Customer Services rotates assignments for three key managers

The Customer Services Management team has rotated the responsibilities of three of its senior managers to provide an opportunity for personal growth and to insure a flow of fresh ideas within the organization, according to Jack Shields, vice president of Customer Services.

Ken Senior has been named Corporate Manager of Customer Services Systems Engineering (CSSE). In his new position, Ken will be responsible for the Customer Services interface with Engineering with an emphasis on reliability, maintainability and product quality goals.

CSSE also works as a Customer Services' liaison with engineering, product groups, field service groups, software groups and educational services.

Ken started in Field Service at the Mill in 1963 working on PDP1s. Subsequently, he has held Field Service management positions as the European, Northeast and Mid-Atlantic Regional manager, then as area manager for Europe and finally North America.

Ken Senior has been the Corporate Customer Services manager for Planning and Operations since April 1979.

Bruno Durr has been named to replace Ken as manager of Planning and Operations.

Bruno has been with Digital for 12 years. His first position was as a software specialist on Large Computers in Geneva. He became manager of Large Computer Software Services, then European Software Services manager.

In 1974, Bruno was named Corporate Software Services manager. Under his management, Software Services developed innovative state of the industry services and worldwide telephone support services.

In his new position Bruno will be responsible for managing the entire Customer Services strategic planning process that includes Educational Services, Software Services and Field Service.

Horner appointed Group Personnel manager, Technical Group

Lou Horner has been appointed Group Personnel manager for the Technical Group. Lou was most recently business manager for the Manufacturing Personnel staff responsible for personnel finances, policy and systems in Manufacturing.

As Group Personnel manager of all technical product lines, Lou said, "I want to impress upon the Technical Group Personnel organization that they have to prepare themselves for the social and economic changes of the 80s. Especially when it comes to delivering personnel services and systems. They have to be able to manage change. It is going to be

a way of life in a company that is growing like Digital. Managing change should be looked at as positive, not negative."

Prior to his position as business manager, Lou was Compensation and Benefits manager in Volume Manufacturing. He began at Digital in 1975 as Plant Personnel manager in Springfield when the plant was just three years old. Under his management, the number of employees more than tripled as the manufacturing plant expanded its production line. Lou had to develop a multi-function personnel department to serve the growing and diverse needs of the employees.

Lou Horner, Group Personnel manager, Technical Group

Customer Services

continued from page 1

Don Busiek has been named the new Manager of Software Services. Don joined Digital in 1963 in the Field Service organization working on the PDP-4. With the introduction of the PDP-6, he became its support group supervisor, a function that expanded into a worldwide field support service for PDP-6 hardware. Prior to accepting the Software Services post, Don managed CSSE.

Jack Shields emphasized the important role that these managers have played in the growth and success of his organization over the years.

Ken Senior, Corporate manager of Customer Services Systems Engineering

Bruno Durr, Corporate manager of Planning and Operations, Customer Services

Don Busiek, Corporate manager of Software Services, Customer Services

News briefs

On the move

The General International Area (GIA) Educational Services Headquarters has relocated to 439-441 Littleton Road, Westford, Mass. The location code is WV.

DTN operator: 226-2211
DTN facsimile: 227-0055
TWX: 710-347-7651
RCS code: NGIA

Internal Equipment Group (IEG) is now located at 101 Fourth Ave., fifth floor, Waltham, Mass. 02154. Their new mailstop is FJ. Contact the Customer Assistance Desk at DTN 265-1575 with all questions regarding IEG.

You've got our number

Effective Feb. 2, the Westboro facility (WZ) will have a new dimension telephone system. The new main number is (617) 366-3111. To call a DTN extension, dial 8-237-XXXX, their extension as listed in the Digital telephone directory. You can call Westboro directly when calling from a non-DTN location; dial 366-3XXX.

Keep in tune to Digital

Following Digital stock? WCAP (98am) radio does a stock analysis each night at 5:15 and will include Digital in the broadcast. The station reaches Tewksbury, Merrimack, N.H., Woburn, Salem and Lowell listening areas.

On the air

Phil Sardella, manager of Corporate Staffing and Placement, will participate in a discussion group on the Tom Cottle Show. "Men and Changing Relationships" will be the topic. The show will be aired on Channel 2 on Sunday, February 8, at 11:30.

Closed for business

Due to construction work, the Market Data Center at PK3 will be closed Wednesday, Feb. 18, Thursday, Feb. 19, and Friday, Feb. 20.

Send story ideas to your plant correspondent, or to: DTW, PK3-1/K23. Or call 223-5042. Direct Marketplace ads to Alice Christian, PK3-1/K23.

DTW is published every other week for employees of Digital Equipment Corporation in the Maynard, Mass. area.

Are you a computer literate executive?

"Executive Computing for the Non-Data Processing Manager" is being offered Feb. 17-19 (Tues.-Thurs.) and April 20-22 (Mon.-Weds.) for employees as well as customers at the Bedford Training Facility.

This three-day seminar provides hands-on computer experience to help participants understand the computer. Managers will learn how to use the BASIC language to solve problems in finance, manufacturing, marketing, decision making and simulation and modeling.

To register for this seminar or for more information, please contact the Seminar Registrar at DTN 223-2858.

Corporate Real Estate and Construction has a manager

Finance and Administration has consolidated all functions related to Corporate Real Estate and Construction (RECO) and placed them under the management of Mike Mulroy.

Mike is new to Digital, but not to corporate real estate. During his 20 years with Motorola, Mike supervised all aspects of their real estate program and held positions in manufacturing and staff operations and engineering.

From the basic facility plan, the search and acquisition of the land, design, construction and the organization of the facility and plant engineering, Mike will oversee Digital's growth throughout the world.

Mike Mulroy, Corporate Real Estate manager

Kudos

The purpose of this column is to recognize employees who have achieved community or professional honors or recognition. Contributions should include the employee's name, position and group; the award/office/honor, the group giving the honor and the date(s) of the honor.

Don Falkowski, senior quality engineer, has won the "Excellence in Design Award" from the magazine "Design News" and was featured in the November issue. His invention of a flow tester won him honorable mention in the nationwide competition.

Maude Weldon, senior educational specialist for Educational Services, Bedford, is the new representative for Region I of the American Society for Training and Development (ASTD), Technical Skills Training. Her responsibilities include promoting the development and implementation of chapter training groups, increasing membership and promoting professionalism of Technical and Skills training. Region I includes chapters in N.Y., N.J., Conn., R.I. and Mass.

Michael D. Poe won an award for the best student paper at the SIGMICRO (Special Interest Group on MICROprogramming) conference held in Colorado Springs in December. Michael works as an engineer at Tewksbury part-time until he completes his doctoral dissertation from the University of Massachusetts at Amherst.

Dan Seligman, project leader for the Distributed Systems Performance Group, won an award for the best network paper at the recent Computer Measurement Group's Eleventh Conference on Computer Performance Evaluation held in Boston. The paper is entitled "Parameterization of CPU Loading in a Packet Computer Network." Copies are available to employees.

Richard E. Flutie, senior microanalyst for Corporate Component Engineering, won second place in the 1980 ASTM (American Society for Testing and Materials) Photography Exhibit. An example of photomicrography, his photograph was taken while studying the ultrasonic bonding process used to connect aluminum wires to the metal bonding pads of integrated circuits.

Births

A daughter, Amanda Beth, born Oct. 12 to Bill and Marcia Miller. Bill is a Senior Software Specialist in New England district, Software Services, TOEM, Woburn.

A daughter, Julia Ann, born Dec. 11 to John and Linda Szabo. John is a project technician for TEM in Acton.

A daughter, Erin Kathleen, born Dec. 22 to Jeannie and Dick Walsh. Dick is the Personnel manager for Customer Services Headquarters at Parker Street.

A daughter, Kimberly Miriam Marie, born Dec. 27 to Russ and Debbie Bears. Russ is a Lead Computer operator for Corporate Data Center in Maynard.

A son, Daniel Joseph, born Dec. 30 to Henry and Theresa Fitek. Henry is a senior Technical Marketing specialist, LDP, in Marlboro.

A daughter, Michele, born Jan. 4 to Lisa and Bud Lewis. Bud is branch manager of In-House Field Service-Terminals/Word Processor Branch at Parker Street.

A son, Collin Avery, born Jan. 8 to Ellen and Claude Barden. Ellen is a secretary in Educational Services.

A son, Stephan, born Jan. 11 to Rozsa and John Rozembersky. Rozsa works as a buyer for Field Service Purchasing in Burlington.

A son, Gregory Scott, born Dec. 10 to Dennis and Sherill Pavlock. Dennis is the district SWS manager for Metro Boston.

Wanted: programmer to help the deaf

The Learning Center for the Deaf in Framingham needs programming help. Recently, Digital donated to the center a RK05 disk drive to be coupled with an 11/34 computer, a previous donation.

The equipment along with touch sensitive terminals are programmed with educational games for the students. The school is looking for someone capable of programming BASIC-PLUS on a RSTS/E system. This person would work with the school's faculty in developing new educational games. If you are interested in volunteering, call Christopher Huggins at 617-879-5110.

How Marketplace works. . .

Marketplace is a free service designed for one-time sale of items by employees. Employees may submit one ad per issue and a given ad only once in a four-week period.

Ads are not accepted from those outside Digital. Nor will **Marketplace** accept ads for employee-operated businesses or services, seasonal or otherwise.

Ads must fit in two lines and DTW reserves the right to edit. The full name and all seven digits of employee's DTN number must be submitted with the ad although the extension need not be published, if employee so requests.

If items are sold before the ad appears, the person advertising should notify DTW and cancel the ad immediately.

Copy should be typewritten or printed legibly and sent to DTW, PK3-1/K23. Ads will not be taken over the phone. Questions should be directed to Alice Christian, DTW office, DTN 223-2261.

Relocation: they will help you find your way home

Are you a transfer, a new hire or an employee looking for a new home in Eastern Massachusetts? Digital's Relocation Homefinding service will help you in your search.

Located in the Powder Mill Road facility in Maynard, the Relocation Department offers help in any relocation problems. Millie Marshall, Relocation coordinator, said, "The Relocation Department was set up to help our employees move from one geographical location to another with as much ease as possible."

Millie compiles relocation packages to acquaint employees with prospective new towns. In

the package could be copies of broker listings, rental rates, street maps, train schedules, moving kits, town profiles, information on schools, mortgages, medical facilities, cultural events, community services, taxes, banks, furniture rentals, recreational activities, day care, everything needed to help you make the right choice.

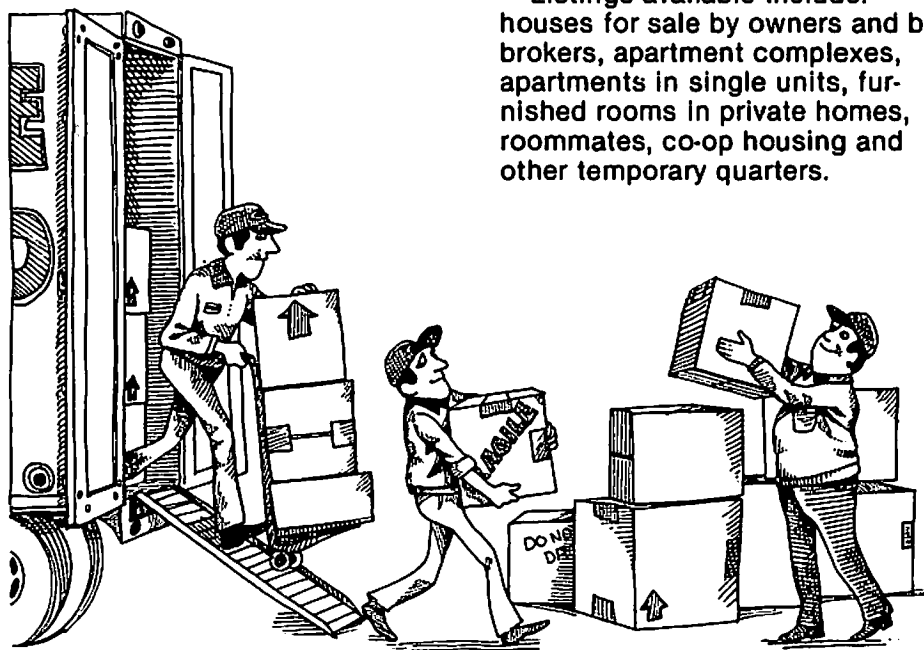

All an employee has to do is to call the Relocation Department at (617) 493-7113 or DTN 223-7113 or send a memo to MS/B12 and request information. Telling them exactly what you are looking for and about any special needs will help them to steer you in the right direction.

Listings available include: houses for sale by owners and by brokers, apartment complexes, apartments in single units, furnished rooms in private homes, roommates, co-op housing and other temporary quarters.

The Homefinding service will also take listings from employee who have a house to sell or a house or apartment to rent.

Relocation lists reliable brokers from all over the country through a referral network. Employees who are transferring out of Massachusetts may want to use this service and look through the files the office keeps on each town where Digital has a facility.

Home finding assistance in southern New Hampshire is coordinated by Ivy Ford in Merrimack with a complete Home and Apartment Relocator Service. Ivy can be reached at DTN 264-5778.

Monte Carlo Night

The Maynard Employee Activities Committee will sponsor a Monte Carlo Night Friday, February 27 from 7 p.m. to midnight at the Maynard Lodge of Elks, 20 Powder Mill Road, Maynard.

Tickets are \$5 per person and sandwiches and beverages will be served. Door prizes and \$2000 of play money are included. There will also be prizes for the top 30 winners. The games will include Roulette, Blackjack, Baccarat, Dice Tables and a Big Six table.

Tickets may be ordered through the Employee Activities Department using the standard order form.

Speak Easy

If you're interested in improving your speaking, listening and thinking skills, why not consider sitting in on a weekly lunchtime meeting of Toastmaster's International. You might decide to join.

Club meetings are held weekly in Maynard and Marlboro at noon. Visitors are welcome and the format includes short opening remarks on timely subjects, a joke master, spontaneous talks on

controversial, professional or light topics.

Using the club's "Communication and Leadership Program" handbook, toastmasters set ideas for their presentations and are given constructive and supportive feedback for their presentations in a light and informal atmosphere.

The club earned its charter from Toastmaster's International

in March 1979 and is one of Digital's Employee Activities. Membership fees are matched dollar for dollar by Digital.

If you'd like to attend a meeting in Marlboro, call Stan Wojta, DTN 231-4027, MR 2-4/E79. In Maynard, the next meeting is Wednesday, February 11 at the Corporate Conference Room of PK3. For more details, call Bob Hunt, DTN 223-4075, ML8-2/P52, or Serse Martel, DTN 223-5773, PK3-2/H17.
