EMERGENCY CALLS

In an emergency if you call or dial "Operator" and say "Emergency Fire" or "Emergency Police", giving in addition the address from which you are calling and the name of the city or town, an attempt will be made to connect you without requiring a number.

SERVICE CALLS

Our aim is to furnish service satisfactory to our customers. The nature of our service, however, is such that difficulties may occur without our knowledge and despite all efforts to prevent them. We therefore appreciate your reporting difficulties promptly. Observance of the following directions will insure the most effective handling of your service difficulties:

If you cannot find the desired number..Call Information
 If your telephone is out of order.....Call Repair Service
 For assistance in completing calls.....Call Supervisor
 For all other business..... Call Business Office

If Troubles of Any Kind are Not Promptly
 Attended To or if They Recur Frequently
 Call the Business Office

Community Emergencies

At times when the community is faced with grave emergencies, whether due to an epidemic of sickness, unusual weather conditions or a disaster of any nature, it is imperative — in order that real emergency calls be given prompt attention—that unimportant social or curiosity calls be postponed. Subscribers are respectfully urged to co-operate for the common good during any emergency.

Business Transactions

WITH THE

New England Telephone and Telegraph Company

Business Offices have been established for the convenience of our customers in their business dealings with the Company. These offices not only receive payments but also handle applications for service, requests to change service or equipment, matters affecting the directory, inquiries regarding bills or charges, and requests for special equipment or services.

The Business Office force is available to assist you on any telephone problems. No charge is made for calls to the Business Office serving you.

Bills are due when rendered and are payable by mail or personally at a Business Office or Agency of the Company. Bill stubs should accompany all payments.

Business Office

Marlboro, Mass., 186 Main St.

Serving All Central Offices Included in This Territory

G. H. HASKELL, Manager—Marlboro 9900

Office Hours:

8.30 a. m. to 5 p. m. week days,

8.30 a. m. to 1 p. m. Saturdays

Toll Service Information

Toll calls are of two general classes. On either, faster service can be rendered if you give the operator the telephone number you are calling. If you can not find the number, ask "Information".

Station-to-Station Calls

Such calls are for "anyone" and permit a minimum of operating labor and of equipment use.

* * * *

For fast service at low rates place the call by number with your own operator; saying, for example, "Providence, Dexter 1234"

* * * *

Day Rates—4.30 a. m.-7.00 p. m.—are lower for "anyone" calls than for person-to-person calls.

Evening Rates—7.00 p. m.-8.30 p. m.—are lower than Day Rates for distances above forty miles.

Night Rates—8.30 p. m.-4.30 a. m.—are lowest and apply to station-to-station calls, excepting to nearby points.

* * * *

There are no report charges on "anyone" calls, excepting when the called subscriber refuses to accept charges on a collect call and the call is not completed.

* * * *

Collect Calls

Charges for calls may be reversed to the called subscriber, whether placed for "anyone" or for a particular person, without additional charge; except that person-to-person rates apply to collect calls where the initial station-to-station rate is less than 20c., and a rate of 25c. applies where the initial station-to-station rate is 20c.

Rates

The operator will, on request, quote the rate to any point. Unless otherwise requested the rate quoted will be the initial period station-to-station rate in effect at that hour. The initial period is three minutes except that where the rate is five or ten cents the period is five minutes.

Person-to-Person Calls

Such calls are for a particular person and employ more operating labor and equipment.

* * * *

If you wish to talk with a specified person, call "Toll Operator". Give her the details. Name the person desired and state that you wish to talk with him only. It saves time when you supply his telephone number.

* * * *

Person-to-person rates are the same at all hours and are higher than station-to-station rates.

Appointment and messenger calls are handled at person-to-person rates, the exact amount expended for any messenger service being charged in addition.

* * * *

A report charge is made on a particular person call if the called telephone is reached but the call is not completed because the desired person is not available.

Toll Rates

The rates listed below are for station-to-station calls and, except as noted*, for the initial period of three minutes.

*Five Minutes Initial Period

International Telephone Service

Telephone service is available from your telephone to any point in Canada, Cuba, England, Scotland and Wales and to the principal cities of continental Europe, of Mexico, of South America and of Australia.

Rates for three minute conversations with typical foreign cities from this area are:

Berlin	\$35.25	London	\$30.00	Warsaw	\$37.50
Buenos Aires	30.00	Paris	33.75	Santiago, Chile ..	33.00
Dublin, Ire.	31.50	Rome	36.00	Australia	45.00

Ship to shore service, at \$21.00 for the first three minutes, is now available to and from several principal Atlantic liners including the Belgenland, Empress of Britain, Homeric, Leviathan, Olympic and Majestic, while the vessels are within range of the American shore.

General Telephone Information

Use of Party Lines

Satisfactory service on party lines depends very largely upon the willingness of the joint users to co-operate in their demands on the service. The Company, accordingly, requests party line subscribers, in fairness to others; to limit their conversations to five minutes and to give immediate right of way to emergency calls. The Company reserves the right to terminate the service of a party line subscriber where it appears that his use of the service prevents reasonable use by other parties on the same line.

Use of Service

The Company reserves the right to restrict the amount of auxiliary service furnished in connection with any particular class of service in order to prevent any impairment in the quality of service furnished. Service shall not be used in competition with the business of the Company. The use of unlimited business service is restricted to the subscriber and to his agents and employees when engaged in his business. The use of residence service is restricted to members of the subscriber's household.

In connection with private branch exchange service, operating at the subscriber's premises shall be performed at the expense of the subscriber, and shall conform to such methods of operating as the Telephone Company may from time to time establish as being essential and desirable in order to maintain a proper standard of telephone service.

Failure of Service

For any complete failure of service continued more than twenty-four hours and brought to the notice of the Company in writing within ten days, the Company will make a pro rata adjustment of charge or guarantee.

Telegrams by Telephone

You may telephone telegrams, cablegrams or radiograms to the Postal Telegraph-Cable Company or the Western Union Telegraph Company. The telegraph charges will appear on your monthly telephone bill. You may also telephone your telegrams from public and semi-public coin box telephones and deposit the charges for such messages in the coin box. When calling either of these telegraph companies follow the instructions shown under its listing in this directory.

Use of Equipment

All equipment is the property of the Telephone Company and must be used with due care to maintain its efficiency. Attention is particularly directed to the need of keeping telephone cords free from moisture, as wet cords are a frequent source of trouble. Instruments and apparatus shall be installed, moved or removed by the Company only and connected only with instruments or apparatus installed or approved by the Company.

The equipment furnished by the Company is designed to render the best possible telephone service with a minimum of trouble and inconvenience. Attachments or devices not furnished by the Company are detrimental to this service, and their use is consequently prohibited. Our Business Office will be pleased to tell you about auxiliary equipment and service furnished by the Company.

Time Required on Orders

Changes, installations or removals of service should be requested as far as possible in advance of the date desired. Conditions beyond our control often involve delay in completing orders.

Identification of Employees

All employees authorized to install, change, or remove your telephone equipment, or to represent the Company in any dealings with its subscribers, are required to wear a numbered round badge bearing in the center the blue seal of the Bell System and around the border the words "New England Telephone and Telegraph Co." Do not deal with persons claiming to represent the Company unless such a badge can be shown.

Information About the Directory

Arrangement of Listings

Listings are arranged in alphabetical order by surnames, first names and initials. Names which sound alike may be spelled differently; therefore look under all possible spellings if the name you want is not found at once.

Names beginning with Mc or Mac, or with prefixes such as Des, L', La, Von, Von Der, etc., are indexed as whole words without regard to capitalization or apostrophe.

Firm names such as "Smith, Jones & Brown Co." will be found under "Smith" and the initial "J."

The symbol "&," apostrophes, prepositions, conjunctions, and titles do not affect the precedence of listings containing them.

Ownership of Directories

Directories are the property of the Company and should be surrendered to the distributing agent on request, or destroyed when the next issue is delivered; for much annoyance results from passing calls for obsolete numbers appearing in old directories. Lists of subscribers and telephone numbers appearing in directories are copyrighted and may not be reproduced without permission.

Advertising Telephone Numbers

The use of correct telephone numbers on stationery and business cards and in advertising matter contributes towards ease in obtaining rapid and accurate telephone service. However, attention is called to the fact that the needs of the service occasionally require changes in telephone numbers. It will assist in maintaining good service if telephone numbers displayed on trucks, signs, letter-heads, business cards, etc., are corrected promptly in case of change in telephone number. The advertising of residence telephone numbers for business purposes is not permitted.

Checking Directories

In order to prevent the annoyance of calls for wrong numbers, on the receipt of each new directory you should check and correct any personal lists of numbers you frequently call.

You are urged to verify your own listing immediately upon receipt of a new directory and to report any error to your Business Office. Although every precaution is taken to insure accuracy, the Company cannot assume liability for losses due to errors in its directories.

Directories of Other Cities

Directories of other cities, either in the territory of this Company or in other parts of the Bell System, may be obtained through your Business Office. Prices on application.

The Classified Telephone Directory

The Classified Telephone Directory lists Business subscribers under headings descriptive of their general business, the service they render or a commodity they sell. This helps you find "*Where to Buy It*" when you wish to shop by telephone or personally. It also facilitates your finding the names, addresses and telephone numbers of those in a given line of business.

Information regarding representation in the Classified Telephone Directory may be obtained through our Business Office; see page 3.

MARLBORO DISTRICT
Classified Telephone Directory
SPRING & SUMMER 1932

“WHERE TO BUY IT”

The Classified Telephone Directory

The business telephone customers in this vicinity are listed on the following pages under headings descriptive of their general business, the service they render or a commodity they sell. Below are directions for using the Classified Telephone Directory to the best advantage.

To find where to buy an article or service

Turn to the heading descriptive of that article or service. Those in a position to serve you are listed alphabetically under these headings.

To find a business concern you have in mind

Turn to the heading descriptive of the general type of business. This will be in its regular alphabetical order. The desired concern will be listed in alphabetical order under the heading.

Trade names of registered articles appear as main headings either with a group of dealer listings or with a reference to the heading under which the dealer listings appear.

The display advertisements provide more complete buying information.
