
Joan Torppa .....	Jackson College
Gene Robinson .....	Lenior Rhyne College
Gerald Robinson .....	Lenior Rhyne College
James Duckworth .....	Lowell Textile (Evening)
Helen Nee .....	Our Lady of the Elms
Rose Terrasi .....	Regis College
David Higgins .....	Tufts College
John Porrazzo .....	Tufts College
Robert Priest .....	University of Mass. State

## Schools of Nursing

Anna Belli (Registered) .....	Framingham Union Hospital
Viola Hakala (Registered) .....	Mass. General Hospital
Lorraine Cuddy (Practical) .....	Holy Ghost Hospital
Anne Luker (Practical) .....	Holy Ghost Hospital
Virginia Subick (Practical) .....	Robert B. Brigham Hospital

### Modeling and Dramatic School

Carol Lee Downey .....Academic Moderne

### Business Schools

Roger Erikson .....Bently School of Accounting  
Ann Thompson .....Katharine Gibbs Secretarial

### Technical and Agricultural Schools

Ralph Pareago .....Franklin Tech. Institute (even)  
Anthony Terrasi .....Franklin Tech. Institute (even)  
David Sironen .....Wentworth Institute  
Paul Kivikoski .....Stockbridge School of Agriculture

### Correspondence School

Walfred Hyden .....Chicago Technical College

### Fields of Endeavor of Those Attending Post Secondary Schools

Science (Biological) .....	1
Practical Nursing .....	3
Chemistry .....	2
Accounting .....	1
Registered Nursing .....	2
Journalism .....	1
Machine Drafting .....	1
Poultry Husbandry .....	1
Priesthood .....	1
Agronomy .....	1
Electrician .....	2
Engineering (Mechanical) .....	1
Dentistry .....	1
Business (sales) .....	2
Teaching .....	2
Steam and Diesel Engineering .....	1
Dental Hygienist .....	1
Secretary .....	1
Dramatic and Modeling .....	1
Undecided .....	1

### Significant Data Tabulated from Questionnaire Returns

The following questions appeared on the questionnaires sent to our graduates:

How did you gain admission to the school you are now attending?

College Entrance Boards .....	4
Entrance Examinations given by college .....	7

National Nursing Examination .....	2
High School Records and Recommendation .....	12
No Requirements .....	2

## HOUSEHOLD ARTS

The Household Arts Program is under the supervision of Miss Evelyn Sawutz. It meets the needs of the girls taking the course at Junior and Senior High School level.

The course includes the study of food preparation, serving and preserving. The clothing course includes the care of clothing, study of materials, choice of a pattern and the making of various articles of clothing. In addition to the Clothing and Foods a very complete course is given in Home Nursing.

IV HOME NURSING CLASS  
Evelyn Sawutz, Teacher

## INDUSTRIAL ARTS

In spite of the physical set-up of the Industrial Arts Room, a very worthwhile program is carried on under the direction of Mr. Worsley Fardy. Boys are permitted to make articles of their own choice. Provision is also made for individual differences of boys ranging from twelve to eighteen years of age.

Minor improvements and repairs within the shop as well as the system are made by the boys.

V SHOP — LUMBER STORAGE SPACE  
Made by Boys  
Worsley Fardy, Teacher

## COMMERCIAL COURSE

At least fifty percent of the high school graduates elect the Commercial Course. It has been the policy since the war to

VI TYPEWRITING CLASS  
Mary E. Coleman, Teacher

replace the typewriters which were obsolete. By the end of 1950 we will have the best group of machines that Maynard has had for some time.

The number of our office practice machines should be increased as well as modernized. The past extra costs have been justifiable by the results inasmuch as our good and even average pupils have been very easily placed in offices upon graduation. Last year we could have placed many more students than we had graduate.

### MAINTENANCE

The report of the major maintenance work completed in 1949 and that which is proposed for 1950 is very well summarized in the report of the School Committee. I would however, like to note that the pupils definitely show their appreciation of the efforts made to keep the buildings clean and in good repair. There is almost no marking of walls or woodwork and no deliberate damage ever done in any building.

### CONCLUSION

The pictures accompanying this report were contributed by the Camera Club under the supervision of Mr. Lawrence Lerer.

The ability and devotion of the teaching staff is reflected in the results obtained. Not all pupils can become good students but growth is shown by each child. The fact that only five members of the personnel have not taken inservice training recently, indicates that your children have the benefit of the teachers' desire to use newer and more advanced methods.

I am happy to use this report as a means to acknowledge and express my appreciation of the cooperation of the entire personnel.

Respectfully submitted,

MARY A. DOYLE,  
Superintendent of Schools.

January 14, 1950

## Report of the High School Principal

Miss Mary A. Doyle  
Superintendent of Schools  
Maynard, Massachusetts

Dear Miss Doyle:

I herewith submit my report of the Maynard High School for the year of 1949.

It is with considerable pride that I point to the educational results of the work done at the high school during the past year. The follow-up study of the Class of 1949 reveals that more than 35.5% of that class is now enrolled in post-secondary schools. Fourteen of these students are attending colleges or universities; three are studying practical nursing; two are training to be registered nurses; two are in business schools; four are in technical, trade or agricultural schools; one is taking up clothes modeling and dramatic art; and one is studying machine drafting. Twenty specific careers are being encompassed by these twenty-seven graduates. This speaks well for the diversity of opportunity and preparation obtained while in undergraduate status.

Of the forty-nine pupils not attending higher institutions, thirty-five are employed in full time jobs and nine are either in the armed services or in part time jobs. The remaining seven have indicated temporary difficulty in adjustment but with further guidance should soon be on the path to satisfactory careers.

### PERSONNEL CHANGES

A difficult problem is always presented by the loss of experienced personnel. During the year, Mr. Bondelevitch, our football coach, and Miss Dorothy Tierney, an English teacher, resigned. Both had taught here successfully for a number of years and were familiar with the educational needs and interests of our Maynard pupils. Mr. Vincent Wassel, a graduate of Providence College was secured to replace Mr. Bondelevitch. Mr. Thomas Moran, a graduate of Massachusetts State Teachers' College and Harvard University has taken over the duties of Miss Tierney and is also assisting with the coaching. Both of these men have been well received by the student body and have successfully established themselves in our teaching organization. Considering the teacher scarcity, we have been very fortunate to find such able replacements.

## EDUCATIONAL ADDITIONS

The new plan of teaching Physics and Chemistry in the alternate years is now in effect. All pupils are able to take both subjects as usual during their high school careers. This change, however, allows for considerable enrichment of both courses. By concentrating on one subject each year, the instructor is able to develop research and experimentation to a far greater extent than was formerly possible.

Trigonometry was offered to the Seniors this year in place of Review Mathematics. Many colleges, especially in the engineering fields demand a knowledge of trigonometry for entrance. The addition of this subject will be of great benefit as the majority of pupils taking it will go on to institutions of higher learning.

## GUIDANCE

During the year all students of Maynard High School have had one or more conferences with the Guidance Director for the purpose of discussing personal problems and individual difficulties. The major problems concerned programs of study, post-secondary educational plans and work placement. Many alumni of Maynard High School availed themselves of the facilities and services of the Department.

During the year fifteen "career day" conferences were sponsored by the school. These conferences included such vocational fields as: mechanical trades, woodworking, textile work, careers in art, business machine work, registered nursing, practical nursing, teaching, secretarial work, and armed force careers.

Speakers were also procured to explain, "The Importance of Personality in Daily Work," "The Practical Aspects of Office Work," and "How to Interview for a Job."

The testing program initiated last year was continued. In addition to the Reading and English Tests administered last December to all high school students, tests such as the Army General Classification (Civilian Revision) Test, Pre-Engineering Test, and Mechanical Aptitude Test were administered on an individual basis to many of the high school students.

Mr. Larkin has been doing an exceptionally fine job with our boys and girls. His genuine interest and ability have helped many of our students to adjust themselves in their preparation for success in the future.

## RECOMMENDATIONS

The recommendations suggested in my report for 1948 are in the process of being carried out. The Art room has been moved to its new quarters in the unused portion of the old commercial room. More room and better natural lighting are now available for this important work. The change has shown itself to be of considerable value to the pupils as well as to the efficiency with which our supervisor can now handle the large numbers taking Art as part of their programs.

The guidance room has been moved to Room 16 as suggested. Here our Guidance Director now functions with sufficient privacy and ready accessibility to the pupils.

The partitioning of the outer office of the Principal is still to be completed. The new room made by this construction will be used as a Health Room. It is important that we have this room for first aid, emergency illnesses and periodic examinations of the pupils when necessary. It will become the Office of the Physical Education Director, the School Nurse and the School Physician when they are at the high school.

It is with pleasure that I commend the faculty to you for the excellent work it has done during the year. Education today has to meet an increasing competition from the great many outside activities of the pupils. From part-time work to television the demands on pupils' time is so great that it requires an ever-alert and progressive teaching force to understand and keep up with the needs and interests of our students. This challenge is being met successfully by our teachers. Follow-up studies of our graduates show better than average results. Practically all post-secondary schools require either College Board or Entrance Examinations. It is significant to note that all our students competing in such examinations have received ratings comparable with those of students of the better high schools throughout the country.

In closing, I wish to express my appreciation for your helpful suggestions and cooperation throughout the year.

Respectfully submitted,

ALBERT LERER,  
Principal.

December 22, 1949

## STATEMENT OF HIGH SCHOOL ACCOUNTS FOR 1949

Account	Balance Dec. 31, 1948	Received	Total	Expended	Balance Dec. 31, 1949
Class of 1949 ....	\$321.99	\$374.52	\$696.51	\$696.51	\$000.00
Class of 1950 ....	73.27	176.94	250.21	57.22	192.99
