Report of The Board of Selectmen

To the Citizens of Maynard:

Herewith is presented the Annual Report of your Board of Selectmen for the year ending December 31, 1960.

In many respects, the year 1960 was truly a year of progress wherein many municipal changes have been either initiated or accomplished.

In March, 1960, legislation was adopted creating a Municipal Building Committee. Its efforts were rewarded in October by the voter's acceptance of its proposed plans for a new Municipal Building and Public Library. It is the humble opinion of the Board that the Town acted prudently and with great foresight in reaching its decision on this matter.

Furthermore, a Maynard High School Building Committee was formed. In the near future, its final report and recommendations relative to a 600 student senior high school will be submitted to the people for consideration. Once again, by democratic processes, a judgment by the people will be required. Much has been said and will be said before a final decision is rendered.

Nevertheless, as responsible elected officials realizing the needs of our youth and community, the Selectmen support this educational building program. In these days of technological and social advancements — the "age of new challenging frontiers" — we realize that there is no panacea — no "easy-to-come-by" substitute for a well-founded, well-rounded education in one's everyday struggle for national survival or in earning one's livelihood. We have an expanding community — a bursting population growth — the children of which **must** be provided with the best education possible to meet all social challenges whether from within or outside the territorial boundaries of this our beloved and great nation — the United States of America.

Looking at other areas of future town development and expansion, the need for a new, modern Post Office for Maynard is unquestionable and critical. To this end — the securing of such a municipal structure — the cost of which will be borne by the federal government, the Selectmen have inserted on the 1961 Town Warrant an article to bring this a step closer to reality.

Furthermore, with full realization that the business district's needs for additional parking facilities must be solved, the Selectmen in principle are in accord with the Planning

Board's renovation program for the Memorial Park and adjacent parking areas. Potentially, if exploited with realism and enthusiasm, it has great merit and foresight. It opens the door to the decade of "high hopes" — the 1960's — and to the path of progress if the Town is to flourish and prosper at a rate comparable to those of surrounding communities.

We cannot become or remain a flourishing community if the "business climate or atmosphere" is not conducive to shoppers from surrounding towns. It should be noted that we **do have** business buildings which are not filled to capacity. We cannot, like ostriches, bury our heads in the "sands of indifference" and say that this is not our concern. It is our concern, but it must be approached realistically. The businessmen are as important to our community as our residents, our educational system, our industries, etc., and cannot be excluded from equitable and just considerations and deliberations.

The Selectmen are cognizant that those proposals would constitute a "major Town change" and would be demanding of the townspeople, but these, if adopted, could be the start to the solution of many other inter-related problems. As has been stated before, the Town will only progress at a rate that its residents desire these progressive changes. Elected officials can only suggest but, in the final analysis, the voters have the power to accept or reject.

As for Board actions relative to 1960 Town matters and future recommendations, the Selectmen are pleased to note in some detail the scope of its diversified activities and interests.

(1) The Selectmen received authorization from the voters of the Town to enter into negotiations to obtain by lease additional municipal off-street parking areas.

(2) The Selectmen have requested our State Representative John Eaton, Jr. to file with the 1961 Legislature a bill relative to an "Act to provide unlimited tenure for James V. King, incumbent of the office of Town Accountant of the Town of Maynard" which, if approved, will be placed upon the ballot of the nearest Town or State election for acceptance by the voters of Maynard.

(3) By meeting all of the requirements set forth in Sections 19B and 19C of Chapter 41 of the General Laws relative to a petition granting life tenure in office to Mrs. Eleanor Jones, Town Clerk, the Selectmen will insert this petition as a referendum on the 1961 Town election ballot for approval by the good people of Maynard.

(4) The Selectmen will sponsor an article on the 1961 Town Warrant relative to the formation of a Town Insurance Board, effective April 1, 1961, to administer and handle all

Town insurance matters; said Board to be comprised of one member from the Board of Selectmen, the Public Works Commissioners, the Board of Assessors, the Finance Committee and the School Committee as well as Town Treasurer, Chief of Police and all local insurance agents holding current insurance policies granted to them by the Town; said agents to act only in an advisory capacity relative to insurance programs and, furthermore, to transfer to this Board from all existing Town departments, Boards, and committees their current 1961 insurance appropriations for the Board's use and administration effective April 15, 1961. If approved, the present Insurance Advisory Committee will be abolished on April 15, 1961.

As for the Selectmen's views on this situation, the primary function of this new Board, other than the supervision and administration of all Town insurance programs, will be to consolidate our present programs into one in such a way so as to realize some possible savings to the taxpayers and to re-evaluate constantly the Town's insurance needs. This Board will replace the present system wherein all departments administer their own personal programs. This new Board, by its size alone, should eliminate present and future innuendoes that certain insurance agencies are receiving preferential treatment and consideration. Merit will be the determining factor as always in all deliberations. Because the Town spends nearly \$26,000 each year in premiums for present policies (not including those that must be issued at a future date for the Municipal Building and Public Library and possibly the proposed Maynard High School), the Selectmen believe that a greater body of men, with diversified opinions, will make the insurance program a more fruitful and meaningful one to the taxpayers of Maynard.

(5) The Selectmen will sponsor an article on the 1961 Town Warrant seeking the adoption of a new chapter to the Maynard By-laws relative to "conflict of interests" matters as they pertain specifically to elected and appointed Town officials.

CHAPTER XVI

CODE OF ETHICS FOR ELECTED AND APPOINTED TOWN OFFICIALS

Section 1. No appointed or elected town official during his tenure in office shall:

- (a) engage in any business transaction with the Town or its agencies for which personal remuneration is received.
- (b) serve on a Board or Committee which engages the services of any person, company, or corporation if said

Town official is an employee of either the aforementioned person, company, or corporation.

- (c) engage either for himself, his Board, or his Committee the services of any member of his family for which a fee shall be paid for services rendered.
- (d) engage in any business transaction with any person, company, or corporation if the activities of said person, company, or corporation under Town By-laws or statutes are either regulated by, fall under the jurisdiction of, or require a judgment by the elected or appointed official, his Board, or his Committee.

Section 2. If an elected or appointed official violates the conditions set forth in Section 1 of this Chapter, it shall then be the responsibility and duty of the Board of Selectmen to hold a hearing with said official to determine if a violation has occurred. If the Board of Selectmen, from the evidence presented at the hearing by any aggrieved person or persons residing in the Town of Maynard, rules that a violation has occurred, said official shall either (1) be requested to terminate such practices immediately or (2) be relieved of his official Town duties and shall vacate his elected or appointed office.

The purpose and intent of this code are evident. If a person wishes to serve his community, then this person should sever all business ties with the Town to eliminate all doubts that might arise indicating that he or she served only to derive personal financial gains, using a position of trust for their deceptive purposes. You either serve your community or you don't. Distasteful and disgraceful incidents of corruption, graft, and conflicts of interest recently revealed in state governmental agencies must be discouraged and eliminated at the local level. You will only get the type of government you desire in proportion to your interest and participation in government.

(6) The Selectmen in 1960 inaugurated joint meetings of Town Boards, Committees, and officials to (1) exchange views on and to discuss a specific Board's or mutual Town problems, (2) to become aware of the problems facing the Town relative to its present and future needs, (3) to formulate on a systematic basis what is essentially needed relative to possible municipal changes and to relegate to positions of lesser importance those things that can be accomplished at a later date, and (4) to formulate united, joint plans of action with active participation by all which can be presented to the people at Town Meetings.

In this direction, two such meetings were held to discuss the "Study Plan for the Town of Maynard" on May 20th and

"Municipal Finances and Increasing Town Expenditures" on September 19th.

(7) The Selectmen supported the SUASCO watershed legislation to control the rivers of this area in order to eliminate future flood havoc.

(8) The Selectmen actively sought, through the former Senator and current President-elect John F. Kennedy, Senator Leverett Saltonstall, and the State's Congressional Representatives, that the Town lands within the confines of the Ammunition Dump be reverted to the Town if said area is ever declared surplus by the U. S. Government. To attain this goal, assurances were received that "they will do everything within their power to assist the Town in securing title to it."

In conclusion, we wish to extend our thanks and appreciation to all employees and departments for their cooperation and assistance; with special acknowledgment to Mr. James V. King, Town Accountant, for his many services to the Board.

Respectfully submitted,

JAMES B. FARRELL, Chairman

Report of Dog Officer

January 3, 1961

Honorable Board of Selectmen:
Maynard, Massachusetts

Gentlemen:

I herewith submit my report as Dog Officer.

During the year I have returned eighteen (18) dogs to their owners, and I destroyed thirty-four (34) after keeping ten (10) days. I have looked into fifty (50) complaints, relative to dogs.

At this time I would like to thank the Chief of Police, and his assistants for their help.

Sincerely,

WALTER DONOHUE,
Dog Officer.

Report of Inspector of Animals

January 3, 1961

Honorable Board of Selectmen:
Maynard, Massachusetts

Gentlemen:

I herewith submit my report as Inspector of Animals.

I quarantined twenty-five (25) dogs on suspicion of Rabies, and after fourteen (14) days the quarantine was lifted.

66 cows, 2 bulls and 1 horse, and the barns were inspected, and found to be clean. The cattle were free from contagious diseases.

Sincerely,

WALTER DONOHUE,
Inspector of Animals.

Report of Chief of Police

To the Honorable Board of Selectmen:

I hereby submit my annual report as Chief of Police for the year ending December 31, 1960. In performance of the duties of this Office I have had the cooperation of this department, the assistance of the Board of Selectmen and of the other Town officials.

During the year the traffic lines and cross walks were painted and marked in the business area and adjacent to each school in the Town as required by law. The reconstruction of Main and Nason and Summer Streets, together with the erection of new street lights have aided the flow and the directing of traffic in our business area.

Two (2) officers from the Department graduated from the State Police Training School in Framingham, where they were taught the latest and correct method to investigate and report police activities.

ARREST REPORT FOR 1960

Assault	2
Larceny	9
Breaking and Entering	7
Malicious Mischief	1
Accosting	1
Delinquency	5
Indecent Exposure	1
Stubbornness	2

Respectfully submitted,

JAMES J. RYAN,
Sealer of Weights and Measures.

Report of The Board of Fire Engineers

To the Honorable, The Board of Selectmen

We herewith submit our report of the performance of our duties as Fire Engineers for the year 1960.

The Department answered 177 calls during the year, of which 15 were box alarms.

The year saw a fatal fire in our town. This should keep us ever mindful of the potential hazard of fire and cause each and every one of us to exercise more care to prevent fires and thereby avoid their often tragic results.

The year has seen marked improvement in the Maynard Industries property. Our chief source of complaint has been corrected. Better housekeeping is being practiced and thereby it is hoped that fire hazards are kept at a minimum.

Mutual Aid has again operated efficiently between your department and the departments of surrounding towns. It is comforting to feel that in an emergency we can rely completely on the quick response by all of our surrounding towns with men and equipment.

During two blizzards we have summoned our permanent and call force and have assisted the Public Works at the height of the storm by digging out hydrants, particularly in the high cost area near the business center and the mills. We have also cleared hydrants near all schools and churches. It was our decision that at times like this, our men should be on duty to minimize any fire emergency that might arise.

Our permanent force has changed during the year. Captain Raymond G. Connors, who started as a call man in 1931, took his retirement. He gave the town many years of faithful service which was greatly appreciated.

We have had several discussions with the Personnel Board and the payment of overtime has been recommended, in keeping with the practice of other towns and of other town departments. This should not be a major problem, as the occasion for such duty is rare, being confined chiefly to storm and major fire emergencies.

Inspections and investigations of complaints have been conducted on numerous occasions, most of them being confined to the mill properties. In almost every instance complete cooperation has been experienced.

SPECIAL CALLS

2-2-2 All Firemen report to Headquarters

1-1 Test at 12:10 P. M.

2-2-1 Brush Fire Call

1-1 After an alarm indicates fire is out

**6 American Legion, Veterans of Foreigns Wars or State
Guard Call**

7 Boy Scout Call

8 Civil Defense Call

Air Raid Alarm — 28 single blasts

All Clear — Three series of 3 single blasts

**3 at 7:15 A. M. or 12 Noon — No school for first six
grades**

5 at 7:15 A. M. or 12 Noon — No school all grades

The Town Dump has been the chief source of complaints, many of them being registered by residents of Sudbury. We repeat our urgent warning that calls to the Dump restrict our equipment and manpower and may cause a serious delay in answering other calls for emergencies.

The efficiency of our permanent force in the use of our resuscitation equipment is clearly shown by the record of 28 calls and 21 successful cases. We are proud of them and their record. We emphasize that this equipment is always available for instant use. Do not hesitate to call if the occasion arises.

We are troubled with false alarms on the Fire or red telephone. If you make a mistake and reach the Fire Station by accident, please say so. Do not hang up without comment as we have no way of knowing whether or not an emergency exists. Please train your children to use the number only for emergencies.

False alarms by box and telephone continue. They are pranks of the worst sort. They immediately involve the lives and safety of 9 permanent men, 18 call men and substitutes, several policemen and countless citizens and sightseers. Most accidents involving fire apparatus seem to occur when responding to a false or needless alarm.

We have had fine cooperation from our men, the police and all other departments and officials. It is such cooperation which makes democracy work. We are proud to be a part of it.

Our budget will reveal that we are replacing only 2½ inch hose this year. With the advance of developments, our area for brush fires has diminished and we are curtailing the expansion of forest fire equipment.

Losses by fire this year were confined to three major fires. This is an extremely good record for a town with compact areas and densely populated sections. If our citizens continue to be ever conscious of their responsibilities for their own safety, our record will continue to be good. Failure of just one citizen to do everything he can to prevent fire can lead to a disaster of monumental proportions. A fire occurring during a period of high wind or severe storm conditions can quickly get beyond control. Be particularly careful during these periods.

Our statistics for those interested follow below.

Respectfully submitted,

PHILIP A. WILSON,
HENRY MARIANI,
MARTIN GRUBER,
Board of Fire Engineers.

STATISTICS

Number of calls		177
Number of box alarms	15	
Number of still alarms	162	
Brush fire and Dump calls		54
Building fires		24
No service calls		26
Resuscitator calls		28
Successful	21	
Unsuccessful	7	
Out of town calls		6
Dog in pond calls		6
Locked out persons		6
Oil burner calls		4
Auto calls		7
False alarm by telephone		1
Chimney fire		1
Accident		1
Cat in tree		1
Hurricane and snow storm calls		3
Hot water tank		2
Refrigerator		1
Calls for extra equipment		6
2½" hose laid	7,660 feet	
1½" hose laid	1,950 feet	
1⅛" hose laid	15,500 feet	
Deaths		1
Estimated value of buildings involved in major fires or losses		\$144,200.00
Estimated value of insurance involved in major fires or losses		89,000.00
Estimated value of losses involved in major fires or losses		27,800.00
Amount of insurance paid for buildings		13,300.00
Estimate value of personal property involved		18,300.00
Estimate value of insurance on personal property		7,000.00
Estimate value of loss		18,000.00
Amount paid		1,500.00

Report of Civil Defense Agency

The following is a report of the Civil Defense Agency for the period ending December 31, 1960.

Your Civil Defense Agency is happy to report that we have not had to be activated for any real disaster this year. We were at one time on stand-by alert during the hurricane, but did not have to call out the Civil Defense Volunteers.

The Auxiliary Police have been used by the Maynard Police Department several times this year and they were pleased at the opportunity given them to further their training in traffic operation and police duties.

This year has been a very quiet one for the Civil Defense Agency. We are pleased to return a great part of our appropriation to the Town of Maynard.

We are still in need of more volunteer help and will welcome all who wish to join this vital organization.

The Maynard Civil Defense Agency wishes to thank all who assisted the Agency, with many thanks to the Board of Selectmen, the Police Department and all other Town officials for their cooperation in 1960.

Respectfully submitted,

DONALD A. MacGLASHING,
Director.

Report of the Inspector of Wires

To the Board of Selectmen
Town of Maynard, Massachusetts

The annual report of the Wire Inspector is herewith submitted. During the year 1960 there were two hundred four (204) permits issued. In the early months of 1960, all underground wiring on Nason Street was completed with both Main and Nason Streets back to normal.

In the later months of 1960, three (3) housing projects were started which will involve approximately three hundred (300) more dwellings. These homes will be wired to meet the requirements of the 1961 State Code.

Once again, may I warn the citizens of Maynard to contact their electrician before any additional wiring is installed to insure that existing service is adequate to handle the extra load.

May I extend my appreciation and thanks to the Board of Selectmen, Fire Department and Police Department for the cooperation and assistance received during the year.

Respectfully submitted,

EDGAR J. CHRISTIAN,
Inspector of Wires,

Town Clerk's Report

FOR THE YEAR ENDING DECEMBER 31, 1960

Proceedings of Annual Town Meeting

HELD MARCH 7, 1960

In accordance with Town Warrant No. 476 the Annual Town Meeting was held on the above date in the Maynard Memorial Gymnasium.

At 7:30 P. M. the meeting was called to order by the Moderator, Philip Wilson.

On motion of R. Frank Punch it was voted to waive the reading of the warrant as a whole.

Prayer was offered by Rev. Fr. Francis S. Miaskiewicz of St. Casimir's Church.

The Moderator declared a quorum present.

A request by Raymond Sheridan to admit Mr. L. M. Pittendreigh, Engineer to the meeting was granted.

Article 1. The following reports were read and filed with the Town Clerk:

For the Personnel Board by Robert Lalli.

For the Land Fill Committee by Michael Barilone.

For the By-law Committee by Frank C. Lituri, Chairman.

For the Maynard High School Needs Committee by George I. Middlebrooke, Chairman.

On motion of Raymond F. Dumas all these reports were accepted as reports of progress.

Board of Health, 3 members, each	50.00
Library Trustees, 3 members, each	25.00
School Committee, 3 members	No Salary
Planning Board, 5 members	No Salary

All Fees and charges collected by each department must be paid to the Treasurer at the end of each month.

The above salaries are effective January 1, 1960, to December 31, 1960. For changes in personnel during the year, salaries will be pro-rated according to the length of service at above recommended rates.

Article 7. On motion of J. Francis Cleary: Voted to appropriate the sum of \$12,500.00 for Finance Committee Reserve to provide for extraordinary or unforeseen expenditures. Transfer to be made to departments only by vote of the Finance Committee, as provided by Chapter 40, Section 6 of the General Laws.

Article 8. On motion of J. Francis Cleary: Voted to authorize the Board of Selectmen to purchase a business machine and equipment, to be used by the various departments in the Town Building, and to appropriate the sum of \$7,500.00 for this purpose.

Article 9. On motion of Raymond Sheridan: Voted to appropriate the sum of \$4,500.00 to the Board of Public Works for Chapter 90 Maintenance. The reimbursement of \$3,000.00

from the State and County to be restored upon their receipt to the Town Treasury.

Article 10. On motion of Raymond Sheridan: Voted, unanimously, to appropriate the sum of \$18,000.00 to the Board of Public Works for Chapter 90 Construction. The Town's share of \$4,500.00 to be appropriated. The County's share of \$4,500.00 and the State's share of \$9,000.00 to be borrowed under Chapter 44, Section 6-A of the General Laws. Said funds to be used to widen Route 27 at the Maynard-Sudbury line and to continue with the reconstruction of Main Street.

Article 11. On motion of Raymond Sheridan: Voted to authorize the Board of Public Works to aerial spray for mosquito control and to appropriate the sum of \$2,100.00 for this purpose.

Article 12. On motion of Raymond Sheridan: Voted to authorize the Board of Public Works to resurface Summer Street from Main Street to Concord Street with three inches of type I and to transfer from State Highway Chapter 718 Funds the sum of \$9,770.39 for this purpose.

Article 13. On motion of Raymond Sheridan: Voted to appropriate the sum of \$6,000.00 to the Board of Public Works for the purpose of paving and surfacing of Streets.

Article 14. On motion of John J. Tobin: Voted to authorize the Board of Public Works to construct a four hundred and forty-two foot section of drainage with the necessary catch basins and manholes on Pomciticut Avenue and to appropriate the sum of \$2,700.00 for this purpose.

Article 15. On motion of Raymond Sheridan: Voted, unanimously, to authorize the Board of Public Works to install about six hundred feet of twelve inch drain on Old Marlboro Road through an easement to a swamp on the westerly side of Old Marlboro Road and to appropriate the sum of \$4,500.00 for this purpose.

Article 16. On motion of Raymond Sheridan: Voted to authorize the Board of Public Works to construct a five hundred and sixty-eight foot section of sidewalk on the south side of Great Road from Taylor Road to the Green Meadow School and to appropriate the sum of \$2,100.00 for this purpose.

Article 17. On motion of Raymond Sheridan: Voted, unanimously, to authorize the Board of Public Works to lease the property of Grace P. Boeske off Waltham Street, for the use of a Public Dump and to appropriate the sum of \$1,800.00 for this purpose.

Article 18. On motion of Raymond Sheridan: Voted to authorize the Board of Public Works to purchase a new 1959 or 1960 half ton Pickup Truck and to appropriate the sum of \$2,000.00 for this purpose and to further authorize the Board of Public Works to trade in the present 1946 G.M.C. half ton Pickup Truck with this transaction.

Article 19. On motion of Raymond Sheridan: Voted, unanimously, that the sum of \$20,000.00 be appropriated for the purpose of installing pumping station equipment, and that to meet said appropriation, the Treasurer, with the approval of the Selectmen, be and hereby is authorized to borrow the sum of \$20,000.00, under authority of Chapter 44 of the General Laws and to issue notes of the Town therefor payable in accordance with said Chapter 44 so that the whole loan shall be paid in not more than fifteen years from the date of issue of the first note.

Article 20. On motion of Henry T. Hanson: Voted, unanimously, that the sum of \$22,000.00 be appropriated for the purpose of installing by the Board of Public Works about ten hundred and fifty feet of twelve-inch Asbestos Cement Water Pipe on Walnut Street from Bancroft Street to Garfield Street via Parker and Roosevelt Streets; and in Roosevelt Street from Garfield Street to Hayes Street for a distance of five hundred and fifty feet to install eight-inch Asbestos Cement Pipe; and in Linden Street from Summer Street to Concord Street for a distance of six hundred feet to relay the present two-inch and one-inch and a quarter Water Main with eight-inch Asbestos Cement Pipe, with the necessary fittings, valves, hydrants and cross connections and that to meet said appropriation the Treasurer, with the approval of the Selectmen, be and hereby is authorized to borrow the sum of \$22,000.00 under authority of Chapter 44 of the General Laws and to issue notes of the Town therefor payable in accordance with said Chapter 44 so that the whole loan shall be paid in not more than fifteen years from the date of issue of the first note.

Article 21. On motion of Raymond Sheridan: Voted, 161 in favor to 21 opposed, that the sum of \$32,000.00 be appropriated for the purpose of constructing, by the Board of Public Works, sewers for sanitary purposes on Parmenter

Avenue from Concord Street for a distance of one hundred and forty-five feet, and on Old Marlboro Road from Marlboro Street southeasterly for a distance of about sixteen hundred and thirty feet and on Great Road from Station 6 plus 06 easterly for a distance of about three hundred feet and on Summer Hill Road from Mill Street westerly for a distance of about eleven hundred and twenty-five feet and on Summer Hill Road from Station 11 plus 20 easterly for a distance of about 510 feet with the necessary manholes and that to meet said appropriation the sum of \$2,000.00 be appropriated from the Excess and Deficiency Account and the Treasurer, with the approval of the Selectmen, be and hereby is authorized to borrow the sum of \$30,000.00 under authority of Chapter 44 of the General Laws and to issue notes of the Town therefor payable in accordance with the provisions of said Chapter 44 of the General Laws so that the whole loan shall be paid in not more than fifteen years from the date of issue of the first note.

As counters for Article 21 and for any further necessary counting, Margaret J. McCormack, Ruthmary Armour, Phyllis P. Savikoski, Helen E. MacDonald, Sylvia K. Brooks and Sue W. McMahon were appointed by the Moderator and were sworn by the Town Clerk.

Article 22. On motion of John J. Tobin: Voted to authorize the Board of Public Works to extend the water main on Summer Hill Road westerly for a distance of about 950 feet with 12-inch Asbestos cement pipe, and on Summer Hill Road easterly for a distance of about 100 feet and on Old Marlboro Road southerly for a distance of about 500 feet with eight-inch Asbestos Cement Pipe and to appropriate the sum of \$12,500.00 for this purpose.

Article 23. On motion of John J. Tobin: Voted to authorize the Board of Public Works to replace the present 350 G.P.M. Pump at the Sewage Pumping Station off Powder Mill Road with a new 650 G.P.M. Pump and the necessary wiring, piping incidentals thereto and to appropriate the sum of \$3,500.00 for this purpose.

Article 24. On motion of John J. Tobin: Voted to pass over this article.
(re acceptance of Louise Street)

Article 25. On motion of John J. Tobin: Voted to accept about two hundred and sixty feet of Charles Street from Lincoln Street to Randall Road and to accept about two hundred and sixty feet of Randall Road from the already accepted

portion to Charles Street as a Public Way according to a plan filed at the office of the Town Clerk and approved by the Board of Public Works, provided that all work performed relative to the acceptance of the Streets be done in accordance with the provisions of Chapter 80 of the General Laws.

Article 26. On motion of John J. Tobin: Voted to appropriate the sum of \$2,430.00 for the construction of about two hundred and sixty feet of Charles Street to Randall Road and for the construction of about two hundred and sixty feet of Randall Road from the already accepted portion to Charles Street with the necessary drainage. This work shall be done in accordance with the provisions of Chapter 80 of the General Laws, whereby the abutters pay one-half the cost.

Article 27. On motion of John J. Tobin: Voted, unanimously, to authorize the Board of Public Works to purchase two hundred square feet of land from Ernest A. and Irja E. Jarvi at the intersection of Oak and Summit Streets and to appropriate the sum of one dollar (\$1.00) for this purpose.

Article 28. On motion of John J. Tobin: Voted, unanimously, to authorize the Board of Public Works to widen the road at the intersection of Summit and Oak Streets and to appropriate the sum of four hundred dollars for this purpose.

Article 29. On motion of Raymond Sheridan: Voted to accept Walker Street as a public way according to a plan filed at the office of the Town Clerk, and approved by the Planning Board and Board of Public Works.

Article 30. On motion of Raymond Sheridan: Voted to accept Ethelyn Circle as a public way according to a plan filed at the office of the Town Clerk, and approved by the Planning Board and Board of Public Works.

Article 31. On motion of Raymond Sheridan: Voted to accept the paved areas of Windmill Drive and Country Lanes as public ways according to a plan filed at the office of the Town Clerk, and approved by the Planning Board and Board of Public Works.

Article 32. On motion of John J. Tobin: Voted to authorize the Board of Public Works to clean the 12-inch water main from the Station on Winter Street to Main Street for a distance of about 2,600 feet and to appropriate the sum of \$1,700.00 for this purpose.

Article 33. On motion of John J. Tobin: Voted to authorize the Board of Public Works to purchase a new 1959 or 1960 two and one-half ton dump truck and to appropriate the sum of \$5,200.00 for this purpose and to further authorize the Board of Public Works to trade in the present 1947, 1½ ton G.M.C. truck with this transaction.

Article 34. On motion of J. Francis Cleary: Voted to accept the following Cemetery Funds, same to be invested and interest to perpetually care for their lots and surroundings in Glenwood Cemetery.

Autio, Annie L. or Salin, Mrs. Carl	\$250.00	Mason, Mr. and Mrs. Sid- ney H.	100.00
Bobka, Eva	100.00	Micilos, Joseph	50.00
Enneguess, Daniel J., Jr. and Enneguess, Dorothy	200.00	Nordstrom, Lempi	25.00
Gustafson, Ina and Joki- nen, Linda	200.00	Pekkala, Ethel K.	200.00
Hilander, K. Paul	200.00	Pinkham, Helen	200.00
Hiltunen, Elvira	200.00	Pollari, Olga	200.00
Hughes, Barbara or Jen- sen, Peter	200.00	Pulkinen, John or Tuomi, Selma	50.00
Jones, G. Raymond	100.00	Smith, Eva M.	100.00
Kapon, John	200.00	Smith, Harold F. or Helen L.	100.00
Luoma, Arne V.	100.00	Woodward, Mrs. Gloria ..	100.00
		Whitney, Edmund	50.00

Article 35. On motion of Benjamin J. Gudzinowicz: Voted to authorize the Selectmen to appoint a committee to investigate the possibility of obtaining additional parking area. This committee to be composed of a member from each of the following boards or committees: Board of Selectmen, Finance Committee, Planning Board, Board of Assessors, Chamber of Commerce, together with the Town Clerk and Town Counsel.

Article 36. On motion of John J. Tobin: Voted to authorize the Board of Public Works to purchase a new Compressor with the necessary tools and to appropriate the sum of \$5,400.00 for this purpose and to further authorize the Board of Public Works to trade in the present 1936 Compressor with this transaction.

At this time, on motion of J. Francis Cleary, it was voted to act on Article 45 before taking up Article 37.

Article 45. At this time, Fannie Buzzell, Attorney for the American Legion Post, was granted permission to attend the meeting.

A motion was made by Frank X. Sousa to accept the article as read.

On motion of Leo T. Mullin: Voted 144 in favor to 83 opposed to lay this article on the table.

(re sale of Wilson Grammar School site)

Article 37. On motion of J. Francis Cleary: Voted to establish a Town Municipal Building Committee and to appropriate the sum of \$5,000.00 to formulate plans for constructing and originally equipping a new Municipal Building, said committee to consist of five members to be appointed by the moderator and it shall organize on or before April 1, 1960. The progress and recommendations of this committee shall be reported at a future Town Meeting.

Article 38. On motion of J. Francis Cleary: Voted to appropriate the sum of \$10,000.00 to the Stabilization Fund as authorized by Chapter 124, Acts of 1945. Such stabilization Fund to be used for Capital Outlay only.

Article 39. A motion by Charles E. Sullivan to accept Chapter 228 of the Acts of 1959, "An act establishing a minimum annual compensation for police officers in certain cities and towns" was not carried.

Article 40. On motion of Francis X. Sousa: Voted to authorize the Town Moderator to appoint a committee for the purpose of establishing a permanent memorial in honor of those serving in World War II and the Korean Conflict; said committee to be comprised of the Veterans' Council, a member of the Finance Committee, the Planning Board, Public Works Commissioners, and the Board of Selectmen, and three members-at-large chosen from the Town of Maynard. This committee to investigate the type of monument most desirable, its cost, and most suitable site for its erection; said recommendations to be presented to the Town at the next annual Town Meeting.

Article 41. On motion of Benjamin J. Gudzinowicz: Voted, 160 in favor to 12 opposed; to authorize the Board of Selectmen to acquire off-street parking areas and facilities under Section 22B of Chapter 40 of the General Laws by lease not to exceed five years, or otherwise, and to pay for such lease at a cost of \$1.00 per lease, including the cost of policing, operating, lighting, and maintaining such areas and facilities in whole or in part, as determined by the Selectmen, from any receipts from said parking meters; provided, that the off-street parking areas and facilities are located not more than six hundred feet from a building in which the principal

activity is business, commercial, manufacturing, or industrial in character and which building is in a business, commercial, manufacturing, or industrial zone but is not more than six hundred feet from the nearest parking meter of any group of not less than thirty parking meters approved by the state department of public works.

Article 42. On motion of George I. Middlebrooke: Voted, 129 in favor to 26 opposed to establish a High School Building Committee consisting of fifteen (15) members as follows: the three members of the School Committee as of April 1, 1960, the Town Counsel, the High School Principal, one Maynard High School Teacher, one member of the Board of Selectmen, one member of the Finance Committee, one member of the Planning Board, one member of the Board of Public Works, one member of the Maynard Parent-Teachers Association, one member of the Chamber of Commerce, the latter seven (7) members to be selected by their respective organizations, and three (3) members to be appointed by the Moderator. The Superintendent of Schools shall serve in advisory capacity to this committee. The fifteen original members of this committee will serve as permanent members during the existence of this committee regardless of termination of their elective or appointed office. In the event of the resignation of any of the fifteen original members of this committee, his or her place shall be filled by appointment by the Moderator. The functions of this committee shall be to formulate plans for constructing and originally equipping a new High School building to be erected on land owned by the Town, in accordance with the recommendations of the Maynard High School Needs Committee. This committee shall organize on or before April 1, 1960. The Chairman of the School Committee shall call the first meeting of this committee and shall preside until such time as the committee shall elect a chairman. The progress and recommendations of this committee shall be reported at a future Town Meeting.

And further vote to appropriate the sum of twenty thousand dollars (\$20,000.00) to be used by the said High School Building Committee for the purpose of procuring preliminary plans for the construction and equipment of a new High School and other necessary expenses to be incurred in carrying out this purpose.

On motion of J. Francis Cleary: Voted to act on Article 44 before Article 43.

Article 44. On motion of George I. Middlebrooke: Voted to rescind the authority granted to the Selectmen by vote of the Town Meeting held on March 14, 1949, to sell the land

shown on a plan entitled "Sub-division of the Eveleth Estate in Maynard, Mass. owned and developed by Alice A. L. Rapson," said plan dated May, 1925 and on file at the Selectmen's Office; except that such recision shall not effect the authority already exercised by the Selectmen in respect to any sale of said land heretofore made by them in accordance with the vote of the aforesaid Town Meeting nor the authority granted to the Selectmen to sell certain parcels of land as shown on aforesaid plan by vote of the Town Meeting held on March 2, 1959, in accordance with Article II, of the Warrant for the Town Meeting of March 2, 1959.

Article 43. On motion of George I. Middlebrooke: Voted that the Town transfer to the School Committee a parcel of land adjoining lot "A" at Alumni Field and designated as lot "B" on a plan on file at the office of the Town Clerk, to be used at the discretion of the School Committee for any purpose deemed necessary and proper for the educational program of the Town.

Article 45 acted on before Article 37.

Article 46. On motion of Carlo J. Mistretta: Voted, unanimously, to amend the Zoning By-Law and the "Zoning Map of Maynard," dated October 5, 1950 and referred to under Section 2 of the Protective Zoning By-Law of the Town of Maynard, Massachusetts by changing from that of single Residence District to that of Business District the following described area of land situated on the Northerly side of Powder Mill Road: "Beginning at land of the Germany Realty Corporation and running Easterly along Powder Mill Road 136.6 feet to land now or formerly of Salvatore Buscemi; thence Northeasterly by said land of Salvatore Buscemi, two hundred (200) feet, more or less; thence Westerly by land now or formerly of William Snow et al, 70.6 feet; thence Southerly by said land of the Germany Realty Corporation 191 feet to the point of beginning."

Article 47. On motion of Robert J. McMahon: Voted, unanimously, to amend the Protective Zoning By-Law of The Town of Maynard, Massachusetts, by adding to subsection 2 of Section 12 the following paragraph:

"No member of the Planning Board shall also serve as a member of the Board of Appeals."

Article 48. On motion of Worsley Fardy: Voted, unanimously, to amend the Protective Zoning By-Law of The Town of Maynard, Massachusetts by deleting the last sentence of

paragraph (f-2) of subsection 1 of Section 5 and substituting in its place the following: "No pump shall be placed within eighteen (18) feet of any street line and no filling shall be done except in vehicles standing on property of the filling station."

Article 49. On motion of Worsley Fardy: Voted, 67 in favor to 1 opposed, to amend the Protective Zoning By-Law by adding the following paragraph to subsection 5 of Section 8 to be hereinafter designated as subsection 5 (d) of Section 8: The Planning Board may approve irregularly shaped lots in a sub-division where such lots have less than the minimum frontage required but contain the requisite area a building may be erected on; approval by the Planning Board of lots as aforesaid shall permit the erection of a building on each lot so approved, providing the required set back and side line distances are maintained, for all purposes within the meaning of these Zoning By-Laws.

Article 50. A motion by Carlo J. Mistretta to adopt Article 50 as read, was amended by Stanley W. Nowick.

On motion by Jean T. Caisey it was voted to lay this article on the table.

A motion to reconsider this article was lost, 40 in favor to 42 opposed.

(re adoption of a building code)

Article 51.

Article 52.

The Moderator ruled that no action could be taken under these articles due to the fact that Article 50 was not adopted.

At 12:20 A. M. March 8, 1960, on motion of John S. Sokolowski, it was voted to adjourn.

Attest:

ELEANOR JONES,
Town Clerk.

Boston, Mass.

April 14, 1960

The foregoing amendments to Zoning By-laws are hereby approved.

E. J. McCORMACK, JR.,
Attorney General.

Proceedings of Annual Town Election

MARCH 14, 1960

The Annual Town Election was held in Maynard Memorial Gymnasium on the above date, in accordance with Town Warrant No. 477.

The meeting was called to order at 8:00 o'clock A. M. by Town Moderator, Philip Wilson. On motion of R. Frank Punch it was voted to waive the reading of the warrant. The polls were then declared open.

The Ballot Boxes were examined by the Moderator and Town Clerk, prior to the opening of the polls, who found them to be empty, set the registers at zero, locked them and put the keys in the custody of the Election Officers in charge of the boxes.

The Ballot Clerks and Checkers, appointed by the Selectmen and sworn by the Town Clerk, were as follows: James J. Ryan, Rachel Lester, Harry Boothroyd, Phyllis P. Savikoski, Helen MacDonald, Herbert R. Usher, James J. Tobin, Martha L. Champagne, Margaret J. McCormack, Ruthmary Armour, Pauline E. Foley and William G. Weir.

At 1:30 o'clock P. M. the following Tellers, appointed by the Selectmen, were sworn by the Town Clerk: Margaret M. Boothroyd, Eva H. Evers, Louise M. Anderson, Agnes V. Rizzo, Catherine Lyons, Lillian J. Alto, M. Mabel Holly, Mabel A. Bemis, Margaret I. Fardy, Theresa Sharpe, Grace E. French, Jessie B. Crowe, Gertrude Duggan, Evelyn M. Darcy, Esther M. Evans, and Pauline E. Braman.

At 8:00 o'clock P. M. the Moderator declared the polls closed.

Proceedings of Special Town Meeting

HELD MARCH 14, 1960

In accordance with Town Warrant No. 478, a Special Town Meeting was called to order by the Moderator, Philip Wilson, on the above date, at 8:00 o'clock, P. M.

On motion of R. Frank Punch it was voted to waive the reading of the Warrant.

The Moderator declared a quorum to be present.

Article 1. There were no reports given.

Article 2. There were no vacancies in Town Offices to be filled.

Article 3. On motion of J. Francis Cleary: Voted, unanimously, to authorize the Town Treasurer and Collector, with the approval of the Selectmen, to borrow money from time to time in anticipation of revenue of the financial year beginning January 1, 1960, and to issue a note or notes therefor, payable within one year and to renew any note or notes as may be given for a period of less than one year in accordance with Section 4, Chapter 44, of the General Laws.

At 8:05 P. M., on motion of R. Frank Punch, it was voted to adjourn.

Attest:

ELEANOR JONES,
Town Clerk.

In accordance with the provisions of Chapter 41, Section 19, of the General Laws of Massachusetts, I hereby appoint James V. King of Maynard to be Assistant Town Clerk during the current municipal year or until this appointment is revoked.

ELEANOR JONES,
Town Clerk of Maynard.

I, James V. King, above named, do solemnly swear that I will faithfully perform the duties devolving upon me as Assistant Town Clerk of the Town of Maynard, Massachusetts.

JAMES V. KING.

Subscribed and sworn to this 15th day of March, 1960,
before me,

ELEANOR JONES,
Town Clerk.

A true copy,
Attest:

ELEANOR JONES,
Town Clerk.

Proceedings of Presidential Primary

HELD APRIL 26, 1960

In accordance with Town Warrant No. 479, the Presidential Primary was held in Maynard Memorial Gymnasium, on the above date.

James B. Farrell, Chairman of the Board of Selectmen, was Presiding Officer. The Ballot Box was examined by the Presiding Officer and Town Clerk who found it to be empty. The register was set at zero and the box was locked and the keys put in charge of the Election Officer at the Box.

At two o'clock the Presiding Officer called the meeting to order. On motion of James J. Ryan it was voted to waive the reading of the warrant. The polls were then declared open.

The Election Officers, sworn by the Town Clerk, were: James J. Ryan, Ruthmary Armour, Pauline E. Foley, Margaret J. McCormack, Phyllis P. Savikoski and William G. Weir.

At 5:30 P. M. ballots were removed from the box and counting began by the following Tellers, who were sworn by the Town Clerk: Eva H. Evers, Agnes V. Rizzo, Margaret M. Boothroyd, Jessie B. Crowe, Gertrude Duggan, Margaret I. Fardy, M. Mabel Holly and Grace E. French. The tabulating was done by Myrtle Whitney and Doris A. Lowney who were also sworn by the Town Clerk.

At eight o'clock P. M. the polls were declared closed.

At nine o'clock the Checkers assisted in counting ballots.

2,662 Democratic Ballots and 2,635 Republican Ballots, received from the Secretary of the Commonwealth were delivered to the election officials together with duplicate voting lists containing 3,816 names of voters (856 enrolled Democrats, 781 enrolled Republicans) by the Town Clerk and a receipt taken therefor.

At the close of the polls the check lists at the Gate and Box showed 303 names checked — 166 Democrats and 137 Republicans.

The register on the Ballot Box showed the figures 303.

The count was completed at 2:45 A. M. April 27, 1960, and was as follows:

Proceedings of State Primary

HELD SEPTEMBER 13, 1960

Pursuant to Town Warrant No. 480, signed by the Selectmen August 9, 1960, duly posted by Constable Eino Nyholm as required by the by-laws of the Town, the inhabitants of Maynard qualified to vote in Primaries, met at the Maynard Memorial Gymnasium on Tuesday, September 13, 1960, to vote for the nomination of Candidates of Political Parties as specified in the warrant.

Before the opening of the polls the Town Clerk delivered one ballot box, duplicate voting lists, five counting boards, copy of the official warrant, cards of Instructions, Penalty Cards, Specimen Ballots, Ballot seals and Envelopes, Tally Sheets, Total Sheets and boxes said to contain 2,587 Democratic Ballots and 2,476 Republican Ballots, to the Warden, Doris A. Lowney, taking a receipt therefor.

The Election Officers, appointed by the Selectmen, were:

Warden, Doris A. Lowney, Deputy Warden, James J. Ryan
Clerk, Myrtle Whitney, Deputy Clerk, William G. Weir
Inspectors, Phyllis P. Savikoski, Pauline E. Foley
Deputy Inspectors, Martha L. Champagne, Margaret J. McCormack

The Polls were opened at 12 o'clock Noon and closed at 8 o'clock P. M. by the Warden.

At 8 o'clock P. M. the following Tellers began counting the ballots cast: Myrna E. Palmer, Jeannette T. Robblee, Catherine Lyons, Margaret M. Boothroyd, Ann T. MacGlashing, Pauline E. Braman, Edna M. Farrell, William J. Maley, Agnes V. Rizzo, Jessie B. Crowe, Eva H. Evers, Gertrude Duggan, Harriett E. Fouratt, Etta H. Cain, Helen R. Carey, Mary N. Sheridan, Grace E. French, Ruthmary Armour, James J. Tobin, Helen V. MacDonald, Esther M. Evans, Shirley M. King, Margaret I. Fardy.

The Clerk reported that the Ballot Box Register was set at Zero before the opening of the polls and registered 726 at the close. (One ballot became caught and registered twice.)

Number of names checked on voting list	570 Democratic 155 Republican
--	----------------------------------

Total Ballots cast	<hr/> 725
--------------------	-----------

Number of Unused Ballots	2,017 Democratic
	2,321 Republican
Total Unused Ballots	4,338

Counting and tabulating of the ballots cast was completed at 1:30 A. M. September 14, 1960.

Following is the tabulation of votes cast as returned by the Election Officers.

ELEANOR JONES,
Town Clerk.

Proceedings of Special Town Meeting

OCTOBER 10, 1960

A Special Town Meeting was held on the above date, with Moderator Philip Wilson, presiding, who called the meeting to order at 7:30 o'clock P. M. and declared a quorum to be present.

On motion of R. Frank Punch it was voted to waive the reading of the Warrant as a whole.

Article 1. Jean T. Caisey gave a report for the Town Building Committee which was filed with the Town Clerk.

Article 2. No vacancies in Town Offices.

Article 3. On motion of Jean T. Caisey: Voted, 162 in favor to 29 opposed, to appropriate the sum of \$329,000.00 for the purpose of constructing, originally equipping and furnishing a combined Town Office and Public Library building on Town owned land located on Main Street, known as the "Wilson School Property," and to meet such appropriation, the sum of \$2,000.00 be transferred from the Excess and Deficiency Account, the sum of \$17,000.00 be transferred from the sale of land account, and the Treasurer, with the approval of the Selectmen, is authorized to borrow a sum not in excess of \$310,000.00 and to issue bonds or notes therefor, payable within 20 years from their dates under the General Laws, Chapter 44, Section 7 (3) as amended.

Article 4. The Moderator ruled that in view of the action taken under Article 3, no action was necessary under this article.

(re Town Office Building only)

Article 5. On motion of Jean T. Caisey: Voted, unanimously, that the Selectmen be authorized to take by eminent domain under G. L. c. 79, all the right, title or interest which Amory Maynard, or his successors, assignees, devisees or heirs may have, by virtue of the reservation contained in the deed described below, in the land on Main Street conveyed to the Town by the deed of Amory Maynard and Mary Maynard, dated July 11, 1857 and recorded in Book 2182, Page 402, Middlesex South District Registry of Deeds, which land is

more fully described in such deed and shown on Plan 49, Book of Plans 138, together with any other interests in such land which may be held by persons other than the Town, such land to be used for the purpose of a public library and Town office building, and that the sum of \$1.00 is hereby appropriated, to be transferred from Excess and Deficiency Account for the purpose of acquiring such rights in such land, it being determined that all such interests, if any, are of nominal if any value.

Article 6. On motion of Jean T. Caisey: Voted, unanimously, to transfer the custody, management and control of the Town owned land on Main Street known as the "Wilson School Land" to the Selectmen and the Library Trustees as follows: such portion of such land as is to be used for library purposes to be under the control of the Library Trustees, and the remainder of the land, to be used for Town office building purposes, to be under the control of the Selectmen, provided that this vote shall not become effective until a valid order of taking has been adopted and recorded by the Selectmen in accordance with the vote of the Town under Article 5.

Article 7. On motion of Jean T. Caisey: Voted that a committee composed of the present members of the Municipal Building Committee, established under Article 37 of the Town Meeting of March 7, 1960, be authorized to construct, originally equip and furnish a combined Town Office Building and Public Library Building in accordance with the provisions of Article 3, voted at this meeting: the Town Moderator shall make any appointments necessary to replace any vacancy of membership as may occur in this committee.

Article 8. On motion of Worsley Fardy: Voted to lay this article on the table.

(re re-zoning at Brown and Concord Sts.)

Article 9. On motion of Alfred S. Carey, Jr.: Voted, unanimously, that the sum of \$23,000.00 be appropriated for Public Welfare, including Old Age Assistance (\$21,902.90), Aid to Dependent Children (\$425.68), and Disability Assistance (\$671.42), and to meet this appropriation, the Treasurer with the approval of the Selectmen is authorized to issue \$23,000.00 bonds or notes of the Town under Chapter 329 of the Acts of 1959.

The counters under Article 3, sworn by the Town Clerk, were Margaret J. McCormack, and Martha L. Champagne.

At 8:25 o'clock, on motion of R. Frank Punch, it was voted to adjourn.

Attest:

ELEANOR JONES,
Town Clerk.

Proceedings of State Election

HELD NOVEMBER 8, 1960

In accordance with Town Warrant No. 482, signed by the Selectmen October 18, 1960 and duly posted by Constable Eino Nyholm as required by Town by-laws, an election was held, on the above date, in the Maynard Memorial Gymnasium.

Two ballot boxes, duplicate voting lists, copy of the official warrant, counting boards, Instruction and Penalty cards, Ballot seals and Envelopes, Specimen Ballots, Tally Sheets, Total Sheets and boxes said to contain 4,500 Official Ballots were delivered at the polls by the Town Clerk and a receipt therefor was given by the Warden.

The ballot boxes were checked by the Warden, Doris A. Lowney and the Clerk, Myrtle Whitney, the registers were set at zero and locked. The keys were put in charge of the election officer at each box.

Election Officers at the opening of the polls were: James J. Ryan, Herbert R. Usher, James J. Tobin, William G. Weir, Helen V. MacDonald, Cecelia R. O'Toole, Margaret J. McCormack, Martha L. Champagne, Rachel Lester, Phyllis P. Savikoski, Pauline E. Foley, Ruthmary Armour.

The Polls were opened at 8 A. M. and closed at 8 P. M.

Register on ballot box and number of names checked	
— Area 1	1,990
Register on ballot box and number of names checked	
— Area 2	1,908
	<hr/>
	3,898
Total number of ballots cast and tabulated	3,898
Included in the above were: { War Ballots	28
{ Absent Voter Ballots	75
Number of Unused Official Ballots	705

At 8 o'clock P. M. the following Tellers reported for work: Eva H. Evers, Helen R. Carey, Harriet E. Fouratt, Agnes V.

Rizzo, Anastacia K. Taylor, Pearl L. Jackson, Kathleen L. Lowe, Mabel A. Bemis, Signe M. Hellowell, Pauline E. Braman, Florence A. Jones, Jessie B. Crowe, Margaret M. Boothroyd, Evelyn Darcy, Etta H. Cain, Dorothy E. Hamlin, Gertrude Duggan, Mary F. Sharpe, Victoria Gallagher, Mary Niose, Edna M. Farrell, Mary T. Ollila, Charlotte M. Michelson, Jean E. Peterson, Myrna E. Palmer, Harry Manuel, Phyllis P. Savikoski.

The tabulating was done by Grace E. French and Margaret I. Fardy.

Following is the tabulation of votes cast, as returned by the Election Officers:

**All dog licenses here listed expire
March 31, 1961**

Dogs must be licensed on or before April 1st or the owners or keepers thereof are liable to a fine.

The law applies to all dogs three months old or over, regardless of time of year ownership is acquired.

No tax bills are sent to owners of dogs.

Assessors' Report

To the Board of Selectmen
Gentlemen:

The Annual Report for the Board of Assessors for the year ending December 31, 1960, is submitted herewith:

In accordance with the provisions of the General Laws of Massachusetts, Chapter 59, Section 29, all owners of taxable property shall, each year, on or before the 31st of January, submit to the local Assessors a list with the valuation of their taxable property. Notices are posted, and forms may be obtained at the Assessors' office in the Municipal Building.

All Male inhabitants who are 65 years of age and over, and who wish to be exempted from payment of a poll tax, must make a request in writing on a form furnished at the office of the Assessors.

All requests for abatement or exemption of taxes must be filed on forms which can be obtained at the Assessors' office. All applications for abatement or exemption of Personal Property Taxes or Real Estate Taxes must be filed on or before October 1st of each year.

The construction of new homes and other buildings, the sale and transfer of any real estate, means that all additional work such as recording, inspecting and valuing must be done by the Assessors. The number of Motor Vehicle Excise Taxes is constantly increasing, bringing in consequence increasing work in assessing and in making abatements.

Town Accountant's Report

To the Honorable Board of Selectmen:

Herewith is presented the report of the Accounting Department for the year ending December 31, 1960. The report is made in accordance with the requirements of the State System of Accounting.

In accordance with the provisions of Section 61, Chapter 41, of the General Laws, I hereby certify that I have verified the cash balance of the Town Treasurer as of December 31, 1960. The total cash balance December 31, 1960 was \$344,969.31.

In accordance with the provisions of Section 23, Chapter 59, General Laws, as amended, the amount of available funds or "free cash" as of December 31, 1960 is \$152,879.36.

The courtesy and co-operation received from the various Town boards, officials and employees is grateful appreciated.

Respectfully submitted,

JAMES V. KING,
Town Accountant.

Town of Maynard

Report of The Board of Registrars of Voters

To the Board of Selectmen
Maynard, Massachusetts
Gentlemen:

Under supervision of the Board, the Annual Listing of Residents of the town, twenty years of age and over, and a listing of Dog owners, was made in January.

The Voting List was checked with the Listing and corrections of addresses were made. After the close of registration new Voting Lists were printed. All nomination papers filed with the Registrars for the Town Election were checked and proper signatures were certified. Three advertised Registration meetings were held prior to the Town Election.

Registration meetings were also held prior to the April, or Presidential Primary, the September, or State Primary and the State Election in November, as required by law.

The Voting List at the November Election contained 4,177 names.

In December, Albert J. Hodgess was appointed to fill a vacancy in the Board.

Reginald Jones

On October 7, 1960, the Board was saddened by the death of Reginald Jones, a life-long resident of Maynard, who had been a Registrar since May, 1946. He was a faithful, conscientious member of the Board and a good citizen of the town and all who knew him mourn his untimely death.

Respectfully submitted,

EDWARD E. PUFFER, Chairman
ALEXANDER J. BOURKE
ELEANOR JONES

Board of Registrars of Voters.

Report of the Personnel Board

During the year 1960 the Personnel Board met twelve times for the purpose of adjusting personnel matters. The Board also met with interested town departments, boards and committees at their convenience.

During the year John Tombeno retired due to ill health and Frank Waldron moved out of Town. These vacancies were filled by M. John Gunn and Larry Simpson who were appointed by the Moderator.

Robert Lalli was elected Chairman and M. John Gunn appointed the Recorder.

In regard to requests for increase in wages, an increase of 5% in the Wages and Salaries of all Town Employees, under the jurisdiction of the Personnel Board, is being recommended for approval at the next annual Town Meeting to become effective March 1, 1961.

This increase reflects a rise in the Cost of Living Index and general increase due to the rise in the "going wages" in surrounding communities, which are anticipated or in effect at the present time.

Revision to Fringe Benefits

1. An addition of two (2) guaranteed paid holidays is being recommended for members of the Police Department and Fire Department, April 19th (Patriot's Day) and November 11th (Veterans' Day). This is based on a review of the actual paid holiday of other Town Employees at the present time. This review indicated the necessity of equalizing the fringe benefit.

2. A recommendation will be made to revise the present overtime clause to include the members of the Fire Department. This revision will be of a nature so as to compensate the members of the Fire Department straight time payment at an average hourly rate for all hours in excess of the normal work shift which totals fifty-six (56) hours.

The Board wishes to thank the Town Employees, and the Department Heads for their cooperation.

As of January 1, 1961, the following are members of the Personnel Board.

Robert Lalli	Term expires March, 1961
M. John Gunn	Term expires March, 1962
Larry Simpson	Term expires March, 1963
Albert Rogers	Term expires March, 1964
Arthur Brooks	Term expires March, 1964

Respectfully submitted,

M. JOHN GUNN,
Recorder.

Report of Progress of the Special Water Committee

Another year has passed without a solution to our problem of acquiring an additional source of water. As previously reported, every possible source within the town limits has been thoroughly tested by professional engineers without success. Although there are any number of local "experts" who claim to be able to locate an adequate ground water supply, none of them are willing to invest in the cost of drilling under the condition that they get paid AFTER they produce the water.

A move to acquire an enabling act allowing the town to develop a well site over the town line in Stow has been very badly handled. Although the Board of Public Works were given the impression that the town counsel had presented such a bill to our state representative, it has recently come to light that this action was never taken. The Board of Public Works have since prepared and placed in the hands of Representative Eaton, such a bill themselves. This bill will be acted on during the next session of the legislature. failure to pass this bill means resorting to much more costly and less satisfactory means of supplementing our water supply.

With the continued growth of the town and with the increased use of water, new problems arise in the distribution system as fast as the older problems are being corrected. Under the main replacement program, during the past year, the twelve inch feeder on Walnut Street was extended from the intersection of Bancroft Street, across Parker Street, with a cross connection to the eight inch Parker Street main, along Roosevelt Street to Cleveland Street at which point it was reduced to eight inch and continued to a connection at Hayes Street. Subsequent flow tests showed improvement as a result of this work as far away as the Green Meadow School where the fire flow was increased from 530 GPM to 813 GPM at 20 PSI. other tests showed the following improvements:

Roosevelt St. near Hayes St.....258 GPM to 2477 GPM at 20 PSI
Roosevelt St. near Demars St...550 GPM to 915 GPM at 20 PSI
Waltham St. near First St.....454 GPM to 561 GPM at 20 PSI

The new eight inch main on Linden Street connecting Summer Street with Concord Street at Lincoln Street, not only corrected the very poor domestic supply on Linden Street but bolstered the fire protection at the rear of the High School and increased the flow on Lincoln Street from 416 GPM to 1125 GPM at 20 PSI.

The most important recommendation for the coming year is the correction of the critical distribution deficiencies that have developed in the Powder Mill Road area. With the prospects of the development of the area between Powder Mill Road and Old Mill Road for industrial use, the providing of adequate fire protection is imperative if desirable industry is to be attracted.

Respectfully submitted,

RUOFF TOMPKINS
HENRY T. HANSON
EMILE A. DUMAS
RAYMOND J. SHERIDAN

Report of the Elementary School Building Committee

January 1, 1960 to December 31, 1960

ELEMENTARY SCHOOL BUILDING COMMITTEE

Irving H. Manning, <i>Chairman</i>	Irene G. Wood, <i>Secretary</i>
Walter E. Carbone, <i>Constructional Advisor</i>	
Helen C. Gately	Virginia N. Robinson
William H. Larson	John S. Sokolowski
Noble E. Loomer	Florence M. Wilder
Anthony Palmaccio	Albert Lerer, <i>Advisor</i>
Frank Punch	Leonard Rae, <i>Counsel</i>

To the Board of Selectmen:
Maynard, Massachusetts
Gentlemen:

The court case concerning the roof of the All Purpose Room at the Green Meadow School is still pending.

Irving H. Manning, Chairman, and Walter E. Carbone, Constructional Advisor, attended the court sessions to represent the School Building Committee.

Expenditures for the year 1960 were as follows:

Louis Proia Construction Co.	
Balance due on contract	\$2,011.41
Ned Nobilini Sons, Inc.	
Work on All Purpose Room Roof	60.00
Leonard E. Rae	
Service rendered N. F. Brisson concerning shrubbery	45.00
Enterprise Press	
Advertising for bids	9.38
TOTAL	\$2,125.79

Respectfully submitted,

IRENE G. WOOD,
Secretary.

Report of The Maynard High School Building Committee

To the Board of Selectmen
Maynard, Massachusetts

The Maynard High School Building Committee, formed in accordance with the vote of the citizens at the annual town meeting of March 7, 1960; the function of which is "to formulate plans and cost estimates for constructing and originally equipping a new high school building to be erected on land owned by the town in accordance with the recommendations of the Maynard High School Needs Committee," herewith presents a report of progress of its findings and recommendations.

Up till the time of writing this report, the committee has held 15 regular and 6 special meetings. Various sub-committees met as needed. In addition, the committee visited approximately 10 high schools in the immediate area in order to gain a better perspective of the type building needed to house the educational program as approved by the Maynard School Committee.

Four meetings with the Massachusetts School Building Assistance Commission at 88 Broad Street, Boston were held according to the following schedule:

1. Needs Conference — May 2, 1960
2. Educational Specifications — October 27, 1960
3. Preliminary Plans — November 29, 1960
4. Preliminary Plans — January 9, 1961

No further meetings will be scheduled with the state commission until the plans are approved by the voters of Maynard. The state will pay approximately 36% of the cost of the proposed high school building.

The committee retained the services of the architectural firm of Perley F. Gilbert Associates to draw up plans and a cost estimate for a 600-student high school to be located on town property known as the Eveleth Estate located on the south side of Great Road, adjacent to alumni field.

It should be pointed out that the enrollment of 600 students is a projected figure for the year 1970. This figure is based on a birthrate study, new housing program anticipated by the planning board, and the anticipated enrollment of some stu-

dents in private schools in the area. That part of Maynard now owned by the federal government was not considered a possible area for housing development in the foreseeable future.

The title records of the proposed new school site have been searched by the town counsel and in his opinion so far as appears from said records, Lots A and B on the plan entitled "Land in Maynard — Maynard, Mass. — formerly a subdivision of the Eveleth Estate" dated October 1952 and as revised November 12, 1958, is a marketable title, free of any effective encumbrances thereon.

Please be advised that our work is not finished, but that the plans and a cost estimate of the proposed new high school will be submitted to the voters at a special town meeting for their consideration, as soon as is feasible.

Respectfully submitted,

ROBERT R. BILLUPS, Chairman
For the Committee.

Report of the Finance Committee

To the Citizens of the Town of Maynard:

During the year of 1960 the Finance Committee held twenty meetings.

Transfers from the Reserve Fund during the year have been made by the Finance Committee totaling \$11,431.55.

All departments are reminded that requests must be made to and transfers voted by the Finance Committee before any obligations in excess of an appropriation are made.

Following last year's annual Town Meeting the Moderator re-appointed Mr. Anthony R. Ciraso and Mr. John H. MacDonald, and appointed Mr. Owen F. Duggan.

Report of The Board of Public Works

To the Citizens of Maynard:

The Annual Report of the Board of Public Works for the year ending December 31, 1960, is herewith submitted.

For the Board of Public Works, this year has been a busy one. Continued growth of the town, with its attendant problems, has resulted in many extra meetings for the Board as well as progressively longer sessions of our regular Thursday night meetings.

In March, of this year, the Superintendent of the Department resigned. Lauri Wick, the Highway Foreman was appointed Acting Superintendent. The Board interviewed several applicants for the position, most of them highly qualified, but they were not interested when they learned what salary we could offer. We then decided we couldn't get a professional engineer so sought out an administrator trained in Municipal Public Works, Finance and Law. This resulted in the hiring of Donald A. Lent of Maynard, a man with over thirty years of experience and education in this field. We feel that the Board and Town is fortunate to obtain a man of such high calibre and furthermore it is our belief that the Public Works Department will now carry out fully the intent of the Public Works Act.

The most important single problem facing the Town is obtaining more water supply. An enabling Act was filed in the General Court seeking to allow us to take water from within the Town of Stow. Action on this Act should come early in 1961.

For some time now, there have been questions raised as to the legal status of certain streets. We went into the whole matter with the Town Counsel, the result being a decision that it was necessary to file for a special Act of the General Court to clear up this matter; also we are sponsoring an article at the Annual Town Meeting to accept streets in question. It seems that, since the incorporation of our Town, we haven't accepted streets according to General Law. We now have set up the proper procedure to do this in the future.

The work done by the Department of Public Works in 1960 can be found in the Superintendent's report along with recommendations for 1961. The Board wishes to thank the employees of the Department, especially Mr. Lauri Wick, for carry-

ing on until we could get a Superintendent, and the elected and appointed officials for their splendid co-operation.

Respectfully submitted,

RAYMOND J. SHERIDAN, SR.,
JOHN J. TOBIN,
MICHAEL BARILONE,
Board of Public Works.

Report of the Superintendent of Public Works

To the Board of Public Works
Gentlemen:

Herewith is submitted the annual report of the Department of Public Works ending December 31, 1960, which includes Highways and Bridges, Water and Sewer, Cemetery, Parks, Trees, Insects, and Parking Areas and the Public Dump.

Highway

Treated With Oil

Florida Road	Roosevelt Street
Bent Avenue	Garfield Street
Lincoln Street	Forest Street
Charles Street	Hillside Street
Tremont Street	Sudbury Street
Vernon Street	Pine Street
Pine Hill Road	Mill Street
Lindberg Avenue	River Street
DeMars Street	Nason Street
Arthur Street	Crane Avenue
Hayes Street	Douglas Avenue

Eight hundred fifty feet of Summer Street near the Stow line was given surface treatment with Type I.

Second Street was surfaced with new gravel and two coats of oil applied.

Under Chapter 718 Summer Street from Main Street to Concord Street was surfaced with 3 inch binder and top.

Under Chapter 90 maintenance about 1,700 feet of mixed-in-place was applied to Acton Street and Haynes Street and approximately 1,800 feet to Parker Street. About 2,500 feet oil stone was applied to Great Road.

Under Chapter 90 construction 1960 force account approximately 265 feet of Parker Street (Route 27) at the Sudbury line was widened, new gravel, stone, oil, and one course of binder applied. This was done in cooperation with the town of Sudbury.

Under repair of damaged sidewalks program, the work of 1959 was continued in the business section and 80 blocks of concrete sidewalks were removed and replaced with new blocks.

About 560 feet of new Type I sidewalk was constructed on Great Road near the Green Meadow School; and under the Betterment act (with abutter paying half cost) 100 feet of Type I sidewalk was built in front of 10 Fairfield Street.

Streets in the business section were swept daily (weather permitting) from April 1, to Thanksgiving week and Streets throughout the town were swept several times.

Roads and sidewalks were repaired when need was noted.

In addition to snow plowing of all streets and ways, snow has been removed from the business sections, from schools, churches, and other public places. Streets and ways have been sanded and also sidewalks. We have found it necessary in streets from which snow is not removed to plow only one sidewalk when we have an unusual snow storm. We hope that this will not cause too much inconvenience. There is nothing so uncertain as the probable cost of this service depending as it does upon the amount of service demanded by the public and most of all upon the number of storms and the amount of precipitation. Indicative of the uncertainties involved in this operation was the storm just before Christmas and that of the New Year weekend. These two storms took more than $\frac{1}{3}$ of the appropriation for snow and ice control. The first involved plowing and removing a large amount of snow and the second, in addition to removing a lesser amount of snow, ice forming conditions required almost continuous sanding of streets. During the three day period from Saturday morning to Monday night, approximately 280 tons of sand and salt were spread upon the streets and sidewalks of the town.

Water and Sewer

During the year the water main from the Winter Street station to Main Street was cleaned with very satisfactory results: the friction of pumping 500 G.P.M. from White Pond into the system is now only half the head observed at the Winter Street station before cleaning.

Approximately 1.980 feet of 12 inch and 2.363 feet of 8 inch transite pipe was laid and eleven new hydrants installed; 12

inch on Walnut Street across Parker Street to Roosevelt Street, 12 inch on Roosevelt Street to Parker Street to Cleveland Street, and 12 inch on Summer Hill Road from Great Road to Mill Street, 8 inch on Cleveland Street, Linden Street, Old Marlboro Road, and on Summer Hill Road extending the existing line about 150 feet in the direction of Summer Street.

- 36 New water services (new account)
- 18 New water relays
- 2 Old hydrants replaced with new
- 2 Water main leaks repaired
- 12 Old service leaks repaired

Water Pumping Record Comparison

	Year 1950 Gals.	1959 Gals.	1960 Gals.
January	9,357,000	16,995,000	17,965,000
February	8,940,000	14,755,000	15,790,000
March	9,646,000	16,340,000	17,285,000
April	10,200,000	16,290,000	17,490,000
May	11,800,000	20,075,000	18,665,000
June	13,100,000	19,044,000	21,380,000
July	14,776,000	19,825,000	22,589,000
August	15,200,000	22,394,000	21,656,000
September	14,200,000	21,002,000	20,762,000
October	12,300,000	20,540,000	17,933,000
November	11,643,000	17,970,000	17,345,000
December	10,767,000	18,290,000	17,090,000
Total	141,929,000	223,520,000	225,950,000
Average daily consumption	388,846	612,338	619,041
Average daily per person 7,000 population	55.5	87.5	88.4

The increase of 84,021,000 gallons or 59% in ten (10) years with about the same population figure of 7,000 indicates why this department is so interested in increasing the capacity to deliver more water into our distribution system; and in providing the additional water which will be needed in the future.

The booster pump to be installed at the Winter Street station has not arrived. The contract for installation had been let and the vault built to house the pump, but manufacturing delay has held us up. This is a much needed item, as it will relieve pressure on our 10 inch line from the pond while increasing the volume of water.

About 4,960 feet of sewer main extensions were laid on Parmenter Avenue, Summer Hill Road, Old Marlboro Road, Summer Street and Great Road.

- 38 New sewer house connections
- 31 Sewer Blocks (House service)
- 4 Sewer Blocks (Mains)

About 800 feet of storm drain was laid on Old Marlboro Road. One new catch basin built on Summer Hill Road, 225 catch basins cleaned.

The new 650 gallon pump to be installed at the sewer pumping station at Powder Mill Road has not yet been delivered by the contractor. The motor on the present 400 gallon pump burned out during the year and the pump was out of commission for three days.

Sewer Pumping Record

January	12,560,900 gals.
February	13,823,700 gals.
March	13,812,500 gals.
April	17,668,100 gals.
May	15,173,400 gals.
June	16,336,100 gals.
July	14,187,600 gals.
August	15,835,600 gals.
September	14,137,200 gals.
October	13,410,100 gals.
November	13,780,900 gals.
December	12,943,700 gals.

A cleaning up project at White Pond was started and this needs be continued to bring the water shed to a satisfactory condition so as to protect our water supply.

Cemetery, Park, Trees and Insect Control

Grass was kept mowed in the cemetery and in parks; and shrubbery trimmed and replanted where winter killed or damaged by vandals.

Grave openings	58
Foundations	12
Markers	18

One large Maple tree was destroyed by the hurricane and will be replaced in the Spring.

Monuments overturned by vandals were replaced.

The back wall of the cemetery house was strengthened by filling with gravel from graves.

Shade trees were trimmed and dead and injured trees were removed.

Elms inflicted with Dutch Elm disease were removed when inspection was certified by the State Authorities.

Trees were sprayed for moth and insect control.

Sixty shade trees were planted.

An aerial spraying of swampy places and stagnant ponds was done in three stages to control the mosquito nuisance.

During the year parking spaces have been kept in repair and have been cleared of snow and sanded.

In cooperation with the Sanitary Land Fill Committee, the dump has been graded and leveled several times during the year and during the winter months has been plowed of snow.

During the short time I have been with the Department, I have noted several things to which I shall call your attention.

1. The water shed of White Pond should be cleaned up and weed trees eliminated. These trees of deciduous nature do not help conserve the water in the soil but in fact takes water from it. Evergreens, especially Pines, should be encouraged to grow, as they shade the ground and provide a protective covering. There are some open spaces at the southwest end of the pond where pines should be planted. The slopes of the pond which have been exposed as the water receded should be kept clean.

The reservoir of Summer Hill needs facing as some leaks are developing in the walls. A safety ladder should be attached to the inside wall and a more suitable fence erected around the area.

The sewer disposal plant should be enclosed by a fence to keep out intruders, especially children, who might come to harm. There should be safety ladders installed in the digester tanks so that in case of accidental fall there would be a chance for escape.

There are some necessary improvements that need to be made in the main lines delivering sewage to the disposal plant. In addition to the larger pumping unit that is to be installed in the pumping station at Powder Mill Road there is need for a comminutor to make sewage more suitable for pumping. These improvements will help take care of the increasing inflow at the pumping station but will result in a greater choking of the bottle neck in the manhole junction where the gravity line from Concord Street joins the force main from the pumping station. Here it is necessary that a separation of the two lines be made, so that a backing up will not take place in the Concord Street line. I note that you have articles for town meeting action to provide for these needed improve-

ments. A general survey should be made to ascertain a possibility of certain changes in the gravity lines from the high level sections which might be added to the Concord Street gravity lines and thus relieve some of the increasing load on the Powder Mill pumping station.

There are also changes which need to be made in the secondary treatment in the sewer plant that have been recommended by the State Public Health Department.

In the operation of our sewer system we need to provide for continuous operation to prevent blocking of the lines in event of power failures; there is need for standby power for the pumping station on Powder Mill Road and for the smaller lift stations.

If we are to keep up with the ever increasing demands for the public services provided by this department, our equipment must be kept in good repair and new pieces added from time to time. Of the equipment items which you plan to provide in 1961, the crawler type sidewalk plow is especially needed to take care of heavy snow.

It is with pleasure that I report the harmonious cooperation of the Planning Board and the Special Water Committee, and in particular the assistance given by Mr. Worsley Fardy of the Planning Board and Mr. Henry Hanson of the Special Water Committee.

In conclusion I wish to thank the Commissioners and the employees of my Department for their help in making a difficult task a little easier.

Respectfully submitted,

DONALD A. LENT,
Superintendent.

Report of the Board of Health

To the Citizens of Maynard:

The Board of Health herewith submits its report for the fiscal year ending December 31, 1960.

The Board organized in March with the election of Irving H. Manning as chairman.

The following appointments were made:

Board of Health Nurse	Mary A. Ward, R.N.
Assistant Nurse	Martha D. Champagne, R.N.
Inspector of Plumbing	William Osbeck
*Assistant Inspector of Plumbing	
Milk Inspector	Robert W. Rimbach
Inspector of Slaughtering	Lauri W. Manning
Burier of Animals	Rinaldo Mariani
*School Dentist	
Agent to the Board	Joseph J. Falco

* No appointments made.

NURSES' REPORT FOR THE YEAR 1960

Number of patients visited	497
Association visits	3,169
Old Age Assistance calls	240
Total	3,409

Communicable diseases 27 cases

SMALLPOX CLINIC

The annual Smallpox Clinic was held on June 3rd, 1960, at the Board of Health office. Nineteen children were vaccinated by Dr. Lituri, Mary A. Ward, R.N. assisting.

DIPHTHERIA CLINIC

A Diphtheria Clinic was held on November 16, 1960 at both the Coolidge and Roosevelt Schools. A total of 45 children were given booster inoculations against diphtheria and tetanus by Board of Health physician Dr. Frank C. Lituri who was assisted by Public Health Nurse Mary Ward, R.N. and School Nurse Dorothy G. Holt, R.N.

POLIO

Since their inception in 1956 and over the ensuing years, preventive polio clinics have been provided by the Board of Health, with the cooperation of the physicians of Maynard, as a public service to the townspeople. Throughout this period, more than a score of such clinics have been conducted during the course of which many thousands of inoculations were administered.

On April 27th, 1960, the twenty-second polio clinic was organized and carried out under the direction of Dr. Lituri. This latest clinic was set up to provide the third series of inoculations, although, first, second and even fourth shots were also given.

Assisting as participating physicians were: Dr. Samuel M. Cremer, Dr. Raymond E. Hooper, Dr. Frank C. Lituri, and Dr. Jacob K. Rosemark.

The Nurses participating were: Martha D. Champagne, R.N., Mrs. George Edwards, R.N., Dorothy G. Holt, R.N., Marie Minasian, R.N., Stella M. Nowick, R.N., Myrna E. Palmer, R.N., Pauline Salmi, R.N., Mary A. Ward, R.N.

Participating volunteer assistants were: Miss Hazel Cameron, Miss Marcella Dintino, Miss Pamela Farrell, Miss Anna Maria Martucci, Miss Lynda Palmer, Miss Susan Pizza.

Respectfully submitted,

IRVING H. MANNING, Chairman
FRANK C. LITURI, M.D.
JOHN J. JOHNSTON

Board of Health.

Report of the Library Trustees

The year 1960 is a memorable one for the Maynard Public Library as at a Special Town meeting October 10th it was voted to build a Library in conjunction with a Municipal Building on the site of the former Wilson School, on Main Street, Mr. Frederick Gagnon is the Architect.

It will be eighty years in April 1961 that Maynard has maintained a Library in rented space and it is most fitting to celebrate this event with the construction of our own Library Building. It was most gratifying to see how strongly the townspeople desire a proper Library building and the Trustees will do all possible to uphold their confidence. Mr. Punch is a member of the Building Committee, Mrs. Mullin and Mrs. Carbone have been working with various Library Equipment Companies and in close contact with the Building Committee.

We are working hard to build up our reference library and classical books. The list of sixty outstanding fiction for College-bound students are all to be found on our shelves. Many worn out standard adult and childrens books have been replaced. A few of the newest outstanding books purchased are: Birds of America, Illustrated, prepared under the auspices of the University Society; The Wonders of Life Around Us; Civil War, published by the American Heritage Co., this is a companion volume to the Revolutionary War published two years ago; The Third Reich, the Rise and Fall of Nazi Germany; Scott's New Combined Postage Stamp Catalogue; The New Illustrated World Geography; Exodus Revisited, Room in Moscow. Books have been given in the memory of Mrs. Harold Goodwin and Miss Brenda Nelson.

Newsweek, American Heritage and Saturday Review have been added to our list of magazines as the Board feels these three are of high caliber and should be available to our readers.

Two hundred and fifty Reading Certificates (reading and reporting on five books) also twenty Honor Certificates (twenty books) have been given this year to Junior High and Elementary students. The teachers of the Maynard Public Schools are to be complimented for encouraging the children in this project.

Chapter 760 of the Acts and Resolves of 1960 is the new law providing for State aid for public libraries. The bill was signed by Governor Furcolo on Thursday, November 3, 1960. Requirements for the implementation of this legislation is being prepared. Following their adoption by the Board of Library Commissioners, the requirements, regulations, and

all pertinent materials relating thereto will be forwarded to each library from the office of Division of Library Extension.

Two roll-racks have been purchased, they can be used for the display of books and carrying of books from the charge desk to the stacks. These will fit in well with our new program.

Mr. Willis Lester's decision not to run for re-election this year ends an era of Lesters having served on this Board for over forty years as his father Robert was on the Board for thirty years and Willis serving since his death.

Mrs. Alice Mullin was elected to the Board at Town election and is a very valuable member.

The Trustees endorse the report of the Librarian and thank Miss Morgan and Mrs. Lyons for their cooperation.

Respectfully submitted,

R. FRANK PUNCH, Chairman
EDITH H. CARBONE, Secretary
ALICE L. MULLIN

REPORT OF THE LIBRARIAN

We are indebted to the following Libraries for the loan of books: The Division of Public Libraries, Brookline, Concord, Watertown, and Newton.

The following people and Organizations have donated books or magazines to the Library, for which we express our thanks.

The American Legion
The Maynard Rotary Club
The Maynard Women's Club
Mr. and Mrs. Walter Carbone
Mr. and Mrs. Charles Warren

We would like to thank Mrs. Walter Carbone, for the beautiful flower arrangements and decorations which she has provided, for the Library, all through the year, they are appreciated and admired by all.

Statistical report is as follows:

Books in the Library, January 1, 1961	14,793
Lost books	15
Discarded	400
Borrowed	143
Bound	12

Purchased	365
Magazines	40
Weekly Papers	2
Daily Papers	1
Fines collected	207.59
Circulation	27,487

Respectfully submitted,

OLIVE MORGAN,
Librarian.

Report of The Board of Public Welfare

To the Board of Selectmen:
Maynard, Massachusetts

The Board of Public Welfare and Bureau of Old Age Assistance submits herewith their annual report.

The Board meets every Tuesday evening at 7:30 P.M. during the year, with the Director Mrs. Barbara P. Hayward attending the meetings.

Financial aid and service has been given to the aged, handicapped and indigent that have qualified for such assistance under the rules and regulations of the Department.

The Welfare Department operates under the rules and regulations of the State Legislature and State Regulatory Agencies. Frequent legislation necessitates changes in financial and administrative procedures at the local level.

During the past year, the Welfare Board had to seek emergency financial assistance from the Finance Committee, also was required to submit an article at the Special Town Meeting on October 10, 1960, for a total of \$27,212.45. The reason being that we did not anticipate an unexpected increase in medical vendor payments or an increase in the cost of living index of 5.2% which came into effect July 1, 1960, covering all categories.

The medical vendor payments in the Old Age Assistance program for example, has increased from \$20,377.51 in 1958 to \$45,410.39 in 1959 to \$64,249.90 in 1960 and similar

increases were noted in the Aid to Dependent Children and Disability Assistance categories.

A new category became effective October 1, 1960, known as the Medical Assistance For The Aged, by Act of Congress and approved by the Massachusetts General Court. Under this act, the Federal Government reimburses the Town 50% of the medical vendor payments and the State reimburses for $\frac{2}{3}$ of the remainder.

We accepted with deep regret, the resignation of Mr. Frederick Capone from our Board on May 23, 1960. As Editor of the Beacon, Mr. Capone felt that he was unable to give ample service to this office. His willingness to cooperate and his understanding of the problems of this office have been sorely missed. The Board felt that because of the very nature of the business of the Welfare Office, to leave the appointment of a new member to the voters of the Town of Maynard.

We extend our thanks to our Director, Mrs. Barbara P. Hayward and to our Clerk-Typist Mrs. Lorraine Whitney for their cooperation throughout the year and to all other Town Boards and Departments for their able assistance.

CASE SUMMARY

Category of Assistance	Cases 1/1/60	Cases Added	Cases Closed	Cases 12/31/60
Old Age Assistance	109	27	44	92
Aid to Dependent Children	13	5	5	13
Disability Assistance	7	8	1	14
General Relief	18	42	48	12
Medical Assistance for the Aged				17

The financial report will be found in the report of the Town Accountant and the Town Treasurer.

Respectfully submitted,

ALFRED S. CAREY, Chairman,
ALAN F. PALMER, Clerk,
Board of Public Welfare.

Report of The Director of Public Assistance

To the Board of Selectmen
Maynard, Massachusetts

The public assistance program rests on the recognition by the community as a whole of its responsibility for individual members of the community. This recognition of responsibility is expressed in laws which are the basis of the program and which define the function of the agencies involved.

The first responsibility of this program is to meet the basic needs of individuals who are themselves unable to meet them through their own efforts and resources.

Public Welfare Administration has changed from the concept of poor relief to a positive program of planning to meet these members of our community needs on a sound basis. It has developed from exclusive local responsibility to an acceptance on all levels of government, local, state, and federal.

Changes that have taken place in 1960 that have financially changed our program are as follows:

On July 1, 1960 the cost of living adjustment due to the cost of living index showed an increase of 5.2% from the period from July 1957 to May 1960.

On October 1, 1960 a new category Medical Assistance for the Aged came into effect and is a program of Public Assistance established by the General Laws, Chapter 118A, under which medical care is provided for persons 65 years of age or over, whose income and resources are insufficient to meet the costs of necessary medical services.

On January 1, 1961, the Per diem day rate of Hospitals of Massachusetts increased, also effective the same date, Nursing home rates have increased from \$6.50 per day to \$6.60 per day.

Respectfully submitted,

BARBARA P. HAYWARD,
Director.

Report of The Planning Board

To the Board of Selectmen
Maynard, Massachusetts

Gentlemen:

During the year 1960, the Planning Board held a total of 40 meetings, 20 of which were regular and 20 were special meetings with various other Town Boards. We have continued our policy of securing legal aid from Town Counsel Leonard Rae and planning assistance advice from Mr. Charles Zettek, planner for the City of Lowell and Mr. Norman Q. Pothier, Director of Planning, State Department of Commerce, whenever necessary in carrying out the duties of the board.

We feel that only through the expert assistance of these men can we manage the duties entrusted to us by the voters of Maynard.

Building Activity:

New construction has continued to increase at a fairly rapid pace. The estimated figure for new homes to be constructed in Maynard for the year 1960 was not reached, mainly because of the fact, that the Planning Board would not release for building certain lots in one large sub-division until work on the roads and utilities had met with the approval of both the Board of Public Works and the Planning Board, or a satisfactory bond security established. This bond has now been posted with the Town Treasurer and undoubtedly a large number of homes will be constructed within that sub-division during the early months of 1961.

Sub-division Control:

Two additional sub-divisions were approved by the Board during the year and building commenced in them. The Town now has a total of over 300 approved building lots within sub-divisions which will be built upon.

The developer of the land off Randall Road will in addition to that work required by the sub-division control law, perform the following work. 1. Install catch basins at the intersection of Charles St. and Randall Rd., 2. Pave and rebuild approximately 500 feet of the existing extensions of Brooks and Lincoln Sts.

We also anticipate that at least two more sub-divisions, with as yet an undetermined number of lots, will be submitted by developers for our consideration within the next few months.

In addition to the above, 3 parcels of land on accepted streets containing 20 building lots were released by the Board as required by law.

Parking:

The Planning Board in cooperation with other Boards and the Chamber of Commerce is making a study to improve parking within the down-town area.

Recommendations:

The Planning Board recommends that the following areas in Maynard be rezoned as Industrial Districts.

1. Area off Powder Mill Road and adjacent to H. H. Scott Co. land south westward toward Waltham Street.
2. Area off Rockland Avenue and westerly to the Acton and Stow town lines.

We make this recommendation to help insure the Town of an equalized tax base structure. Maynard will soon be situated midway between two circumferential highways and would be an ideal location for electronic type plants which most certainly will desire to build in this area. By establishing these two Industrial Areas at this time, the Town will be able to be more selective of the firms which will build and relocate here. Also some of the smaller electronic firms in the present mill buildings may wish to remain in Maynard when their operations outgrow available space at their present locations.

We recommend that a study and plan be made in the near future to widen Percival Street together with filling in a portion of the Mill Pond. Parking and traffic in the vicinity of St. Bridget's Church has become a major problem. In case of fire in the area of Driscoll Ave., Espie Ave., or Sheridan Ave., the Fire Department apparatus would be seriously delayed either on Sudbury Street or Percival Street by the narrow width of these streets.

In conclusion, your Planning Board wishes to take this opportunity to extend its thanks to the other Town Departments who have so generously helped in cooperating with the Board. We wish to thank the voters of Maynard for their continued interest and support of the Board.

Respectfully submitted,

CARLO J. MISTRETTA, Chairman
 WORSLEY FARDY, Clerk
 FRANK W. JOHNSON
 ROBERT E. McMAHON
 RALPH W. HERRICK, JR.

Report of The Zoning Board of Appeals

To the Board of Selectmen:

The following appeals and petitions have been considered during the year 1960 under the Protective Zoning By-law.

Alric B. French, 32 Parker Street Authority to conduct part time real estate business from home	Granted
James J. Cannella, 9 Powder Mill Road Variance to relocate gasoline station nearer street lines than law allows	Modified
Alba Lattuca, 55 Powder Mill Road Authority to conduct full time real estate business from home and employ assistants	Denied
Uno Hietanen, 19 Concord Street Authority to conduct part time real estate business from residence	Granted
Powder Mill Realty Trust, 111 Powder Mill Road Authority to remove sand and gravel to construct parking area	Modified
Clifford F. King, 11 Newton Drive Authority to conduct part time real estate business from residence	Granted
Herbert W. Martin, 12 Lincoln Street Authority to enlarge funeral home	Granted
James J. Cannella, 9 Powder Mill Road Variance to relocate gasoline station nearer street lines than law allows	Modified
Stanley Kodzis, 1 King Street Renewal of special permit to conduct taxidermy business from residence	Granted
I. Matti Tervo, 100 Acton Street Renewal of authority to conduct part time television repair from residence	Granted
Weikko B. Pekkala, 8 Maple Street Authority to conduct part time real estate business from residence	Granted
Francis X. Sousa, 12 Tremont Street Authority to conduct part time real estate business from residence	Granted

Sam and Polly Wade, 93 Acton Street Renewal of authority to manufacture food products from premises	Granted
Alvin H. Fletcher, 11 Harriman Court Renewal of authority to conduct business as non- conforming use	Granted
Ree Realty Trust, 24 Railroad Street Authority to install third apartment	Denied
Joseph F. Vincent, 47 Brown Street Renewal of authority to conduct lawn mower sharpening business from residence	Granted
Robert Jamulowicz, Silver Hill Road Variance to permit addition to dwelling nearer lot line than law allows	Granted
Conrad and Mary Mayberry, 43 Great Road Renewal of authority to conduct real estate business from residence	Granted
John L. Tucker, 16 McKinley Street Authority to extend non-conforming side yard in order to erect addition to dwelling	Granted
Robert L. Newton, 95 Powder Mill Road Authority to extend non-conforming side yard in order to erect addition to dwelling	Granted
Allen V. Kangas, 35 Glendale Street Authority to conduct part time radio and tele- vision service from premises	Modified
Robert C. Power, Corner Charles and Lincoln Streets Variance of front yard requirement to erect single family dwelling	Modified
Benedetto J. Iannerelli, 95 Waltham Street Authority to conduct a part time lawn mower sharpening and repair business from the premises	Modified
Michael and Enid Kaskiewicz, 260 Great Road Variation to conduct trucking and paving busi- ness from premises	Denied
George R. Greenaway, Field Street Renewal of authority to conduct part time lawn mower and sharpening business from the premises	Granted
Victor Pileeki, 71 Parker Street Renewal of authority to operate a roadside stand and authority to enlarge structure	Granted

Bert and Carol Jenkins, 24 Lincoln Street	
Renewal of authority to conduct part time real estate business	Granted
Stephen and Edith Lowell, 66 Great Road	
Renewal of authority to sell plants, flowers and other products not raised on the premises	Granted
Anne Punch and Mary DeGrappo, 20-22 Dartmouth Street	
Variance to permit porch addition	Granted
Theresa and Benjamin Tomyl, 202-B Main Street	
Variance to permit addition to dwelling	Denied
Patrick Lalli, Rockland Avenue	
Authority to remove loam	Denied
Frank J. Demars, Post 235, American Legion	
51 Summer Street	
Authority to erect addition to home	Modified
James S. Wheeler, 115 Waltham Street	
Renewal of authority to conduct rug and upholstery cleaning and repair in an accessory building	Granted
John and Elvi Starr, Riverview Avenue	
Renewal of authority to conduct studio for giving instructions in the making of ceramics	Granted
Christine Linial, 107 Acton Street	
Authority to produce, package and freeze, rolled stuffed cabbage for wholesale distribution	Denied
Robert R. Hatch, Corner of Douglas and Garfield Avenues	
Variance to erect single family dwelling	Unfinished

Respectfully submitted,

STANLEY D. NOWICK, Chairman

School Calendar for 1960 - 1961

Fall Term began	September 7, 1960
Closed	December 22, 1960
Winter Term began	January 3, 1961
Closed	February 17, 1961
Early Spring Term begins	February 27, 1961
Closes	April 14, 1961
Late Spring Term begins	April 24, 1961
Closes	(Depends on number of "NO SCHOOL" days)

DAILY SESSIONS

Green Meadow School	8:30-11:15 A. M.	12:30-2:45 P. M.
Coolidge School	8:45-11:30 A. M.	12:45-3:00 P. M.
Roosevelt School	9:00-11:45 A. M.	1:00-3:15 P. M.
Junior High School	8:45-11:45 A. M.	1:00-3:00 P. M.
Senior High School	8:00 A. M.	1:00 P. M.

HOLIDAYS, etc.

October 12, 1960	Observance of Columbus Day
October 28, 1960	Teachers' Convention
November 11, 1960	Observance of Veterans' Day
November 24, 25, 1960	Thanksgiving Recess
March 31, 1961	Good Friday
May 30, 1961	Memorial Day

STORM SIGNALS

Three blasts for first six grades, five blasts for entire school system. Blown at 7:15 A. M. and 12:00 Noon.

Announcements of "NO SCHOOL" will also be broadcast over WBZ, WKOX, between 7 and 7:30 A. M.

Report of Maynard School Committee

To the Citizens of Maynard:

We herewith submit the annual report of the School Committee for the year ending December 31, 1960.

During the year, meetings have been held regularly twice a month for the transaction of routine business and all matters pertaining to the Maynard Public Schools. Some special meetings were held as well, and visits were made to buildings and grounds to determine needs for repairs and alterations.

The following are facts of interest to the citizens of Maynard:

CHANGES IN SCHOOL PERSONNEL 1960

RESIGNATIONS

Senior High School

Frederick P. Capone
Dolores Britten
Marie Dutilly
Arthur K. George
Edward F. Ryder
Marie B. Tobin

Transfer

Wendell Leithead

Junior High School

John J. Harold
Ann M. O'Brien
Dorothy M. Stowell

Coolidge School

Helen G. Bettencourt
Roy L. Gray (Retired)

APPOINTMENTS

Senior High School

Henry F. Regan
Dorothy Kitchen
Patricia M. Kiley
Anthony Feroci
David K. Allen
James E. Thayer
Arthur Norgoal

Junior High School

Dorothy Molander
Gretchen Dirksmeyer
Katherine Barry

Coolidge School

Flora McLaughlin
Penelope Martin (for
additional second grade)
Wendell Leithead

MAINTENANCE

The School Committee has continued its program of repair and replacements in 1960. Our obligations have been met in a conscientious manner. Listed are the projects completed through careful planning to maintain our schools at maximum efficiency.

MAJOR REPAIRS 1960

Senior High School

Boys' Toilet Room, Rooms 25, 26 and Typing Room painted
 Window locks, cords, and glass repaired
 Lighting in Art and Typing Rooms improved
 Thirty-six sets students' desks and chairs for Room 13 replaced
 Four typewriters replaced
 Shades in Rooms 13 and 26 replaced
 Ladder purchased

Auditorium

Radiators and pipes under stage repaired

Junior High School

Sewing machine replaced

Roosevelt School

Outside trim, Supt's Office and rear walls of Rooms 8 and 13 painted
 Four window sashes replaced
 Shades replaced in Supt's Office, Rooms 4, 10 and 15
 Bulletin board — Room 12, replaced
 Electric Plate purchased to be used by teachers instead of very old electric stove

Green Meadow School

All window frames and outside doors painted

Miscellaneous

Classroom and outside flags replaced with fifty star flags
 Usual emergency repairs: plumbing, heating, electrical and carpentry
 Maintenance contracts renewed for heater controls, clocks and business machines

NEW HIGH SCHOOL

The realization of the need for a new high school building brought immediate action from the citizens of Maynard. As a result, a High School Building Committee was formed. This group has been most cooperative in planning to provide proper housing for our prescribed educational program. Its members have been unselfish and tireless in giving of their time, talent and abilities. By many visits to high schools throughout the state, both under construction and completed, the committee has become qualified to make recommendations for a building to provide the town of Maynard with a physical plant and grounds that will meet its educational needs at a minimum cost.

CONCLUSION

Decisions of your School Committee have been made with good judgment and moral obligation for one purpose only — to provide the Town of Maynard with the best educational system possible within the sums allocated. Our endeavors deal with the welfare of our most important commodity — our students of today and adults of tomorrow.

The reports of the Superintendent of Schools and High School Principal which follow, cover in detail the educational aspects of the system and we sincerely recommend them to your attention.

In conclusion, we wish to express our appreciation to the Superintendent of Schools, Principals, the entire personnel and the parents who were responsible for a very successful and rewarding year.

Respectfully submitted,

NOBLE E. LOOMER, Chairman
VIRGINIA N. ROBINSON, Secretary
WILLIAM H. LARSON
School Committee.

Report of Superintendent of Schools

To the School Committee and Citizens of Maynard:

I herewith submit the Annual Report of the Maynard School System for the year 1960.

From the days of the Greek philosophers, democracies have known that their effectiveness depended on citizen knowledge. Representative government in its own interest has built or has encouraged the building of educational institutions to spur the individual to test his own capabilities, — and to help him understand his responsibilities to the community as a whole. This task has always been most exacting — but never so much as under the immense, continuing pressure of the contest of ideologies of our time.

Currently, the Soviet Union represents the forces of authoritarianism. The fascist threat of yesterday, and the communist menace of today, are but the most recent phases of history that began with the destruction of Athens and Sparta. Since a free society is the mortal enemy of totalitarianism, its extinction has been a prime objective of dictatorial regimes.

We are living in a world of science — a small world growing rapidly smaller, with practically instantaneous communications everywhere, with jet travel today and supersonic travel tomorrow. In our relatively short history we have made remarkable progress — progress to which many factors have contributed. As the motivating force of these developments, the American Educational System has been the **key**. It has pointed the way to the utilization of our natural resources and has encouraged our initiative and given us the necessary incentive for progress.

In recent years especially, however, we have seen our advantages sharply challenged. Education is no longer the monopoly of free societies. The ability of the Russians to compete with us at present is the result of their utilization of the media of education as we have done so successfully in the past.

It is now evident that education is and will be the key to success or failure for the Western or Eastern ideologies. If our educational system functions at or near its maximum efficiency, our nation will thrive and grow. If we allow our system to fail to achieve its greatest aims, we must expect to decline as a free society. Our past educational progress is evidence of the impressive results that can be achieved through democratic processes. We have developed the most extensive educational system in the world, offering an

unparalleled breadth and quality of learning to all the children of our nation.

On the other hand, the Soviet Union has accomplished much, particularly in a materialistic way by dictating the educational development of its youth according to the physical needs of the government. Since they are able to train great numbers in this way to fit into the state's master plan for production and scientific development, it is evident more than ever that we cannot ignore this endeavor. We must recognize it as a vital competitive approach to the American system and we must continuously examine and evaluate our own system to insure that it will produce in its more acceptable way, all the qualified people we will need to survive and to meet our own national goals and still remain a democratic society of freedom loving people.

As our share in this great undertaking for survival, we in Maynard as in countless communities throughout the nation, must continue to take a vital interest in the education of our children. We must strive to obtain for them, competent teachers, adequate facilities and the most worthwhile curricula and educational tools available.

ENROLLMENT TRENDS

As in most towns, Maynard is continuing to show an increasing enrollment in its schools. The projection of school population is included in this report for your information. It is based primarily on the present grade enrollments plus the birth rate figures according to available statistics. It is estimated that school drop-outs and those attending private schools will be more than replaced by families moving to Maynard and by the housing development projects now in the process of construction.

The shortage of classrooms throughout our system will become more and more critical as building enrollments increase and it becomes necessary to add extra grades throughout the town.

At the Junior and Senior High level, the Maynard High School Needs Committee made its report a year ago and the Maynard High School Building Committee has also studied the problem and has been working on plans for a new school which would alleviate the extremely crowded conditions at the secondary school levels.

It is my understanding that the Building Committee will have a summary of its progress to date in the Town Report and in the near future will make a full detailed report to the citizens of Maynard at a Special Town Meeting.

ENROLLMENT PROJECTION

	Grades														
	1	2	3	4	5	6	Total	7	8	Total	9	10	11	12	Total

1973											159	155	163	167	630

ADDITIONAL INSTRUCTIONAL PERSONNEL

Beginning in September, an extra third grade teacher will be added to the system because of progressive increases in enrollment.

In keeping with good educational practice, it is also planned to augment our Remedial work by adding a second teacher in this area to cover the needs of pupils of the Junior and Senior High Schools.

An additional Art Teacher will be assigned to the grades in order to program better and increase the offering of this valuable subject at all levels.

A Curriculum Coordinator for the elementary schools will be added to the staff for the 1960-61 school year. Among the many duties of this administrator will be the correlation of subject matter and source materials for the various grades. The workshops and research that will be made possible by this appointment should answer a long standing need of the system and should do much to improve and enrich the courses of study at the primary and intermediate levels.

PARENT CONFERENCES

Plans are now being formulated to make it possible to have parent-teacher conferences by appointment. It is expected that the first of these meetings between parents and teachers will be held during the month of February. A better understanding of purposes and objectives may be realized by an exchange of ideas concerning pupils' background, interests and future plans. It is hoped that all parents will avail themselves of the opportunity that these conferences will afford for better home and school team work. Since the education of your children is a tremendous responsibility, we urge your cooperation and assistance through attendance at these conferences.

MAJOR REPAIRS PLANNED FOR 1961

A considerable increase in the School Budget for 1961 has been the result of some major repairs planned for completion during the summer months.

To insure the maximum safety of the children attending the Coolidge School, fire escapes and additional escape doors will be added to the building.

To further guard the safety of the children attending our schools, fire warning systems similar to the ones installed at the Roosevelt and Coolidge Schools will be installed at the Junior and Senior High Schools. These systems give automatic alarms day or night if fire breaks out in the buildings so protected. While every precaution is regularly taken for

fire prevention, this extra protection is an insurance that may, by early warning, save lives and property in an unforeseen emergency.

In addition to the regular maintenance and repair of the buildings, your Committee plans to modernize the heating system at the High School. At present this is one of the few heating plants in the area still burning soft coal through hand-fired boilers. Not only is there a smoke and soot nuisance to contend with, but the age and inefficiency of the boilers make uniform room temperatures difficult to maintain throughout the building. Replacement plans call for the installation of an oil burning system similar to the ones in use at the Green Meadow School and Memorial Gymnasium.

PUBLIC LAW 874

Last year, the parents of pupils attending the Maynard Schools were asked to fill out questionnaires concerning places of work, number of members in the family and other information to enable the School Department to ascertain the possibility of receiving a reimbursement from the Federal Government for the educational support of those pupils attending our schools as a result of their families moving to Maynard in order to work on prescribed Federal projects. Your Committee is happy to inform you that your cooperation and response made it possible to receive a reimbursement of ten thousand, one hundred eighty-three dollars (\$10,183.00) to date. It is expected that a similar amount will be forthcoming for the current year after the questionnaires have been returned and approved. It is now possible to use these funds to match Federal funds under Public Law 864 for the enrichment of our Science, Mathematics and Language programs throughout all grade levels.

EDUCATIONAL PROGRAM

Mark Hopkins once stated, "Education in its widest sense includes everything that exerts a formative influence and causes a young person to be, at a given point, what he is." The education of a child, then, begins in the home and is extended and enriched by his school, church, community and world. This fact is fast becoming more apparent, thus binding teachers, parents and students closer in their common responsibilities.

Our School Committee, administration and staff are doing everything within their power to provide the best possible education for the children of Maynard. This annual report is to inform the parents and general public of the aims, accomplishments and needs of our schools. In the sections to follow, you will find excerpts and summaries from reports sub-

mitted by principals, supervisors and other special teachers concerning the school program for this year.

AMERICAN EDUCATION WEEK

American education is growing vigorously and hopefully, but the problems it has to face in the increasing complexity of our civilization seem to be increasing no less rapidly. Today, the eyes of the American public are on education. This reaches a high point with the annual observance of American Education Week, which was from November 6-12th. As in previous years, Open House in the Maynard Schools proved to be of prime interest.

The High School held a special induction ceremony for the National Honor Society to which relatives, friends and the general public were invited.

HEALTH AND ATTENDANCE

Results of the medical examinations given to the grade school pupils and high school athletes indicate that we have a healthy group of children.

The health staff as well as the faculty of the various schools provide opportunities for the pupils to develop knowledges and skills and concomitant habits, attitudes and ideals necessary to meet their present and probable future health needs.

The Maynard School Health Program follows the procedures and recommendations of the State Board of Health. The program includes:

1. "Pre-School Round-up:" — In May twenty-nine children were given physical examinations by the school physician, Dr. Hooper.
2. The Vaccination Clinic:—This is for the prevention of small pox and was held by Dr. Frank Lituri at the Town House in June.
3. The Toxoid Clinic:—This is for the prevention of diphtheria and was held in November with Dr. Hooper and Dr. Lituri in charge.
4. Physical examinations:—Dr. Hooper gave medical examinations to all pupils in grades four, seven, and ten as well as to students participating in competitive sports.
5. The Massachusetts Vision Test:—This test was given to all pupils. Forty-three children failed and were referred to eye specialists. Forty-one students corrected their vision with glasses.

6. The Audiometer Hearing Test:—Twenty-nine students failed the test and were referred to ear specialists. Twenty-one were seen by ear specialists.

7. The Dental Survey:—In November a dental survey was made by a state dental hygienist. All pupils in the elementary grades had their teeth examined. Parents were notified when children were in need of dental care.

8. The Virus Influenza Innoculations:—The school personnel received inoculations for the prevention of virus influenza from Dr. Hooper.

9. Home Visits:—Two hundred eight home visits were made by the school nurse this year.

In the past year fifty-six home visits were made to investigate the absence of truants. Four cases were referred to the Youth Service Board for consultation and disposition.

HIGH SCHOOL EVALUATION

After careful consideration by the School Committee, Administration and Faculty of Maynard High School, it was determined that our high school would participate in the New England Association of Colleges and Secondary Schools evaluation program. The evaluation began in October 1959 with the High School Faculty making a self-evaluation using the Evaluative Criteria suggested by the Cooperative Study of Secondary School Standards. It culminated on December 6, 7 and 8 of 1960 with a three-day self-evaluation check by a Visiting Committee composed of experienced and well-prepared professional workers in the field of education. An oral summary report of the Committee's general impressions concluded the visit.

The Committee commended the High School on its variety of offerings which provided for differences in ability as well as differences in interests; for the excellent relationships between pupil and teacher which are so evident; for the interests and effort of the staff to make school facilities available to pupils before and after regular class hours; and for the diverse and comprehensive extra-curricular program.

Most of the Committee's recommendations concern the school plant—that more space be provided in each area and that a library be included in the building.

A written report of the more significant findings of the Visiting Committee will be sent to the High School in the near future. We feel that this report will result in the improvement of our High School in the service it is rendering to the youth of Maynard.

GUIDANCE

The general objective of guidance is to aid pupils in more wisely planning, executing, and evaluating all of their varied activities and interests. The aim of all guidance is to assist individuals to become happy and efficient human beings. Accordingly, guidance must provide personal help that is offered in such a manner as to create in each individual the desire and the ability to build a successful future through his own efforts. To accomplish this end, a comprehensive guidance program should start early in the school life of every child.

The goals of the Guidance Department at the secondary level this year are: (1) to provide opportunity for an interview with each student for the purpose of current and future educational and vocational planning; (2) to revise the testing program so that it will be of greater benefit to teachers and students; (3) to maintain up-to-date educational and vocational information; (4) to schedule career conferences, utilizing outside professional and lay people to supplement the informational services of the high school; (5) to provide opportunity for pupils to attend open house meetings at the schools and colleges in the area; and (6) to revise the cumulative record system.

An earnest effort has been exerted to meet as many demands for guidance services as possible. The guidance office is open throughout the day. A great many of our students have taken advantage of the services offered. Some of the services are educational and vocational information, job placement (every business or industrial request for part time help has been filled) nation-wide tests such as the National Merit Tests, Preliminary Scholastic Aptitude Tests, National Educational Development Tests, Betty Crocker Tests, and the College Entrance Examination Board Tests. A follow-up study of the class of 1960 has been completed.

An overall picture would indicate that the staff and the Director of Guidance are working harmoniously and that every effort is being made to provide services that are necessary and available when needed.

ELEMENTARY EDUCATION

The elementary school program in its content and its organization exhibits the best methods of teaching and learning based upon modern research as well as those tested by time. The program is arranged to administer to the needs of all children through many and various curricular experiences. It is aimed to give an understanding and an appreciation of life in modern America and a sense of an interdependent world. The teachers are constantly presenting ideas and suggesting

attitudes associated with worthy citizenship and ethical character.

Maynard's curriculum has been built around and follows closely the State Curriculum. The formal instructional program has its primary emphasis on the acquisition of the basic skills and the tools of learning as well as the various content fields — social studies, science, the arts and hygiene. In addition, many enriching experiences are provided which help to assure the well-rounded development of the learner and to provide for the needs, abilities and interests of the children. During the past year children were given an opportunity to visit The Museum of Science, Children's Museum and other places of educational value. This phase of the program adds meaningful experiences to the child's life, enlarges his horizon and stimulates his thinking. The children were also given an opportunity to participate in the Emerson Hospital Harvest Collection and the Junior Red Cross, also the Band Mothers' Candy Sale. Parties were held in the classrooms on various holidays. All these activities provide a means of developing an understanding of good citizenship and help to broaden the social experiences of all children.

A continuous program of evaluation is carried on in our elementary school. Report cards are issued four times a year. However, if pupils are failing in any subject, parents are notified in the interim and are asked to confer with the teacher about the child's problem. A series of standard achievement tests which parallels the work in all grades and provides a basis of comparison with national standards were administered near the end of the school year. Other testing was done by the guidance department as a means of enabling the teachers to provide for children accordingly.

The complete education of a child is achieved in diverse ways. Audio-Visual aids — the moving picture projector, filmstrip projector and opaque projector — are in constant use. The 21" Classroom Program has been continued as in recent years with grades two through six enjoying music, art, literature, science and social studies. Grades Four and Five are participating in the French programs, "Parlons Francais." At the Green Meadow School children in these grades are profiting by team teaching in French and music. French is being taught by a teacher with an excellent background in the subject. She has spent several summers in France. In exchange, the music is taught by a teacher who has had special musical training.

Green Meadow and Coolidge Schools have received many new books to add to their classroom libraries. The Roosevelt School is continuing to carry on its activity in the Arrow Book Club which enables the children to build personal home

libraries. The money donated by the P.T.A. was gratefully received and has been used to buy supplementary books for the classrooms.

Providing for individual differences is the ultimate consideration in the organization of the Junior High School classes. Children are grouped homogeneously. One teacher guides the learning activities of the same group of children for two or more classes during each day. This enables this teacher to know each pupil better and thereby render more effective guidance, to develop good attitudes and improve skills. Various materials are provided to make this type of program possible. Success at this age level is achieved through personal satisfaction and a desire to learn. Therefore, provision is made for the more able students to develop their capabilities by offering extra-curricular activities such as Dramatics, Arts and Crafts and Library Work.

Every possible effort is made to provide for the safety of children in school. Periodic fire drills and air raid drills are conducted. At the Coolidge School the State Building Inspector recommended certain changes to insure fire safety. All suggestions have been complied with and have been approved by him.

The addition of another second grade at this building has necessitated the use of the basement for remedial classes this year.

Teachers are continuing the study and evaluation of the curriculum and at present are working on Reading. Consultants from several book companies have presented their materials and conferred with the teachers of grades one through eight.

REMEDIAL READING

The Remedial Reading Program continues to serve the needs of those children who can best benefit from small group instruction. Some children, whose mental capacity is average or above average, have difficulty in achieving in the regular classroom because of a reading disability. These are the children who need corrective and remedial instruction.

In any program of remediation the first step must be to determine objectively whether or not improvement is possible. For this reason children are first referred by the classroom teachers. For the present school year one hundred nine referrals were received. In addition to these, records of thirty-one other children indicated that they were in need of this type of help. Then the records of all these children were carefully studied and test results analyzed. When necessary, additional tests were given to obtain as much information on

each individual as is educationally possible. Children were then selected according to the severity of their disabilities in relation to actual grade placement. The result of this analysis is that sixty-six children are now in the remedial reading classes.

Pupils are grouped for instruction on the basis of reading appraisals that have placed them at about the same instructional level where each individual is able to achieve with some degree of success. When a pupil attains reading skills which will enable him to achieve with average success in the regular classroom, his remedial instruction terminates and he is replaced by another pupil.

Fundamental skill training in word attack and in comprehension is stressed. This is accomplished through the use of teacher prepared materials, study books, basic readers, and other skill books such as the Reader's Digest Reading Skill Builders and the SRA Elementary Reading Laboratory. Additional teaching aids are used to motivate learning and maintain interest. Each lesson is carefully planned in the light of individual needs. With remedial instruction there is the advantage of closer supervision of each pupil and with concentrated instruction, improvement in most cases is accelerated.

The Remedial Program is evaluated on the reading results of the Stanford Achievement Tests which are administered near the end of the school year. Test results showed that the majority of the children who received help for the school year ending in June were achieving within grade, but others, because of greater disability, are continuing to receive this specialized instruction. It is not possible that a program of this sort, limited entirely to the elementary grades, will be completely adequate. Therefore, it must be expected that provision will have to be made for remedial reading work within the secondary school levels.

SPECIAL EDUCATION

Special class training should be so planned as to assist the child in ultimately managing his own affairs with ordinary prudence. Our Special Class Program emphasizes the development of social and vocational skills, the satisfactory adjustment to everyday problems now and to the world of work later. The program is designed for the child who does not profit sufficiently from regular class instruction but who requires a modified curriculum to fit his particular needs and provide for his maximum development.

It is important that each unit of study be made clear and meaningful to the child. For this reason much of the work is related to his everyday living. To supplement the study units, field trips are taken in order that the child see first hand the

functions and importance of what he has learned. Movies, speakers, socio-dramas within the group, and group discussions enable the child to obtain a better understanding of his work as well as himself.

Current events have become more meaningful to the children this year due to the addition of a new radio in the classroom. It has given the students an opportunity to listen to the news everyday as well as become conscious of the weather and nature in general. At the present time, the students are building a weather station. They are also making feeding stations for the birds which are located around the school grounds.

AUDIO-VISUAL EDUCATION

During the year the Audio-Visual Department has worked on all grade levels in close cooperation with the classroom teacher. Among the materials available to the teachers are tape recorders, phonographs, slide and movie projectors. We are beginning to use tape recorders in the fields of foreign languages and guidance. The English Department has for some time made use of the recorder in many phases of its work. The grade school teachers, high school business teachers, and high school English teachers have used the phonographs but they have supplied their own records. The Maynard film strip library is limited, but plans for expansion are underway. Meanwhile, through the Cooperative Film Library, shared with five other school systems, we have access to over 200 films.

Maynard is now one of the users of Educational Television as a means of broadening the scope of our teaching content. Programs of French, Science, Music, and Literature are shown in our grade schools. In the High School, the program "Focus" is shown to Seniors to keep them abreast of current events.

The Audio-Visual director has attended bi-monthly meetings at Shrewsbury, where he has discussed, with other directors, various methods for improving the Audio-Visual Program. Maynard has played an active part in the cooperative film program by compiling an up-to-date listing and cataloguing of films for the library. The director has also visited other school systems to learn better methods of assisting the teachers in the use of Audio-Visual material.

ART EDUCATION

The art classes in the Maynard Schools have covered all the basic principles necessary for design, construction, illustration and creative drawing. The techniques of pencil, crayon, water color, poster paint, stencil, charcoal, oil and etching with crayon have been taught. The work has been graduated,

building from the basic foundations given in the elementary grades to more complex work in the junior and senior high schools. At the high school level a course was also offered in mechanical drawing.

In the junior high school, the better work was mounted and exhibited in the school corridors to illustrate the various phases of the art program.

In the high school the emphasis was placed on individual instruction, which emphasis allowed each student to travel at his own speed.

In the last year, two graduates of Maynard High School were admitted to the College of Practical Arts in Boston.

ELEMENTARY MUSIC

Music is a universal language and through its medium a child can gain satisfaction and a feeling of accomplishment even though he is weak in other academic fields. The ultimate aim of the Elementary Music Program is to cause children to know, to love and to understand music in as many forms as possible and thus to bring enjoyment and enrichment to their lives.

The music program is made up of five areas — singing, listening, playing, creating and developing rhythmic feeling.

Four students from State Teachers' College at Lowell experienced practice teaching in the Elementary Music Department the past year. The Green Meadow School presented their annual May Festival and Christmas program. These programs for public enjoyment provided an opportunity for the children to display their musical accomplishment.

SECONDARY SCHOOL MUSIC AND INSTRUMENTAL PROGRAM

Music Education in the elementary schools develops native love and interest in music through well-planned experiences. As the students grow toward maturity, they gain in the ability to utilize these experiences in the enjoyment of creating and listening to good music.

Music students not only are taught to harmonize, to acquire good tone quality, to learn rhythm and the various musical forms, but also to learn the elements of discipline, attention, punctuality, team work, and cooperation. Through group activities such as Beginners' Band, Junior Band, Orchestra, Dance Band, Brass Choir, Junior High Glee Clubs, and High School Glee Clubs, opportunity is given the student to perform musically at the level of his capability.

Each year there is growth in the number of students participating in the Maynard Musical Organizations. This is evidence that the educational, social, civic, and moral values which the music program offers is reaching more and more students, thus providing them opportunity to acquire these values as part of their daily living and experiences.

PHYSICAL EDUCATION

The physical education program aids in the proper development of the individual not only physically but socially as well. Organic vitality and neuro-muscular skills, proper attitudes and ideals toward physical activity, and desirable habits of conduct are fostered through this program.

The interscholastic athletic program also contributes to the development of courage, self-control, self-sacrifice, courtesy, kindness, loyalty, obedience, honesty, cooperation, and initiative.

Classes for high school boys in tumbling, calisthenics, marching, apparatus and games are held twice a week in the gymnasium. Classes for the girls are held twice a week and include games such as volley ball, beat ball, soccer and dodgeball.

Junior High School classes are carried on in the gymnasium and include such activities as tumbling, vaulting, rope climbing, calisthenics as well as games like soccer, beatball, and long base. Emphasis in the girls' program is placed on games.

In the elementary grades an outdoor program of seasonal sports, including football, basketball, baseball and active games took place during the warm weather. In the winter, indoor work is confined mostly to group discussions on health, hygiene and game rules.

Varsity teams in football, basketball and baseball for boys represent Maynard in the Midland League competition. In basketball and baseball the Varsity also played teams in the Central Massachusetts League. Girls' basketball and field hockey teams played those of other high schools in the nearby towns.

Junior High football, basketball and baseball teams competed with other junior high schools in this area.

INDUSTRIAL ARTS

The Industrial Arts Program is designed to meet pupil needs which are outgrowths of the industrial aspects of American Democracy. Emphasis in instruction is placed upon needs related to the use of industrial goods and services in home and community. For all pupils, the curriculum offers

orientation in an industrial environment and skills related to industry and industrial products, and a variety of leisure and hobby pursuits to meet particular interests and needs.

New items make the learning of related information in shop work much easier for the pupils. A blueprint machine, a film strip projector, and twenty-five folding tablet arm chairs were added to the shop equipment this past year. Additional tool storage space and tool racks have been constructed by the pupils. All tools and machines were cleaned and rust removed with emery cloth and oil at the close of the school year.

The Industrial Arts students constructed and painted the scenery for the annual High School Dramatic Club play. During the month of November, the students assisted by other high school boys sanded and completely refinished twenty-five movable student desks.

Pupils of Maynard High School continued to achieve high honors in the Massachusetts Industrial Education Society's Annual Project Fair. Eight students received certificates of merit for outstanding workmanship and one entry of a Cross-Bow was judged as being exceptional. This student received a suitably engraved lapel pin in recognition of his high quality of workmanship. Only a very limited number of the projects receive this coveted honor.

HOME ECONOMICS

Classes in Home Economics aim to teach skills in home making, to develop a capacity on the part of the future home maker to evaluate the worth of new products and methods, and to create an appreciation of the lasting satisfaction to be gained from the daily activities which take place in the home. The improvement of living conditions in the home will result in the improvement of family life in the community, the nation, and the world.

In addition to the courses offered, it would be desirable to include courses in Consumer Education and Family Living, but due to limited facilities in the present school plant, these additions at this time are not possible.

DRIVER EDUCATION

Keen interest has been shown in the Behind-the-Wheel Phase of Driver Education. Altogether fifty-three Maynard High School seniors have signed up for this program. This indicates an earnest desire to learn to drive safely as well as to obtain a driver's license. The law states that in order for a student to qualify for a driver's license he must have at least six hours of road training two afternoons a week. Each

student takes a one-half hour lesson twice a week for a six week period.

The first group of six students started lessons the last week in September. They were later joined by three others who had failed to pass their test earlier in the year. All nine students qualified to take and successfully passed their test for a driver's license on November 9, 1960.

Immediately a second group of eight students began the course, which will be completed by the first week in January, 1961. They will be joined by one more student who has had the required six hours training, and on January 10, 1961 will be tested. Arrangements have already been made with the Registry for this.

The instructor, in connection with teaching this course, is taking a course himself at M. I. T. entitled "Driver Education for Teachers" conducted by the Massachusetts Department of Education.

ADULT CIVIC EDUCATION

The Adult Civic Education Class started at the high school on October 24, 1960. There has been a total enrollment of thirty-one with an average attendance of twenty-five. Of these twenty-five regular pupils, three are Italian, seven are German, one is Polish, two are Finnish, one is Hungarian and eleven are Puerto Rican.

The twenty-five are divided into three groups. The groups consist of sixteen beginners, seven advanced and two in the citizenship group.

Classes are conducted according to a program set up by the State Department of Education with English and American Citizenship stressed.

SUMMARY AND CONCLUSION

The scholar has always been the guardian of the learning and aesthetic values of his civilization. The people of the world have entrusted to him their precious inheritance of past knowledge and high cultural ideals. Today, the educator is recognized even more clearly as a member of the profession which guides the intellectual development of the human race.

In Maynard the cooperation of citizens and educators is the core of the success of its educational system. Through this cooperation, the methods and purposes of the educator become clearer to those occupied with the other duties of civilization; similarly the educator becomes acquainted with the needs of the people he serves, and so can coordinate his teaching, his knowledge and purposes with the needs of the community.

During the past year, we have evaluated our education according to the needs of the town; we have also been evaluated according to the express needs of all youth. In this way not only the educator, but the community can correlate its heritage and thus its school curriculum with that of a larger unit. Through cooperation such as this — of town, school and state, our children can receive the fullest possible portion of their educational birthright.

As we close this year at Maynard, we are proud to say that we have conscientiously made the effort to provide our children with the fullest possible educational background which they, according to their natural capabilities, are able to receive.

In closing, I wish particularly to thank the citizens of Maynard, the School Committee, the School Personnel, Town Officials and Civic Organizations for their continued understanding and support of our educational program.

Respectfully submitted,

ALBERT LERER,
Superintendent of Schools

Report of High School Principal

Mr. Albert Lerer
Superintendent of Schools
Maynard, Massachusetts

Dear Mr. Lerer:

I herewith submit the Annual Report for the Maynard High School for the year 1960, my sixth Annual Report.

Constructive examination of educational problems has continued on a nation wide scale during the past year. Extensive studies in subject area have provided educators with a new basis for evaluating their curricula in terms of outcomes considered desirable by national leaders in each field. The 1959 Report of the Commission on Mathematics of the College Entrance Examination Board and the Science, Mathematics, Foreign Language and English studies of the Curriculum Planning and Development Committee of the National Association of Secondary School Principals are merely a few of the many studies which will make contributions to and produce changes in secondary school curricula.

The staff of the Maynard High School has just completed a self-evaluation which was begun in the fall of 1959, and has been visited by a committee of educators representing the New England Association of Colleges and Secondary Schools. The visiting committee composed of administrators and teachers from communities throughout the Commonwealth has commended the staff and has made recommendations which will be given serious consideration in terms of providing the best possible education for the youth of Maynard. This evaluation has proven to be of great value to the high school staff, because it has encouraged the continuation of work well done, and provided constructive suggestions for the future development of our educational program.

A follow-up study of the Class of 1960 indicates that the large majority of the members of this class are adjusting satisfactorily to their post-secondary school endeavors. Four-year colleges being attended by our graduates at the present time include American University, Bates College, Boston College, Boston University, Clark University, Cornell University, Framingham State College, Harvard University, College of the Holy Cross, Jackson College, Lowell State College, University of Massachusetts, Massachusetts College of Pharmacy, University of Miami, Michigan State University, Milligan College, Northeastern University, Norwich University, College of Our Lady of The Elms, St. Michael's College, Simmons College,

Springfield College, Tufts University, Wesleyan University, Worcester Polytechnic Institute, Yale University.

During 1960 the following work was also completed, in progress, or initiated:

(1) The study of the English curriculum was continued and a syllabus for the study of grammar in the high school was completed. A study of literature and composition is in progress.

(2) A college-preparatory General Science course of study was completed.

(3) Mathematics meetings were held and work was initiated in terms of curriculum study in this area.

(4) A "School Forms" committee was established. This committee has begun to gather data so that outmoded or inefficient school forms may be revised, replaced, or discarded.

(5) A permanent curriculum committee has been formed so that all areas of the curriculum may be constantly reviewed.

(6) The high school testing program has been reviewed and beneficial changes will be put into effect in 1961.

(7) The subjects "World Geography" and "Modern History" were added to the social studies curriculum to provide a four-year sequence of offerings for both college preparatory and non-college preparatory students.

(8) The subject "Advanced Composition" was added to the English curriculum to provide additional and varied writing experiences for students preparing for admission to four-year colleges.

Significant increases in enrollment at Maynard High School will begin again in September, 1961. Within the next two years the enrollment at Maynard High School is expected to reach 400. The provision of an educational program which will enable our students to successfully compete with others will be difficult to achieve unless additional facilities are made available, or double-sessions are initiated. In this regard, the work of the Maynard High School Building Committee, if brought to fruition, will assure these necessary facilities.

Maynard High School continues to offer extensive provisions for students in the areas of physical and musical activities.

In these days when the physical well-being of our youth is being undermined by the many luxuries available, physical fitness is becoming a serious national concern. In addition to required physical education activities, large numbers of our students, both boys and girls, participate in interscholastic athletics.

Appreciation of culture and aesthetic values are enhanced for all who wish to participate in the many musical organizations at Maynard High School.

Again this year, I must express my gratitude to the many parents who have shown an interest in the High School by attending school functions or by communicating with school personnel concerning their child's education. This working together enables us to better understand individual pupils and thereby to provide for them.

I wish to thank the many local businessmen and civic and fraternal organizations who have shown an active interest in Maynard High School.

Our accomplishments have been made possible only through the diligence and cooperation of the members of the High School Staff to whom I wish to express my appreciation.

May I thank you also, for your support and cooperation which have been helpful to me in the carrying out of my duties.

Respectfully submitted,

FREDIANO D. MATTIOLI,
Principal.
