REPORT OF THE BOARD OF SELECTMEN

To the Citizens of Maynard:

In making our report we wish to submit to you an account of the work done and the improvements made to our Highways and Sidewalks during the past year.

Acton St., from Nason St. to Whitney Lane; Parker St., from Paper Mill corner to Bancroft School grounds; Thompson St., from Elmwood St. to house of Dennis Spain; Sudbury St., from Percival St. to Great Road has been graveled and oiled.

The Square at Rafferty watering trough has been raised and graded.

East St., from Parker St. to Elm; Hillside St., from Parker St. to Walnut St., also Walnut St., from Main St. to bridge; between Butler Ave. and Douglas Ave., on Powder Mill road near the new house of John Hendrickson has been graveled and oiled.

We were obliged to lay a new drain of twelve inch pipe and install three new catch basins, to replace the old open ditch.

The old culvert on Thompson St., near Elmwood St., had to be replaced with a new one, also a new catch basin with drop inlet curb.

Main St. bridge has been replanked. This bridge is becoming a great expense, owing to the ever increasing heavy travel. It was replanked in 1918, this will give some idea of the maintaining of this bridge. The cost of replanking this year was about \$540.00.

Our Macadam streets are holding well, but require considerable attention.

Main St., from R. R. crossing to Main St. School; Main St., from Pine St. to Great Road, also Powder Mill Road from the Wm. Hooper house to Paper Mill corner, has been renovated and tar applied.

We were obliged to use coal tar patch very extensively this year, using about fifty two barrels. Last year we used about twelve barrels.

Walnut St. bridge will have to be replanked the coming season, as it is in a dangerous condition. It was replanked in 1914. Mill St. bridge is also dangerous, and will have to be replanked and new stringers to replace the old decayed ones.

Parker and Acton Streets should be built more permanent as the travel here is very heavy, and the light method of construction has not proved satisfactory.

A large amount of tar and oil will have to be purchased the coming season as all roads recently built under State, County and Town require a great amount of heavy oil. All other roads should have a more liberal amount than heretofore in order to properly retain them.

This does not include oil for dust laying purposes.

The following sidewalks have been repaired with cinders, gravel and stone dust: Main St., from the bridge to R. R. crossing. Both sides of Acton St., from Nason to R. R. crossing. Main St., from house of Miss Nagle to Great Road. From Harriman Court to Pine St. Both sides of Thompson St., from Fairfield St. to house of Dennis Spain.

We have laid about 1400 sq. yds. of asphalt sidewalks.

Our sidewalks are in very good condition with few exception. We hope to make still further improvements the coming season.

The following asphalt walks have been laid: Walnut St., from the bridge to corner of Thompson St. Thompson St., one hundred feet. Nason St., from Summer St. to Acton St. Summer St., from Main St. to house of Albert Coughlin. Nason St., near Peoples' Theatre. River St., from Main St. to rear of International store.

The fence from John White's store, corner Sudbury and Percival St. to the entrance of St. Bridget's Rectory has been rebuilt, also the fence from Walnut St. bridge to store on corner of River St.

A new curbing and asphalt sidewalk greatly improve the appearance of the corner.

The Gorham Brown culvert on Walnut St., which we improved last year has taken care of the water with little attention.

A new culvert should be built on Parker St., from the meadow near the Bancroft St. School, as the old one has broken through.

We would recommend a scarifier be purchased this year for the steam roller, as the picks used in the wheels of the roller cannot penetrate deep enough to loosen the surface, owing to the thickness of tar. Considerable money has been expended for general repairs, also for snow plowing, and sanding icy walks, breaking out roads and hauling away snow.

This kind of work greatly reduces our appropriations, and when the season passes by, is easily forgotten by the casual observer.

This year we received \$3,000. each from State, County and Town, for which the Town took the contract to build 4000 feet, from the house of Robert Yahn to the house of George Kaler, but through the efficiency of our Superintendent we were enabled to build 5700 feet, or from the house of Robert Yahn to the house of Alex Espie. We have petitioned the State and County for an allotment to finish this road to the Ben Smith bridge, thus giving us a good gravel road through our town. By the above report the citizens can readily see how wisely the money has been expended, and much good work has been accomplished this year, owing to their generosity in voting for a larger appropriation, which in turn has enabled our Superintendent to show very marked results. On all sides we hear words of commendation.

In regard to widening of Ben Smith bridge, the town appropriated \$5000. \$500 of this for land which was bought and filled in at a cost of about \$2,000, leaving a balance of over \$3,000 as shown in report. On the advice of the Highway Commissioners, work was suspended until plans were drawn and estimate given for a concrete bridge, the cost of which would be shared equally by the State, County, and Town. This matter will be brought before the voters at the Town meeting in March.

BEN SMITH BRIDGE

The Selectmen have received from the Highway Commissioners the following report and offer of financial assistance in rebuilding this bridge with sidewalk and approaches thereto, which we respectfully submit to the voters.

THE COMMONWEALTH OF MASSACHUSETTS

Department of Public Works
John N. Cole, *Commissioner*
State House, Boston-9

January 18, 1922.

Mr. Frank S. Binks,
Chairman of Selectmen,
Maynard, Mass.

Dear Sir:

A few months ago the selectmen of Maynard asked this department to assist the town in the rebuilding of a bridge and the approaches thereto on the road in Maynard leading to Stow.

A report has been received from the Chief Engineer on the matter, which reads as follows:

"Estimates have been prepared by the Bridge Engineer and the District Engineer for the widening of this bridge and roadway. The Bridge Engineer estimates that widening the bridge 20 ft. on the north side would cost approximately \$10,900. This would give a roadway about 30 ft. wide between the electric track and the curbing with a 6 foot sidewalk. If it is desired to make a 26 foot roadway instead of a 30 foot roadway a widening of 16 ft. would be sufficient at an expense of approximately \$7,500. These estimates are based upon the assumption that it will not be necessary to drive piles for a bridge foundation. Examination of the ground indicates that piles will not be necessary as the foundation appears to be rough.

"The District Engineer recommends that the 20 ft. widening be adopted and estimates that the cost of constructing the approaches, surfacing the same with gravel and treating with light oil will be \$2,200.

If surfaced with bituminous macadam, such expense would be \$3,500. The District Engineer, however, recommends that gravel and light oil be used as that material has been used on the other roads in that vicinity.

"From the above it would appear that the total estimated cost of widening the bridge 20 ft. and of widening the roadway and constructing the same with gravel and light oil would be \$13,100."

If the town is ready to proceed to have the work done, and the county will pay its share, this department will make an allotment to cover one-third of the cost, the amount to be contributed by the State, however, not to exceed \$4,500.

Yours truly,

FREDERICK N. WALES,
Executive Secretary

R-W

MAIN STREET AND WALNUT STREET BRIDGES

At a Special Meeting of the Selectmen, Monday, January 16, 1922, in regard to these bridges it was decided to engage expert engineers to make a thorough examination as to their present condition, before any amount of money was laid out on repair work. We have received a lengthy report from the Engineers which we herewith submit to the voters for their consideration.

J. R. WORCESTER & CO.

Consulting Engineers
79 Milk Street
Boston

January 23, 1922.

Mr. Edwin Carlton, Sec.,
Board of Selectmen,
Town of Maynard, Mass.

Dear Sir:

We are enclosing herewith our report on the Main Street and Walnut Street Bridges. It might possibly be well for us to add a word or two with regard to the fourth question, *i. e.*, what would be the capacity of the Main Street Bridge after repairing. As you will notice, we state in our report that this bridge would safely carry a 10 ton truck or 10 ton electric car. We wish to say that it is customary to figure a uniformly distributed load on the other portion of the floor of the bridge than that occupied by the electric car or the truck, but wish you to understand that the weights of the truck and the car should not be materially exceeded to keep within the proper unit stresses.

We have measured up the Main Street Bridge, as you know,

and from our notes we have prepared a drawing of the bridge which, if you think necessary, we will be glad to make a tracing of and have some prints made for you. If, however, you are going to tear this bridge out, we do not believe it will be of any use to you.

We trust that if the Town decides to go ahead on either one or both of these bridges that we will have the pleasure of preparing plans for them and supervise the construction of the work.

Yours very truly,

J. R. WORCESTER & CO.
By G. H. Brazier.

Encl.

J. R. WORCESTER & CO.

Consulting Engineers
79 Milk Street
Boston

January 23, 1922.

Board of Selectmen,
Town of Maynard, Mass.
Mr. Edwin Carlton, Secretary.

Gentlemen:

In response to your request, we have made an examination of both the Walnut Street and Main Street Bridges, at Maynard, Mass., and would beg to report on your questions which are as follows:

- (1) Can these bridges be repaired?
- (2) What would be the cost of repairing?
- (3) What would be the life of bridges if repaired?
- (4) What would be their capacity after repairing?
- (5) What would be the cost of new concrete bridges to replace them?

We will endeavor to answer these questions to the best of our ability, as follows:

MAIN STREET BRIDGE.

(1) There are no great difficulties to be overcome in repairing this bridge as it will simply necessitate the reinforcing of members which have been badly corroded; the cleaning of all parts of the steel work and giving the same two (2) good coats of paint; the embedding of ends of trusses in concrete and the replacement of all timbers and planking.

(2) With regard to the cost of this work, we have received a figure from the Boston Bridge Works for doing this work, as above outlined, which amounts to THIRTY-FOUR HUNDRED DOLLARS (\$3,400.00). We estimate that to properly supervise the repairs and replacement of floor, the charge for our services would be approximately SIX HUNDRED DOLLARS

(\$600.00). This, therefore, would give you a total cost of FOUR THOUSAND DOLLARS (\$4,000.00) for repairing this bridge.

(3) After the above repairs have been made, we should imagine that the bridge might be good for a period of ten (10) years, if restricted as to the loads passing over the bridge.

(4) The capacity of this bridge, after repairing, is considerably below the requirements for similar bridges which are constructed now-a-days and, in fact, if the requirements of the Mass. Public Service Commission were applied to this bridge, the structure would be over-stressed 100%, in other words, it is only half strong enough to carry the loads for which a new bridge would have to be designed. We do not see any very easy method of reinforcing this structure to bring it up to the necessary requirements, as this particular design does not lend itself to adding metal at the various points of weakness. Taking into consideration the ordinary electric car traffic there are parts of the bridge which would be over-stressed about 60%. If the question of electric cars was eliminated and a twenty (20) ton truck, such as is specified by the Mass. Public Service Commission, were passed over the structure, portions of the bridge would be over-stressed 45%. Of course, it is possible to restrict both of these classes of traffic, if you desire, but it would seem unwise to do this on a bridge which forms a link in such a busy thoroughfare. We have estimated that the bridge, after repairs are made, would safely carry a 10 ton truck or a 10 ton electric car.

(5) With regard to the cost of a new structure for this location, we have made an estimate on a beam and slab bridge with one pier in the stream. This pier would be comparatively narrow and not reduce the waterway to any great extent. It would be our idea to point up the stone work of the present abutments and use them in their present location. In accordance with our conversation the other day, we judged that you wished a bridge 50 ft. wide and that is what we have based our estimate on. The cost of such a bridge we estimate to be approximately FOURTEEN THOUSAND DOLLARS (\$14,000.00), including engineering services.

WALNUT STREET BRIDGE

(1) With regard to the possibility of repairing this bridge, we wish to state that we do not believe that it would be an economical proposition. The bridge is an old iron structure of rather antiquated type and if repairs were started it would probably result in reconstruction of almost all parts of the bridge.

(2) We have not made any attempt to estimate the cost of such repairs, as we believe that they would be prohibitive.

(3) If such repairs were made, you would at the best have a bridge which would probably be good for not more than ten (10) years at the outside.

(4) It would be practically impossible to strengthen the bridge so that it would meet with the requirements of the Mass

Public Service Commission and this would mean that the bridge would necessarily have to be posted for a limited tonnage. We would state right here that we would advise placing a sign upon this bridge limiting the capacity to a load of not over five (5) tons, as we believe any heavier loads might possibly lead to a failure of some part which might be serious. As you will see, we have not gone into the cost of repairing or the capacity after making these repairs, as we did on the Main Street Bridge, for the reason that we do not consider the structure as worth laying a great amount of money on.

(5) We have estimated that the cost of a new bridge in this location would be approximately EIGHTEEN THOUSAND DOLLARS (\$18,000.00), including engineering services. This estimate is based on using a 60 ft. span reinforced concrete arch. This is a somewhat shorter span than the present bridge, but we believe that the waterway at this location is greater than need be and could be reduced on the north end without any damming of the stream.

If the above report is not perfectly clear to you or if you require any further information regarding these bridges, the writer would be pleased to call upon you or appear before your Board to explain anything you may desire.

Respectfully submitted,
J. R. WORCESTER & CO.

We feel sure the citizens will appreciate our efforts which have been made for the best interests and progress of the Town.

Yours respectfully,

FRANK S. BINKS,
EDWIN CARLTON,
CHARLES B. KEENE,
Selectmen.

REPORT OF CHIEF OF POLICE

To the Honorable Board of Selectmen:

Gentlemen:—As chief of Police of the Town of Maynard I present to you my report of the Police department for the year commencing October 1st, 1920 to September 30th, 1921.

I herewith present a table covering the Department during that period.

Drunkenness	87
Assault and battery	16
Larceny	5
Violating liquor law	24
Disturbing the peace	3
Carrying loaded revolver	2
Gambling	19
Bastardy	1
Violating auto law	1
Non-support	2
Adultery	2
Breaking glass	1
Peddling without license	1
Vagrancy	5
Breaking and entering	4

The following shows number of doors found unlocked by the respective officers:

Connors	15
Driscoll	87
Garrand	70
Rasmussen	25
Cannell	3
Waterhouse	18
Swanson	7
Duggan	8
Hickland	6

239

This year the expenses of the Police department have been very heavy due in a great measure to the enforcement of the Prohibition law which I have endeavored to carry out to the full extent of my power. Many complaints have been received

of illegal selling, by letter, but in no case have the senders signed their names and which has been in no way any help to the department. The work of the department has been much harder under the prohibition law than it was before its enactment, as shown by the amount of court fees received for fines which amount to \$2,091.93, and cases appealed to higher court of \$1,500.00 This shows the Police department has been efficient in its duty.

Respectfully yours,

FRANK S. BINKS,
Chief of Police.

REPORT OF SEALER OF WEIGHTS AND MEASURES

To the Honorable Board of Selectmen:

Sirs—I beg to submit a summary of work performed by me as Sealer of Weights and Measures for the town of Maynard for year ending Nov. 30th, 1921.

Scales under 5,000 lbs. tested and sealed	14
Counter scales tested and sealed	25
Beam scales tested and sealed	6
Spring balances tested and sealed	29
Spring balances adjusted and sealed	1
Computing scales tested and sealed	41
Slot weighing machines tested and sealed	2
Weights tested and sealed	149
Liquid measures tested and sealed	47
Oil measuring pumps tested and sealed	18
Molasses pumps tested and sealed	2
Sealing fees collected	\$ 31.87
Adjusting fees collected	.10
Peddlers fees collected	143.00
Total	<hr/> \$174.87

In addition to the above I have made a number of inspections and test weighing, and examined twenty three peddlers' licenses.

Respectfully submitted,

JOSHUA EDWARDS,
Sealer of Weights and Measures.

JOHN LAWTON,
O. S. FOWLER,
GAVIN TAYLOR,
Water Commissioners.

SUPERINTENDENT'S REPORT

To the Board of Water Commissioners:

Gentlemen:—The report of the superintendent and registrar, also the report of the engineer, for the year ending December 31, 1921, is herewith submitted.

The water in White Pond has been well over the intake all the year.

The catch basins in the conduit line have been cleared of sand.

The receiving wells at the pumping station have been pumped out and cleaned.

The reservoir has been emptied and cleaned. More wire fence has been put up this year making it impossible for cattle to go near the reservoir. A ten inch branch and a four inch branch have been cut into the pipe at the reservoir making it much more convenient and safe to clean the reservoir.

On investigating the subject of a modern and economical pumping engine it appeared from the prices quoted that it would cost about \$20,000. to install such an engine. During the investigation of a new pump there appeared for sale an engine which had been used a short time and was being replaced by an electric driven pump. On being informed by the company who built this engine that it would do our pumping and use less coal than our old pump it was decided to buy the engine. This is a Laidlaw-Dunn-Gordan flywheel pumping engine with a Myer riding cut-off valve. The engine will deliver more than 1,000,000 gallons in twenty-four hours.

The engine was put into use in December and is proving very satisfactory. The total cost of this engine is \$2,800.00 which also includes an air pump and an oiling system.

The pumping record and condition of the pumping plant will be found in the engineer's report.

MAINS

Following are the extensions for the year:
Concord street, to the house of Mrs. E.

H. Whitney,	183 ft. 6	inch pipe
Off Randall road,	84 ft. 4	inch pipe
Off Summer street,	138 ft. 1½	inch pipe

Cross street,	103 ft. 1¼ inch pipe
Winthrop ave.,	40 ft. 1¼ inch pipe

A serious leak in the twelve inch main on Main street occurred December 8, at 7.20 p. m. On uncovering the pipe it was found that the pipe had been broken by a stone which the pipe rested on and another stone on top of the pipe. The position of these stones together with the heavy trucks on the road is the reason the pipe cracked. A new piece of pipe was put in and the water turned on before 2 p. m. the next day.

It was necessary to move the hydrant at the corner of Great Road and Main street as the street was being widened. The hydrant at the corner of Summit and Oak streets was moved back about four feet. A hydrant on High street was broken and one on Great Road was found to be leaking.

SERVICE

Fourteen service pipes have been repaired on account of leaks. Twenty-six have been repaired at the cellar wall. Twenty-eight have been cleaned out. Two services have been relaid from main to cellar and three from sidewalk to cellar. Sixteen new services have been put in making the total number now in use 1,174.

METERS

One hundred meters have been changed for repairs. Twenty-one new meters have been placed, making the number now in use 1,177.

In looking forward we should plan to lay a ten or twelve inch main from the reservoir to Summer street.

I wish to thank the water commissioners for their co-operation during the year.

Respectfully submitted,

WILLIAM NAYLOR,

Superintendent.

REPORT OF ENGINEER

To the Superintendent:

Sir:—The engines at the station are in good condition. The engine which has just been installed has been in use since December.

The boilers are in good condition. The safety valve on No. 2 boiler has been repaired and both safety valves have been set to blow off at 120 pounds.

Stock on hand January 1, 1922:—70 tons of coal, ½ barrel grease, ½ barrel cylinder oil, ½ barrel engine oil, 36 gallons boiler compound, 50 pounds cotton waste, 15 pounds of packing, and 12 gauge glasses.

PUMPING RECORD

	Coal	Gallons	Daily Ave.
January	55,245	11,236,453	373,111
February	46,278	9,478,071	338,533
March	42,305	9,479,295	305,783
April	37,746	9,197,918	306,592
May	36,467	9,616,164	310,199
June	59,353	12,768,516	425,617
July	41,891	10,356,174	334,070
August	42,233	10,790,550	448,082
September	36,654	9,173,574	305,785
October	38,564	9,469,224	305,458
November	45,587	9,711,093	323,670
December	42,329	7,412,136	239,101

524,652 118,689,168

Average daily consumption 325,176 gallons.

Average daily consumption for each person, figured on 6,500 consumers, 50 gallons.

The coal consumption includes coal used in banking and starting fires and heating building.

No allowance has made for slip of pump.

Respectfully submitted,

ORRIN R. BOSWORTH,
Engineer.

The laws require that the owners of taxable property shall each year between April 1st and May 15th submit to the Asses-

sors a list of all of their taxable property and the valuation of the same. If that is not attended to the Assessors must estimate the value. After assessment has been made, the assessors cannot legally change the valuation of the property, nor the amount of taxes thereon, until the owner has filed a sworn statement of all his taxable property.

The Supervisor of Assessors has informed us, that we must have such lists on file for his inspection, where abatements have been made.

The past year we have started a card system. By this we mean that every piece of property has a card and each poll has has a card. These cards are taken by the Assessors and each piece of property must check with the card. If a piece of property has been improved the amount of the improvement is added to the value while the assessor is on the ground. Each poll tax is checked against each house. A record of personal property is also kept on these cards.

Therefor an assessor starts out with a record and if a person or property is not to be found it is followed up and checked.

The old way was to start with nothing but paper and pencil and therefor there was no value or prices to check from.

This year we have tried to equalize values of buildings and lots, and further adjustments may be necessary when costs of building and building materials are stablized. We have had typewritten, with carbon copies names of all persons assessed, arranged alphabetically for use of Town Officers.

We have other records which we want files for, but have not yet found the suitable kind of cabinet for our purpose.

JOHN C. KING,
JOSHUA NAYLOR,
JAMES J. LEDGARD,
Assessors of Maynard.

REPORT OF DEMONSTRATION WORK IN AGRICULTURE AND HOME ECONOMICS IN MAYNARD

For the year ending December 31, 1921.

An appropriation of \$200.00 was made at the annual town meeting for demonstration work under the direction of the Middlesex County Bureau of Agriculture and Home Economics. Following is a report of the work done by this organization in the town of Maynard.

As this is not an agricultural town, there was little that the County Agricultural Agent could do except with few farmers. Plans are now underway for the organization of work with women in problems of nutrition and household management under the direction of the County Home Demonstration Agent which will be completed before the annual town meeting.

Leadership of boys' and girls' clubs was under the direction of Miss Alice Murphy, Junior Director for the County Bureau. During the summer Miss Anna E. Sherry of Boxboro was employed to take charge of canning and garden projects. There were 38 meetings held with boys' and girls' clubs in the town during the year and 12 home visits. A Handicraft Club under the leadership of Supt. of Schools Wm. H. Millington, was especially successful. The enrollment in the various projects was as follows: Home Economics 43, handicraft 24, canning 11, garden 5. Plans will be made another year to secure a plot of land for garden club members so that a large number of boys in the town can join that club. All the other clubs will also be larger during the coming year.

WM. J. HAYWARD,
 Director.

TOWN CLERK'S REPORT

For the Year Ending December 31, 1921.

Town Warrant No. 260

Town Meeting February 14, 1921.

COMMONWEALTH OF MASSACHUSETTS

MIDDLESEX, ss.

To either of the Constables of the Town of Maynard, in said County, Greeting:

In the name of the Commonwealth of Massachusetts, you are hereby directed to notify and warn the legal voters of said Maynard, to assemble in Co-operative Hall, in said town, on Monday the fourteenth day of February, 1921 at 6.30 a. m. then and there to act on the following articles:

Article 1. To choose by the Australian system of balloting the following town officers: One town clerk, one town treasurer, one collector of taxes, each for one year, one overseer of the poor for three years; one member of the board of health for three years; three selectmen for one year; one water commissioner for three years; one member of the school committee for three years; one assessor for three years; one trustee of the Public Library for three years; one tree warden for one year; two auditors for one year; three constables for one year; one cemetery commissioner for three years, moderator for one year and all other town officers to be chosen at said meeting, also to answer by the Australian system of balloting the following question: "Shall licenses be granted for the sale of certain non-intoxicating beverages in this town?" For the purpose specified in this article the polls will be open after the reading of the Warrant, and will remain open until four o'clock in the afternoon, when they shall be closed unless the meeting there assembled otherwise determine.

Article 2. To hear and act on the reports of town officers and committees.

Article 3. To see if the Town will authorize the Treasurer, with the approval of the Selectmen, to borrow during the municipal year beginning January 1, 1921, in anticipation of the taxes of the said municipal year, such sums of money as may be necessary for the current expenses of the town, giving the notes of the town therefor, payable within one year from the date thereof.

And you are directed to serve this Warrant by posting an attested copy at the Post Office and one at each of ten other public places in said town, seven days at least, before the time of holding said meeting.

Hereof fail not, and make due return of this Warrant with

your doings thereon, to the Town Clerk or the Selectmen, at or before the time appointed for holding said meeting.

Given under our hands this seventeenth day of January in the year of our Lord, one thousand nine hundred and twenty-one.

FRANK S. BINKS,
ALBERT J. SMITH,
EDWIN CARLTON,
Selectmen of Maynard.

MIDDLESEX, SS.

Maynard, Mass., Feb. 3, 1921.

I have served the within named warrant by posting an attested copy of the same at the Post Office and one at ten other public places in said town seven days before the time of holding said meeting as within directed.

A true copy

JOHN CONNORS,
Constable of Maynard.

A true copy.

Attest: FRANK E. SANDERSON,
Town Clerk.

Proceedings of Town Meeting held February 14, 1921,

Pursuant to Town Warrant No. 260 the voters of Maynard cast their ballots for Town Officers on the above date.

Cards of instruction and specimen ballots were posted as required by law and the warrant read at 6.30 a. m. by the Town Clerk.

Moderator Horace F. Bates declared the polls open at 6.33 o'clock.

Voted to elect minor officers and act upon Articles 2 and 3 at two o'clock p. m.

The following ballot clerks and tellers appointed by the Selectmen were sworn by the Town Clerk:

Ballot Clerks—Chester F. Sawyer, Frank E. Johnson, Magloire LeSage, James Whalen and Albert N. Fairbanks.

Tellers—Mathew Campbell, John Trench, Inez W. Andrews, Julia Sheehan, Raymond A. Smith, Alton W. Sims, Alice J. Joyce, Mabel E. Bishop, Robert G. Jackson and John C. King.

The Town Clerk delivered to the ballot clerks a box of ballots and duplicate check lists taking a receipt therefor.

The Moderator and Town Clerk examined the ballot box, set the register at 0000 and placed the keys in the keeping of Constable Nicholas J. Driscoll, who took charge of the box.

It being deemed advisable in the opinion of the Moderator and Town Clerk, ballots were taken from the box at various times during the day, beginning at 7.15 o'clock, and counted.

At two o'clock the following officers were elected by acclamation.

FENCE VIEWERS

Article 2. Voted to accept the reports of the several boards of Town Officers as printed in the "Annual Report of the Several Boards of Town Officers of the Town of Maynard Massachusetts, for the year ending December 31, 1920."

Article 3. Voted unanimously:

That the Treasurer be and hereby is authorized, with the approval of a majority of the Selectmen, to borrow during the municipal year beginning Jan. 1, 1921, in anticipation of the collection of the taxes, such sums of money as may be necessary for the current expenses of the town, but not to exceed in the aggregate \$75,000.00 giving the notes of the Town therefor, payable within one year after the dates thereof. All debts incurred under authority of this vote shall be paid from the taxes of the present municipal year.

Article 1. At four o'clock the polls were closed.

The number of ballots cast was fifteen hundred and eleven.

The register on the ballot box indicated fifteen hundred and nineteen. The officer in charge reported double registering on several ballots during the day.

Each check list showed fifteen hundred and eleven names checked.

The ballots were counted by the counting board system and the result announced at 4.39 o'clock by the Town Clerk, as follows:

Attest: FRANK E. SANDERSON,
Town Clerk.

Town Warrant No. 261

Town Meeting March 7, 1921.

COMMONWEALTH OF MASSACHUSETTS
MIDDLESEX, ss.

To either of the Constables of the Town of Maynard, in said County, Greeting:

In the name of the Commonwealth of Massachusetts you are hereby directed to notify and warn the legal voters of said Maynard, to assemble in Co-operative Hall in said town, on Monday, the seventh day of March, 1921, next at 7.30 p. m., then and there to act on the following articles:

Article 1. To hear and act on reports of town officers and committees.

Article 2. To fill all vacancy in town offices.

Article 3. To see if the town will vote to appropriate and grant money for all necessary town purposes.

Article 4. To see what rate of interest the town will charge upon its unpaid taxes after September 10th in the year of assessment. To do or act thereon.

Article 5. To see if the town will vote to appropriate the sum of two hundred dollars, (\$200.00) for Memorial Day. To do or act thereon.

Article 6. To see if the town will accept the sum of one hundred dollars, (\$100.00) to be known as the Harvey Broadbent fund, the interest to perpetually care for the lot and surroundings in Glenwood Cemetery. To do or act thereon.

Article 7. To see if the town will accept the sum of one hundred dollars, (\$100.00) to be known as the Harvey A. Harwood fund, the interest to perpetually care for the lot and surroundings in Glenwood Cemetery. To do or act thereon.

Article 8. To see if the town will vote to appropriate the sum of fifty dollars (\$50.00) or some other amount, for the salary of a Fish and Game Warden for one year for the Town of Maynard. To do or act thereon.

Article 9. To see if the town will vote to appropriate the

sum of four hundred twenty-five dollars (\$425.00) or some other amount, for the salary of an Americanization teacher, in accordance with the provisions of Chapter 295, Acts of 1919. To do or act thereon.

Article 10. To see if the town will vote to take action in regard to observance of the fiftieth anniversary of the incorporation of the town and to appropriate money for the same. To do or act thereon.

Article 11. To see if the town will appropriate the sum of three hundred dollars (\$300.00) for Band Concerts during the summer months. To do or act thereon.

Article 12. To see if the town will vote to raise and appropriate the sum of two hundred dollars (\$200.00) or some other amount, and elect a director for demonstration work in agriculture and home economics, the money to be expended by, and the director to serve in cooperation with the County Trustees for Aid of Agriculture of the Middlesex County Bureau of Agriculture and Home Economics, under the provisions of Chapter 273, General Acts of 1918; it being understood that fifty dollars (\$50.00) of this amount shall be used to provide local paid supervision of boys' and girls' club work. To do or act thereon.

Article 13. To see if the town will vote to appropriate the sum of five hundred dollars (\$500.00) for the purchase of land and forty-five hundred (\$4,500.00) for the widening of the street and erection of a sidewalk over the river at Ben Smith's Bridge, that one half the amount be assessed this year and one half in 1922. To do or act thereon.

Article 14. To see if the town will vote to accept Section 120, Chapter 94 of the General Laws: In towns having less than ten thousand inhabitants which accept this Section or have accepted corresponding provisions of earlier laws at any annual town meeting, the annual license fee for carrying on the business of slaughtering neat cattle, sheep or swine shall be such sum not exceeding one hundred dollars (\$100.00) as the selectmen fix. To do or act thereon.

Article 15. To see if the town will vote to appropriate a sum not exceeding twelve hundred dollars (\$1,200.00) to pay all damages incurred by Emma Dettling by reason of the relocation of Parker Street through her premises, and to pay all expenses in connection with her petition for damages now pending in the Superior Court. To do or act thereon.

Article 16. To see if the town will vote to accept all, or a part of East St. as a public way. To do or act thereon.

And you are directed to serve this Warrant by posting an attested copy at the Post Office and one at each of ten other public places in said town, seven days at least, before the time of holding said meeting.

Hereof fail not and make due return of this Warrant with your doings thereon, to the Town Clerk or the Selectmen, at or before the time appointed for holding said meeting.

Given under our hands this twenty-sixth day of February,

in the year of our Lord one thousand nine hundred and twenty-one.

FRANK S. BINKS,
EDWIN CARLTON,
CHARLES B. KEENE,
Selectmen of Maynard.

MIDDLESEX, ss.

Maynard, February 28, 1921.

I have served the within named warrant by posting an attested copy of the same at the Post Office and one at each of ten other public places in said town, seven days before the time of holding said meeting as within directed:

NICHOLAS J. DRISCOLL,
Constable of Maynard.

A true copy. Attest:
FRANK E. SANDERSON,
Town Clerk.

Meetings of the General Committee were held at Riverside hall on the evenings of March, 22nd and April, 12th and the reports of the various sub-committees heard.

Mr. Arthur J. Coughlan, Chairman of the General Committee was taken critically ill on April 7th and was unable to continue his work.

On April 12th Frank E. Sanderson was chosen to succeed Mr. Coughlan and Wallace C. Priest was elected Secretary of the Committee.

The New England Decorating Co. of Boston, engaged by the Committee to decorate the streets, school houses, Town offices and buildings, completed this work several days before the celebration. Other decorating companies were engaged by business men and citizens and the Town presented a gala appearance in the display of flags and bunting.

The weather which had been unusually fine throughout March and early April was not quite so favorable when the date of the celebration arrived and although April 19th was cool, no change of program was necessary.

Sunday, April 17th the Churches of the Town observed the anniversary with appropriate services.

Monday, April 18th, the schools held special exercises in all the grades. The Senior and Junior High school presented a pageant in Colonial Hall, under the direction of Miss Helena G. Fowler of the High School Faculty, who wrote and arranged the same.

The program follows:

PROGRAM

Finnish Dance	Junior High School
Columbia speaks	

"Columbia the Gem of the Ocean"

Flag Salute

Anniversary Day, Tuesday, April 19th, was announced by the Assabet Mill siren whistle, at seven o'clock a. m., blowing

for five minutes.

Battery D. 2nd Field Artillery of Lowell fired a salute of fifty guns from a position above the river at the rear of Mrs. Mary J. Reed's residence.

The fire alarm was also sounded and church bells rung. At 9.30 a. m. the Town officers marched to the Roosevelt School on Nason Street where they were photographed by George D. Elson. The Police Officers and the Finance Committee were also photographed in groups. Riverside Hall was beautifully draped with bunting and was the Re-union headquarters. Mrs. Frank E. Sanderson, (great grand-daughter of Amory Maynard) chairman of the Re-union Committee, with her assistants welcomed visitors from far and near. Guests were registered by Miss Emma Deane, assisted by Miss Laura Parkin.

The parade formed at Sudbury and Main Streets at 10.30, starting at 11 o'clock.

Route as follows: Main St., to Nason St., to Summer St., to Main St., disband at Walnut St.

From the reviewing stand on the Congregational Church grounds the parade was reviewed by Governor Channing H. Cox, members of the Anniversary Committee, Town Officers, Clergymen and invited guests.

James J. Morgan acted as Chief Marshall, and was assisted by John Lawton, Joshua Edwards and members of the parade committee. The various civic and fraternal organizations of the town, the G. A. R. Veterans, Frank J. DeMars Post, American Legion, and several hundred children of the Public Schools decorated in caps and sashes of national colors, participated in the parade, with music by three local bands.

Governor Channing H. Cox, Senator John M. Gibbs, Representative Frederick P. Glazier and former State Treasurer Charles L. Burrill made brief addresses from the reviewing stand after the parade had disbanded. Town Clerk Frank E. Sanderson, presided.

Governor Cox and wife, the Board of Selectmen, and other guests were entertained in the Congregational Church by members of the committee at a dinner served by the Ladies Benevolent Society.

Community singing on the Congregational Church green at two o'clock was carried out according to program, although somewhat delayed by a light shower. A band concert followed.

Riverside Hall was thronged throughout the day. Residents of the former village of Assabet gathered once more in the old Hall, and old associations and acquaintances were renewed. Everyone had a smile and a handshake for former neighbor or schoolmates. Orchestra music enlivened the occasion and the spirit of harmony and hospitality prevailed.

At three o'clock Town Clerk Frank E. Sanderson called the assembly to order by ringing the school bell used by John H. Vose in the old district school, and introduced the following

speakers, Brooks Reed, son of Joseph W. Reed, who as Justice of the Peace issued the warrant calling the first Town Meeting in 1871. Mr. Reed in a brief address of welcome, extended the greetings of the Town. Mr. Amory Maynard, (grandson of Amory Maynard), spoke of his grandfather and grandmother as he knew them. Mr. Erastus Williamson of Hyde Park, delivered a historical address. Mr. Williamson had visited Assabet during the campaign of President Grant and addressed our early townsfolk from the same platform. Mr. Thomas Lees of Lowell, Mr. Owen Reynolds of Dedham, and Rev. Fr. William McGrail of So. Boston took as the subject of their remarks, "Reminiscences". John F. Fitzgerald of Boston also addressed the gathering.

The speaking was interspersed with selections by the Community Glee Club, under the direction of Music Supervisor, George H. Woods.

Light refreshments were served by the Re-union committee. The book used as a register is on file in the Town Clerk's office and contains the names of several hundred visitors and townspeople.

The Maynard Woman's Club provided a first aid room fully equipped, with nurse, at Riverside Hall, which happily, was an emergency not required.

The History Committee after a month of very energetic effort succeeded in producing for sale on April 19th the "Brief History of Maynard" written by William H. Gutteridge.

Note: A Printers' strike, however, delayed the delivery of the book in quantity and several weeks elapsed before the completion of the work. This delay so effected the sale of the book that the financial report following, shows an overdraw, which will eventually be offset by the future sale of the history.

The day's program was concluded by the ringing of bells at six o'clock p. m.

Many of the store windows were used to exhibit old relics, curios and pictures which added to the interest of the occasion.

The Town Clerk has filed in his office a package containing the following, for future reference:

A brief History of Maynard. By William H. Gutteridge
Program of exercises in the Public Schools, April 18, 1921.
(complete)

Copies of Fiftieth Anniversary Program.

Committee Badge.

Town Officer's Badge.

Town Warrant No. 262

Town Meeting, May 26, 1921.

COMMONWEALTH OF MASSACHUSETTS

MIDDLESEX, ss.

To either of the Constables of the Town of Maynard, in

said County, Greeting:

In the name of the Commonwealth of Massachusetts you are hereby directed to notify and warn the legal voters of said Maynard to assemble in Co-operative Hall in said town, on Thursday, the twenty-sixth Day of May, 1921, at 7. 30 p. m. then and there to act on the following articles:

Article 1. To hear and act on reports of town officers and committees.

Article 2. To see if the town will accept the sum of one hundred dollars, (\$100.00), to be known as the David MacMillan fund, the interest to perpetually care for the lot and surroundings in Glenwood Cemetery. To do or act thereon.

Article 3. To see if the town will accept the sum of one hundred dollars, (\$100.00), to be known as the William G. Priest fund, the interest to perpetually care for the lot and surroundings in Glenwood Cemetery. To do or act thereon.

Article 4. To see if the town will accept the sum of one hundred dollars, (\$100.00), to be known as the Robert Kennedy fund, the interest to perpetually care for the lot and surroundings in Glenwood Cemetery. To do or act thereon.

Article 5. To see if the town will accept the provisions of Chapter 147, of the Acts of 1920, being an act to establish a State Boxing Commission to serve in the Department of Public Safety. To do or act thereon.

Article 6. To see if the town will vote to appropriate the sum of Four Thousand Dollars, (\$4,000.00) to repair Acton Street from corner of Nason and Acton Streets to Elm Court. To do or act thereon.

Article 7. To see if the town will vote to appropriate the sum of five hundred (\$500.00) for the purchase of land, and forty-five hundred dollars (\$4,500.00) for the widening of the street and erection of a sidewalk over the river at Ben Smith's Bridge; that one-half the amount be assessed this year and one-half in 1922. To do or act thereon.

Article 8. To see if the town will vote to appropriate money for the erection of a grandstand with dressing rooms on John A. Crowe Park. To do or act thereon.

Article 9. To see what action the town will take in regard to completion of Great Road and appropriate money for same. To do or act thereon.

And you are directed to serve this Warrant by posting an attested copy at the Post Office and one at each of fifteen other public places in said town, five days at least, before the time of holding said meeting.

Hereof fail not and make due return of this Warrant with your doings thereon, to the Town Clerk or the Selectmen, at or before the time appointed for holding said meeting.

Given under our hands this nineteenth day of May, in the

year of our Lord one thousand nine hundred and twenty-one.

FRANK S. BINKS,
EDWIN CARLTON,
CHARLES B. KEENE,
Selectmen of Maynard.

MIDDLESEX, ss.

Maynard Mass., May 26, 1921.

I have served the within named warrant by posting an attested copy of the same at the Post Office and one at each of fifteen other public places in said town. five days before the time of holding said meeting as within directed.

JOHN CONNORS,
Constable of Maynard.

A true copy. Attest:
FRANK E. SANDERSON,
Town Clerk.

Proceedings of Town Meeting held May 26, 1921.

Pursuant to Town Warrant No. 262, a meeting was held in Co-operative Hall on the above date.

Moderator H. F. Bates called the meeting to order at 7.35 o'clock.

The warrant was read by the Town Clerk.

Article 1. Herbert H. Young, clerk of the Finance committee read the report of that committee. Said report was received and filed with the Town Clerk.

Article 2. Voted to accept the sum of one hundred dollars, (\$100.00), to be known as the David MacMillan fund, the interest to perpetually care for his lot and surroundings in Glenwood Cemetery.

Article 3. Voted to accept the sum of one hundred dollars, (\$100.00), to be known as the William G. Priest fund, the interest to perpetually care for his lot and surroundings in Glenwood Cemetery.

Article 4. Voted to accept the sum of one hundred dollars, (\$100.00), to be known as the Robert Kennedy fund, the interest to perpetually care for his lot and surroundings in Glenwood Cemetery.

Article 5. After considerable discussion regarding an error in drawing this Article it was voted to defer action on the same until other articles of the warrant had been acted upon.

Article 6. Voted to pass over this article.

Article 7. Gavin Taylor and James J. Morgan were appointed Tellers and they were sworn by the Town Clerk.

Voted 19 in favor, 8 opposed to appropriate the sum of five hundred dollars (\$500.00) for the purchase of land, and forty-five hundred dollars (\$4,500.00) for the widening of the street and erection of a sidewalk over the river at Ben Smith's Bridge; that one-half the amount be assessed this year and one half in 1922.

Article 8. A motion to appropriate one thousand dollars (\$1,000.00) was amended to read "two thousand dollars, (\$2,000.00) for the erection of a grandstand with dressing-rooms on John A. Crowe Park.

Article 9. Voted to appoint a committee of three to investigate the land damage likely to result from the proposed widening of Great Road to a width of 50 feet, said committee to report to some future town meeting.

Committee appointed: Orrin S. Fowler, Edward J. Flaherty, William Connolly.

Article 5. Voted to accept the provisions of Chapter 147, of the Acts of 1920, being an act to establish a State Boxing Commission to serve in the Department of Public Safety.

Voted to adjourn.

Attest: FRANK E. SANDERSON,
Town Clerk.

Town Meeting December 19, 1921.

COMMONWEALTH OF MASSACHUSETTS
MIDDLESEX, SS.

To either of the Constables of the Town of Maynard, in said County, Greeting:

In the name of the Commonwealth of Massachusetts you are hereby directed to notify and warn the legal voters of said Maynard, to assemble in Co-operative Hall in said town, on Monday, the nineteenth day of December, 1921, at 7.30 p. m., then and there to act on the following articles:

Article 1. To hear and act on reports of town officers and committees.

Article 2. To see if the town will vote to appropriate the sum of five thousand, eight hundred dollars (\$5,800.00) for School Department. To do or act thereon.

Article 3. To see if the town will vote to appropriate the sum of seven hundred and fifty dollars (\$750.00) for Tree Warden Department. To do or act thereon.

And you are directed to serve this Warrant by posting an attested copy at the Post Office and one at each of fifteen other public places in said town, five days at least, before the time of holding said meeting.

Hereof fail not and make due return of this Warrant with your doings thereon, to the Town Clerk or the Selectmen, at or before the time appointed for holding said meeting.

Given under our hands this twelfth day of December, in the year of our Lord one thousand nine hundred and twenty one.

FRANK S. BINKS,
EDWIN CARLTON,
CHARLES B. KEENE,
Selectmen of Maynard.

MIDDLESEX, SS.

Maynard, December 13, 1921.

I have served the within named warrant by posting an attested copy of the same at the Post Office and one at each of ten other public places in said town, seven days before the time of holding said meeting as within directed.

NICHOLAS J. DRISCOLL,
Constable of Maynard.

A true copy. Attest:
FRANK E. SANDERSON,
Town Clerk.

Proceedings of Town Meeting held December 19, 1921.

In accordance with Town Warrant No. 264, a Town Meeting was held on the above date.

Moderator Horace F. Bates called the meeting to order at 7.32 p. m.

The Warrant was read by the Town Clerk.

Article 1. Herbert H. Young, clerk of the Finance Committee read from the records of said committee and recommended the sums called for in Articles 2 and 3 be appropriated.

Article 2. Voted to appropriate five thousand eight hundred dollars, (\$5,800.00) for School Department, the same to be raised by the taxes of 1922.

Article 3. Voted to appropriate seven hundred fifty dollars, (\$750.00) for Tree Warden Department, the same to be raised by the taxes of 1922.

Meeting adjourned at 7.40 p. m.

Attest: FRANK E. SANDERSON,
Town Clerk.

Total number of births recorded for the year 1921—174.

PARENTS BE SURE TO RECORD THE BIRTH OF YOUR CHILD WITH GIVEN NAME IN FULL

READ THE LAW!

"Parents, within forty days after the birth of a child, and every householder, within forty days after a birth in his house, shall cause notice thereof to be given to the clerk of the town where such child is born.***" Gen. Laws, Chap. 46, Sec. 6.

SOME OF THE MANY

REASONS WHY BIRTHS SHOULD BE RECORDED

To establish identity
To prove nationality
To prove legitimacy
To show when the child has a right to enter school
To show when the child has the right to seek employment under the child labor law
To establish the right of inheritance to property
To establish liability to military duty, as well as exemption therefrom
To establish the right to vote
To qualify to hold title to, and to buy or sell real estate
To establish the right to hold public office
To prove the age at which the marriage contract may be entered into
To make possible statistical studies of health conditions

**Your co-operation to the end that all births may be properly recorded will be
greatly appreciated.**

The town clerk requests information of any omissions or errors in the lists of births, deaths or marriages.

This office is prepared to furnish blanks for the proper return of births, and would call particular attention to the provisions of Chapter 46 of the General Laws of Mass., requiring physicians and midwives to make a preliminary return of all births at which they were in charge, within forty-eight hours of the birth.

Said Chapter further provides that a more complete return of each birth shall be made within fifteen days of the birth and that the physician or midwife shall also keep a record of the same. Physicians and midwives will please observe that they are entitled to the customary fee only for births properly reported under this chapter and that the town clerk cannot certify bills unless the returns have been filed at this office within the time allowed by law.

The strict observance of the law with respect to filing returns of births, deaths and marriages is important.

The town clerk is obliged to report to the Secretary of the Commonwealth every delayed return filed, regardless of the cause thereof.

FRANK E. SANDERSON,
Town Clerk.

GRANDSTAND JOHN A. CROWE PARK

Report of Committee

At a Town meeting May 26th, 1921, the sum of \$2,000.00 was voted to build a grandstand to seat 1,000 people. After consulting with Mr. Merle E. Barnes, architect, 22 Ames Bldg., Boston, we were informed a stand of this size would cost over \$4,000. The architect was notified to draw plans for a stand to seat 600 people, so as to keep within the appropriation. The following carpenters in the town were notified by letter if they wished to bid on the stand. the plans could be seen at the Selectmen's Rooms: James Mullin, Dan Colbert, Levi Cheney, O. P. Tucker, A. R. Croft, Joseph Foster, Harry Frye, and C. Carr. The following bids were received: Orville P. Tucker, \$3,160., James Mullin \$2,500., A. R. Croft \$2,485. As the bids were all above the appropriation we had again to make alterations to meet the amount of appropriation, and these bids were received: James Mullin \$1,900., A. R. Croft \$1820. The contract was awarded to A. R. Croft, the lowest bidder and articles drawn up and signed by contractor and committee. We feel sure the citizens of the town will agree with us when we state the grandstand has added a great improvement to our Ball Park, which we all know is one of the finest Public Parks in the state. We would ask the citizens and especially the ballplayers to co-operate with the Selectmen and Park Commissioner and report to them any violation of the following town by-law:

Public Buildings, Chapter eleven, Section one.

It shall be the duty of the Selectmen to prosecute all parties who may cut, mark, deface, defile, or in any manner damage or injure any public buildings, belonging to the town or any out-building connected with said public buildings, or who may damage or injure any fence enclosing any land belonging to the town.

Appropriation	\$2,000.00
Expenditures:	
Arthur R. Croft, building stand, contract price	\$1,820.00
Arthur R. Croft, yale locks for dressing rooms, ect.	15.56

Supt. Park.

BOARD OF HEALTH REPORT

The Board of Health submits the following report:—

During the past summer and autumn we had a small sized epidemic of diphtheria, which seemed confined mostly to certain districts in the town inhabited by members of the foreign population. That there was not a great increase in the prevalence of the disease upon the reopening of the schools was fortunate.

If your child has been reported to you as having enlarged or diseased tonsils, you should at once consult a physician and see if the diagnosis is correct. If such be the case, the tonsils should be removed for in so doing the chances of a child are much better in case of diphtheria, and he is less liable to take the disease.

In operations for the enucleation of the tonsils if properly performed, there is comparatively no danger. Adenoid growth at the same time should receive attention, some of the symptoms of which are the peculiar expression of the face, easily recognized by physicians; mouth breathing especially at night; dullness in school and nervousness. The child is apt to take cold easily and is subject to earache. Some children are immune to diphtheria and if a parent wishes to ascertain this fact, he may do so by consulting a physician.

As a result of the smallpox epidemic in Kansas City, Missouri, in which epidemic approximately one-third of the cases are dying (over 100 deaths have been reported), it has been found necessary by the health authorities to try to localize this epidemic by restricting travel unless people are vaccinated.

Smallpox would not have become epidemic in Missouri if the people of the state had been vaccinated, but the usual outbreak followed when a smallpox case came in contact with unvaccinated people.

There were 1003 cases of smallpox reported in the United States for the week ending Dec. 10, 1921. In all probability a considerable number of children below the school age have not been vaccinated, and older people who have come to Maynard from other places may be vulnerable. A little sore on the arm is much to be preferred to a zinc-lined box and a hole in the ground in a cemetery. It is claimed that immunity from smallpox infection, by vaccination, only lasts a period of seven years.

DOG BITES

Although rabies is not a very common disease, if it is untreated, death is the usual result. A rabid animal may possibly transmit the disease during a period of ten days prior to the

development of symptoms. The incubation period is usually from two to six weeks, but may be many months. Treatment after the onset of symptoms is rarely effective. All dog bites should be treated by a physician, and the possible dangers explained, but hysterical impulses should not be encouraged. It is unwise to have the offending dog killed, in the absence of symptoms of the disease, but rather to confine the animal and, if suspicious symptoms develop, have the dog killed and its brain examined.

Spitting upon the sidewalks, in hallways of public places, and in street cars, is a punishable offence and I think it should be called to your attention at this time, not because it is anything new, but simply as a reminder, especially at this season of the year during the prevalence of so many colds.

We have been through some difficulty in disposing of the garbage, our former employee having died during the past year. It became necessary to employ Walter Jones to do the work. He had some difficulty at first in accommodating the public, but we hope in the near future to have everything arranged so it will be satisfactory.

Following is a list of reportable diseases received during the year:

Diphtheria	41 cases
Scarlet Fever	12 cases
Whooping Cough	41 cases
Typhoid Fever	1 case
Trichinosis	1 case
Pulmonary Tuberculosis	8 cases
Other forms of Tuberculosis	3 cases

O. S. FOWLER

Board of Health.

REPORT OF PUBLIC LIBRARY TRUSTEES

To the Citizens of Maynard:

Do you use the Public Library as you should? It is yours and you are the owners of the books. The trustees are only one of you, whom you have chosen to take charge of your property. They are alive and on the job all the time. They aim to serve all the reading public of the town.

If you want a book in the library or if you want a book taken out of the library see the trustees. They will cater to your needs. If you have a book out that is overdue or know of someone who has, either bring it in or tell them to. There are many books out, long overtime, just at present and the trustees want to get them in. Make, "Cooperation with the Library Trustees," your motto. That will make your library what you want it to be and what we are trying to make it.

We feel that the year just closed has been successful from many points of view. It is true our circulation has fallen off but those who read the books have gotten the most out of them. We had a balance left in our appropriation but that is covered by an invoice for books that were purchased last year but have just arrived. The last lot contains one hundred fiction and non-fiction books and we feel it is a good selection of up-to-date reading matter. In the lot is a new dictionary that is a credit to any library. They have been put on the shelves and are being used to good advantage.

We are cooperating with all Americanization movements and will endeavor to obtain all books and papers on the subject that we have not got at present. It takes only a suggestion to the librarian before the trustees act.

We want the cooperation of the parents and school teachers to help in our children's problem. The children are great readers and absorb knowledge like a sponge. But in so doing they are apt to bring their play into the library. Everybody wants quietness while they are reading and the children must be kept quiet. We thought that the plan of allowing children to only change books in the evening would solve the puzzle. But it does not wholly as the children take advantage of the privilege and remain in the library too long in the evening after changing their parent's books. If the parents and teachers will try and instill, "quietness in the library", into the children's minds they would confer a great favor on the librarians, the trustees and the reading public.

Don't forget that the trustees are still waiting for their new building. At one time they had visions of moving into a home they could call their own. One that would have reflected credit on the citizens of our town, but the matter seems to have been dropped. What greater civic improvement could be put through than a nice library. An edifice dedicated to education and learn-

ing in the center of the town would elevate the civic pride of the citizens of this town to the highest possible plane.

So, for the coming year let cooperation in library matters be your watchword.

LIBRARIAN'S REPORT

Number of books in Library ending 1920	9,621
Number by purchase	203
Number by gift	1
Number thrown out, and for disease	32
Number taken from shelves as shown by the counting	5

WM. H. MANN,
Tax Collector

AUDITOR'S REPORT

January 21, 1922

To the Board of Selectmen, Maynard, Mass.:

Gentlemen—We have audited and found correct the books of the treasurer, tax collector, water registrar, selectmen, board of health, overseers of the poor, library trustees, sealer of weights and measures, cemetery trustees, fire department, and the school committee. We have also inspected and found correct all bonds in the care of the treasurer.

Respectfully submitted,

OLIVER C. TREES,
C. A. STOCKBRIDGE,

Auditors.

The Overseers recommend an appropriation of \$9,000.00 for the coming year.

WM. P. SCULLY,
JAMES MULLIN,
THOMAS WRIGHT,
Overseers of Poor of Maynard.

*REPORT OF THE FINANCE COMMITTEE FOR
THE YEAR 1921*

Feb. 5, 1921.

The Finance Committee and Selectmen examined the Ben Smith bridge with the view of making improvements and repairs, as parts of the structure are unsafe. Measurements were taken and it was decided to ask the surveyor to give an estimate of the probable cost.

Committee adjourned to meet on call of the chairman.

HERBERT H. YOUNG, Clerk

The Finance Committee met Feb. 17, 1921, at 8 P. M. to consider additional appropriations for 1921. Joshua Naylor automatically retiring from office as clerk of the committee on account of his election to the Board of Assessors, H. H. Young was elected to serve as clerk until April 1, 1922.

Mr. H. Sheridan representing the American Legion asked for the sum of \$200. for the annual Memorial Day exercises, which amount was recommended.

Mr. J. C. King, for the Board of Assessors, asked for the sum of \$300. to purchase a card index system to facilitate in the assessment of real estate and other property, in order to avoid inequalities. The amount asked was recommended.

Mr. J. J. Driscoll, Supt. of Streets, appeared with plans for the widening of the Ben Smith bridge and the road leading thereto from the Maynard side, by purchasing from the Hinchcliffe estate, a parcel of land, same not to cost over \$500. and filling and constructing road and sidewalk over the river at a cost of \$4,500. This amount to be paid by issue of two notes of \$2,500. each, payable in 1921 and 1922. Total cost \$5,000. Amount recommended.

A petition was presented asking for an appropriation of \$300. for Band Concerts through the summer. No definite action taken thereon.

The Maynard Rod & Gun Club asked for the sum of \$50.00 to pay a Game Warden. Amount recommended.

Chairman Binks of the Selectmen asked for an appropriation of \$1,200. to cover cost of land and expenses incurred, caused by the action of the County Commissioners in taking land from Miss Dettling in relocating Parker Street. After a general and animated discussion it seemed such a settlement was advisable, and the amount asked for (viz \$1,200.) was unanimously recommended. Meeting adjourned at 9.45 P. M.

HERBERT H. YOUNG, Clerk

May 17, 1921.

The Finance Committee met at the call of Town Moderator,

H. F. Bates.

Thomas F. Parker was elected chairman. Levi R. Cheney the newly appointed member was sworn into office by P. J. Sullivan, J. P. Richard Parmenter was elected to fill the vacancy of the unexpired term of Joshua Naylor.

James Morgan reported the result of investigation in regard to a Grand Stand at John A. Crowe Park, asked for an appropriation of \$1,000. to construct same. This amount was recommended.

The matter of rebuilding a portion of Great Road was discussed. Our approval of the amount asked for was withheld for the reason that the taking of land for a 50 ft. roadway, would in one instance require a large amount of money for damages as then proposed by the abutter. As an alternate proposal, the Committee recommended an appropriation of \$2,000. to construct the road on a 40 ft. width, the work to be performed by the town.

HERBERT H. YOUNG, Clerk

At a meeting held in July, at the call of the Selectmen, we were informed that the Special Committee appointed at the Town Meeting, to investigate the amount of probable damages asked by abutters on Great Road, in the event of the town voting to rebuild the road on a 50 ft. width, as relocated by the County Commissioners, was ready to report and a special Town Meeting was about to be called. Not having any definite information from the Committee, to act upon, the matter was laid on the table.

The Selectmen reported that the appropriation for Roads and Bridges, \$11,500. had been expended and an overdraft of \$1,400. existed. The Committee recommended an appropriation of \$3,000. to cover overdraft and take care of necessary repairs for the remainder of the year.

HERBERT H. YOUNG, Clerk

The Committee met at the call of the Selectmen, Dec. 6, 1921.

Dr. Garland of the School Committee, and Supt. Millington asked for \$5,800. to continue the work of the schools for the remainder of the year. The amount to be apportioned as follows:

Dec. 23, Pay Roll	\$3,318.00
Committee Salaries	350.00
Coal	1,261.00
Miscellaneous	660.00
Contingencies	211.00
Amount recommended	<hr/> \$5,800.00

The Committee met at the call of the Selectmen, Dec. 10, 1921.

Owing to damage caused by the storm, Tree Warden Wm. Bishop asked for an appropriation as follows:

To reimburse Road Dept. for work	\$300.00
To reimburse Moth Dept. for work	86.00
Tree Dept. Pay Roll	84.00
Overdraft	3.90
3 Weeks Pay Roll to Jan. 1st	252.00
	<hr/>
	\$725.90
Amount recommended	\$750.00

HERBERT H. YOUNG, Clerk

The Committee met Jan. 19, 1922 to consider and recommend amounts asked for by various Town Boards and Committees to conduct their departments for the ensuing year.

The School Committee was invited to be present at this meeting. The chairman, Dr. Garland, James J. Hilferty and Supt. of Schools, Mr. Millington appeared and presented a list of their requirements for the year, and answered all questions pertaining thereto.

Present at meeting:

T. F. Parker, *Chairman*
P. J. Sullivan
B. J. Coughlin
G. D. Elson
F. J. McCarron
John Murray
Richard Parmenter
H. H. Young, *Clerk*

Adjourned at 9.30 to meet at 7 P. M. Jan. 24, 1922.

The Committee continued its adjourned meeting at 7 P. M. Jan. 24, at which time discussion of the school budget was resumed and the amount of \$70,000.00 was recommended.

The Selectmen, Supt. of Streets and Chief of Police were then invited into the meeting and Mr. Carlton, clerk of the Selectmen, very ably presented the following matters for consideration:

First the Road Dept.

The following list of estimates prepared by Supt. Driscoll was discussed and amounts recommended as follows:

Labor on Roads and Bridges.

Brown Street	\$700.00
Concord Street, Acton to Brooks	350.00
Concord Street, R. R. crossing to Acton line	200.00
Warren Street	200.00
Thompson Street	400.00
Parker Street, Bancroft to A. E. Walker's Residence	300.00
Tremont Street	350.00
Summer Street, near Tilton Square	200.00
Hauling and spreading sand—cleaning	

streets	1,250.00
Culvert work	500.00
Snow work	700.00
General repairs	700.00
Drains	500.00
Cold Patching Streets	600.00
Scraping streets and cleaning gutters	850.00
Catch basins	200.00
Fences	300.00
Work on bridges	350.00
	<hr/>
	\$8,650.00
Material Approximately	7,000.00
Oil for dust laying	1,500.00
	<hr/>
	\$17,150.00
Road Scarafier	1,000.00
Sidewalks	2,500.00
Great Road construction (State and County each participating \$1,500.)	1,500.00
Heavy oil for State roads now completed	1,000.00
Ben Smith bridge (State and County each participating \$4,500.)	\$4,500.00
	<hr/>
Total	\$27,650.00
Amount recommended	\$27,000.00
New Bridge, Walnut St. estimate	\$18,000.00
New Bridge, Main St. estimate	14,000.00
	<hr/>
Total	\$32,000.00
Amount recommended	\$30,000.00
To be paid by issue of five notes of \$6,000. each payable one each in the next five years.	
One New Bridge Note 1922	\$6,000.00

Total amount recommended for roads and bridges
to be raised in 1922 \$33,000.00

The Selectmen were instructed to prepare and insert an Article in the Town Warrant to provide for the appropriation of \$30,000. to construct the Walnut and Main Street bridges, by issue of five notes of \$6,000. each, payable in 1-2-3-4-5 years respectively.

The Committees action in regard to replacing bridges was arrived at as a result of members of the Committee and Selectmen together with Supt. of Streets and Consulting and Examining Engineers for a Bridge Construction Company, making an examination of the Walnut and Main St. bridges, who reported conditions to the Finance Committee, which after earnest and prolonged consideration recommended that the bridges be replaced with permanent cement structures. The Engineer's

letters you will find appended to the Selectmen's Report.

Recommended Appropriations—Continued

General Gov't.	\$7,000.00
Street Light	5,400.00
Tax Collector and Treas. Bond	250.00
Memorial Day	200.00
Supt. Gypsy and Brown Tail Moth	2,000.00
Game Warden	50.00
Police Dept.	6,000.00

The appropriation for the Police Dept. provides for two officers on duty every night, and an extra officer for the day time when Deputy Chief Connors is absent on official business.

A communication was read from the Supt. and Receiver of the C. M. & H. St. Railway, to see what action, if any, the Town would take in regard to their taxes for 1921. It was voted unanimously to lay the matter on the table.

The Clerk was instructed to invite Mr. Wm. Haywood, in charge of the Agricultural and Home Economics Club to be present at our next meeting to enlighten the Committee as to the progress and nature of the work of that department.

The matter of the establishment of a town forest was presented. On motion of Mr. Coughlin it was voted that a committee be appointed by the Selectmen and report the result of their investigation at a future Town Meeting.

The Committee was informed that the Local Post of the American Legion wished to present a matter to the Town. The Clerk was instructed to invite the Commander of the Legion, attended by a committee of five, to be present at our next session, Jan. 26, at 7:30 P. M.

Motion made and carried to adjourn at 11 P. M. to meet again at 7 P. M., Jan. 26.

Present at this meeting.

T. F. Parker, *Chairman*

B. J. Coughlin

Geo. Elson

F. J. McCarron

P. J. Sullivan

L. R. Cheney

Richard Parmenter

John Murray

H. H. Young, *Clerk*

The Finance Committee met in the Water Dep't. room at 7 P. M., Jan. 6. The following members were present, T. F. Parker, *Chairman*, B. J. Coughlin, G. D. Elson, F. J. McCarron, Richard Parmenter, L. R. Cheney, H. H. Young, *Clerk*.

A delegation from Frank J. Demars Post, A. L., led by Commander Peterson, was received, and the matter of providing suitable quarters for the Legion (as allowed by Statutes) was discussed. As there does not seem to be any suitable place available, and as no amount was requested, no amount was recommended at this time.

However, the delegates were encouraged to continue looking for quarters for their needs, with the assurance that the Finance Committee would aid as far as possible, within their province.

Very cordial relations were established between the Legion Committee and this Committee.

In response to our invitation, Mr. Wm. Haywood, of the local Grange, was present, and fully informed us regarding the functions of the Agricultural and Home Economics Dep'ts. No amount was asked for to carry on this work, therefore no amount was recommended.

While the following table listing amounts approved and recommended for the conduct of all departments of the town, for which money is to be appropriated this year, is probably the largest in the history of the Town, the Finance Committee wish to assure the voters and citizens that the Committee has devoted ample time to the consideration of all matters relating to these amounts. Full opportunity for expression was accorded every one, after which discussions and recommendations were made.

In every instance the Chairman and Clerk attended by members of the various departments responded to the invitation of the Finance Committee, to be present at our meetings, and discussed together the amounts required for each department.

Table of Appropriations as recommended by the Finance Committee for 1922.

School Dep't.	\$70,000.00
Roads and Bridges	33,000.00
General Gov't.	7,000.00
Street Lighting	5,400.00
Tax Collector and Treas. Bond	250.00
Memorial Day Exercises	200.00
Suppression Gypsy and Brown Tail Moths	2,000.00
Fish and Game Warden	50.00
Police Dep't.	6,000.00
Int. on Notes	4,900.00
Public Park	100.00
Public Library	2,200.00 and dog tax
Cemetery	150.00

 HERBERT H. YOUNG, Clerk.

Town Warrant

COMMONWEALTH OF MASSACHUSETTS

MIDDLESEX, ss.

To either of the Constables of the Town of Maynard, in said County, Greeting:

In the name of the Commonwealth of Massachusetts you are hereby directed to notify and warn the legal voters of said Maynard, to assemble in Co-operative Hall, in said town, on Monday, the thirteenth day of February, 1922, at 6.30 A. M., then and there to act on the following Articles:

Article 1. To choose a moderator to preside at said meeting.

Article 2. To choose by the Australian System of balloting the following town officers:—one Town Clerk, one Town Treasurer, one Collector of Taxes, each for one year; three Selectmen for one year; one Overseer of the Poor, one member of the Board of Health, one Water Commissioner, one member of the School Committee, one Assessor, one Trustee of the Public Library, one Cemetery Commissioner, each for three years; one Tree Warden, two Auditors, three Constables and Moderator, each for one year, and all other town officers to be chosen at said meeting. Also to answer by the Australian System of balloting the following question: "Shall licenses be granted for the sale of certain non-intoxicating beverages in this town?" For the purpose specified in this article the polls will be open after the reading of the warrant, and will remain open until four o'clock in the afternoon, when they shall be closed unless the meeting there assembled otherwise determines.

Article 3. To hear and act on the reports of town officers and committees.

Article 4. To see if the Town will authorize the Treasurer with the approval of the majority of the Selectmen, to borrow during the municipal year beginning Jan. 1, 1922, in anticipation

of the taxes of the said municipal year, such sums of money as may be necessary for the current expenses of the Town, giving the notes of the Town therefor, payable within one year from the dates thereof.

Article 5 To see if the Town will accept Chapter 14, Acts of 1921 being "An Act to authorize assessors in towns to appoint assistant assessors." This Act amends Chap. 41 of the General Laws by adding new Section 25A, and in towns which accept this section the assessors may appoint and remove citizens of the town as assistant assessors.

Article 6. To see if the Town will accept the sum of one hundred dollars (\$100.00) to be known as James H. Mallinson fund, the income to be used for the perpetual care of his lot and surroundings in Glenwood Cemetery. To do or act thereon.

Article 7. To see if the Town will accept the sum of one hundred dollars (\$100.00) to be known as Asa S. Woodart fund, the income to be used for the perpetual care of her lot and surroundings in Glenwood Cemetery. To do or act thereon.

And you are directed to serve this Warrant by posting an attested copy at the Post Office and one at each of ten other public places in said town, seven days at least, before the time of holding said meeting.

Hereof fail not, and make due return of this Warrant with your doings thereon, to the Town Clerk or the Selectmen, at or before the time appointed for holding said meeting.

Given under our hands this thirtieth day of January in the year of our Lord, one thousand nine hundred and twenty-two

FRANK S. BINKS,
EDWIN CARLTON,
CHARLES B. KEENE,

Selectmen of Maynard.

FIRE ENGINEERS' REPORT

To the Selectmen of Maynard:

Gentlemen:—

We herewith submit our annual report of the doings of the Fire Dept. We have been very fortunate in having a small number of bell alarms, which was eight, also a few still alarms. Our worst fire was the Maynard House, on the final call, when someone determined to finish the old landmark and very nearly took several other buildings, but after a desperate struggle by the firemen, we lost only the one building.

The storm in December put our alarm system out of business but we were more fortunate than most towns around us as we maintained some kind of an alarm all the time. The wires at the present time are in bad shape and are all up temporary and must be rewired in the spring at a cost of approximately \$500.00.

We ask you for an appropriation of \$7,700.00 for maintenance and an additional \$500.00 for rewiring and repairing the alarm system.

Following is our Financial report:

Appropriation	\$8,600.00
Rec'd from Police Dept. for coal	18.00
	<hr/>
	\$8,618.00

Expended as follows:

Geo. H. Gutteridge, chief	125.00
Walter Priest, engineer	100.00
Lee Donahue, engineer	100.00
George H. Gutteridge, Forest Warden	25.00
Permanent men, salaries	3,276.00
Substitute, salaries	140.25
Combination Co., salaries	862.50
Ladder Co., salaries	900.00
Forest fires	93.00
Extra duty after fires	74.00
Lunches	27.90
Maynard Coal Co., coal	295.00
C. E. Hastings, coal	326.44
Geo. H. Reed, grain, hay and straw	360.75
Horse shoeing	85.00
M. S. Davis. harness repairs	9.65

W. A. Haynes Co., supplies	14.28
R. C. A., oil	27.03
T. F. Parker, supplies	11.45
Garage Equipment Co.	18.00
Laviotte spark plugs	5.00
American Woolen Co., lights	57.66
W. B. Case & Sons, supplies	27.78
C. C. Callahan Co., repairs	9.73
Water Dept., water	24.26
La France Co., supplies	42.94
Gamewell Co., supplies	270.00
Exide Storage Battery	22.10
Allen Bros., supplies	39.26
Boston Woven Hose Co., supplies	22.96
B. F. Townsend, repairs	2.25
Telephone Co.	49.01
Gas Co.	6.74
Laundry	66.02
Freight, express and cartage	8.44
Geo. E. Hack, insurance	57.38
Enterprise Co., advertising	.50
P. J. Schnair, repairs	21.00
M. Swartz, repairs	1.00
L. W. Bills, alarm supplies	352.20
A. H. Blanchard, repairs	7.00
Fire Fabric Hose Co., hose	500.00
Lung Motor, repairs	7.14
W. X. Macurda,	2.50
R. Rasmusson, cement work	80.58
Wire gang	56.00
	<hr/>
	\$8,610.70
Cash Balance	7.30
	<hr/>

Junior High and Elementary Schools—38 weeks

The same as for the High School, except that the Summer term ends June 16, 1922—6 weeks.

DAILY SESSIONS

Senior and Junior High Schools—8.30 to 11.45. 1.15 to 3.30
 P. M. Wednesday afternoon sessions omitted.
 Elementary schools—8.45 to 11.45 A. M. 1.15 to 3.30 P. M.
 First grade is dismissed fifteen minutes earlier.

REPORT OF THE SUPERINTENDENT OF SCHOOLS

To the School Committee, Maynard, Massachusetts:

Gentlemen:—

I have the honor to submit herewith for your consideration my seventh annual report as Superintendent of Schools.

SCHOOL NURSE

The most important advances of the past year have been the employment of a school nurse and a director of Americanization.

The services of the nurse were provided, as noted in the last report, by the Maynard Nursing Association, about half of her time being devoted to the schools. This, although insufficient, was better than nothing. A law passed last summer makes the employment of a school nurse compulsory. It was impossible to secure one at the beginning of the fall term, but Miss Amreau Blood was engaged November 1. Miss Blood is a registered nurse and is putting the work on a thoroughly systematic basis. It seems that a nurse may profitably employ the whole of her time in our schools. Miss Blood's report may be found in another section of this report.

DIRECTOR OF AMERICANIZATION

The State has for several years urged the employment of a Director of Americanization. The last town meeting authorized the employment of such a person, and in accordance with the vote of the town, Mrs. K. B. Skardon began her services in the Spring, giving two days per week to the work. The time remaining was too short to accomplish very much before the end of the school year beyond strengthening the evening school and laying the foundation for home classes by consultations with the leaders of the various nationalities represented in Maynard. Mrs. Skardon was unable to return this fall, and Miss Grace Kinney was employed, beginning November 1. Miss Kinney gives half her time to Hudson and half to Maynard.

The results so far have been a doubling of the attendance at the evening school and a great increase in its effectiveness and the interest shown, especially among the men who are preparing for citizenship. We are now ready for the opening of factory classes and shall have as many as available funds will make possible. As the State pays one-half the cost of the education of the adult immigrant it ought to be possible for us to provide for all who desire to profit by these classes and the evening school. A perusal of Miss Kinney's report will well repay any one who is interested in this phase of our work.

MAYNARD'S FIFTIETH ANNIVERSARY

The schools took an important and appropriate part in the

celebration of Maynard's fiftieth anniversary.

On the afternoon of April 18, patriotic exercises were held in all schools. As a basis of these exercises the children had been for two or three weeks previously writing compositions on the history of Maynard, and so far as possible on the contributions to local, state or national advantage by representatives of each nationality represented in our population. In some of the schools original plays, representing scenes from local or national history were written. Several of these were extremely creditable. The Senior and Junior high schools combined in a pageant written in blank verse by Miss Helena G. Fowler, head of the English Department, from material in the compositions written by the pupils. So far as possible, pupils of each nationality were chosen to present the separate parts, except of course in the case of the Indian, and a folk dance of the nation represented ended each scene. The pageant centered around the idea of the contribution each nationality had made to the history of Maynard and the country, ending with a tableau representing each as offering its flag to Columbia as a token of fealty. It was given in Colonial Hall on the 18th to a capacity audience which was so enthusiastic that only the numerous events of the following day prevented its repetition.

On the next day the school children took part in the parade. Each school was distinctive in its decoration and it would be impossible to say which attracted the most attention. All were warmly commended by the Governor from the reviewing stand, and the marching occasioned everywhere favorable comment by townspeople and visitors. The teachers, to whose efforts the credit was largely due, have a right to feel that their work merited the highest praise.

An account of the participation of the schools in the celebration has been stored among the records of the town, to be produced at our hundredth anniversary.

TEACHERS

We have not so many vacancies as usual in our teaching force to report. Ten have resigned since the last report and two have been given leave of absence for the year because of ill-health. Three of our oldest teachers in point of service are among those who have left us. Miss Rose Wallace, who served for fourteen years, the last ten as Principal of the Main Street School, has gone to Boston.

Miss Mary Finn, who had been with us eight years, accepted an appointment in her home town. We have been very fortunate in retaining teachers of such caliber so long and I am confident of their success in their new positions.

Miss Caroline B. Randlett began her ninth year of service, but ill health obliged her to ask for her release for the year soon after the beginning of the fall term. Miss Randlett had endeared herself to the parents of the children who had been in

her charge and many have expressed the hope that she may be able to return to us next year.

Mr. Horace F. Bates, Principal of the High School, resigned December 1st to take the superintendency of the Somerset-Swansea District at the New Year. Mr. Bates had impressed himself upon the community, both as teacher and citizen, during his five years of service and the present healthful state of school athletics is due in large measure to his leadership. Our best wishes accompany him to his new field of labor.

Mr. A. R. C. Cole, of Upton, was chosen from the numerous candidates for the position. Mr. Cole is a graduate of Bates, Class of 1912, and was seven years in his last position. He has an enviable record as teacher and principal, and begins his service on the date of this writing.

As there was necessarily a period between the time of Mr. Bates' leaving and the arrival of Mr. Cole, your superintendent attempted to fill in the gap. It was not to be expected that this could be done so well as either the retiring principal or the incoming one could have done it, but there was no other possible solution of the problem; and while the superintendent offers apologies for the results he has none to make for the intent. It was a novel, but enjoyable experience. The highest praise is due for the hearty support and cooperation of teachers and pupils in the entire building during these trying two weeks and if these are given as completely to the new principal as they were to the substitute, the school is assured of success. We owe also our thanks to the Upton School Committee and Superintendent, who released Mr. Cole on very short notice, one week less than the minimum usually demanded.

Another resignation has just come to hand, owing to a call to one of our teachers to enter the service of the Springfield schools. While it is in a sense annoying to lose so many of our best teachers, yet it is in another sense complimentary to find the officials of large cities agreeing in our estimates of them. Miss Alice Regan has served faithfully for two years and we cannot find fault when teachers of her quality yield to the lure of greater opportunities.

One other change, in the Junior High School, was made at Christmas, as conditions were not satisfactory. A position in this school is very difficult, owing to the large number of different pupils who come under the charge of each teacher, and it is not surprising that occasionally an inexperienced teacher fails to control the situation.

Last year a large number of teachers took university extension and other courses in order to equip themselves better for the future. Such a spirit is extremely creditable and it was felt that it should be recognized in some way. While it was not possible to do anything in the way of salary increases then, the Committee voted that beginning with the school year an increase of fifty dollars in salary will be paid to any teacher taking such a course or a summer school course. This is in addition

to increases given for length of service and is payable only for the year in which the course is taken. All but a few of the teachers are taking courses and some have taken two. Those who have not taken them are not in any way embarrassed, as it is entirely a matter of choice; yet it should be readily apparent that one who does not study cannot be expected to keep pace in efficiency with one who does, provided that the extra study does not unduly tax one's strength and take energy from the day's work. A few teachers have felt that in their own cases there was this danger and have wisely refrained from the risk of losing the greater in striving for the lesser advantage. All courses must have the approval of the superintendent and be carried to a successful conclusion. A large class meets once a week with a teacher of the University Extension Bureau, and while they were so unfortunate as to be unable to take the course desired by the majority they have been able to enrol in a class in the subject of their second choice.

BUILDINGS

In spite of what appeared three years ago to be very liberal accommodations for school children when the Roosevelt building was being built, our schools are over-crowded. At Main Street we have been obliged to divide the first grade into two sections, giving both to Miss Nagle and lengthening the sessions for this grade. An increase of salary was granted Miss Nagle for this work but this was only a fraction of what an additional teacher would have cost. An addition of two rooms on the Main Street building is immediately and imperatively necessary, as otherwise each grade above the first must be put on part time in each successive year. Every other primary building is full.

The High School building is crowded. In all 475 pupils or more have been enrolled in this building during the past term. In the Junior High School, besides filling the seats and putting some pupils at tables, we were obliged to take the former small library room for an overflow of seventh grade pupils. Twenty children occupy this half room. There is practically no ventilation except by means of windows and doors and some of the pupils are obliged to sit close to the windows and almost against the radiators. The conditions in this building are due in part to the raising of the school age from fourteen to sixteen years, since very few children between fourteen and sixteen can secure employment and are therefore obliged to attend school.

If it is impossible to provide more space for the high school there would seem to be no other solution than the adoption of the two platoon system, with one half of the pupils coming in the morning and the other half in the afternoon. This would be very unsatisfactory and is almost unthinkable in a town like Maynard.

BOYS' and GIRLS' CLUBS

For five years we have had from one to three clubs for girls under the management of the Middlesex County Farm Bureau. Last year, as noted in my last report, the boys in the Junior and Senior high school wanted to start clubs in wood-working. Two clubs were formed, meeting on alternate Wednesday afternoons in the basement of the Roosevelt building. This is the only free time the boys have, as school is closed on that afternoon and many work on Saturdays. The clubs all continued until the first of May and then the boys and girls united in an exhibition of work in Cooperative Hall. The officials of the Bureau were warm in their praise of the exhibits.

This year it was thought best to have but two clubs for girls and one for boys. The last consists of fourteen members and meets for wood-working every two weeks and with occasional meetings on the alternate weeks for other club business. So far, as no other leader has appeared, the superintendent has had charge of the boys. The clubs began a month earlier than in previous years and will close about April first. The great interest shown proves that there is a place for this work, and I hope the time is not far distant when manual training may be offered to all boys and home economics to all girls in the junior and senior high schools.

The experience gained in directing the girls' work by Miss Alice Murphy, now a senior in the high school, has been so valuable that she has been asked to address meetings of county, state and national leaders in Boston and elsewhere. Such of our townspeople as have become acquainted with the club work have heartily commended it.

CONCLUSION

A comparison of conditions five years ago with those of today is very interesting. In the reports for 1916 and 1921 we find the following statistics:

	Dec., 1916	Dec., 1921
Pupils	1233	1545
Average Attendance	1127	1346
Average Membership	1189	1408
Number of teachers and supervisors	37	45
Number of buildings	3	4
Expenditures	\$42,559.64	\$77,205.51
Of the above, salaries were	\$25,742.43	\$58,657.65

Of the appropriation for 1916, about \$6,000 was for replacing equipment lost in the fire.

It would appear from the above comparison that our expenditures have about doubled in the five years, as we should have for next year \$83,000, of which the income from State Funds will be about \$13,000. Since there has been an increase of about 25 per cent in the number of teachers, about the same

in the number of pupils, mostly in the high schools where the cost is greatest, and the same in buildings, necessitating the employment of four janitors compared with two then, there has not been any great extravagance in the conduct of school finances, when the increase of cost in all lines is considered. We need to provide for three more teachers for the coming year.

I hope the renewed expression of my appreciation of the cooperation and interest shown by all concerned in the support of schools will not appear perfunctory. After six or seven years it becomes difficult to express this appreciation in different terms, but it is no less hearty and certainly as well deserved as ever.

Yours very sincerely,

WILLIAM H. MILLINGTON,
Superintendent of Schools.

Maynard, Mass.

January 16, 1922.

REPORT OF THE PRINCIPAL OF THE HIGH SCHOOL 1921—1922

Superintendent W. H. Millington,
Maynard, Mass.

Dear Sir:—

As principal of the High School, I take pleasure in submitting to you my sixth annual report.

Inasmuch as I am this month severing my connection with the school, after over five years of pleasant service, in order to take up my new work in the Somerset-Swansea District, I shall endeavor to make my report merely one of results, leaving questions of future policy to the new principal.

ENROLLMENT

The school has surpassed my prediction last year of 210 pupils for September, 1921 as we had 215 pupils at the opening of school. There have been six withdrawals, and one new boy from New York, and two members of last year's graduating class have returned for post-graduate work, making the net membership for December 31st, 98 boys and 114 girls, a total of 212. Next fall with the probable entering class of some 90 pupils, the overcrowding will necessitate at least two more teachers and possibly the two platoon system.

	Boys	Girls	Totals
Freshmen	44	39	83
Sophomores	29	23	52
Juniors	11	23	34
Seniors	12	29	41
Post-graduates	2		2
	<hr/> 98	<hr/> 114	<hr/> 212

CHOICE OF COURSES

This year we have made Community Civics required for all Freshmen and American History for all second year pupils of the Commercial Department.

Medieval History has been omitted this year as we are now giving American History annually to Juniors or Seniors.

GIFTS TO THE SCHOOL

The School has received from the Class of 1921, two pictures, "The Roman Aqueduct" and "The Signing of the Declaration of Independence". The Class of 1922 this fall very opportunely and generously gave to the school "Winston's Loose Leaf Encyclopedia." I have also bought with the balance from the money given to the school by the Civics Department of the

Women's Club, H. G. Well's, "An Outline of History".

SCHOOL ATHLETICS

It is generally conceded today by progressive educators that the health of the children should be safe-guarded if we are to have the kind of future citizens that will be of most service to the community and to the State. The work of the School Nurse will grow in importance as it is better understood and more efficiently carried out. Athletics are today playing an important part in the upbuilding of healthy bodies among our pupils. Each year more of the boys are showing interest in organized sports. Our girls have no school athletics at present, but there are many of them who would welcome the chance to play the various games that are enjoyed by girls in some towns.

The boys are keenly interested in baseball, basketball and football. The spring baseball team, under the leadership of Captain Roy Marsden for the second year, was again most successful. The season's record was ten games won and three games lost. The results of the games are as follows:

M. H. S. 16	Holliston H. S. 1
M. H. S. 8	Wayland H. S. 7
M. H. S. 11	Townsend H. S. 2
M. H. S. 5	Fitchburg H. S. 2
M. H. S. 20	St. John's H. S., Worcester, 3
M. H. S. 1	Clinton H. S. 9
M. H. S. 6	Westboro H. S. 4
M. H. S. 2	Belmont H. S. 6
M. H. S. 4	La Salle H. S. 2
M. H. S. 5	Concord H. S. 7
M. H. S. 12	Westboro H. S. 3
M. H. S. 4	Hudson H. S. 2
M. H. S. 10	Marlboro H. S. 7

The basketball team had an interesting season, breaking even in games won and lost, a very satisfactory beginning for a revived sport. Financially the sport was not successful, as the operating costs were excessive.

ATTENDANCE

The school has a very creditable record of attendance, but if the parents would not permit their children to absent themselves from school to go out of town during the week, a better record would be possible. Wednesday afternoons and Saturdays are the proper times for out of school activities. The State of Massachusetts as well as the school department of Maynard expects every child of school age to be in school while the sessions are being held unless for some very important reason it becomes necessary for them to be absent. Certificates of Perfect Attendance were given at graduation exercises to seventeen pupils of the school.

THE FACULTY

For the first time in many years the school opened in the fall with the same teachers in all departments as last year. This rare circumstance permitted us to begin school with the least possible friction. Miss Helen B. O'Donnell was added to the staff, taking work in Commercial Arithmetic, Community Civics and English. In October Mr. P. F. Hynes resigned to take a far more lucrative position in Webster High School. Mr. Edward Coughlin, his successor, a graduate of our school and of Massachusetts Institute of Technology, brings to his work besides a fine record of scholarship, an interest in the athletics of the school and an intense affection for his "Alma Mater".

THE COMMERCIAL DEPARTMENT

For the status of the Commercial Department I refer you to the report of Mr. George A. Kennedy, who has now for many years directed the work of that department in an able and efficient manner as the records of the graduates show. The department is being run this year to its full capacity.

SPECIAL SUBJECTS

There is no good chance to make the most of Drawing and Music owing to the lack of suitable rooms and equipment. Miss Mary R. Comley, for the second year in charge of the drawing, is badly handicapped by reason of her large classes and her inadequate room. The interest of the pupils in chorus singing is decreasing for various reasons that I will not attempt to explain at this time. With an enthusiastic Music Director like Mr. G. H. Woods, devoted to his work, it is strange, to say the least, that the response from the pupils is so feeble.

The football team in its second season, showed marked improvement over Mr. P. F. Hynes' beginners of last year. The record was two games won and the same number each lost and tied.

The M. H. S. A. A. has continued its active life this year, under the direction of your principal. It has raised sufficient money to carry on the athletics without calling on popular subscriptions.

THE GRADUATION OF THE CLASS OF 1921

The graduation exercises were held in Colonial Hall, Wednesday, June 29, 1921 at 8 o'clock.

CLASS ROLL

Frank Whitney Case	Charles Martin Lerer
Thomas Burton Coughlan	Florence Irene Maley
Ruth Eitel Eaton	Roy Everett Marsden
Morris Harold Feinberg	Robert Wilson Parkin
Martin Gruber	Gertrude Irene Sims
Lillian Alvina Hanninen	Cecelia Francis Sherr
Dorothy Catherine Hannon	George Victor Savikoski
John Howard Herbert	Clifford Lee Schofield
John Edward Johnson	Frank Vincent Vodoklys
Reino Edward Keto	Herbert Merrill Young

The second annual reception of the Senior Class was held in Colonial Hall Thursday evening, June 30 to which the relatives and friends of the class were invited.

THE GRADUATES

The Class has the distinction of having one of its members, Charles Lerer, enter Harvard College without conditions. Robert Parkin is at Lowell Textile School. Edward Johnson, George Savikoski, Clifford Schofield, Frank Vodoklys and Herbert Young enrolled at North-Eastern College. Owing to the business depression not all of the commercial graduates secured positions.

CONCLUSION

To the new principal I leave the making of recommendations for the further improvement of the school. Although much has been done to establish a modern high school in Maynard, there are many things yet to be accomplished. There are limitations on the school due to the present overcrowding of the building. It will be difficult, for example to put the school in Class A for Certification for Normal Schools because of the lack of recitation rooms for the two additional teachers required next year by the State Board of Education. The school has the Certificate Privilege of the New England College Entrance Board until December 1922, after which time it should be renewed.

To the teachers and pupils of the Senior-Junior High School, I wish to express my hearty thanks for their loyalty and hearty co-operation. A fine school spirit is essential in a successful school.

To the School Committee and Superintendent I give my thanks for their constant interest in the High School during the period of my service as principal and for their generosity in providing for the school the best possible equipment.

Respectfully submitted,

HORACE FREEMAN BATES,
Principal of the High School.

December 23, 1921.

REPORT OF THE COMMERCIAL DEPARTMENT

Superintendent W. H. Millington,

Maynard, Mass.

Dear Sir:—

It has been my privilege from year to year to submit a record for publication of the work done in the Commercial Department of Maynard High School and it is with pleasure that this tenth report is presented to the public.

ENROLLMENT

When the school year opened in September, we found the commercial quarters entirely filled and it was necessary to assign seats in other rooms to some students taking the Commercial course. The pleasing thing about the large enrollment is that the majority are in the upper classes, which would indicate that the work has been of such interest to the students as to cause them to desire to remain in school until they finished their training. We have this year the largest Junior, Senior and Sophomore classes in the history of the Department. It is usual to have a large Freshman class, but in years past it has been found that many of the Freshmen do not remain. However, during the past few years this is being overcome to a large extent, as is indicated by the very large Senior and Junior classes of the past two years. This increasing interest and enthusiasm for the commercial work is produced and stimulated by the fact that all students in good standing, who graduate from this department, are placed in position and what is more retain them.

EMPLOYMENT

After our students have been employed for a period of three or four months, inquiries are made of the employer as to their progress in business. The results of these inquiries have always proven very satisfactory. In some cases the employers have called on the Department again to furnish other assistants when needed. The demand for our graduates has now come to the point where we have calls to fill positions for which we have no candidate.

ENTHUSIASM

The results obtained are, without doubt, the real reason for the constant and strong enthusiasm of the students. They are encouraged by the knowledge that the preparation necessary for these results may be had by completing the course in our school, without any further training in business subjects, and that the education they acquire may be put to immediate use.

OPPORTUNITIES

It is not necessary or desirable that a young man or woman who has received a commercial education remain in the field of bookkeepers and stenographers permanently. Business history has shown that many leaders of finance and business have risen from the ranks of office workers to positions of trust and responsibility. Whether one remains as an office worker, or rises to some higher department of business activity, rests entirely with the individual and the uses to which he applies the equipment he has received during his course of training. A carpenter may have a very fine set of tools which may be used in building objects of little importance or may be applied to the creating of some magnificent structure; it all depends on the carpenter and the uses to which he puts his tools. This is true in any sphere of life and every effort is being made to instill this idea into the minds and ambitions of our students.

The Commercial Course also opens up a chance for those who prefer to follow the professions by presenting a way whereby they can supply themselves with funds. It makes it possible as well, to live and work in the city, where advantages for further education are available in night schools and part time courses and at the same time be self supporting. As a matter of fact, this is being done.

SENIOR CLASS

It gives me unusual pleasure to be able to say that this class is the best that has ever come under my direction. They are the finest class in the history of the Department, the most ambitious, hardest workers, and in every way all that can be desired of any class. It is not necessary to comment to any extent on what they are doing as they have established results which are in some cases well known to the public. Eleven gold medals have already been won in this class of twenty-three students before the first half of the year has expired. All records in this respect have been broken and they have done much to reflect credit on their school and Department. It is our desire to have every member of the present Senior Class a gold medal winner before graduation. The total number of medals now to the credit of the Commercial Department is twenty-three; a number much in excess of those held in the majority of small high schools.

A course in Secretarial Training has been installed this year and the Seniors have accomplished excellent results in it. This entails a great deal of exacting work and they have gone forward with an enthusiasm that is inspiring. This training is the laboratory part of the stenographic section of the Course, as the actual business practice is to the accounting division.

It would not be fair to finish without giving the Juniors credit for their fine work. They, too, are an exceptionally good class and promise to live up to the standards set by our Seniors

when they enter their final year in the fall.

CONCLUSION

In closing this report I wish to say that I am deeply grateful for the encouragement and assistance rendered by the Board of Education who have been always ready and willing to help us. The success we enjoy is due in a large measure to their cooperation. I wish to thank all who have helped us in any way.

Respectfully submitted,
 GEORGE A. KENNEDY,
 Director of Commercial Department.

REPORT OF SUPERVISOR OF DRAWING

Superintendent W. H. Millington,
 Maynard, Mass.

Dear Sir:—

I respectfully submit to you a second annual report of my work as Supervisor of Drawing and Sewing.

Art is more than pictures in colors; it is an essential part of city planning, architecture, costume design, interior decoration, and landscape gardening.

Art education today is becoming more adapted to the needs of the great majority of people who will not follow the arts professionally, but who may for their own apparent benefit acquire through art problems a deeper capacity for the appreciation of beautiful things.

In the schools it is taught to cultivate observation, and to train the senses, the mind, and the hand to work together.

Practically the same work is being carried on this year as in the previous one, although it has been possible to introduce more advanced problems, because more interest is manifest on the part of the pupils.

September and October were devoted to the fall nature study in all grades, the upper classes studying it in more detailed forms which are a design source for later work. November and December were given over to designs from nature work which were applied to construction problems completed in crayon or water color practice appropriate for the holiday season. The plan for the rest of the school year includes taking representation, illustration, and object drawing in January and February; design, including color, costume design, and home decoration in March and April; and nature work and general review in May and June.

In all phases of the work where it is possible the construction work is correlated with arithmetic, language, reading, and free expression. It helps in fixing habits of accuracy, neatness, thinking and doing things in an orderly way; to develop

control of muscles and cooperation of mind with hand, leading to skill, ability to follow directions, dictation and use of patterns; all of which make way for working drawings, training in taste, decoration of things made, combinations of colors, selection of materials, power of invention, and developed application of labor.

MECHANICAL DRAWING

The classes this year are exceptionally crowded; therefore it is impossible to give attention to individual needs.

Exercises in elementary drawing which consists of geometric problems, lettering, use of instruments, developments, and projections compose the work of the first year. Advanced work consists of developments, projections, scaling, machine and architectural drawing. Elements covered insure a solid foundation for the work of a more practical nature later.

SEWING

I regret to say that the class in sewing has been dropped for the present, owing to its conflicting with other subjects, and on account of crowded conditions.

It is imperative that every girl should be concerned in the problems of home life, and natural to suppose that she will at some time be confronted with the management of her own home, or with the task of aiding others. The training which helps her to be able to care for her own clothes is worth while, and I sincerely hope a place for it will be made in the coming year.

The suggestions which I made in my last report I will not here repeat though conditions at the present time show a necessity of their being considered.

I wish to extend my appreciation to all who have been of assistance to me in carrying on the work of this department.

Very truly yours,

MARY R. COMLEY.

Maynard, Mass.,
January 6, 1922.

REPORT OF SUPERVISOR OF MUSIC

Superintendent W. H. Millington,
Maynard, Mass.

Dear Sir:—

Herewith is my report on music for the year 1921.

We are making a steady gain in the grades. Tone quality, and reading in the first, second and third grades, have improved. Two-part singing in the fourth and fifth grades, and three-part singing in the sixth is well-balanced and of good tone quality.

Work in the Junior High School is worthy of special mention. They are doing excellent work in tone and artistic singing.

I regret very much that the singing in the High School is not up to a better standard. We are allowed only the seating capacity of the room, which means that this year we have very few Juniors and Seniors in the course, the very voices we need, they being more matured and so essential for four-part singing. Some day I trust the school may have an Assembly Hall which will do so much toward developing the true school spirit.

This year we are having a prize contest in the High School, playing the standard works of the best composers on the phonograph. Prizes to be awarded are first, \$15; second, \$10; third, \$5. This is a memory contest, the pieces being played three or four times during the school term with the name of the piece and composer given each time. At the final hearing, the pieces will be played without any reference to name or composer. This will do much toward developing an appreciation for the best in music.

I wish to thank the Superintendent for his kind assistance and the teachers for their cooperation.

Sincerely yours,

GEORGE H. WOODS.

January 9, 1922.

REPORT OF SUPERVISOR OF AMERICANIZATION

Superintendent W. H. Millington,
Maynard, Mass.

Dear Sir:

I respectfully submit to you the report of the Americanization Department for the months of November and December.

Americanization is the business of making good American citizens who will be loyal to American institutions and American ideals, and who will live the life of the good American citizen.

The teaching of English to the non-speaking immigrant is the first step toward this goal and the strongest agency has been the evening school classes which opened October 31st in the High School building. There have been two classes for women and four classes for men. These included a special class for men who are preparing for federal examination to acquire final citizenship papers.

Aside from English classes, the teaching of history and civil government has been stimulated by use of stereopticon slides and moving pictures on leading events in history and illustrations from the lives of our greatest men.

Holidays have been observed in the assembly room, by special programs including appropriate pictures, recitations,

music and chorus singing.

The registration of the evening school has reached one hundred and seventeen persons, eighty-eight men and twenty-nine women, more than doubling the figures of 1920. Seven nationalities are represented in the enrollment.

Arrangements have been made for factory classes to start in the American Woolen Company Mill as soon as the survey is completed. There is prospect of a large enrollment.

A great factor in the success of this department has been due to the able corps of teachers who are most enthusiastic in their work. Eight Maynard teachers are taking the Americanization Course at Boston University.

The hearty cooperation of the Superintendent of Schools who has been so well supported by the community and the school committee, has been most weighty in developing this new department of the Maynard schools.

Respectfully submitted,
GRACE L. KINNEY.

REPORT OF SCHOOL NURSE

Superintendent W. H. Millington,
Maynard, Mass.

Dear Sir:

I respectfully submit the following report for the two months ending December 23rd.

Home visits	82
Children weighed and measured	565
Class-room visits and health talks	40
Cases of pediculosis found	62
Children excluded from school with contagious diseases	50

A great many children need to have attention given their teeth and tonsils and it will be a great benefit to the general health of the children when a dental clinic may be planned for. The need of a nurse who gives her whole time to the school work is becoming more evident and is already deemed necessary.

The general health of the children has been found to be good. A few of the children are slightly under-weight but they are very few in comparison with the number of children in the town.

A number of children at the Bancroft Street School are having milk lunches. This, of course, is very beneficial to their health.

There is being conducted a vigorous tooth-brush campaign which is already well started. This will also add a great deal

to the health of the individual child and make fewer visits to the dentist necessary.

Sincerely yours,

AMRÉAU B. BLOOD, R. N.

January 6, 1922.

HONOR ROLL, MAYNARD SCHOOLS

JUNE 30, 1921

HIGH—Seniors, George Savikoski; Juniors, John A. Driscoll, Leo O'Brien, George H. Webster, Helmi Keto, Loretta Mullin, Mary Vodoklys; Sophomores, Helen N. Colombo, Hazel Hooper, Mildred Mullin, Margaret O'Brien; Freshmen, Hollis G. Barlow, Mildred Jamieson, Wieno M. Lindfors.

JUNIOR HIGH—VIII A, Eino Korsman, Toivo Keto, Alice Grindrod, Elizabeth Johnston, Elvie Newhouse, Evelyn Ployart, John White; VIII B, Hamblin Garland, John Moore, Walter Sheridan, Michael Vodoklys; VIII C, Leroy Kierstead; VII A, Ruth Foster; VII B, George Chyzus, Charles Syrjanen, Ebba Fonsell.

ROOSEVELT—VI A, Niilo A. Keto, John A. Webster; VI B, Gerald Tierney, Irja Hautanaaki; Six C, Margaret Johnson, Winnifred Fardy; V A, Walter Cheslak, Eino Nyholm, Patrick Nugent; V B, Mary Hayward, Julia Kazuikonic, Sophie Novick, Lillian O'Donnell; IV A, Tauno J. Frigard, Irving Woolridge, Helmi Hiipakka; IV B, Albert Hanninen, Joseph Szczerzen, Hannah Lehto; IV C, Edith Columbo, Helen Dudzinski, Vellamo Lahti, Vieno Rakkanen; III A, Alexander Kuliciewicz, Signe Kivinen; III B, Nunziata Imbimbo, Tynne Jokinen, Helen Vodoklys; II A, Leona Dudzinski, Eleanor Slimmond; II B, Helvi Pietila, Caroline DeGrappo; I A, Urho Lampinen; I B, John Novik, Mary Lubin, Malerka Maskiewicz.

BANCROFT—Grade V, Herbert Ruotsala, Perreli Ruotsala, Tyko Siipola, Eino Sirvio, Frank McGuire, Fannie Saisa, Tyyne Peltonen; Grade IV, Lillian Hanson, Vellamo Jaakkola, Impi Jokinen, Tyyne Kivela, Anna Saisa, Leo Holt, Arvi Ketola; III A, Leo Ahonen, Wilho Frigard, Arne Ollila, Walter Saarila, Harriet Bamford, Ethel Kivela, Salmi Yokola; III B, Rudolph Aho, Signe Holt, Wieno Sneck; II A, Matti Jokinen; II B, Eric Wattu, Helen Nevola; I A, Reino Hietanen, Leonard Ollila, Tauna Kangas, Annie Kivela, Laura Aho; I B, Taito Oberg, Toivo Peltonen, Arvo Wattu, Helen Hanson.

MAIN—Grade VI, Waino Honkala, Hannah Lehto, John Lehto; Grade V, Helen Sweeney, Francis H. White; Grade IV, Josephine Szczuka, Daniel O'Connor; Grade III, Michael Lalli, Waino Puro, Carlo Seura, Nicolai Shinowski, Aune Saari; Grade II, Sulo Hintsa, Joseph Piecewicz, Victor Pilecki, William Sienkiewicz, John Tobin; Grade I, Czeslaw Stemplesky, Benie Tamieliewicz.

STATISTICS

YEAR ENDING DECEMBER 31, 1921

Population of the town, census of 1920	7,086
