REPORT OF THE BOARD OF SELECTMEN

To the Citizens of Maynard:

The Board of Selectmen respectfully submit its report, together with the financial accounts of the different departments for the year ending December 31st, 1922.

Highways and Sidewalks

Nason St. has been widened three feet, from the store of Geo. Gutteridge to corner of Summer St. The curbing has been set back and new Macadam filled in to conform with street.

Brown St. from Concord St. to entrance of Maynard Country Club has been treated with gravel and cinders.

Concord St. from R. R. crossing to near house of Daniel Parmenter has been graveled.

Tremont St. from Concord St. to near the house of Benjamin Brown has been graveled.

Thompson St. from Walnut St. to the entrance of the old Maynard Estate, also from Great Rd. to house of Dennis Spain has been graveled.

Acton St. has been treated with cinders from R. R. crossing to Whitney Lane. This street should be built of more substantial material, as the travel is very great at this point.

Parker St. from Harrison St. to near the house of Arthur Walker has been treated with gravel and cinders.

Sudbury St. from St. Bridget's church to John A. Crowe park has been treated with cinders.

Spring Lane has been graveled from Main St. to house of S. Lerer.

Summer St. from the entrance of the J. R. Bent farm to the Stow line has been graveled. This road has been in very poor condition for many years, but on account of bridge construction and using this road as a detour, we were obliged to make the necessary repairs.

The culvert on Parker St. near the old Burns place has been rebuilt, as it was in a dangerous condition. It is now large enough to be cleaned out when necessary.

A new culvert of eighteen inch pipe has been laid on Florida Rd. replacing the old one which caused great annoyance.

A new culvert has been laid near the J. R. Bent farm to relieve the heavy flow of water, which heretofore has greatly damaged this road.

The Culvert at Main St. crossing Mill St. has been repaired.

The culvert on Walnut St. near the Wm. Lord store has been rebuilt.

Gorham Brown culvert is in good condition.

The drain from Summer St. to the brook on Florida Rd. near St. George's parsonage, has been replaced by a twelve inch

pipe, as the six inch pipe was unable to take care of the water. A twelve inch pipe has been laid from the Oxford house, Main St. to Central house, and from rear of Central house to Riverside Ave.

The drain from corner of Glendale and Acton Sts. to catch basin on Glendale St. has been relaid. The drain on Summer St. from the entrance at Hillis Estate to near house of Mrs. Jane Reed, has been replaced by a new one.

This year we purchased a new scarifier which has done better work and has been a great saving financially to the town, over the old system.

Four new catch basins have been built at the junction of Summer, Brooks and Maple Sts., also one at corner of Brooks and Charles St.

A new catch basin has been built on Main St. near Oxford house, also one on Acton St. near house of David Lemoine.

The Russell Bridge has been replanked.

Mill St. Bridge has been rebuilt using the material from Main and Walnut St. bridges for both bridges. By using the King bolt truss method, the Mill St. bridge is now in permanent condition for travel.

Paper Mill bridge has been repaired to some extent. This bridge should have more attention the coming season.

Our macadam and state roads have been kept in good condition by the use of cold patch.

Considerable cold patch has been used on the graveled roads. The macadam roads have all had a coat of tar applied. The graveled roads have had a coat of light oil applied.

A great many walks have been treated with gravel and cinders. Several walks have been treated with gravel and oil mixed, which makes a semi-permanent walk.

New asphalt walks have been laid on Nason St. where curbing was relocated.

On Summer St. from corner of Nason St. to house of Albert Coughlan.

Acton St. opposite house of J. McPherson, also curbing.

Powder Mill Rd. from Crane to Butler Ave. also curbing. New curbing has been laid in front of Joel Butterworth's, Summer St., also from the end of curbing near St. Bridget's church to corner of Park St.

This year we received \$1500 each, from State, County and Town for work on the State Road. This road has now been completed to the corner of Main St. and Great Rd. This gives us a good gravel road from Sudbury line to Ben Smith bridge.

It is our intention to petition the State and County for an allotment this year to enable us to continue these good roads in another location.

The streets in the business section of the town, also gutters have been cleaned each week during the summer months.

The State Roads have had a coat of heavy oil. Considerable

money has been expended for general repairs, snow plowing, breaking out roads and hauling snow away, also for hauling sand for covering tar and oil for roads and icy sidewalks.

During the stormy weather our Superintendent has had the snowplows out by 3 A. M. so as to make it possible for the people to get to work and the children to school. Heavy storms, tired horses and occasional breaking of snow-plows are the causes when a walk is not opened up promptly.

We recommend that two new snow-plows be purchased, also a small caterpillar tractor or a truck which could be used to great advantage either in the summer or winter seasons and would be a great saving to the town financially.

Respectfully submitted,

FRANK S. BINKS,
EDWIN CARLTON,
CHARLES B. KEENE,
Selectmen of Maynard.

BEN SMITH BRIDGE

The concrete work of this bridge is completed with the exception of the sidewalk. Owing to the lateness of the season and the frost in the ground it was agreed by the Selectmen, Engineers and Contractor to finish this work in the spring. Great credit is due W. H. Connor Son Co. of Middleboro, the contractors, for the workmanship executed in the construction of this bridge. There is a great deal more work to be done in regard to the approaches to the bridge, re-surfacing the road and building fences, which will be completed in the spring. The Selectmen have had installed at each corner post, electric wires which have been run underground, for the purpose of illuminating the bridge.

MAIN AND WALNUT STREET BRIDGES

At the annual town meeting in March, 1922 money was appropriated by the town to build two new concrete bridges. The selectmen at once got in communication with the State Bridge Engineer to see if arrangements could be made with him to prepare plans for the construction of these bridges at the same time having in mind this would be a considerable financial saving to the town. The state engineer agreed to take charge of this work with the assurance that the bridges would be completed before the winter. Unfortunately however, unavoidable delays held up the completion of the plans and were not received by the Selectmen until August 4th. Bids were advertised for in the Boston Globe of August 5th, to be received by the Selectmen not later than Tuesday, August 15th. The following bids were received by the Selectmen and publicly opened and read. Each contractor being represented at the opening of the bids.

Simpson Bros. Corporation, Boston	\$49,320.00
Vicenzo Grande, Boston	44,000.00
Caruso & DiCisso, Boston	42,058.60
Whitcomb Construction Co., Boston	41,290.00
Wm. L. Miller Co., Boston	39,756.50
W. H. Connor & Son Co., Middleboro	38,000.00
Fred B. Saunders, Framingham	34,485.05

The contract was awarded to F. B. Saunders, the lowest bidder.

Arrangements had been made by the Selectmen with Mr. Max Blatt to pull out the old bridges. Mr. Blatt however, could not get his men, when we were ready to do this work. In order that there be no further delay, it was agreed between the Selectmen, the Engineer, the Contractor and Mr. Blatt that the Contractor do this work. The town to pay the Contractor and Mr. Blatt to reimburse the town.

More delay was caused by the petition of C. M. & H. St. Ry. Co. to lay a trestle over the Main St. bridge to run their cars over during construction. The Selectmen strenuously objected to this as they were of the opinion this would cause more delay and hinder the Contractor in his work. The Railway Co. however, petitioned the Public Utilities Commissioner for a hearing. Photos were taken of the bridge showing conditions existing at that time and the accumulation of machinery etc. This caused more expense to the town as the Selectmen and the Contractor, with Mr. Howard Wilson had to be present at the hearing. This

petition was also dismissed. It was the intention of the Contractor to start a gang of workmen on each bridge but owing to labor conditions existing at that time and a scarcity of experienced workmen, it was found impossible to work on both bridges at the same time. It was then decided to concentrate all work on the Main Street bridge to open up the road for traffic as quickly as possible. The concrete work of the Main Street bridge is completed with the exception of rubbing and finishing the walls which will be done in the spring.

The abutments of the Walnut St. bridge have been laid and a footbridge will be placed on cables from these abutments to replace the other wooden footbridge which will be taken down. The concrete work on this bridge will be resumed in the spring as soon as weather conditions warrant it. Both the bridges have been underground wired for electric lights to each corner post.

REPORT OF CHIEF OF POLICE

To the Board of Selectmen:

I respectfully submit to you my report of the Police Department for the year commencing Oct. 1, 1921 to September 30th, 1922, showing the work done by the department and the number of arrests made during that period.

I also submit financial report showing the expenditure of the department during the year ending Dec. 31.

In referring to arrests made in violation of prohibition laws, I wish to state a great many successful raids have been made during the year; this however costs considerable money before

evidence is procured. I would suggest that a separate appropriation be made for this work as I feel sure if this is done better results can be accomplished.

The police boxes have been painted. The Lock-up is in good condition with the exception that more room is necessary for the needs of the department, one cell being used for storage purposes. I would suggest that an addition be built on and this can be done for about \$300.

I have had installed during the past year 3 spot lights at the busiest sections of the town. This was done in the interests of public safety, to regulate the automobile traffic, which becomes greater each year, and to eliminate as far as possible all sources of danger to the citizens of the town. A special traffic officer has been stationed at these points and I find that it has been very successful and also greatly appreciated.

Respectfully,

FRANK S. BINKS,

Chief of Police.

Total number of arrests from Sept. 30th, 1921 to Sept. 30th, 1922:

Drunkenness	70

Water Commissioners.

SUPERINTENDENT'S REPORT

To the Board of Water Commissioners:

Gentlemen—The report of the superintendent and registrar, also the report of the engineer, for the year ending December 31, 1922 is herewith submitted.

The water in White pond has been more than two feet over the intake pipe all the year.

The catch basins in the conduit line have been pumped out

and the line has been cleared of roots 200 feet nearer the pond.

The pumping record and condition of the machinery is given in the engineer's report.

MAINS

Main pipe extensions for this year are:

Roosevelt street,	330 feet 6	inch pipe
Arthur street,	234 feet 4	inch pipe
O'Moore street,	234 feet 4	inch pipe
Fairfield street,	36 feet 4	inch pipe
Elmwood street,	120 feet 4	inch pipe
Brown street,	100 feet 4	inch pipe
Brooks street,	38 feet 4	inch pipe
Charles street,	48 feet 4	inch pipe
Thomas street,	142 feet 1¼	inch pipe
Uclid ave,	70 feet 1¼	inch pipe

Two new hydrants have been put in. One on Roosevelt St. and one on Brown St. The hydrant on Nason St. was moved back when the street was widened.

Two leaks in the mains have been repaired. One on Nason St. and one on Powder Mill Road.

SERVICES

Forty-six new services have been put in this year making the number now in use 1220.

Seven leaks in dead connections have been repaired.

Twenty services have been repaired at the cellar wall.

Twenty-six have been cleaned out.

Three services have been relaid from main to cellar and five from sidewalk to cellar.

Seven sidewalk stops have been moved as the street has been widened.

METERS

Two hundred thirty-seven meters have been changed for repairs this year.

Thirty-seven new meters have been set this year, making the number now in use 1214.

I wish to thank the water commissioners for their co-operation during the year.

Respectfully submitted,

WILLIAM NAYLOR,

Superintendent.

REPORT OF ENGINEER

To the Superintendent:

Sir:—The engines at the station are in good condition. There

are some repairs to be attended to during the coming year.

The air pump has just been connected and is working very satisfactorily. A new furnace protector was put into one of the fireboxes this year.

Stock on hand January 1, 1923:—70 tons coal, $\frac{1}{2}$ barrel grease, 10 gallons cylinder oil, 15 gallons machine oil, 1 gallon boiler compound, 50 pounds cotton waste, 12 pounds of packing, 8 rubber valves.

PUMPING RECORD

	Coal	Gallons
January	40,028	10,452,490
February	37,396	9,987,785
March	38,902	9,314,100
April	34,785	8,900,140
May	37,208	8,951,885
June	38,206	9,417,590
July	38,496	8,434,435
August	40,703	8,796,650
September	37,363	8,072,220
October	47,305	9,262,355
November	47,609	9,365,845
December	42,234	10,555,980
	<hr/> 480,235	<hr/> 111,511,475

Average daily consumption 305,511 gallons.

Average daily consumption for each person, figured on 6,800 consumers, 44.9 gallons.

The coal consumption includes coal used in banking and starting fires and heating building.

No allowance has been made for slip of pump.

Respectfully submitted,

ORRIN R. BOSWORTH,
Engineer.

The law requires that the owners of taxable property shall each year, between April 1st and May 15th, submit to the Assessors a list of their taxable property and the valuation of the same. If that is not attended to, the Assessors must estimate the value. After assessment has been made, the Assessors cannot legally change the valuation of the property, nor the amount of taxes thereon, until the owner has filed a sworn statement of all his taxable property.

The Supervisor of Assessors has informed us, that we must have such lists on file for his inspection, where abatements have been made. At the present time the State puts a valuation on the town of Maynard of about six million, and collects their State tax on that basis, and as the Assessors have only booked a valuation of about five million, four hundred thousand, it seems best to increase our valuation in 1923 to approximately the valuation charged against the town by the state. The Assessors recommend that it be a percentage raise, which would give each taxpayer an equal proportion of the increase. But if the voters wish a general revaluation of property in 1923, we advise that there be appointed four additional Assessors, for short term service.

We believe however a percentage increase that would make our total valuation equal to that set by the State, would be more satisfactory and would compare well with valuation of property in other towns.

REPORT OF THE TRUSTEES OF THE MAYNARD PUBLIC LIBRARY FOR THE YEAR 1922

To the Citizens of Maynard:

Realizing the need of a means to inform the reading public of the town in regard to the latest books purchased, the trustees recently decided to have a list of the books purchased during the year printed after the close of each year. We are to have enough copies printed to supply all who want them. In this way we feel that the public can keep posted on the latest books in the library.

The past year has been very successful as can be seen by a comparison of the circulation records of 1921. That year we loaned 26,754 books and in 1922, 28,718 books were charged, more than 2,000 more.

The trustees would greatly appreciate the favor, if any person who has a book overdue would bring it in. It necessitates a great deal of bookkeeping to keep a record of these books and also causes inconvenience to someone who wants that particular volume.

During the year Mrs. Edward Puffer presented 6 books for boys; a small boy, who left no name, presented one book and Mrs. Amory Maynard gave 2 sets of magazines for 1922 and 2 sets for 1921, for which the trustees publicly express their thanks.

We feel proud of having purchased ten volumes of "Winston's Loose-leaf Cumulative Encyclopedia", five volumes of "Everyday Library", one "Household Dictionary" and four volumes of "Outline of Science." These books are the best of their kind obtainable, and are full and complete studies of their respective subjects. By mailing a coupon to the publishers the first mentioned books are brought up-to-date each year for many years.

The trustees want the people of the town to realize that the library is theirs as the money they pay for taxes goes to the support of the library. Therefore they should take an interest in what they own and use it for the benefit of themselves. We also repeat our request of former years that if any one wishes a book, we will endeavor to purchase it.

In closing, we earnestly request the cooperation of the parents, teachers and general public in the conduct of the library, that it may be one that a town of this kind may well be proud of.

REPORT OF SEALER OF WEIGHTS AND MEASURES

To the Honorable Board of Selectmen:

Sirs—The following is a summary of work performed by me as Sealer of Weights and Measures for the Town of Maynard for year ending Nov. 30th, 1922.

Platform scales over 5,000 test and sealed	2
Platform scales under 5,000 test and sealed	19
Counter scales test and sealed	28
Beam scales test and sealed	5
Spring balances test and sealed	36
Computing scales test and sealed	50
Slot weighing machines test and sealed	3

Yard measures test and sealed	9

In addition to the above I have made a number of test weighing and examined slips and license of local and out of town peddlers. As I have said in a previous report the scales in the Maynard stores are all up to standard and the merchants of this town seem to take a just pride in having good scales.

Amount collected for adjusting and sealing	\$ 43.26
Amount collected for licensing peddlers and hawkers	91.00

\$134.26

Respectfully submitted,

JOSHUA EDWARDS,
Sealer of Weights and Measures.

TOWN CLERK'S REPORT

For the Year Ending December 31st, 1922.

Town Warrant No. 265

Town Meeting February 13, 1922

COMMONWEALTH OF MASSACHUSETTS

MIDDLESEX, SS.

To either of the Constables of the Town of Maynard, in said County, Greeting:

In the name of the Commonwealth of Massachusetts, you are hereby directed to notify and warn the legal voters of said Maynard, to assemble in Co-operative Hall in said town, on Monday, the thirteenth day of February, 1922 at 6.30 a. m. then and there to act on the following articles:

Article 1. To choose a moderator to preside at said meeting.

Article 2. To choose by the Australian System of balloting the following town officers:—one Town Clerk, one Town Treasurer, one Collector of Taxes, each for one year; three Selectmen for one year; one Overseer of the Poor, one member of the Board of Health, one Water Commissioner, one member of the School Committee, one Assessor, one Trustee of the Public Library, one Cemetery Commissioner, each for three years; one Tree Warden, two Auditors, three Constables and Moderator, each for one year, and all other town officers to be chosen at said meeting. Also to answer by the Australian System of balloting the following question: "Shall licenses be granted for the sale of certain non-intoxicating beverages in this town?" For the purpose specified in this article the polls will be open after the reading of the warrant, and will remain open until four o'clock in the afternoon, when they shall be closed unless the meeting there assembled otherwise determines.

Article 3. To hear and act on the reports of town officers and committees.

Article 4. To see if the Town will authorize the Treasurer with the approval of the majority of the Selectmen, to borrow during the municipal year beginning Jan. 1, 1922, in anticipation of the taxes of the said municipal year, such sums of money as may be necessary for the current expenses of the Town, giving the notes of the Town therefor, payable within one year from the dates thereof.

Article 5. To see if the Town will accept Chapter 14, Acts of 1921 being "An Act to authorize assessors in towns to appoint assistant assessors." This Act amends Chap. 41 of the General Laws by adding new Section 25A, and in towns which accept this section the assessors may appoint and remove citizens of the town as assistant assessors.

Article 6. To see if the Town will accept the sum of one hundred dollars (\$100.00) to be known as James H. Mallinson fund, the income to be used for the perpetual care of his lot and surroundings in Glenwood Cemetery. To do or act thereon.

Article 7. To see if the Town will accept the sum of one hundred dollars (\$100.00) to be known as Asa S. Woodart fund, the income to be used for the perpetual care of her lot and surroundings in Glenwood Cemetery. To do or act thereon.

And you are directed to serve this Warrant by posting an attested copy at the Post Office and one at each of ten other public places in said town, seven days at least, before the time of holding said meeting.

Hereof fail not and make due return of this Warrant with your doings thereon, to the Town Clerk or the Selectmen, at or before the time appointed for holding said meeting.

Given under our hands this thirtieth day of January, in the year of our Lord one thousand nine hundred and twenty-two.

FRANK S. BINKS,
EDWIN CARLTON,
CHARLES B. KEENE,
Selectmen of Maynard.

MIDDLESEX, SS.

Maynard, Feb. 3, 1922.

I have served the within named warrant by posting an attested copy of the same at the Post Office and one at each of ten other public places in said town seven days before the time of holding said meeting as within directed.

JOHN CONNORS,
Constable of Maynard.

A true copy.

Attest: FRANK E. SANDERSON,
Town Clerk.

Proceedings of Town Meeting held February 13, 1922.

Pursuant to Town Warrant No. 265, the voters of Maynard cast their ballots for Town Officers on the above date.

Cards of instruction and specimen ballots were posted as required by law and the warrant read at 6.30 a. m. by the Town Clerk.

Article 1. On motion of Charles B. Keene voted to instruct the Town Clerk to cast one ballot for Albert Batley for moderator. The check list was used.

Article 2. The following ballot clerks and tellers appointed by the Selectmen were sworn by the Town Clerk.

Ballot Clerks—Benjamin C. Brown, Herbert W. Martin, Magloire LeSage, William T. Lowney, William J. Tobin.

Tellers—Alice M. Lyons, Mae B. Denniston, Marion L. Jones, Mary G. McManus, Charles F. Distasio, David G. Sharpe, Jr.,

John C. King, Matthew Campbell.

The Town Clerk delivered a package of ballots and duplicate check lists to the ballot clerks taking a receipt therefore.

The Moderator and Town Clerk examined the ballot box, set the register at 0000 and placed the keys in the keeping of Constable Nicholas J. Driscoll, who took charge of the box.

The polls were declared open at 6.37 o'clock a. m.

It was voted to postpone action on Articles 3 to 7 until two o'clock p. m.

It being deemed advisable, in the opinion of the Moderator and Town Clerk, ballots were taken from the ballot box at various times during the day, beginning at 7.30 o'clock, and counted.

At two o'clock the following officers were elected by acclamation.

*Town Warrant No. 267.**Town Meeting, April 12, 1922.*

COMMONWEALTH OF MASSACHUSETTS

MIDDLESEX, ss.

To either of the Constables of the Town of Maynard, in said County, Greeting:

In the name of the Commonwealth of Massachusetts, you are hereby directed to notify and warn the legal voters of said Maynard, to assemble in Co-operative Hall in said town, on Wednesday, the twelfth day of April at 7.45 p. m., then and there to act on the following articles:

Article 1. To hear and act on reports of town officers and committees.

Article 2. To see if the town will accept the sum of one hundred dollars (\$100.) to be known as the Peter Hanson fund, the income to perpetually care for his lot and surroundings in Glenwood Cemetery. To do or act thereon.

Article 3. To see if the town will vote to acquire by purchase or take by eminent domain, for municipal purposes a certain tract of land described as follows:

A certain parcel of land situated on the southerly side of Summer Street, in said Maynard and described as follows: Beginning at a point on Summer Street now or formerly of James A. Coughlan, thence running westerly on Summer Street, one hundred and two (102) feet thence running southerly on land of Naylor estate, fifty nine and sixty one-hundredths (59.60) feet, thence running southerly by land of Naylor estate, one hundred and forty one and thirty one-hundredths (141.30) feet thence running easterly one hundred and twenty three (123) feet, thence running northerly on land of James A. Coughlan, one hundred and sixty five (165) feet to point of beginning. Also a parcel of land, described as follows: beginning at a point on Summer Street at land now or formerly of Martin Peterson, thence running westerly sixty seven and fifty one-hundredths (67.50) feet on Summer Street, thence running southerly two hundred and twenty one and fifty one-hundredths (221.50) feet on land now or formerly of Brooks, thence running easterly on land of Naylor estate, seventy seven and seventy five one-hundredths (77.75) feet, thence running northerly on land now or formerly of Peterson one hundred and forty one and thirty one-hundredths (141.30) feet, thence running northeasterly on land of Peterson fifty nine and sixty one-hundredths (59.60) feet to the point of beginning. Be all these measurements more or less—and to raise and appropriate the money therefor or take any action relative thereto.

Article 4. To see if the town will vote to appropriate a sum of money not to exceed twenty six thousand dollars (\$26,000.) for the constructing of a building on the said Naylor property as a fitting commemoration for the services and sacrifices of the Soldiers, Sailors and Marines of the Town of Maynard. That

money for the said appropriation for the constructing of said Memorial building be raised by the issuing of notes by the Town of Maynard. The payment of said notes to be extended over a period of twenty years (20) at interest of not more than 4½ per cent per annum, or such other means of raising the money as the town may deem necessary. To do or act thereon.

Article 5. To see if the town will provide for the constructing of a Memorial building, and purchasing of land in accordance with the general laws of 1920, Chapter 44, Section 8, Paragraph 7 and Chapter 41, Section 105: That a committee be appointed to carry out the provisions with reference to the constructing of the Memorial building, and with reference to the acquisition of the site for the Memorial building, and that said committee be composed of the members of the committee elected at the town meeting March 13, 1922 for the purpose of ascertaining facts and figures for the acquiring of the site and the constructing of said Memorial, and this same committee is given all proper legal authority to carry out above provisions. To do or act thereon.

And you are directed to serve this Warrant by posting an attested copy at the Post Office and one at each of ten other public places in said town, seven days at least, before the time of holding said meeting.

Hereof fail not and make due return of this Warrant with your doings thereon, to the Town Clerk or the Selectmen, at or before the time appointed for holding said meeting.

Given under our hands this fourth day of April, in the year of our Lord one thousand nine hundred and twenty-two.

FRANK S. BINKS,
EDWIN CARLTON,
CHARLES B. KEENE,
Selectmen of Maynard.

Middlesex, ss.

Maynard, April 5, 1922.

I have served the within named warrant by posting an attested copy of the same at Post Office and one at ten other public places in said town, seven days at least before the time of holding said meeting, as within directed.

NICHOLAS DRISCOLL,
Constable of Maynard.

A true copy.

Attest: FRANK E. SANDERSON,
Town Clerk.

*Proceedings of Town Meeting held April 12, 1922, under
Town Warrant No. 267.*

The meeting was called to order at 7.45 p. m. by Moderator Alfred E. McCleary.

The warrant was read by the Town Clerk.

Article 1. Selectmen Edwin Carlton made a verbal report as to the doings of the Selectmen with reference to the taking of the Amory Maynard property by the Town in accordance with the vote of a Town Meeting held June 16, 1920. Mr. Carlton said that a statement of the taking was recorded at the office of the Register of Deeds at East Cambridge on August 5, 1920, and that pending further action by the town, the matter rested.

Herbert H. Young, clerk of the Finance Committee, read the report of said committee, which recommended that the town do not purchase the property mentioned in Article 3, because of proceedings still pending in regard to Amory Maynard property. The report of the Finance Committee was filed with the Town Clerk.

Mr. Carl A. Peterson, for the committee appointed under Article 11 of the warrant of March 13, 1922, read the following report:

Report and recommendation.

We have considered several propositions and have finally decided that the best site for a memorial is the Naylor and Peterson property located on Summer Street. These two properties are about 200 feet facing on Summer Street and about 200 feet deep. Both of these properties may be taken for the sum of \$10,000. This would include a right of way from Summer to Main Streets. We have interviewed an architect and have been informed that a building 40 x 70 may be erected as a suitable memorial to commemorate the services and sacrifices of the soldiers, sailors and marines for the sum of \$26,000.

This building would be a public building to be governed by a board of Trustees, provided for in the General Laws of 1920, Chapter 41, Section 105.

In this building would be rooms available for town officers, a hall to seat 300 people which could be used for town purposes, also a basement for a gymnasium or police quarters, etc., or a supper or banquet hall, also two small rooms and a boiler room.

We recommend that these two pieces of land be taken and that a memorial building be erected thereon, said memorial building appropriation and construction to be in accordance with the General Laws of 1920, Chapter 44, Section 8, Paragraph 7, Chapter 41, Section 105.

CARL A. PETERSON,
GEORGE W. JAMIESON,
THOMAS J. KING,
WILLIAM NAYLOR,
JOHN T. HIGGINS.

Voted to accept the report.

Article 2. Voted to accept from Peter Hanson, the sum of \$100. the same to be used as a fund, the income to perpetually care for his lot and surroundings in Glenwood Cemetery.

Article 3. Voted to go into a committee of the whole for the discussion of this Article, also Articles 4 and 5.

After discussion of considerable length the committee of the whole arose and Moderator McCleary called for action under Article 3.

Voted: That the town acquire by purchase for a sum not exceeding \$10,000., or take by eminent domain, for a site for a memorial or other municipal purposes certain tracts of land described as follows:

A certain parcel of land situated on the southerly side of Summer Street, in said Maynard and described as follows: Beginning at a point on Summer Street now or formerly of James A. Coughlan, thence running westerly on Summer Street, one hundred and twelve (112) feet; thence running southwest on Naylor estate, fifty nine and sixty one-hundredths (59.60) feet; thence running southerly by land of Naylor estate, one hundred and forty one and thirty one-hundredths (141.30) feet; thence running easterly one hundred and twenty three (123) feet; thence running northerly on land of James A. Coughlan, one hundred and sixty-five (165) feet to the point of beginning.

Also a parcel of land described as follows: beginning at a point on Summer Street at land now or formerly of Martin Peterson, thence running westerly sixty seven and fifty one-hundredths (67.50) feet on Summer Street, thence running southerly two hundred and twenty one and fifty one-hundredths (221.50) feet on land now or formerly of Brooks, thence running easterly on land of Naylor estate seventy seven and seventy five one-hundredths (77.75) feet; thence running northeasterly on land now or formerly of Peterson one hundred and forty one and thirty one-hundredths (141.30) feet thence running northeasterly on land of Peterson fifty nine and sixty one-hundredths (59.60) feet to the point of beginning including right of way to Main Street. Be all measurements more or less.

That there be appropriated a sum not to exceed \$10,000 and to meet said appropriation that the treasurer, with the approval of the Selectmen be and hereby is authorized to borrow said sum and issue bonds or notes of the town therefor, said bonds or notes to be payable in accordance with Section 14, of Chapter 719 of the Acts of 1913, so that the whole loan shall be paid in not more than 5 years from the date of issue of the first bond or note, or at such earlier date as the treasurer and selectmen may determine.

Article 4. Voted to indefinitely postpone action under this article.

Article 5. Voted to indefinitely postpone action under this article.

At 10.22 o'clock the meeting adjourned.

Attest: FRANK E. SANDERSON,
Town Clerk.

Town Warrant No. 270.

Town Meeting Nov. 22, 1922.

COMMONWEALTH OF MASSACHUSETTS
MIDDLESEX, ss.

To either of the Constables of the Town of Maynard, in said County, Greeting:

In the names of the Commonwealth of Massachusetts, you are hereby directed to notify and warn the legal voters of said

Maynard to assemble in Co-operative Hall in said town on Wednesday, the twenty-second day of November, 1922, next, at 7.30 p. m., then and there to act on the following articles:

Article 1. To hear and act on the reports of town officers and committees.

Article 2. To see if the Town will vote to ratify, confirm and approve the vote passed at the town meeting held March 13, 1922, under Article 13, of the warrant for said meeting, and all acts done or performed under authority thereof, said vote being in the following form:

Voted: That the Town instruct the Selectmen to replace the present bridges on Main Street and Walnut Street with new concrete bridges, with full power and discretion to do all things necessary or proper in connection therewith, and it is further voted that the sum of thirty thousand dollars (\$30,000.) be and hereby is appropriated for that purpose and said sum be raised by the issue of notes or bonds of the Town, payable in accordance with the provisions of General Laws, Chapter 44, so that the whole loan shall be paid in not more than five years from the date of the issue of the first note or bond, or at such earlier dates as the Treasurer and a majority of the Selectmen may determine. All notes or bonds issued under the authority of this vote shall be at a rate not exceeding four and one-half per centum per annum.

Article 3. To see if the Town will vote to appropriate the sum of Four thousand five hundred dollars (\$4,500.) for Poor Department. To do or act thereon.

Article 4. To see if the Town will vote to appropriate the sum of Four hundred dollars (\$400.) for Cemetery Department. To do or act thereon.

And you are directed to serve this Warrant by posting an attested copy at the Post Office and one at each of ten other public places in said town, seven days at least, before the time of holding said meeting.

Hereof fail not and make due return of this Warrant with your doings thereon, to the Town Clerk or the Selectmen, at or before the time appointed for holding said meeting.

Given under our hands this thirteenth day of November, in the year of our Lord one thousand nine hundred and twenty-two.

FRANK S. BINKS,
EDWIN CARLTON,
CHARLES B. KEENE,

Selectmen of Maynard.

Middlesex, ss.

Maynard, Nov. 14, 1922.

I have served the within named warrant by posting an attested copy at the Post Office and one at ten other public places in said town seven days before the time of holding said meeting, as within directed.

JOHN CONNORS,
Constable of Maynard.

Total number of births recorded for the year 1922—150.

PARENTS BE SURE TO RECORD THE BIRTH OF YOUR CHILD WITH GIVEN NAME IN FULL.

READ THE LAW !

"Parents, within forty days after the birth of a child, and every householder, within forty days after a birth in his house, shall cause notice thereof to be given to the clerk of the town where such child is born.***" Gen. Laws, Chap. 46, Sec. 6.

Some of the many reasons why Births should be recorded:

- To establish identity
- To prove nationality
- To prove legitimacy
- To show when the child has a right to enter school
- To show when the child has the right to seek employment under the child labor law
- To establish the right of inheritance to property
- To establish liability to military duty, as well as exemption therefrom
- To establish the right to vote
- To qualify to hold title to, and to buy or sell real estate
- To establish the right to hold public office
- To prove the age at which the marriage contract may be entered into
- To make possible statistical studies of health conditions

Your co-operation to the end that all births may be properly recorded will be greatly appreciated.

BOARD OF HEALTH REPORT

The Board of Health submits the following report:

We wish to congratulate the townspeople on the comparatively small number of persons having contagious diseases during the past year.

The time has arrived when the question of adequate sewerage facilities for the town of Maynard should be seriously considered and we are taking this opportunity of preparing the minds of the citizens for suitable action in the near future.

Some few years ago an appropriation was made, plans drawn, and the location surveyed to carry out this work.

We have had some difficulty in enforcing the regulations in regards to communicable diseases. Perhaps it would be well to refresh your memories in regards to some of the rules of the Board of Health.

Regulation 8, we would especially call your attention to, which says: No person sick with any contagious disease shall be removed, except by permission of the Board of Health, and no persons who have been so affected shall leave the premises until they, with their clothing, shall have been properly disinfected, and all persons should refrain from visiting the houses of the sick, or from coming in contact with the inmates unless duty renders it absolutely necessary.

In cases of diphtheria, no pupil shall return to school until two negative cultures from the throat have been reported by the State Board of Health.

Regulation 3: When a physician knows that a person whom he is called to visit is infected with diphtheria, scarlet fever or any other disease dangerous to the public health, he shall immediately give notice to the Board of Health of the town, and if he refuses or neglects to give such notice he shall forfeit for each offense, not less than fifty nor more than one hundred dollars. Sec. 79, Chapter 80, Public Statutes.

We are greatly in need of a Public Health Nurse, and very soon with the co-operation of the Red Cross, hope to install one in Maynard.

One of her duties will be to instruct people who do not read this report in regards to what is meant by quarantine, and to call their attention to the requirements when a house is placarded.

We feel that great benefit is being done for the children by the conscientious work of the school nurse to prevent spread of disease, but a bedside nurse would be a great help especially in maternity cases who cannot provide one, and in cases which cannot be attended by a school nurse.

Following is a list of reportable diseases received during the year:

Influenza	4 cases
Measles	16 cases

Dysentery	1 case
Diphtheria	9 cases
Lobar pneumonia	1 case
Pulmonary tuberculosis	6 cases

REPORT OF FISH AND GAME WARDEN

To the Honorable Board of Selectmen,
Town of Maynard, Mass.

Gentlemen:

I herewith submit my report for term ending Jan. 1, 1923:

Time spent on law enforcement—about 27 days.

Localities patrolled or observed—Maynard, Acton, Stow and Sudbury.

Number of arrests	4
Fines	\$35.00
Forest fires reported	4

Distributions made in Maynard, Acton, Stow and Sudbury:

90 cans of brook trout.

31 white hares, 96 pheasants—Maynard only

In closing, I wish to thank all those who helped feed the birds this winter, especially the Boy Scouts and the Girl Scouts. With their help we have distributed over one hundred pounds of grain.

I also want to thank the Board of Selectmen for the interest they have shown toward the birds and animals of our surrounding woods. If we would all live up to the Fish and Game Laws, and help feed the birds when it is next to impossible for them to get food for themselves, a great deal might be accomplished.

Respectfully submitted,

P. J. SCHNAIR,
Deputy Fish and Game Warden.

AUDITORS' REPORT

January 24, 1923.

To the Board of Selectmen, Maynard, Mass.:

Gentlemen:—We have audited and found correct the books of the treasurer, tax collector, water registrar, selectmen, board of health, overseers of the poor, library trustees, sealer of weights and measures, cemetery trustees, fire department, and the school committee. We have also inspected and found correct all bonds in the care of the treasurer.

Respectfully submitted,

OLIVER C. TREES,
C. A. STOCKBRIDGE,
Auditors.

REPORT OF FIRE ENGINEERS

To the Board of Selectmen:

Gentlemen:—

The Fire Engineers herewith submit the report of the Fire Department for the year ending December 31, 1922.

The department has been called by twelve bell alarms and five telephone calls, also several chimney fires. We were called to twenty brush fires. It would appear that the cause of fires, where the most loss occurred was improper connection between the chimney and the stove pipe.

On several occasions we have been unable to get in reach of the fire because of the dense smoke. We have just purchased two gas masks which we are sure will be a great help to the department.

Looking forward to better protection against the spread of fire we believe a by-law should be enacted so that all new roofs must be of a fire resisting material.

A small roof at the department building has been covered with tar and gravel.

We are sorry to have to report the death of Lee Donahue, an engineer for several years.

We ask that the appropriation of \$7,600.00 be made for the year 1923.

Instructions for giving Fire Alarms

Alarms should be given from the box nearest the fire. On each box there is a small box with a glass door that holds a key. Break the glass, take the key, unlock the box, pull the hook clear down once and let go. After giving an alarm remain at the box and direct the firemen to the fire.

Never open a box except in case of fire.

Do not sound an alarm for a chimney fire or a brush fire, or a fire seen in the distance. Telephone the Fire Station or the Fire Engineers.

*Town Warrant .*COMMONWEALTH OF MASSACHUSETTS
MIDDLESEX, SS.

To either of the Constables of the Town of Maynard, in said County, Greeting:

In the name of the Commonwealth of Massachusetts, you are hereby directed to notify and warn the legal voters of said Maynard, to assemble in Co-operative Hall in said town, on Monday, the twelfth day of February at 6.30 a. m., then and there to act on the following articles:

Article 1. To choose by the Australian System of balloting the following town officers:—One Town Clerk, one Town Treasurer, one Collector of Taxes, each for one year; three Selectmen for one year, one overseer of the Poor, one member of the Board of Health, one Water Commissioner, one member of the School Committee, one Assessor, one Trustee of the Public Library, one Cemetery Commissioner, each for three years; one Tree warden, two Auditors, three Constables, and Moderator, each for one year, and all other town officers to be chosen at said meeting. Also to answer by the Australian System of balloting, the following question: "Shall licenses be granted for the sale of certain non-intoxicating beverages in this town?" For the purpose specified in this article, the polls will be open after the reading of the warrant, and will remain open until four o'clock in the afternoon, when they shall be closed unless the meeting there assembled otherwise determines.

Article 2. To hear and act on the reports of town officers and committees.

Article 3. To see if the Town will authorize the Treasurer with the approval of the majority of the Selectmen, to borrow during the municipal year beginning January 1, 1923, in anticipation of the taxes of the said municipal year, such sums of money as may be necessary for the current expenses of the town, giving the notes of the town therefor, payable within one year from the dates thereof.

Article 4. To see if the Town will accept from John Banks the sum of one hundred dollars (\$100.) to be known as the Walter E. Tilton fund, the income to perpetually care for his

lot and surroundings in Glenwood Cemetery. To do or act thereon.

Article 5. To see if the Town will accept from Jannett C. Binns the sum of one hundred dollars (\$100.) to be known as the Jannett C. Binns fund, the income to perpetually care for her lot and surroundings in Glenwood Cemetery. To do or act thereon.

Article 6. To see if the Town will accept from Mrs. John R. Marsden the sum of one hundred dollars (\$100.) to be known as the John R. Marsden fund, the income to perpetually care for his lot and surroundings in Glenwood Cemetery. To do or act thereon.

Article 7. To see if the Town will accept from the Reardon sisters the sum of seventy-five dollars (\$75.) to be known as the Anna T. and Mary E. Reardon fund, the income to perpetually care for their half lot and surroundings in Glenwood Cemetery. To do or act thereon.

Article 8. To see if the Town will accept from Horace Townend the sum of one hundred dollars (\$100.) to be known as the Wesley Townend fund, the income to perpetually care for his lot and surroundings in Glenwood Cemetery. To do or act thereon.

Article 9. "Shall the town petition for the installation of an accounting system by the commonwealth? (This question is submitted under the provisions of Chapter 516, Acts of 1922.)"

And you are directed to serve this Warrant by posting a n attested copy at the Post Office and one at each of ten other public places in said town, seven days at least, before the time of holding said meeting.

Hereof fail not, and make due return of this Warrant with your doings thereon, to the Town Clerk or the Selectmen, at or before the time appointed for holding said meeting.

Given under our hands this 29th day of January, in the year of our Lord, one thousand nine hundred and twenty three.

FRANK S. BINKS,
EDWIN CARLTON,
CHARLES B. KEENE,

Selectmen of Maynard.

REPORT OF FINANCE COMMITTEE

On March 21, 1922, the Finance Committee met at the call of the Town Moderator and organized as follows:

T. F. Parker, *Chairman*

L. R. Cheney

B. J. Coughlin

G. D. Elson

F. J. McCarron

J. H. Murray

L. G. Sims

P. J. Sullivan

H. H. Young, *Clerk*

April 4, 1922: The Committee met to discuss Articles of the Town Warrant.

Article 3. Voted that the Committee do not at this time recommend the purchase of the Maynard House property, and the Naylor property for municipal purposes, because the Town has already voted to take the Amory Maynard property for a similar purpose.

Article 12. Voted to rescind and withdraw our recommendation for reason of a recent decision by the Court in a similar case.

H. H. YOUNG, Clerk.

June 27, 1922: The Committee met to discuss an additional appropriation in order to construct the Ben Smith bridge wider, in accordance with plans submitted by the State Engineers. Voted to recommend \$250. for Soldiers' Relief.

The School Committee was present with plans for more school accommodations, which in the judgement of the Finance Committee did not seem to be adequate for the future needs of the schools.

H. H. YOUNG, Clerk.

July 17, 1922: The Finance Committee met in joint session with the Selectmen to discuss with Mr. Amory Maynard and his legal adviser, in regard to a final settlement of the matter of taking Mr. Maynard's property by the Town.

Voted to recommend the Town settle with Mr. Maynard for the sum of \$35,000., price arrived at according to sale of adjacent particles of land from the property in recent years.

The School Committee were present at this meeting with plans for a new Junior High School and alterations in present High School calling for an expenditure of \$75,000. Said amount was recommended, but the Town debt limit would be exceeded so plans were deferred until a later time.

H. H. YOUNG, Clerk.

August 24, 1922: The Committee was asked by the Selectmen to approve an additional appropriation of \$10,000. to com-

plete the Main and Walnut Street bridges, and do all work in connection with same. Such an amount was recommended.

H. H. YOUNG, Clerk.

Nov. 13, 1922: The Committee met to discuss articles in the Warrant for the Special Town Meeting.

Article 2. Voted to recommend that appropriations made at the Town Meeting held March 13th, to construct Main and Walnut Street bridges, be ratified, in order to enable the Town Treasurer to borrow money on Town notes, as the meeting held March 13th was not held on a seven day notice, according to Statute.

Article 3. Voted to recommend an additional appropriation for use of the Poor Dept. of \$4,500.

Article 4. Voted to recommend \$400. for use of the Cemetery Dept.

H. H. YOUNG, Clerk.

Jan. 9, 1923: The Committee met to consider appropriations for 1923.

Mr. James Mullin of the Poor Dept. asked for an appropriation of \$15,000. His accounts show an overdraft of \$313.47.

Bills payable	431.60
Bills Payable	132.48

\$877.55

The Committee recommended an appropriation of \$14,000. We believe that with new arrangements contemplated by the chairman, the Department will be able to conduct its affairs with the amount recommended.

Mr. Naylor of the Fire Dept. was heard. He presented a statement showing expenditures last year of \$7,380.37. He asked for \$7,600. His accounts show a balance of \$819.73 which is a very creditable showing, and which if other departments would emulate, would react to their credit. \$7,000. was recommended.

Mr. Wilson and Mr. Millington of the School Dept. were heard. Mr. Millington presented an article calling for an appropriation of \$250. to be expended under the direction of Middlesex County Bureau of Agriculture and Home Economics. He also presented a statement of last year's expenditures in the School Dept. and estimates of next year's requirements.

Mr. Wilson stated that the School Committee would return later with a proposition for a new school building.

Mr. Brayden of the Public Park Dept. asked for an appropriation of \$250., which was recommended.

In connection with this dept. the Finance Committee suggests to the Water Dept., that it remove the faucet from its present location in John A. Crowe Park to a more appropriate place in the park.

The Town Treasurer, G. H. Gutteridge, submitted a statement of the town's notes maturing this year, as follows:

High School note	\$3,000.00	
Roosevelt School note	3,000.00	
Summer St. property	2,000.00	
Bridge notes	6,000.00	
		<hr/>
		\$14,000.00
Int. on Town notes	\$4,805.00	
Tax	1,000.00	
		<hr/>
		\$5,805.00

This amount recommended.

Mr. Driscoll, Supt. of Streets, submitted, for approval, statement of amount expended for removal of snow. Motion made and carried to recommend to the Selectmen that snow be removed in the business section where the need was most apparent, and present corrected bills to the Finance Committee for their consideration at a later meeting.

Meeting adjourned at 10 p. m. until Jan. 16.

L. G. SIMS, Acting Clerk.

Jan. 18 the adjourned meeting of Jan. 9 was resumed. Mr. Coughlin acting as chairman in Mr. Parker's place, who was called away by the death of his mother.

Mr. Bishop of the Tree Dept. was present and estimated the amount needed to carry on his work for the coming year as \$300. which amount was recommended.

The Moth Dept. asked an appropriation of \$2,000. The amount expended last year was \$1,674.31. \$1,600. was recommended this year. It would seem that the amounts expended in the last few years under the conscientious and efficient Supt. of the dept. that the work must be well in hand, therefore a smaller amount than that expended last year should be adequate for this year.

The Street Dept. expended last year for streets \$18,500. The estimates needed for this year amount to \$16,475. \$16,000. is recommended. Two snow plows are required by the dept. \$200. is recommended for purchase of same. Corrected bills for removal of snow was presented and also the estimates of amounts needed to finish clearing streets of snow, amounting to \$1,500. which amount is recommended. An appropriation of \$1,000 for sidewalks and \$1,000 for permanent sidewalks is recommended.

H. H. YOUNG, Clerk.

Jan. 23: The Committee met and voted on the amounts to be recommended to the voters, to be expended by the various Town Depts.

The school budget was discussed at length and finally laid over until the next meeting, as the committee desired further information on the subject.

Chief of Police Binks reported that the lock-up is inadequate to the needs of the town and a sub-committee was appointed to investigate and report to the Finance Committee at the next meeting.

Jan. 29, 1923: The Finance Committee met at 7.30. Mr. Wilson of the School Board and the Supt. of Schools, gave the Committee further information regarding the conduct of the schools the past year, and the purposes for which they plan to expend the money asked for in 1923.

After Mr. Wilson and Mr. Millington retired, the affairs of the dept. were discussed and it was voted to recommend an appropriation of \$85,000. for 1923.

A motion was made and carried that in the future when any bill is presented to the Town Treasurer for payment, which in his opinion is of questionable nature or amount, the matter be called to the attention of the Finance Committee.

The Assessors asked for \$200. with which to purchase a file for their documents. Amount recommended.

Motion made and carried that the Assessors be asked to submit a list of their requirements to the Finance Committee, after this year.

The Clerk of the Finance Committee was instructed to notify the Assessors that the Committee is willing to consider a readjustment of the salaries of the Assessors.

The Clerk of the Selectmen read an excellent report made by the Fish and Game Warden.

The Committee appointed to investigate the Lock-up, reported adversely to any additions.

Motion made that the Selectmen continue their efforts to procure from the State \$8,000. to construct Powder Mill Road.

Meeting adjourned at 11.30 p. m.

H. H. YOUNG, Clerk.

REPORT OF SUPERINTENDENT OF SCHOOLS

To the School Committee,
Maynard, Massachusetts.

Gentleman:—

I have the honor to submit herewith, for your consideration, my eighth annual report as Superintendent of Schools. Instead of giving a separate report from each department as has been the custom heretofore, I have combined these with my own in one general report. This is in accordance with a suggestion of the State Board of Education and I hope will meet with the approval of the townspeople.

BUILDINGS

Besides the general problems which regularly confront school authorities in towns such as ours we have had this year a new and especially acute one, or rather, the renewal of an old one which has not been present for our consideration for the past few years. This problem seems to be present all over the state, and indeed, all over the country, and it is that of crowded school buildings. In our own case it is largely due to the recent raise in the compulsory school age.

For several years we have been obliged to transfer many children from one building to another, in order to find room. From the Bancroft school district one room each of the fourth grade has been regularly transferred, so that there are now in the Roosevelt building a fourth, fifth and sixth grade of children from the Bancroft Street district. Besides these we have transferred all we could from the Main Street School. This accounts for the fact that the Roosevelt school is entirely full.

Last year the first grade at Main Street was so large that it was necessary to divide it into two divisions, putting each on half time. This year we have been obliged to do the same, except that those who seem especially to need it are allowed to attend both sessions.

This year it has been necessary to put the senior and junior high schools on part time, the former meeting from 8.00 to 1.00 and the latter from 1.00 to 5.00. We have one seventh grade meeting from 8.30 to 11.45 and 1.00 to 3.15, as they need the time.

On two days each week the high school building is in use from 8.00 a. m. to 9.00 p. m. with an intermission of less than an hour, and on the other school days from eight o'clock to five without a break. The junior high enters the building at the sounding of the bell which dismisses the senior high. As rooms are occasionally used for meetings of public benefit the building is occupied probably as much as any school building in the state.

Plans for additions to the present buildings have been con-

sidered but the only proper solution is the erection of a new High school. At slight cost the present building could be altered for use as a junior high school and one or more sixth grades could also be accommodated. We have at present five sixth grades with room next year for only three seventh grades.

If a new building is not erected, we shall have on part time next year the first and second grades at Main Street, some sixths, and the junior and senior high schools.

A very regrettable feature of present conditions is the abandonment of the special room for non-English speaking children. Miss Buckley's work with these children was of so high order that it is not surprising that she has been called to the Quincy schools. The room has been taken for an overflow fourth grade and the children who properly belong in this class are now scattered among the other rooms, to the hinderance of the work of these teachers.

The new high school building should be at least as large as the present one and should include a manual training department and a combined assembly hall and gymnasium. We could then complete the re-organization of the junior and senior high schools by changing from the present 6-2-4 plan under which the school system is organized to the better and more widely adopted 6-3-3 plan. By the 6-3-3 plan is meant six years of the elementary and three each of the junior and senior high schools. At present we have two years in the junior and four in the senior high school.

During the Christmas vacation one room at Main Street and one at Bancroft Street were equipped with single pedestal desks, replacing the old style one, and bringing the whole equipment up to date. With other changes which have been made and the repairs during the year we may report that all buildings are now in good condition.

TEACHERS

Of our forty nine teachers and supervisors twenty four have begun service with us since the writing of the last annual report. This one fact would be sufficient to determine whether proper progress is possible. Combined with the part time it makes it useless to expect more than mediocre results. With the improved living conditions of this year and the equipment which the town has to offer its teachers, in spite of crowded buildings, there remains only one reason for the frequent changes and that is our low salaries, yet this can be remedied without increasing the cost to the town over that of the amount which the townspeople were willing to appropriate from town funds for the past year.

We asked last year for \$70,000 from the town in addition to the anticipated receipts of \$13,000 from the state, making a total of \$83,000. The actual receipts from the state were about \$18,250; but under the new law these receipts revert to the town treasury and do not directly benefit the schools. If the town will appropriate \$70,000 of its own funds plus the state receipts,

which may reasonably be expected to be at least \$17,500, making a total appropriation of \$87,500, it will be possible to make our minimum salary for the grades \$1,000 and the maximum \$1,300. At present these are \$900 and \$1,200 respectively. The majority of the towns pay a minimum of \$1,000 for inexperienced teachers. At our present minimum it is impossible to obtain experienced teachers and even at \$1,000 it is difficult except late in the season. At present we must wait until the summer is nearly over to fill positions and then take those who have not yet been placed. At \$1,000 some of the good candidates of the graduating classes can be secured and for one hundred dollars more, teachers with one or two years of experience. It is manifestly unfair to engage new teachers at higher salaries than are paid the old ones, yet frequently one hundred dollars measures the difference between success and defeat in securing or keeping a good teacher. It is poor business policy to release a good teacher because another town offers her fifty or one hundred dollars more. Many of our teachers go to the cities, and of course, in these cases we cannot compete; but by the slight increase suggested we can at least minimize the competition of the small towns. As the income from the State Fund depends in part on the salaries paid, it is good policy to pay as well as we can.

THE HIGH SCHOOL

As noted in the last report, Mr. A. R. C. Cole, began his duties as Principal about the middle of January. It was a difficult problem to take up the direction of so large a school after it had been running nearly half the year, but Principal Cole is to be congratulated upon his success and the teachers and pupils upon the hearty cooperation shown by them. Mr. Cole reports that he found the school well organized and requiring at that time and under conditions then existing no immediate change in policy.

We have four new teachers this year, and two additional ones. This gives us a faculty of ten, not yet sufficient to fulfill the state requirements of one teacher, exclusive of the principal, for each twenty-five pupils. It has been possible, however, to improve conditions materially, and especially in increasing the time the principal has for supervision and office work. In spite of crowded conditions, the spirit of the school is admirable. It should be kept in mind that whether a school stands in "Class A" or "Class B" in the state classification depends not at all upon the merit of the work done but upon certain mechanical details as to number of pupils per teacher, etc. As a matter of fact, the state official upon whom devolves the classification of the schools has not visited ours in years and his opinion of it has been formed from reports and some slight correspondence. It can readily be seen that a school which is doing work very well fitted to the needs of its own community may suffer in comparison with smaller and less efficient ones if no attention is paid to its

spirit or the advancement made in results.

A suggested change in the Commencement exercises, whereby the members of the class took active part in the program, thus eliminating the formal address by a speaker from out of town, met with apparent favor in the minds of teachers and pupils. The programs of the graduation and class night exercises are appended to this portion of my report.

As usual, the commercial course shows a large preponderance in numbers over the academic course. This is due in part to the confidence of our citizens in the course and the fact that the trust is warranted by the continued results obtained. Another reason is that, as in the past the academic course was especially for pupils who intended to go on with their education those who felt that this was impossible naturally entered the course which would directly aid them in earning a livelihood. Some of these have afterwards found it possible to take higher courses elsewhere. In the freshman and sophomore classes the numbers are especially large, as our courses are so arranged as to make changes from one section to another possible at any time and especially at the end of the second year. Last September, seventeen Seniors, seventeen Juniors, forty four Sophomores and seventy two Freshmen enrolled in this course.

The following table shows the total membership of the school for the present year:

	Boys	Girls	Total
Freshmen	47	53	100
Sophomores	30	34	64
Juniors	29	19	48
Seniors	8	23	31
	<hr/> 114	<hr/> 129	<hr/> 243

The members of the class of 1922 are at present occupied as follows: Commercial Course: employed, 22; at home, 1. Academic course: employed, 3; at home 1; teaching, 1; taking post-graduate course, 1; attending normal schools, 7; attending college, 4; nurse's training course, 1. Total 41.

The Commercial division of the class of 1922 consisted of twenty-three students; the largest number for whom we have yet had to find positions. This presented an extremely difficult problem for these reasons:

1. In the spring of 1922, business was very dull.
2. Business men were calling for office help of experience.
3. Many employers were specifying a personal requirement that about seventy-five percent of our candidates could not meet.

The situation was not encouraging. It was realized that if we were to succeed in placing our graduates it would be necessary to do something unusual. A careful analysis of the problem was

made. It appeared that if a frank statement was clearly presented, going back to the very beginning and showing the organization, equipment, course of study, past results, etc., that this would convince the business public and obtain for us the positions we needed. A special letter covering these points was prepared and sent to business men of Boston and vicinity who were in need of office assistants at that time. With the exception of two who were not candidates, most of the class were placed in positions before graduation. A steady demand for our students was created and nearly every month we receive calls to fill positions. Many times we are unable to supply candidates.

In response to one of the letters which were sent out a reply was received from one of the largest concerns in the country and a young lady was placed in their office. Within two months from this time two others were placed in the same office. Since then we have had nine other opportunities to fill positions with this concern, but unfortunately have not had the candidates to offer.

Five Seniors have already won Remington Gold Medals for speed and accuracy in typewriting. The winners are Margaret Walsh, Gladys Sexton, Pearl McAuslin, Edith McAuslin, and Raymond Hellawell.

A course in Business Psychology or Personal Efficiency has formally been added to the Commercial Course this year and a special time assigned for it in the daily schedule. While this course has been carried on in a limited way for a number of years, it had no recognized standing and no allotted time for its development. The work was usually done in the time assigned to shorthand or some other subject. It has been a success from the start and those who are acquainted with the Seniors are familiar with the results already obtained along this line. Its aim is the building of character by the strengthening of will power, the development of self-control, etc. In addition to this valuable acquisition is the achievement of greater efficiency in commercial life. It is very much appreciated by the students.

A new course of study was put into operation last fall offering a choice of four different curriculums: college, scientific, commercial and general. Each of these has a definite aim, yet is liberal in the number of courses for selection. The courses required of all pupils regardless of the curriculum they are following are English, United States History, Civics and Music; all others being elective.

One of the large rooms in the building is utilized solely for study pupils, where their assignments may be worked out free from recitations.

Departmentalized work is being carried out this year to the fullest extent.

A school council ranking next to the faculty in authority has been formed, composed of two representatives from each of the four classes and the teachers of the different departments.

This council acts upon many important matters relating to school activities.

The cement curbing which was placed around the front lawn during the summer will serve a very useful purpose and when the grounds are properly graded will add much to the attractiveness of the school building.

Thru the formation of a girls athletic association an increased number of pupils are engaged in athletic work. The results of the athletic games with other schools in baseball, basketball and football have been intensely gratifying. The ability to contest successfully with other high schools gives to the pupil, aside from the physical benefit he receives, an added interest in the school he represents. Maynard High has taken a major share of the victories in the past year.

There are inadequate facilities, even under the two platoon system, in our present building to provide for proper physical education and training, such as recommended by the State department; social functions cannot be indulged in with assurance of financial success; educational progress is hampered by the inadequateness of our present building to meet the demands of a modern school.

Since 1917 the number of pupils has nearly doubled:

In 1917 there were 124 pupils

In 1920 there were 184 pupils

In 1921 there were 212 pupils

In 1922 there were 243 pupils

There is a gain over last year of 31 pupils and an average increase in membership per year for the last six years of 20 pupils. It is inevitable that some means must be provided, some adjustments made to meet these conditions.

BOYS' AND GIRLS' CLUBS

An appropriation of \$200 was made at the annual town meeting for demonstration work under the direction of the Middlesex County Bureau of Agriculture and Home Economics. Following is a report of the work done by this organization:

Agents of the Bureau made twenty-seven farm and home visits during the year, the Agricultural Agent having been requested to make farm calls for the purpose of advising on definite farm practices. He also organized a poultry automobile tour to study some successful poultry plants in the northern part of the County.

Bureau moving pictures were shown once to a total audience of 250 people.

There were sixty-one boys and girls enrolled in the following Clubs: Home Economics, 34; Garden, 5; Canning, 10; Handicraft, 12. Agents of the Bureau were present and gave demonstrations or talks at twenty-one different Club meetings. In addition to these, thirty meetings were held with local leaders working under the direction of the Bureau. Wilbur Croft won the County championship in Handicraft Club work and was given a week in the Prize-winners' Camp at the Massachusetts Agricultural College. Especial mention should also be made of Alice Murphy, who for four years guided the girls' clubs, and was one of the prize winners of the county, and Hannah Sweeney, a senior in high school who, as a member of Home Economics and Canning Clubs, has been of valuable assistance to leaders in keeping in touch with other Club members and helping them with their work.

The boys had a very creditable display at the May exhibit and showed that there is a real need of a manual training course.

The Home Economics and Handicraft Clubs started a new year's work December 1st with great enthusiasm and the prospects for a successful season are very bright.

Middlesex County continues to lead all others in the United States in the number of boys and girls enrolled in Club projects. There were 2,965 enrolled in various Club projects and they

produced \$75,475 worth of products during the year. All of these young people were under the leadership of Agents of the County Bureau and 184 paid and volunteer local leaders.

The total estimated cost of all activities of the Middlesex County Farm Bureau for 1923 is \$55,000 of which the County furnishes \$35,000, the Federal Government \$2,000, and the towns by appropriations and in other ways \$18,000. Since the boys and girls produced goods valued at over 150% of the total cost of the work for both children and adults is it not good business policy for Maynard, especially as it has no other manual training or practical arts course aside from those supervised by the Farm Bureau, to appropriate the small sum of \$250. asked for? None of this money goes to the local leaders, whose services are entirely voluntary and free.

AMERICANIZATION

The work of the evening school classes made a great advance last year under the spirited leadership of Miss Grace Kinney. The interest among our foreign residents led to the opening of the so-called mill classes in February. Superintendent Drechsler offered a large and well equipped room for these classes, but the enrollment was so large that it seemed best to transfer them to the high school building. These classes met at six o'clock for one hour and then the regular evening school classes had their session of two hours. No one was allowed to leave an evening school class to enter a mill class, but many availed themselves of the privilege of remaining to both.

Graduation exercises of the Americanization Department were held in Cooperative Hall on the evening of April 27th. The program consisted of songs, recitations and original compositions by the pupils. Superintendent Wm. Millington and Agent O. C. Drechsler made remarks complimentary to the work of the teachers and pupils, after which Representative Frederick P. Glazier gave an address which was inspiring not only to the pupils and teachers but to the townspeople present.

At the close of the exercises federal citizenship diplomas were awarded to members of the citizenship class and forty State Certificates were given to those completing the two-year course. The citizenship class passed one hundred per cent in their examination.

Home classes for mothers were organized in the spring and did very good work. The year closed with results which made it very clear that paid supervision is as necessary for Americanization as for any other department of school work.

We anticipated Miss Kinney's return in the fall, but just as negotiations were under way for the opening of the work we were shocked to learn of her death. All who met Miss Kinney while she was here were impressed with her earnestness and worth. Her death was a loss to the cause of Americanization in the state.

Miss Genevieve Clark was elected as Miss Kinney's successor, and the Americanization classes re-opened for the year's work on

October 23rd, 1922. An enrollment of 208 in our evening schools alone necessitated a staff of eight teachers. A large citizenship class and classes for mothers are features of the evening school work. Nine nationalities are represented in our classes and the routine is stimulated by a spirit of fraternity and good will among the students.

The good work is greatly due to the remarkable group of teachers, trained in the best schools, enthusiastic and sympathetic. Maynard may well be proud of the work accomplished here, which compares favorable with any in the State.

Sixty minors form the continuation division of our evening school and are doing advanced work.

Factory classes from the Assabet Mills opened December 4th with an enrollment of sixty men and women.

Home visits have been made to mothers and plans are under way to start classes for women in their homes.

Holidays have been observed by programs presented by the classes and by moving pictures of historical subjects.

Our sincere thanks are due to Mr. Drechsler and those at the head of the departments in the mill. Not only have they shown their interest by urging the workers to attend the classes, but by frequent visits to the classrooms they have inspired the pupils and teachers. These visits have not been casual inspections, but many times Agent Drechsler and two or three of his assistants have been present for a large part of the evening, seated in the rear of the classrooms and noting carefully and appreciatively the work being done. That busy men like these are willing to spare the time for this work is an indication of the interest of the representative citizens of the town in this important work and cannot fail to impress our foreign born residents and improve the spirit of unity in the town.

MUSIC AND DRAWING

The prize contest in music in the High School through the medium of phonograph reproductions of standard works of the best composers, of which mention was made in the last report, was brought to a successful conclusion just before the end of school last June. Prizes, made possible by the generous contributions of several citizens, were distributed in connection with the Commencement exercises as follows: first prize, \$15, George Webster; second, \$10, Hazel Hooper; third, \$5, Benjamin Gruber.

The work in the first and second grades this fall has improved in regard to tone, quality and reading. Some of the third grades are singing in two parts. Two-part singing in the fourth and fifth grades is of good tone quality and is well balanced. The sixth grades are doing excellent work in three-part singing.

The Junior High grades are doing fine work both in regard to quality of tone and their singing being up to a high standard. Credit should be given to Miss Cornwell for the splendid work she is doing with the pupils of these grades.

The High School Chorus this year is divided, the Freshman

and Sophomores singing together and the Juniors and Seniors. This promises to work out very well as there seems to be good spirit this year. On account of crowded conditions it will not be possible to have all the High School classes meet together until we have the use of the auditorium of the new building, for which we are all hoping.

In the drawing course throughout the schools emphasis has been laid upon handicrafts and color training for accuracy, neatness and orderly habits of work.

In the High School a course has been given in reed basketry, and one in simple book making. A third course takes watercolor and design, color harmony charts, illuminating art texts and cards, block printing and stencilling, lettering, poster work and freehand drawing. A fourth course develops mechanical drawing, including the use of mechanical instruments, inking perspective, geometric and working drawings.

A brief survey of the works of Great Masters and the History of Art is included in the year's work of all classes.

In the Junior High, nature work and color harmony with crayons was taken during the Fall, followed by perspective of cube and cylinder, using one and two vanishing points, illustrated with freehand drawings from subjects in light and shade.

Handcraft work started with sewed book forms and simple binding. Raffia work, watercolor and design, lettering, use of compasses and cardboard construction work are also included in the Junior High courses.

A need for knowledge and appreciation of the world's masterpieces of art is being met in all grades by a new, carefully graded series of University Prints with questions on the pictures suited to ages from grade one to eight. These sets have been placed in the hands of each teacher to instil in the children a love for *good pictures* and to correlate with oral and written language, history, etc.

Carefully planned outlines of work in nature coloring and other illustrative subjects in season have been given each month to the teachers. Use of watercolors and blending of Secondary colors was started in fifth and sixth grades and applied to tinting cards and designs. Use of compasses in the sixth grade prepares for mechanical drawing in Freshman year later. Raffia napkin rings and picture frames were included in the fifth grade hand work.

Weaving with oil cloth mats and splints leads up to paper mat weaving in series for grades one and two and small loom weaving of jute mats in second grade. Large metal trays have been made for first grade sandtable illustrative construction work to correlate with language, nature and historic subjects. Doll houses, made from large boxes, neatly papered have been furnished with paper furniture folded forms.

Folding, cutting, pasting and color training form a part of this work.

In all grades the teachers have cooperated splendidly in assisting with the work of the supervisors and impressing the children with the importance of these subjects.

HEALTH

The gradually widening sphere of activities which are concerned with safeguarding the health of school children make this part of my report worthy of the most careful consideration of every parent.

The nurse reports for the year 1922, as follows:

Number of children weighed and measured	880
Children excluded, with contagious diseases	18
Health talks	26
Home visits, Sept. 1922 to Jan. 1923	37

A weekly visit is made to each class-room and an office hour is kept each session at the office in the Roosevelt school.

Between September 1921 and January 1922, there were 15 cases of diphtheria and 1 case of scarlet fever reported in the schools. During the year 1922 there have been reported only five cases of diphtheria.

This was partly the result of a Schick Clinic held in May. At this time 259 children were given this test. Of this number thirty three showed a positive reaction and were given the toxin anti-toxin. During the fall term there were no cases of diphtheria reported in families having children in attendance at school.

Upon the opening of the fall term in September, many cases of impetigo and scabies were found. But by excluding these children from school and by home visits made by the nurse this condition has been stamped out almost entirely.

Arrangements are being made for conducting a tubercular clinic very soon. This clinic is for the purpose of locating children who may have tuberculosis in its very early stages or may be so inclined.

Early in October a class in first aid, emergency and bedside nursing was formed among the pupils in the High School. There are ten in the class and a great deal of interest is displayed by its members. The class meets once a week and at this time notes and demonstrations are given.

Last year a milk lunch was served to the pupils attending the Bancroft Street school. By November milk lunches had been introduced into all the grammar schools.

The children pay for the milk themselves, the price being \$.25 a week. This gives the child a pint of milk a day. The benefit of these lunches has already begun to be noticed. As far as possible the children who are underweight are persuaded to have the milk as it is of particular benefit to them.

The milk is delivered to the schools in pint bottles which have caps so arranged that by lifting a little tab, a straw may be easily inserted. When half of the milk is drank this tab is replaced in its original position. In this way the milk is kept

clean and is ready for consumption when the afternoon recess is due.

In the High School lunch is served by the Girl Scouts to the pupils during recess.

We are continuing the plan begun last year of giving the children an opportunity to buy tooth brushes at a minimum cost and instructing them in their use.

Thru the coöperation of the Superintendent and nurse a rest room for the teachers in the Roosevelt School has been arranged. This has been needed for some time and we feel sure it will be greatly appreciated by the teachers in that building.

IN CONCLUSION

Our schools present many important problems, but they are those connected with healthy growth. As in families in moderate circumstances, the solution of many of these problems is a financial one. No matter how difficult and almost impossible at times it seems to provide the extra funds necessary it is no more possible in public than in private affairs to permit the children to suffer. The suggestions in this report which involve further outlay of money should be considered carefully by every citizen and met promptly by the town, in order that the present cramping of the efficiency of the schools may cease as soon as possible.

For the cooperation of citizens, committee and teachers I wish to express once more my hearty thanks.

Respectfully submitted,

WM. H. MILLINGTON,
Superintendent of Schools.
